Not just her

style or height...
Even her looks
and age will be
different

In other
words...

It has been
that way
for as long
as I can
remember

I have taken it
for granted up
until recently

But

The **SISTER**
at home is
definitely
not normal

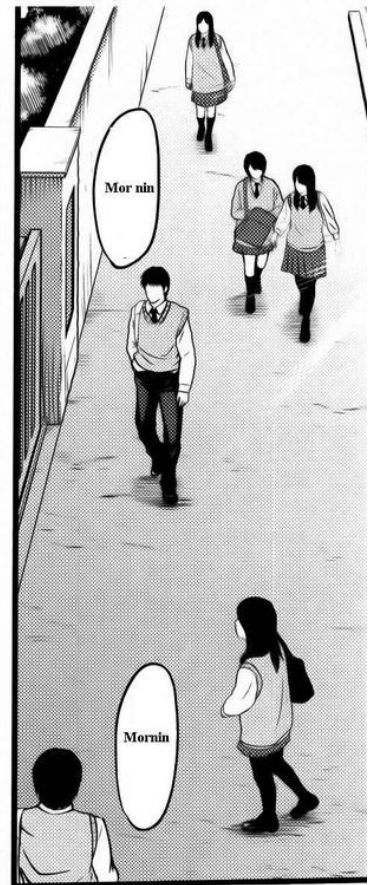

My sister is

some extra

Not even my

seem to be the
only one who
can see the
difference

The first
time I
noticed the
weird
things
about my
sister being
a different
person

Happened when
I told my friend
that [my sister
is a different
person
everyday]

And he
gave me
that weird
out look

I'm
home

OH!

Just leave it to me

you were
