Blood....
Is this my blood?

The village....
They're all dead...

I... I killed them...?

No....

Hey there...

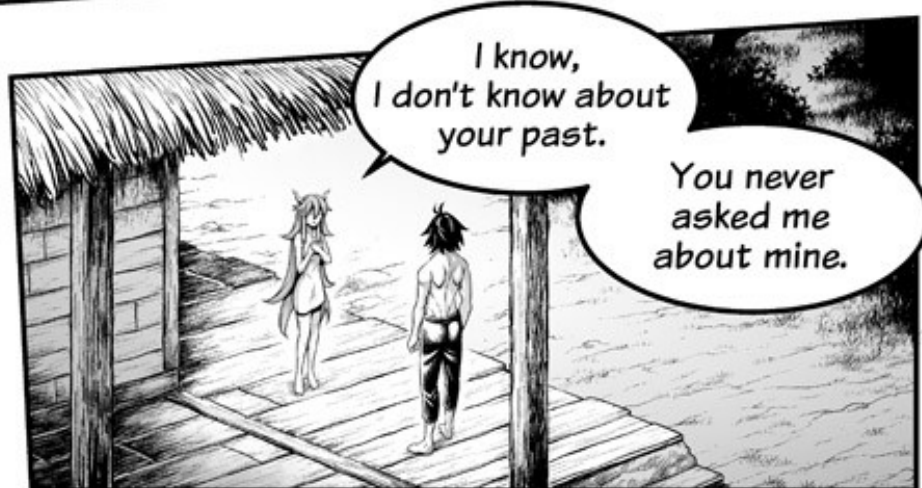

I'm sorry.
Did I worry you?

It was just
a bad drea...

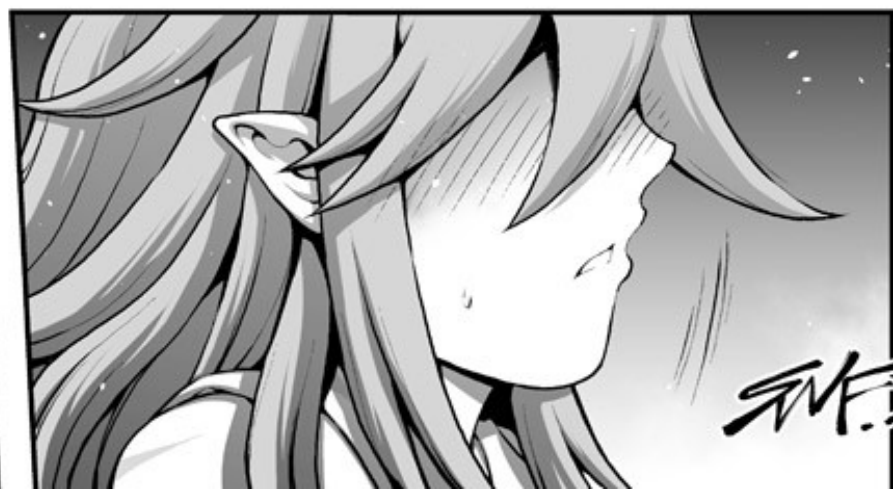

You've been having a lot of them lately...

I know, I don't know about your past.

You never asked me about mine.

I see. I didn't consider your feelings.

I'm sorry. It makes me really happy that you worry about me, but...

RUFF

RUFF

I promise you it's nothing you have to worry about.

BLUSH...

If you say so,
I believe you.

MUR... MUR...

please rely on me
a little more.

But...

OK,

I will.

I'm off.

It won't take
too long.

Aren't you forgetting something?

TWEEH!

She's right.
I should tell her.

Even if I don't
know much about
her myself.

I can't bring her in
danger because
of my past...

Well, I guess so...

Hehe, I spent a long time
observing this world.

That's not all I can
tell by looking at you.

Is that so?

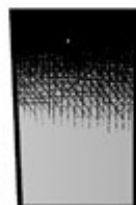

But who am I
to talk?

You better hurry
home to your guest.

We don't want
her to get in
trouble, don't we?

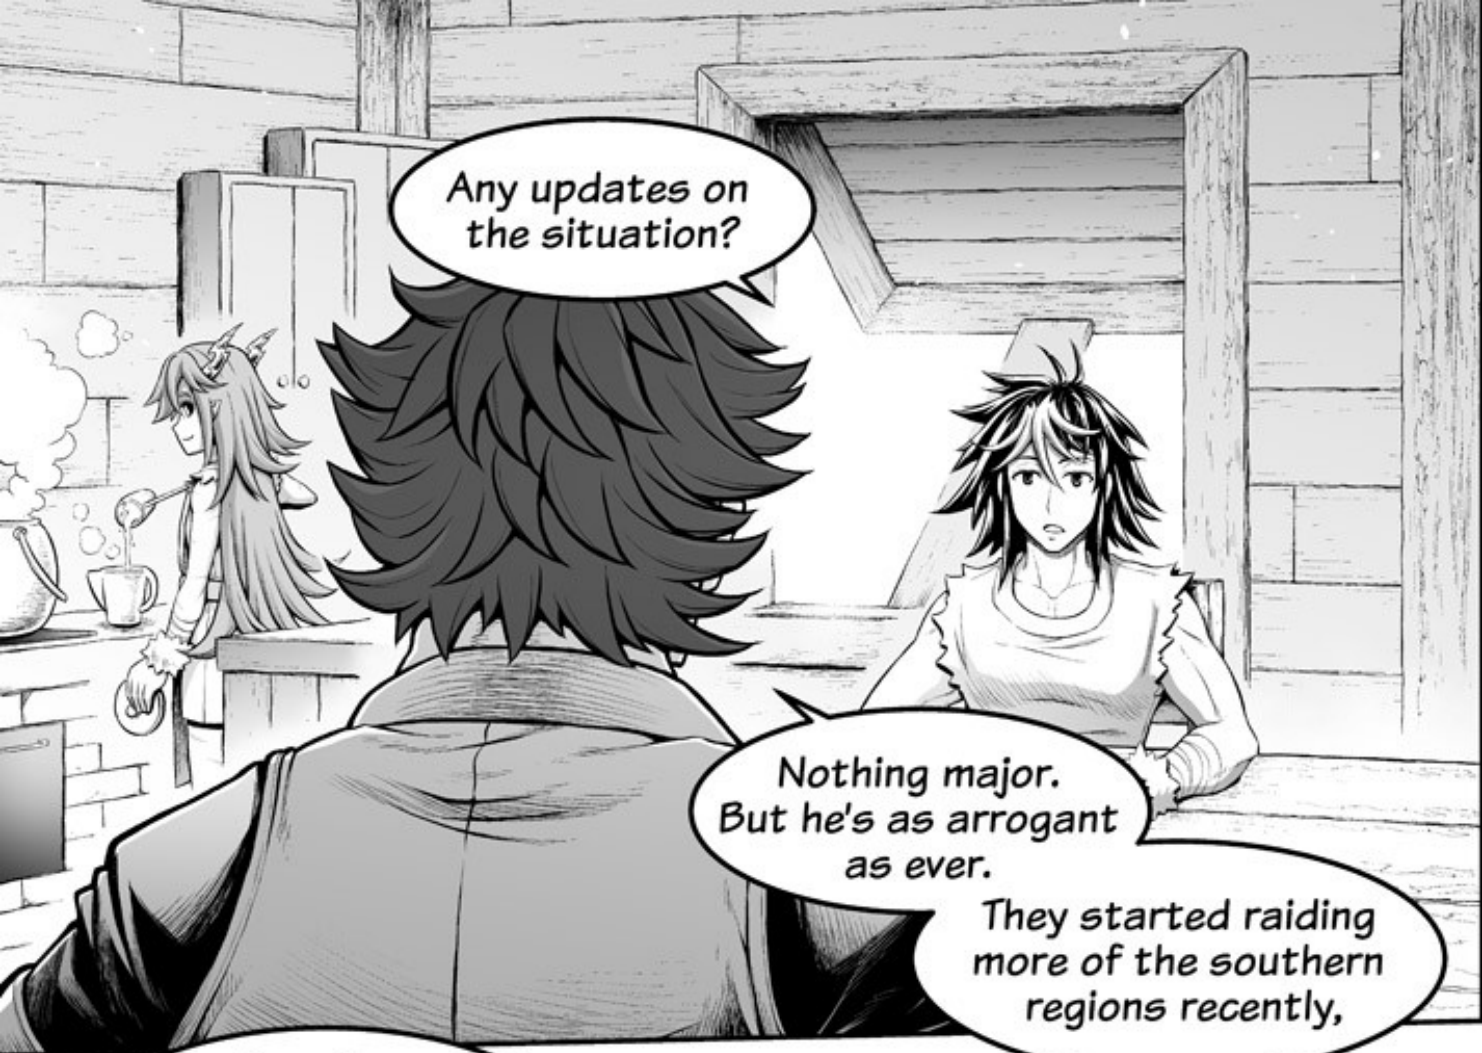

You're back !

Hey there.

Any updates on the situation?

Nothing major.
But he's as arrogant
as ever.

They started raiding
more of the southern
regions recently,

But they
are still far away.
So, nothing to worry
about for now.

I see.
Thanks for
coming all
the way to
tell me.

I know
it's not
really in the
neighborhood.

Don't you
worry about our
"reconnaissance"
mission.

But,
you know,

Take care of
yourself and your
little lady.

It was a real
surprise when I visited
you and she was there
the first time.

I know.

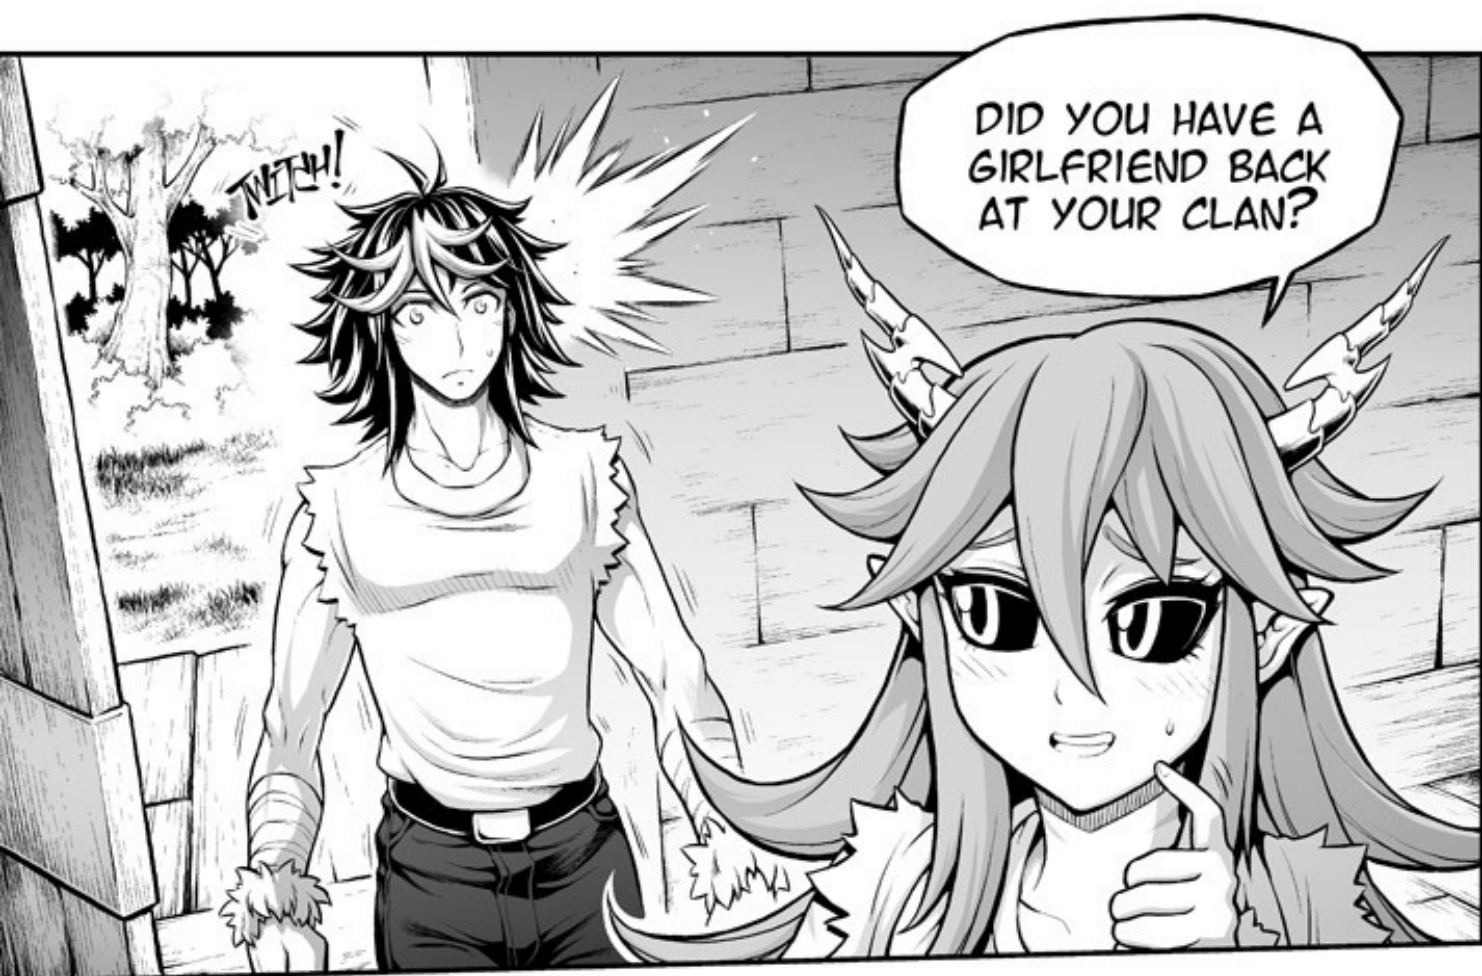

It's not really what
you'd call a "common"
relationship.

But I'm not
"common" and
I think neither
is she.

So, we're
a good fit in
that aspect.

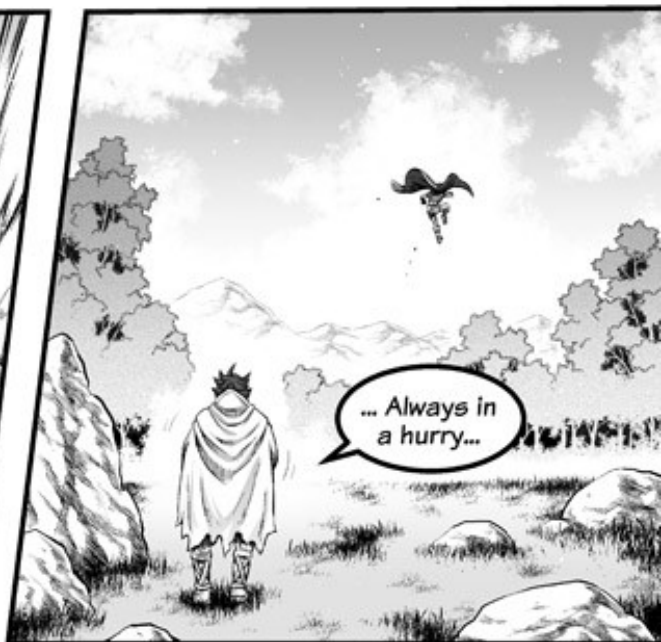

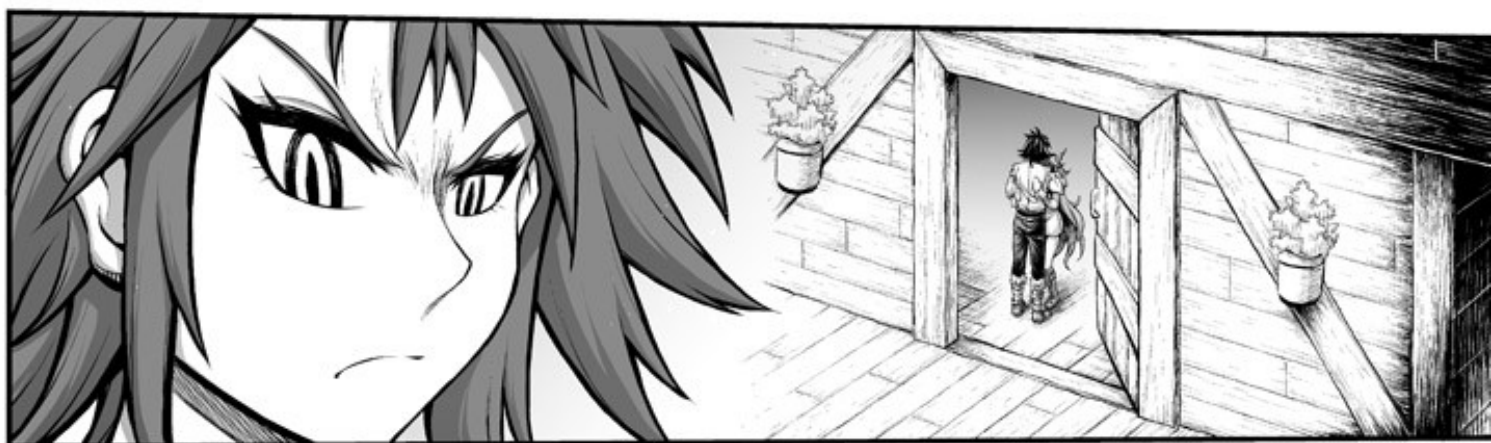

You sure took
your sweet time.

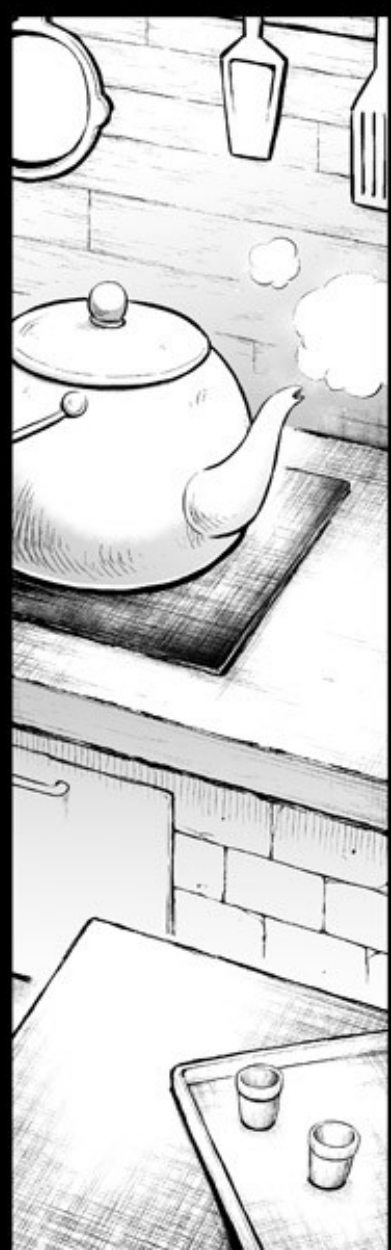

Hey Kamar,
there you are!

Don't worry.

I think even you
being here with him is a
great help for him.

In the past.

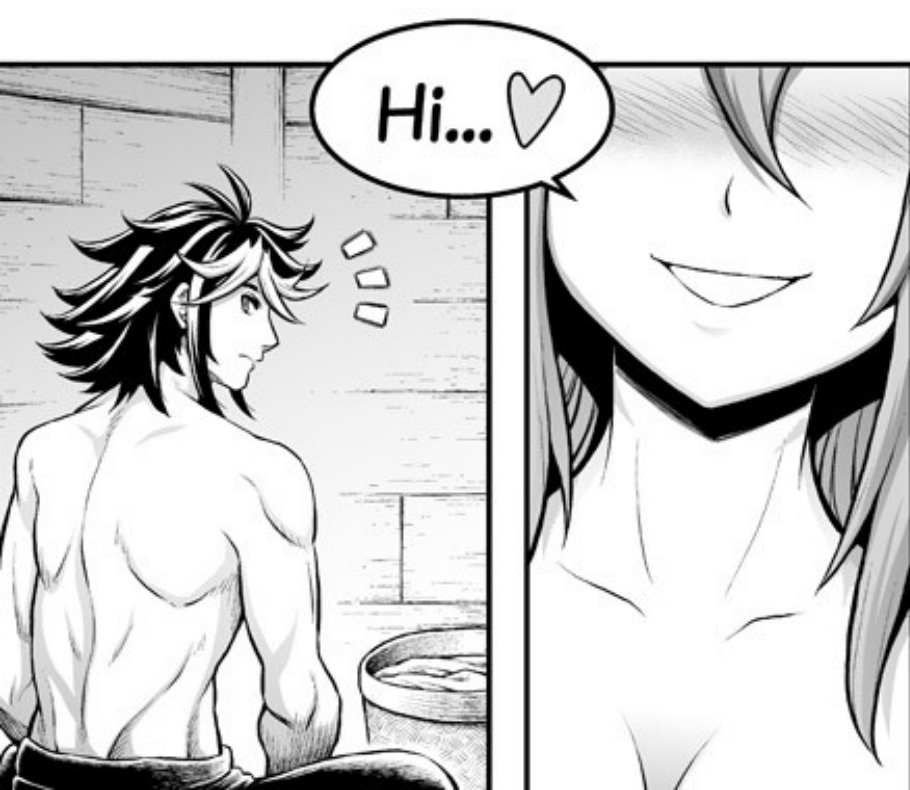

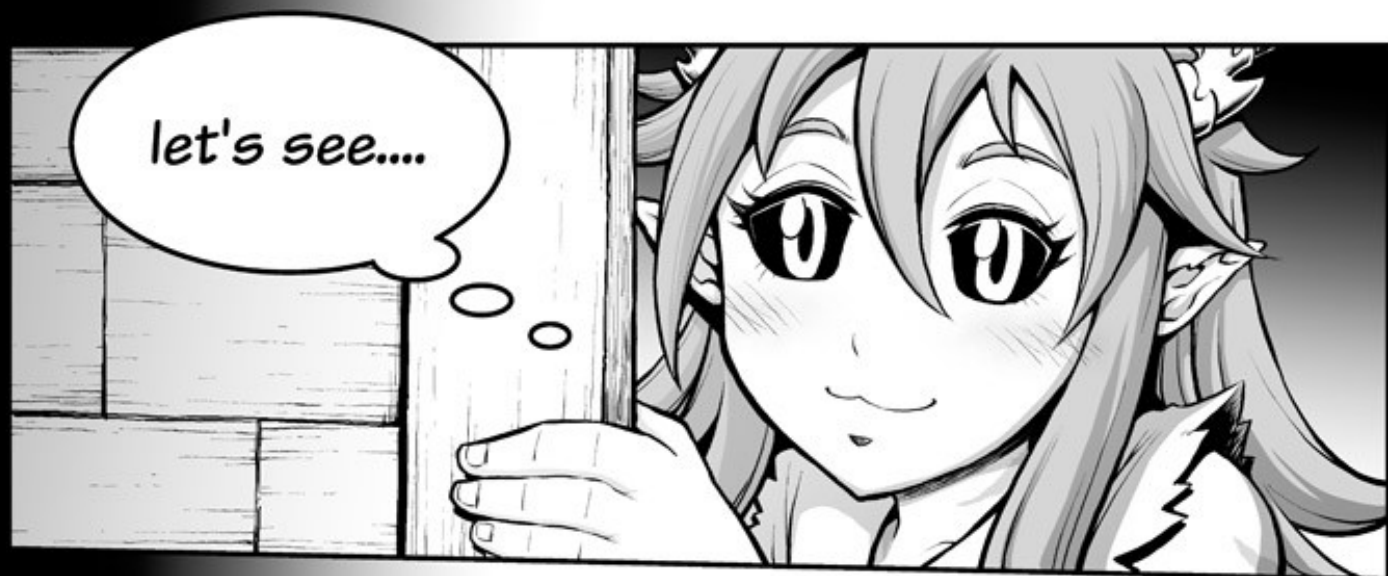

He used to
be like a block
of ice.

When I visited
you for the
first time after
you moved in.

I saw him
smiling for the
first time in ages.
It really shocked me.

Hi.

Good morning,
did you sleep well?

Yes, but...

I don't remember
much about
what happened
last night.

Everything after
we kissed is blank...
what happened
afterwards?

Ha Ha...

Sorry.

Huh?

I think I must
have accidentally
hypnotized you....

Eh? You
did what?

Are you
mad?

I'm sorry.
I didn't
mean to...

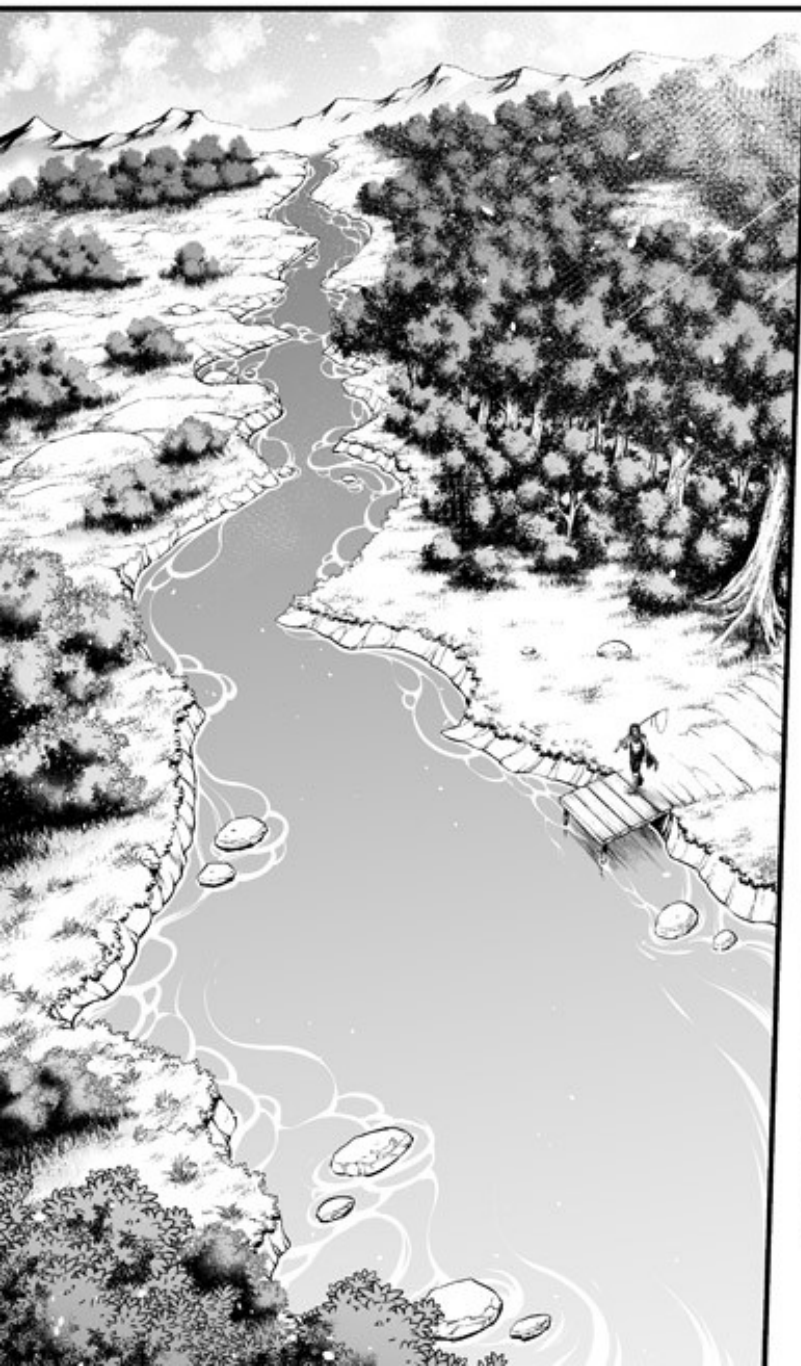

Hmmmm....

I haven't
slept this good
in a while.

So whatever
