

Hey, I wonder if it's true that boobs get bigger when you massage them?

I wonder if some beautiful girl's gonna come flying down like you used to tell me.

There's no way I could test it without having a girlfriend...

I don't fuckin' know.
Also, it's time for the library to close now, so...

SASOTTE KASIWAGI SAN

Or, I wonder if some girl's gonna come up to me and seduce me by rolling her skirt up or something...

No...
Hurry up and leave already.

Pay at least some attention to the girl looking at us, you shithead!

Uhm...

...

let's close up the library and head home...

Well,

My breasts are a bit...

Hm?

Either way, Kashiwagi-san's so cute today, too...

She probably despises me now...

That idiot, saying shit like that when Kashiwagi-san's sitting right here...

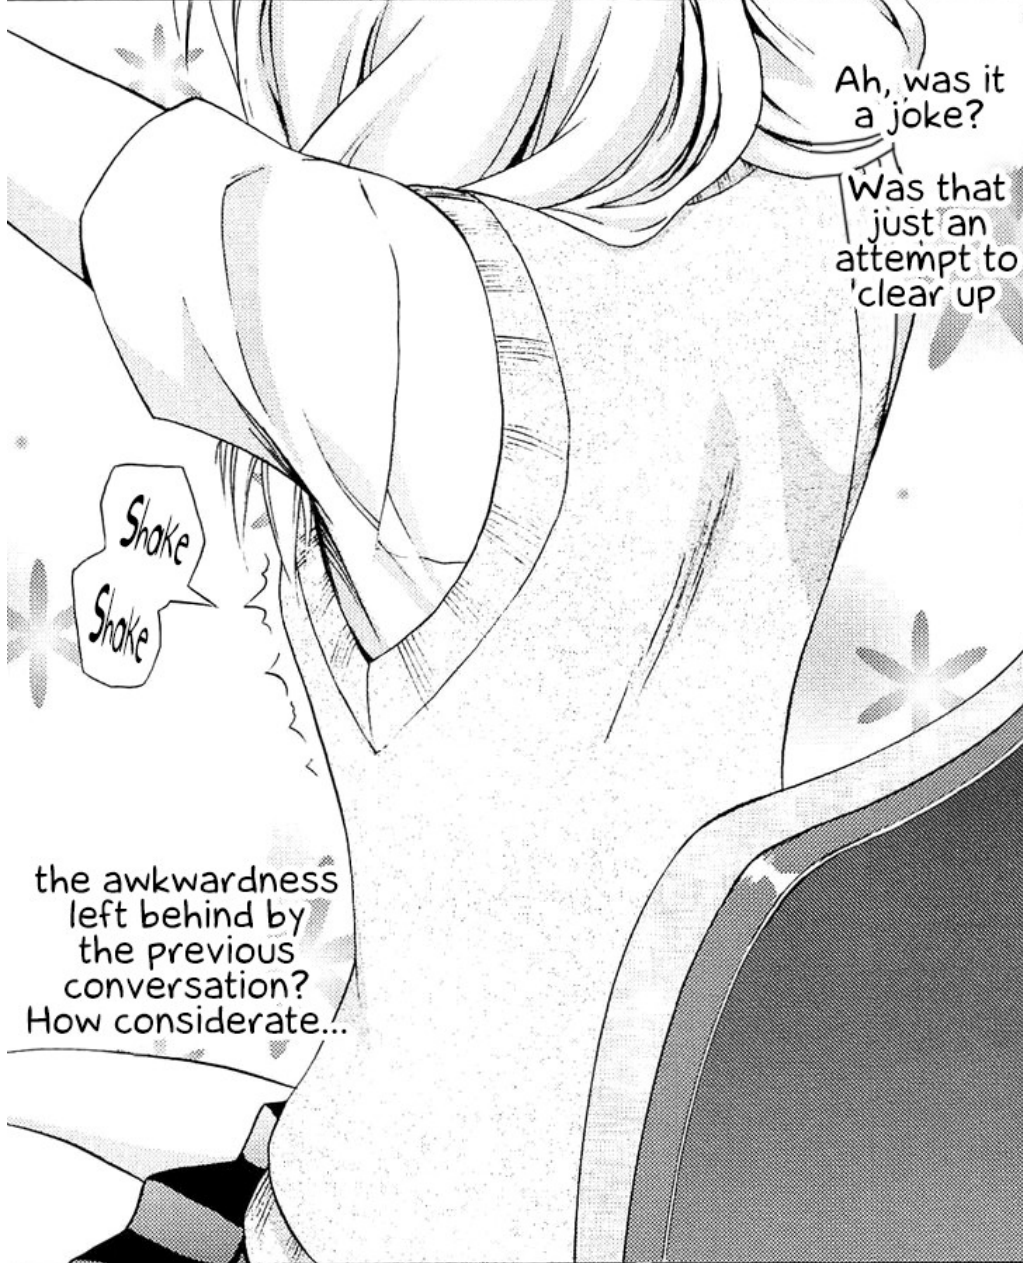

...

I want you to help me make them bigger...

A bit... on the small side,

so as long as you're okay with it, Kakuno-kun,

Ah, was it a joke?

Was that just an attempt to clear up

Shake
Shake

the awkwardness left behind by the previous conversation? How considerate...

Wait, does that mean she wants me to massage them!?

What? Why!?

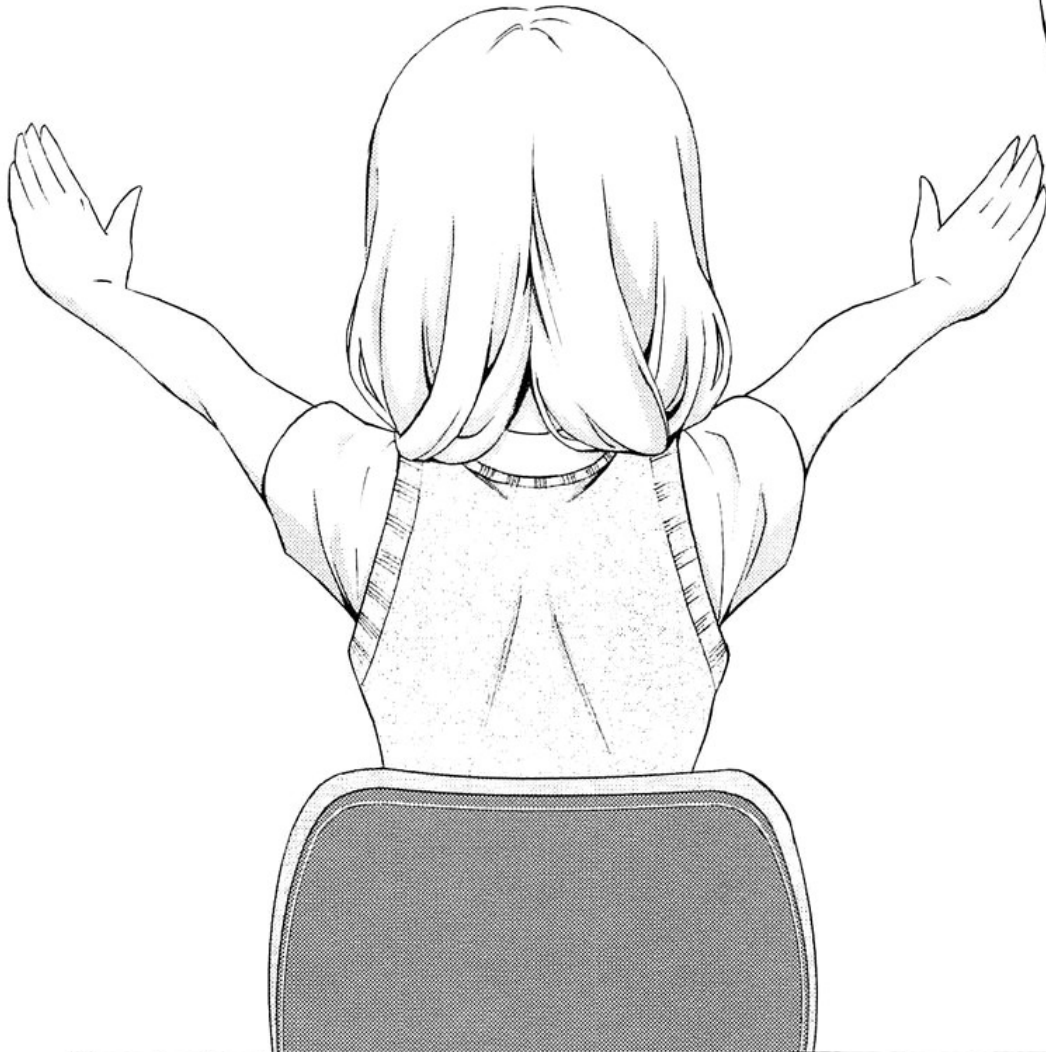

...Even if it was a joke,

I was a bit surprised because it didn't fit your image...

Kashiwagi-san, I didn't know you made those kinds of jokes...

I
wouldn't say
something
like this to
a person I
don't like

They're so soft...

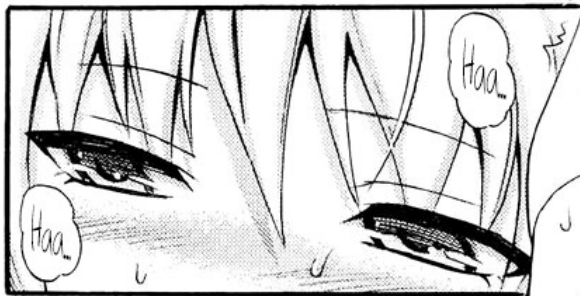

It's kinda rude to say this but.. Even though her breasts are so... modest,

girls are really this soft...!?

Is this...
okay as
well?

She...
spread
her
legs...!

She's
soaked...
