

PANT RUG

A LARGE
AMOUNT OF
SPERM WOULD
SHOOT OUT
INSIDE MY
PANTS.

BECAUSE OF THAT,
I HAVE NO CHOICE
TO ALWAYS
CHANGE INTO NEW
PAIR OF PANTS.

AND WHEN I
TAKE OFF MY
PANTS, IT WOULD
BE THERE...

FOR THE
PURPOSE OF
EATING UP ALL
THE SPERM
OUT SPERM,
THE INSECT
WOULD CRAWL
ALL OVER MY
PANTS.

IN MY
WEAKENED
STATE, THE
INSECT
WOULD
FRANTICLY
EAT UP ALL
THE SPERM.

CLINGING
TO ME
LIKE A
BABY
MONKEY
WOULD
CLING
TO IT'S
PARENT.

LIKE
IT'S
AFRAID
OF
THE
OUT-
SIDE
WORLD

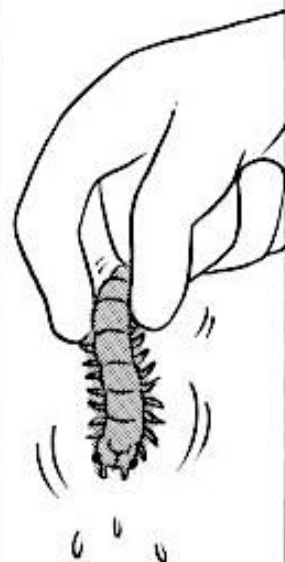

THE
INSECURE
INSECT
WOULD
URGENTLY
AND
DESPERATELY
TRY TO
RETURN
TO IT'S
PARENT

I WOULD
PUT IT A
BIT A
AWAY
FROM
IT'S
PARENT,
MY PENIS

SO THERE-
FORE, I WOULD
GIVE THE BUG
AN
ADVENTURE.

IT WOULD
CRAWL ALL
OVER MY
BODY.

AND
AFTER
FINISHING
IT'S
GREAT
ADVENT-
URE OF
THE
CENTURY,
IT WOULD
BE VERY
HUNGRY.

AND AFTER IT
RETURNS HOME TO
THE SAFETY OF IT'S
PARENT, THE INSECT
WOULD HAPPILY COIL
AROUND MY PENIS.
AND THEN THE
INSECT WILL CRAWL
ON MY PENIS AND
MAKE IT COMPLETELY
HARD.

I MADE A
MISTAKE
WHILE
SHOWERING
AND IT FELL
DOWN THE
DRAINAGE.

BUT ONE
DAY, I
KILLED MY
IMPORTANT
BUG.

AND WHEN I
PEE, IT'S AN
VERY
IMPORTANT
ACT TO SAVE
IT SEVERAL
TIMES A DAY.

HE HAD
WILLINGLY
SETTLED
DOWN ON
MY PENIS,
AND I WAS
SADDENED...

ALTHOUGH
I'M
CAUTIOUS, IT
WASN'T
ENOUGH
THAT DAY.

IT'S ALRIGHT
RIGHT NOW
SINCE THEIR
STILL SMALL.
AFTER THIS,
BUT I WONDER
IF MY ONE
PENIS WILL BE
ENOUGH.

FOR THAT
REASON, I
HAVE TO
GIVE A
LARGE
AMOUNT OF
SPERM TO
THE MANY
INSECTS I'M
RAISING.

BUT I DIDN'T HAVE
TIME TO FEEL
SADNESS.
BECAUSE INSIDE
MY PENIS, A LOT
OF IT'S EGGS HAD
HATCHED.

BUT WITH
THE INSECT'S
OBSCENE
MOVEMENT
MAKING ME
FEEL LIKE
THIS, I DONT
THINK I NEED
TO WORRY
ABOUT... IT.
