■AFTERWORD■

Hello, this is shuz.

Thank you for getting
your hands on "Genki ga Nai nara Shite Ageru"!

This time it was an Oppai Loli. I couldn't help but give her some of those Tsurime eyes, goes hand-in-hand, right?

As I was sorting through what I wanted to draw, the beginning kept getting shorter, and I would've liked to draw about their relationship a little more. The whole character introduction was more of a small supplement, so... well, you saw what it looks like, lol.

Last time was last time, but this time around, the whole retouching process was much more severe. There were times when my previous works had no vaginal sex at all, so retouching didn't serve much, but I get the feeling that there's plenty of details that I have to retouch lately.

Finally, my PC is starting to have issues, even as I type this I'm afraid it's on its last legs. I was in a pretty big hurry, so if you see any mistakes, I apologize. (There's plenty lately.) Even in my last work's afterwords, I had written "Onee-san to Onee-san" at first! (instead of "Onee-san to Onee-chan")

I'll try to finish ahead of schedule next time!

See you for Winter Comiket!
