Siblings having sex

What are we gonna do if dad finds out!

It's fine don't worry

It's all over once we wake up in the morning

Bull... bullshit

Quit joking around That ain't happening

That's how Sibling sex works!

Are you kidding!?

NO ...

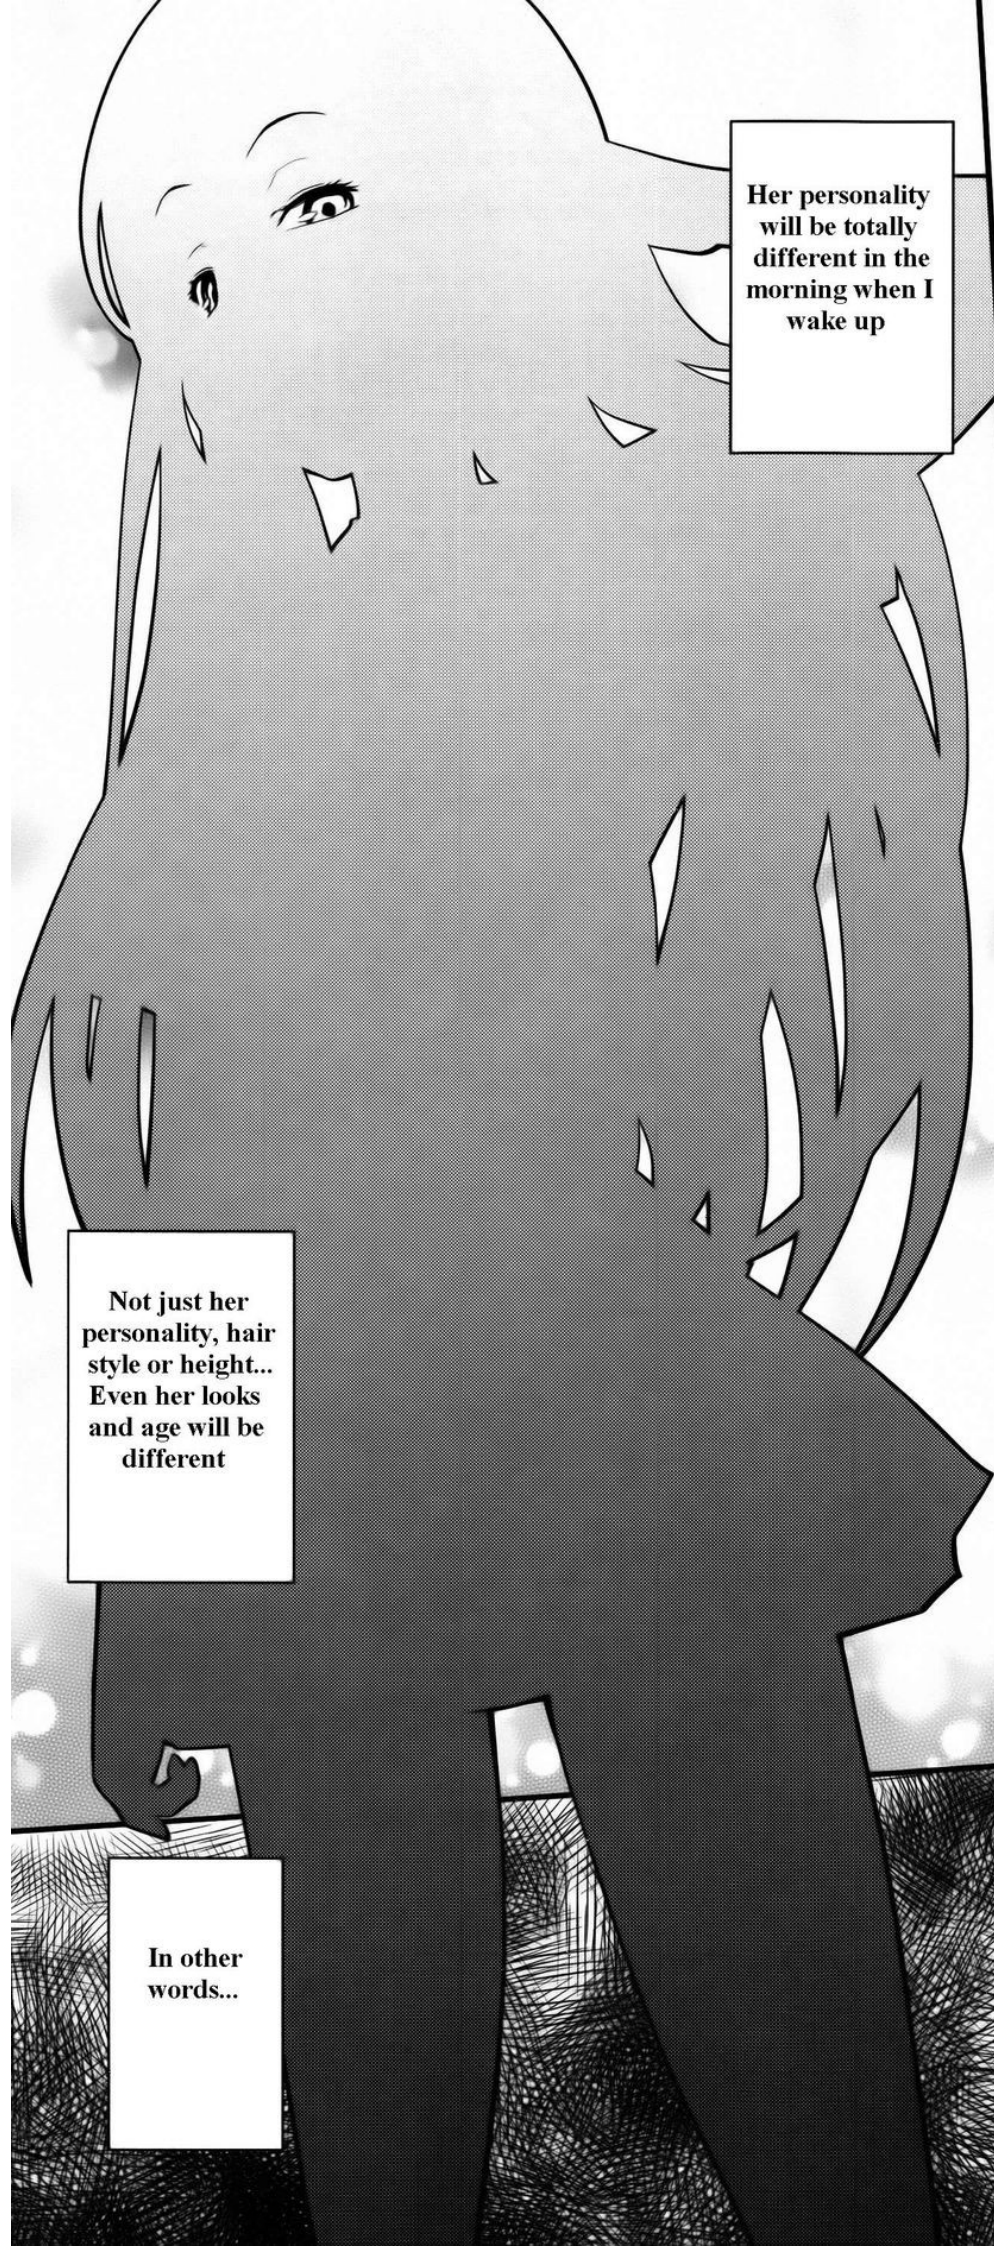

Oh uph... I'm coming inside you!!!

Sleep well

It's gonna be back to the way it is in the morning

No worries No worries

Wha ...

Her personality will be totally different in the morning when I wake up

Not just her personality, hair style or height... Even her looks and age will be different

In other words...

It has been that way for as long as I can remember

I have taken it for granted up until recently

But

The **SISTER** at home is definitely not normal

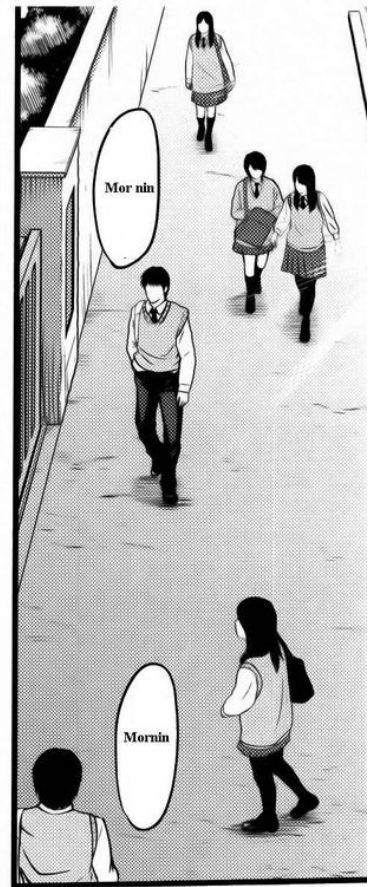

My sister is
"Changed Daily"

ボクの姉は日替わり

<第一話>

Also...
The sisters
that
appeared
will have
some
memories
missing and
some extra

Not even my
parents. I
seem to be the
only one who
can see the
difference

The first
time I
noticed the
weird
things
about my
sister being
a different
person

Happened when
I told my friend
that [my sister
is a different
person
everyday]

And he
gave me
that weird
out look

I'm
home

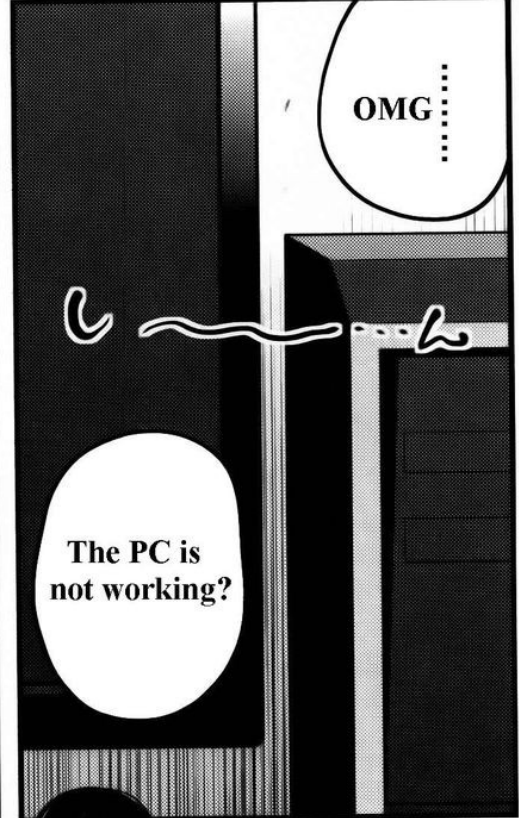

OH!
Just leave it to me

Cya
then...
Rub to
your
hearts
content.

Must be...!

Stop yapping
over a stupid
PC...!

Shut the
fuck up
~...~

DAMN

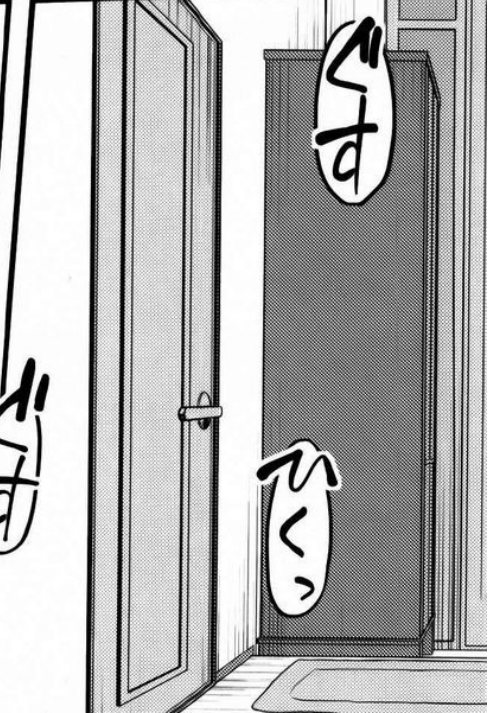

Scary
...

I finally got the
[Amen Tomino]
DVD but I can't
watch it
~...~

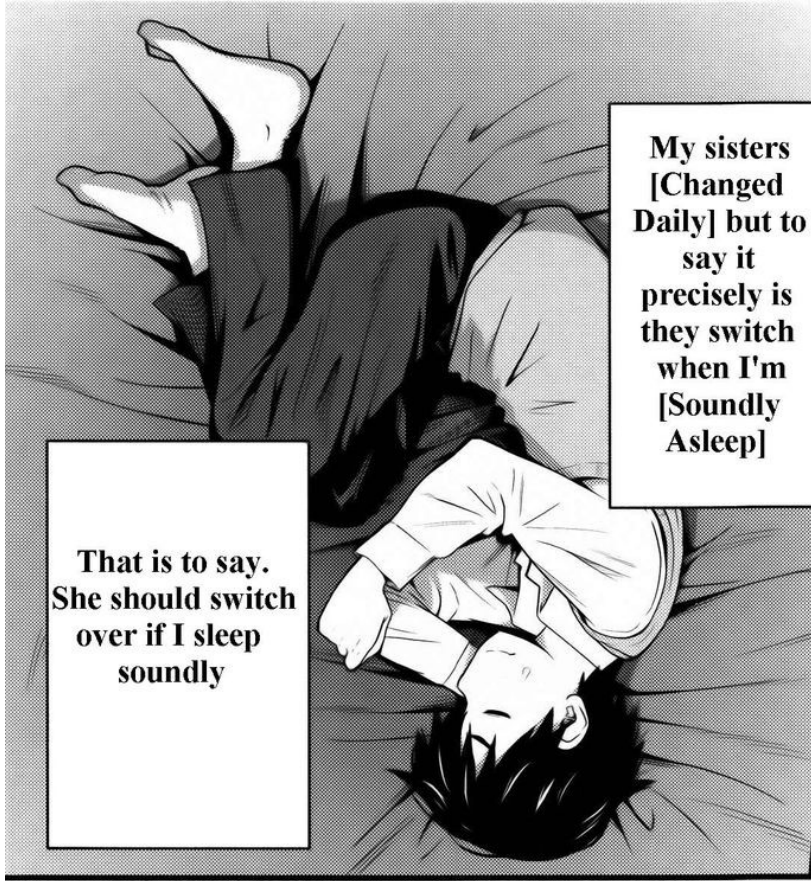

Sob...
Shit~

Shit

Shit

DAMN

My sisters
[Changed
Daily] but to
say it
precisely is
they switch
when I'm
[Soundly
Asleep]

That is to say.
She should switch
over if I sleep
soundly

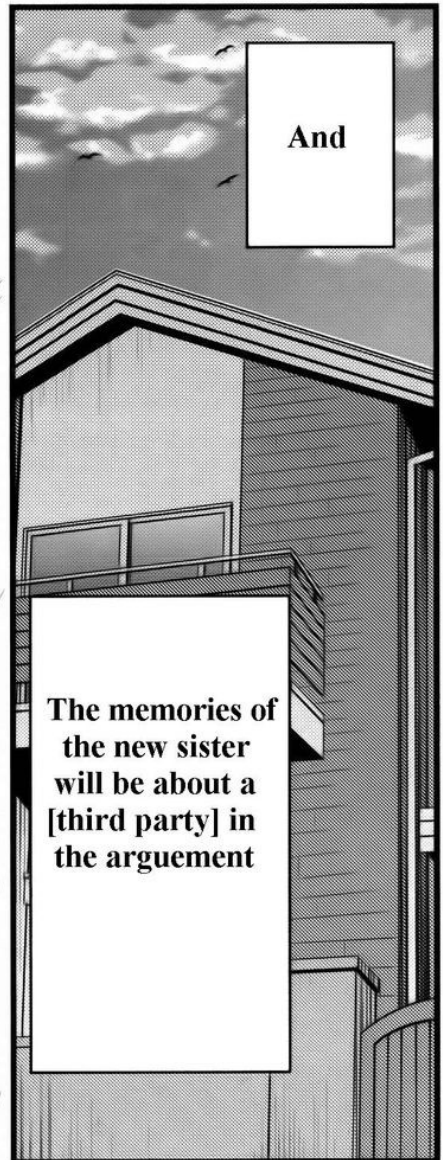

I can't do a
thing but
sleep...

A while
ago

I
accidentally
entered the
bathroom
while she's
bathing...

And

The memories of
the new sister
will be about a
[third party] in
the arguement

Bearing witness to it

If mom or dad happen to be around when it happen

It will be a collective memory of the whole family

Sis got mad at me for a whole day afterwards

She conveniently forgot about the whole incident he next day

Sis won't remember what happened between us when we're alone

That's to say

Sis... What is it?

It... that...

Just when I'm in such a bad mood...

Hey~

I'm the only one who remember that particular memory...

Sota... wake up...

!

We're having
Take-out for
dinner...

Mom and dad
called while
you were
asleep.

Said they'll be
back late
tonight
