Post script あとがき

Hello, and thanks for buying. This is my first shota book in quite a long time. I had a lot of fun drawing it. My last one was my Pico book, and that was over 10 years ago now.

Rather than something similar to Pico, this time I had a relatively normal boy's female nature gradually show through. That's the kind of book it is, and I realize that it'll be niche, but I'm sure the people that like that kind of stuff will love it. (Excuse).

This was all about the hopeless boy Tsubasa-kun, who's terrible at sports, and the perfect sports boy Kakeru-kun, who's too easily swayed to help others. If I feel like drawing more of them later, I will. See you next time.
