麗人 ウーノ! REIJIN  
uno!

A few years have passed since the formerly orphaned Lute became engaged to the former genie of the lamp, Jamal...

Using the money they had saved, they began to search for a new place to live together, the traveling also serving as their honeymoon.

Lute was interested in this town, so the two of them stopped by, however...

Ah!

During this journey, there was a town where an illusive engraver was rumored to be those who wore the gold pieces they made would have fortune granted to them.

Wah!

I-I'm sorry...!

'Kay?

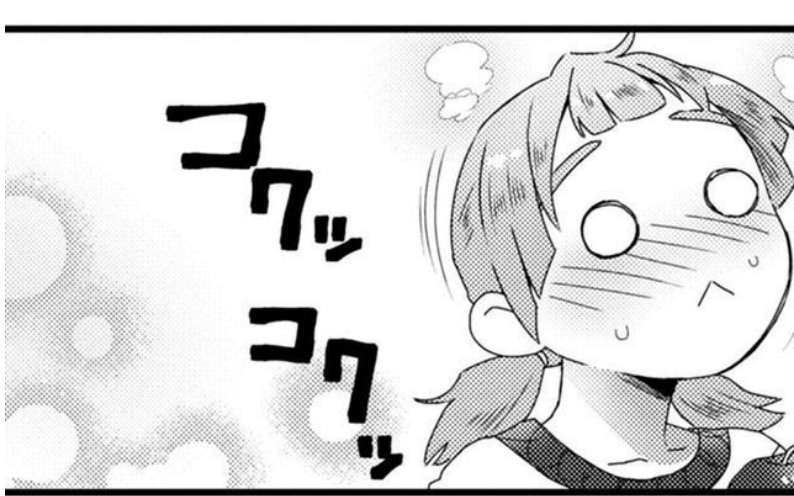

It's not safe to run without looking around first.  
Don't cry, don't cry!

△い、

You okay?

フルッ

コクッ  
コクッ

Take care of them!

Here, how's this?  
Divide these among your friends.

Isn't it nice that we stopped by, Jamal?  
Energetic kids like that are proof of a good town, huh?

ぼさ、

Hmm?  
What's wrong?  
You look a  
little down-

Ah.

...I  
suppose.

.....

Don't  
worry.  
Jamal.

As if!

I thought  
you were  
feeling jealous  
because I was  
being nice to  
that little  
girl...

You're my  
number  
one priority.

As  
opposed  
to?

Nothing in particular.

Then what's wrong?

What the hell are you even having them make when you meet them, anyways?

Well... I heard that if you're luck's pretty good, you'll just happen to meet them.

Do you have some kind of plan?

More importantly, where is that engraver supposed to be?

Uhhm... That's...

Oh, my. Now that's a face I haven't seen in a while.

Hmmm...

Probably just some drunkard.

Someone you know?

When was the last time I saw you...

You're out of your shackles, so you must have fulfilled your duties, huh?

So cruel...

Is he a friend?  
Is he a friend?

Ah!  
He's got the same ears as you!

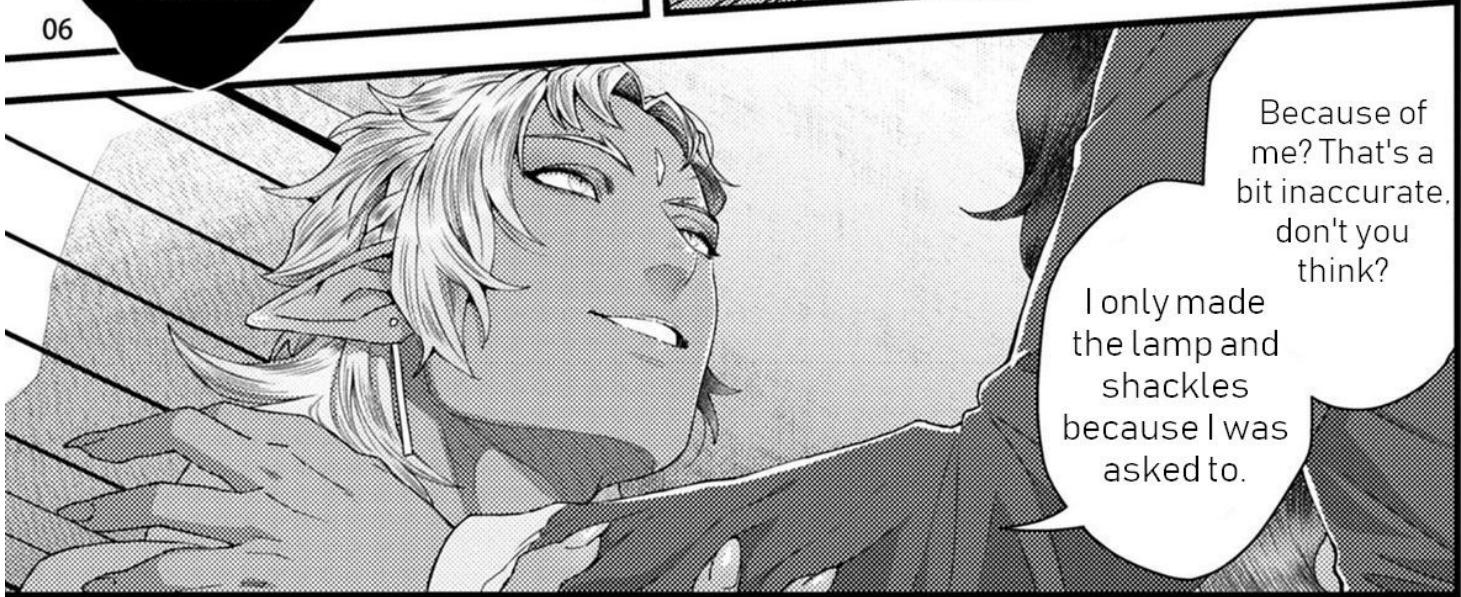

Come on.  
Any memories coming back now?

Oh, good! You remember!

Wait just a moment.

How could I possibly forget?! It was because of you that for so many years, I was...!!

Because of me? That's a bit inaccurate, don't you think?

I only made the lamp and shackles because I was asked to.

...Well, even though you're not shackled now, you're in a place full of people. Guess you've changed your mind about them!

Isn't that nice?

Khh...

If you're looking for the one who put you in there, that was your own fault, wasn't it?

If that guy lives here, he might know more about the engraver...

I wonder if they're reminiscing... Might be a while, since they go hundreds of years back...

Would you happen to know where they are?

Ah, yeah. Apparently in this place, there's some legendary one out here...

Engraver?

Jamal, I'm gonna go look for the engraver, so you can take your time talking.

When you're alive for this long, you get a lot of free time.

So, as a hobby, I do jobs like this.

!!

What?! This is such a crazy coincidence! I can't believe we'd actually meet you like this!

Ah, that'll be me.

You must be very lucky!

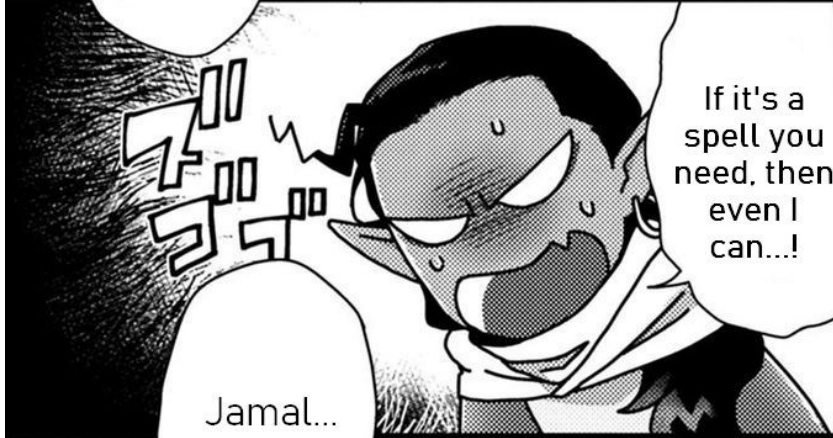

When I make things for humans, I do it by hand, since it's a hobby.

...Well, and I put a little spell on it, too.

Lute, wait a moment! Why ask this man for something, when I can create whatever you desire with my powers?

If it's a spell you need, then even I can...!

Jamal...

Sorry, but... Could you go to the inn ahead of me?

A room for two.

Uh, the other guest...

When you see a freckled man; that's him. Tell him where our room is.

guest book

VACANCY

There's never been a single time Lute's lied to me or had to hide something from me before...

The room up and on the left is a good choice.

What the hell was that...?! Saying I should go on ahead, as if it's inconvenient that I'm there...!

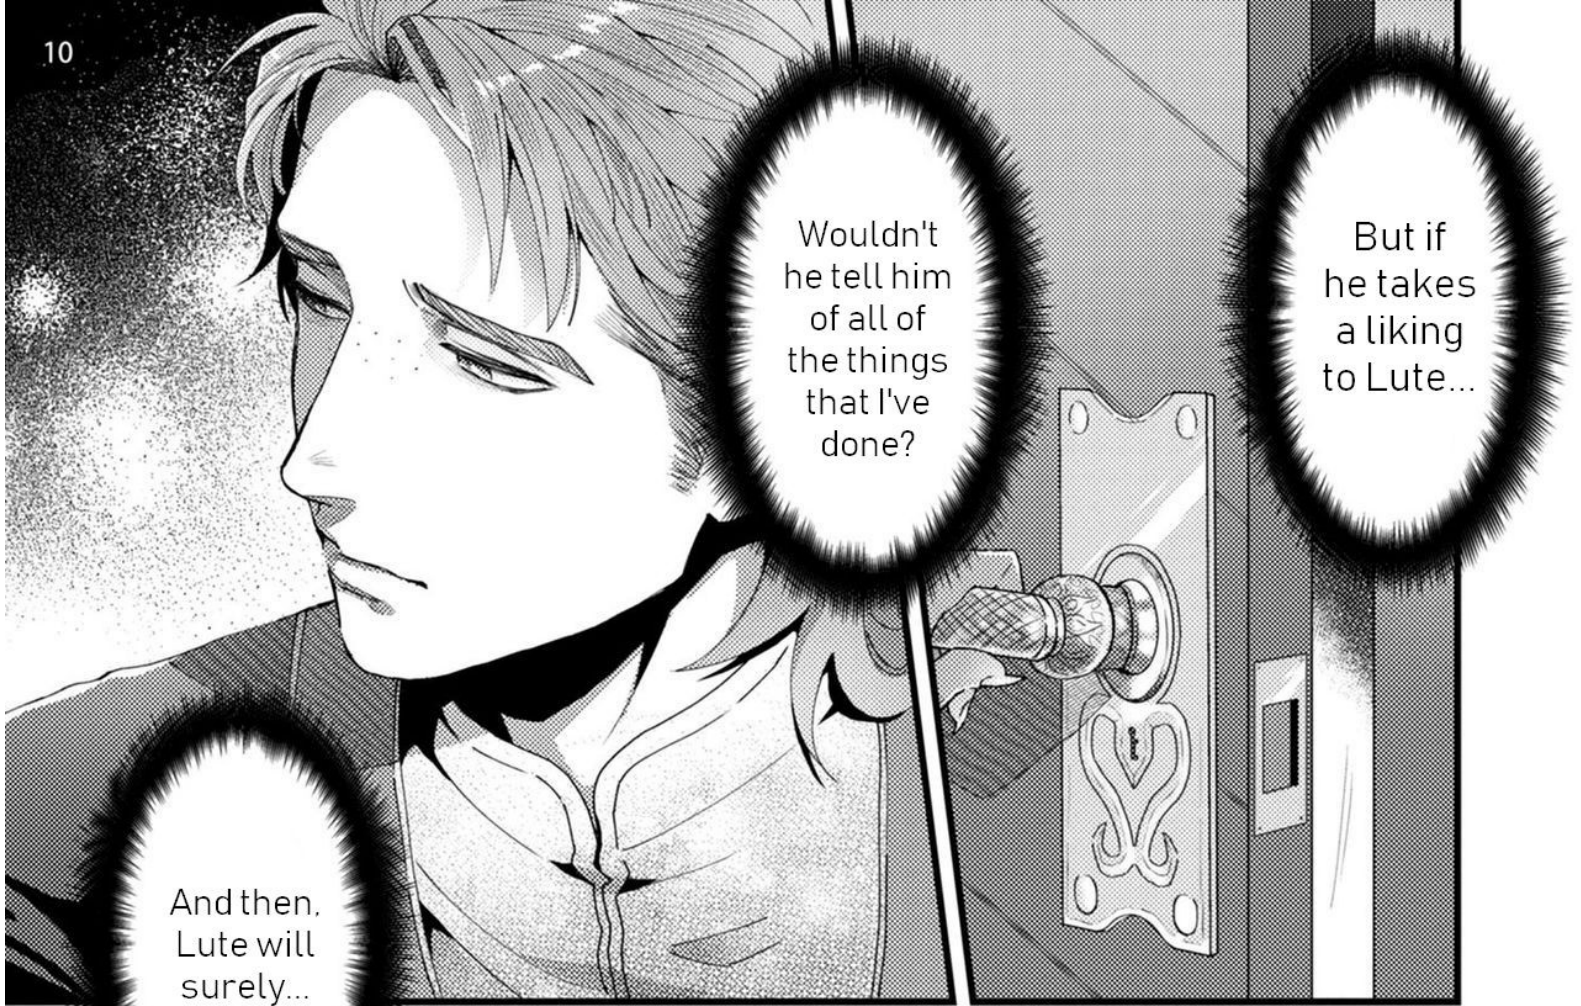

But if it's just someone of the same race, that's a different story!

I've been prepared to back out if a woman should come into Lute's life...

Maybe Lute likes him...

What, so is anyone fine with him now, not just me?!

Please don't break the key...

Wouldn't he tell him of all of the things that I've done?

But if he takes a liking to Lute...

And then, Lute will surely...

.....

If someone else is going to tell him,

I should really do it myself...

No, I got along and earned it myself, actually.

There's no meaning in having him just poof it up, right?

Oh, my...

This is good gold. Did you get it from Jamal?

Wow

I do the same procedure that humans do, so you can relax.

No, I'm only using magic to heat it up.

It shaves down the total time.

Don't worry, it's enough.

Is that good for two people?

...Is that a curse?

I'm just your average engraver.

Call me whatever you'd like.

I'm Lute!

Oh, that reminds me! I didn't get your name.

Hmmmmmm...

From me...?

Yes. To begin, what kind of design did you have in mind here?

Forget about me.

I'm more interested in hearing from you.

You don't have a name?

That'd be a great help!

Then how about you tell me something about the one you're giving this to, and I'll make the design reflect that?

Well, this is my first time ever doing something like this, so, uh...

This is the first time I'm ever telling anyone any of this, so it's a little embarrassing, haha...

Okay! Where do I even start...

テレテレ...

Alright then, let's hear you brag about this special someone for a bit.

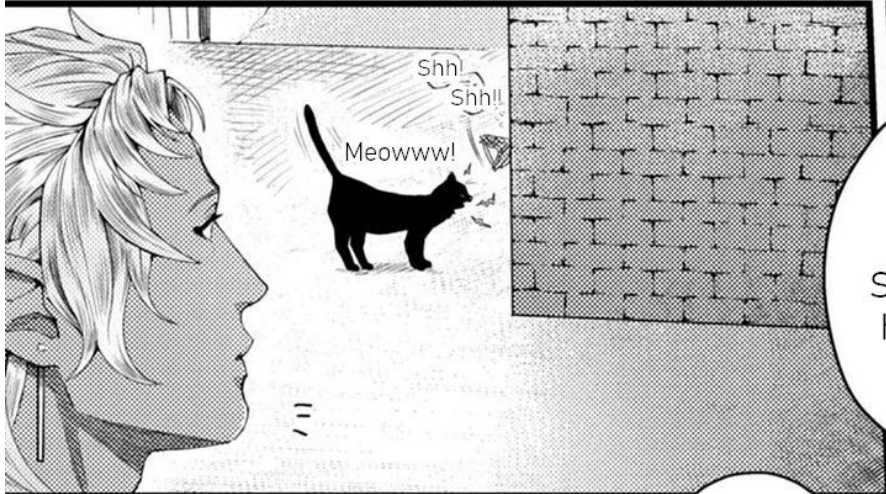

...Hey, Lute.

The person you'll be giving this to is...

I guess it should be when we first met... Jamal and I met when...

Jamal,  
of course.

I see...  
So you and  
him are...

...That's  
certainly  
surprising.

But is  
that  
truly  
alright?

Giving  
this to  
him...

If he truly loves you from the bottom of his heart, he has a very cruel future awaiting him.

We aren't gods, so we can't grant immortality or bring back the dead.

You will, of course, die before he does, and he'll be alone once more.

You're a human, and he's a genie.

...What do you mean by that?

That may someday become a curse to him.

For example, even if I put a charm of happiness on this...

I'm not sure if he'll be lonely, but...

I'm glad to have been born a human.

...Yeah. Giving him a ring is a selfish thing to do.

Maybe it was out of pity at first,

yet, even if it was, he's always been looking at me since.

It seems like Jamal's hated humans for a long time...  
But despite that, he stayed by my side when I was alone.

That way, he's not alone, right?

I'll use my whole lifetime to make sure that after I die,

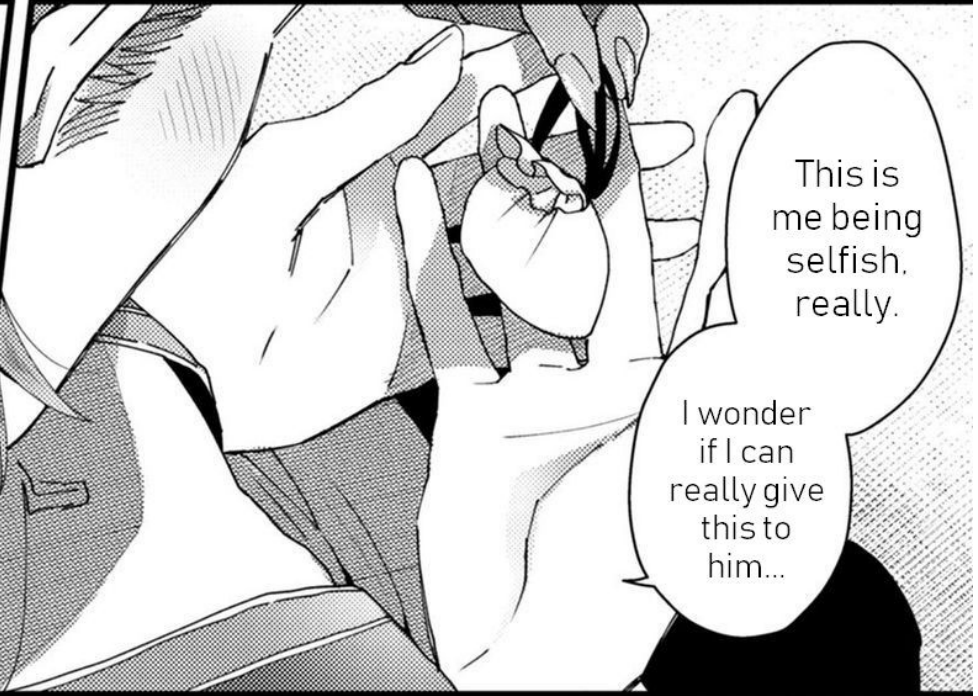

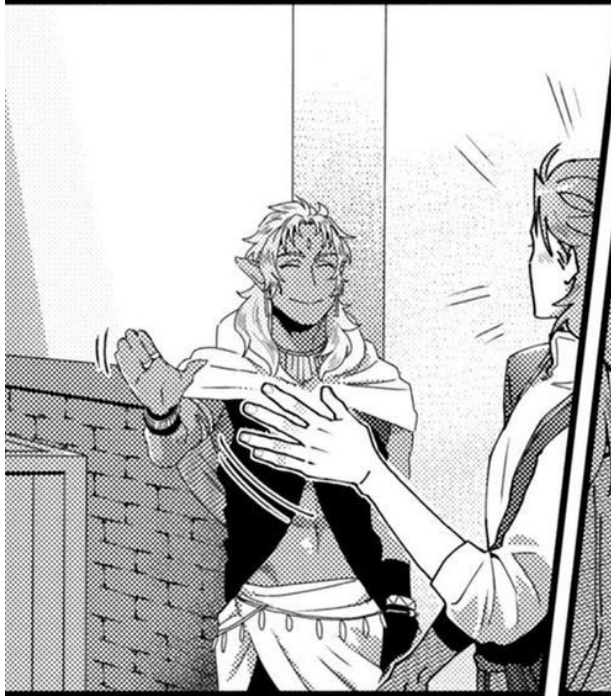

he'll love humans, and find someone else he wants to be with.

Welllll, to be honest, it does, which is why I'm getting these. While I'm alive, I want him to think of me, y'know?

.....  
...That won't make you lonely at all?

This is me being selfish, really.  
I wonder if I can really give this to him...

...I know.

...He's a good person, isn't he? Good for you.  
You should hurry up and get back to him.

...What's wrong?

キッ  
ムッ  
...

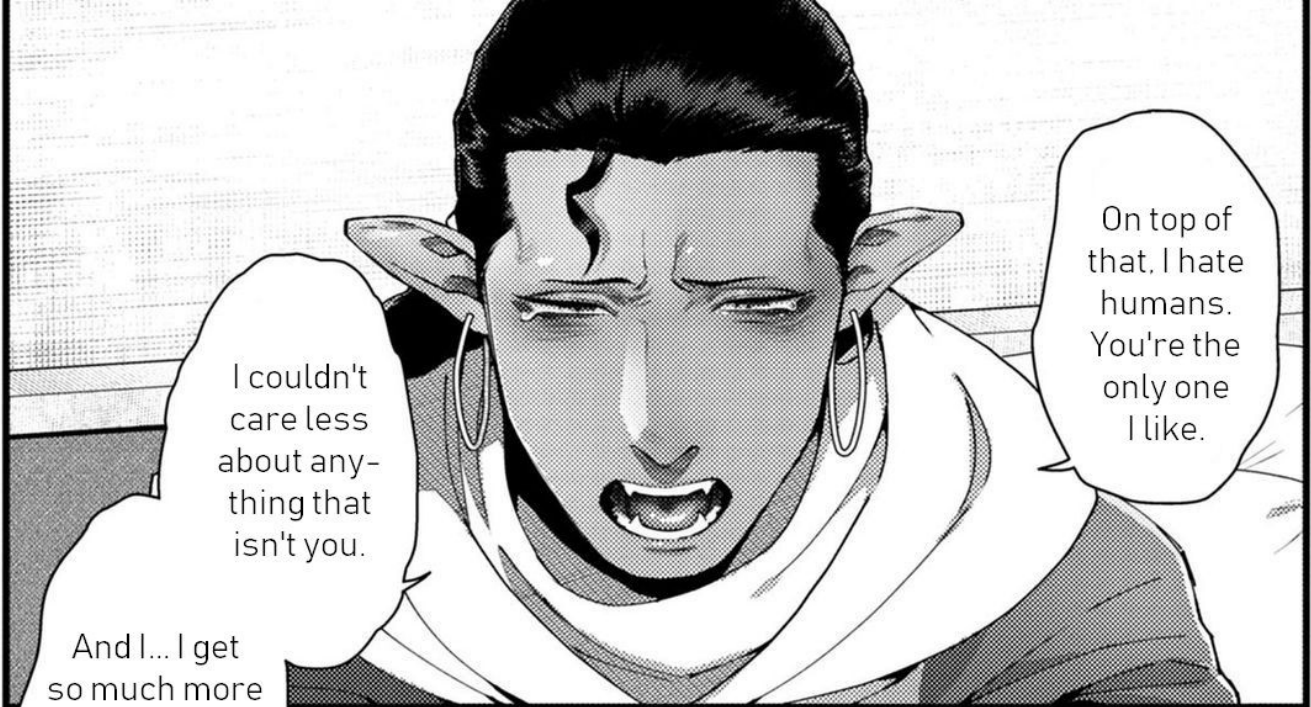

Are you really okay with me?

And I'm not as good of a man as you've thought me out to be.

No matter how much I love you, I can't bear your children...

I couldn't care less about anything that isn't you.

On top of that, I hate humans. You're the only one I like.

And I... I get so much more jealous than you do. I'm a selfish genie, you know.

I see...

Let me guess... You heard our conversation?

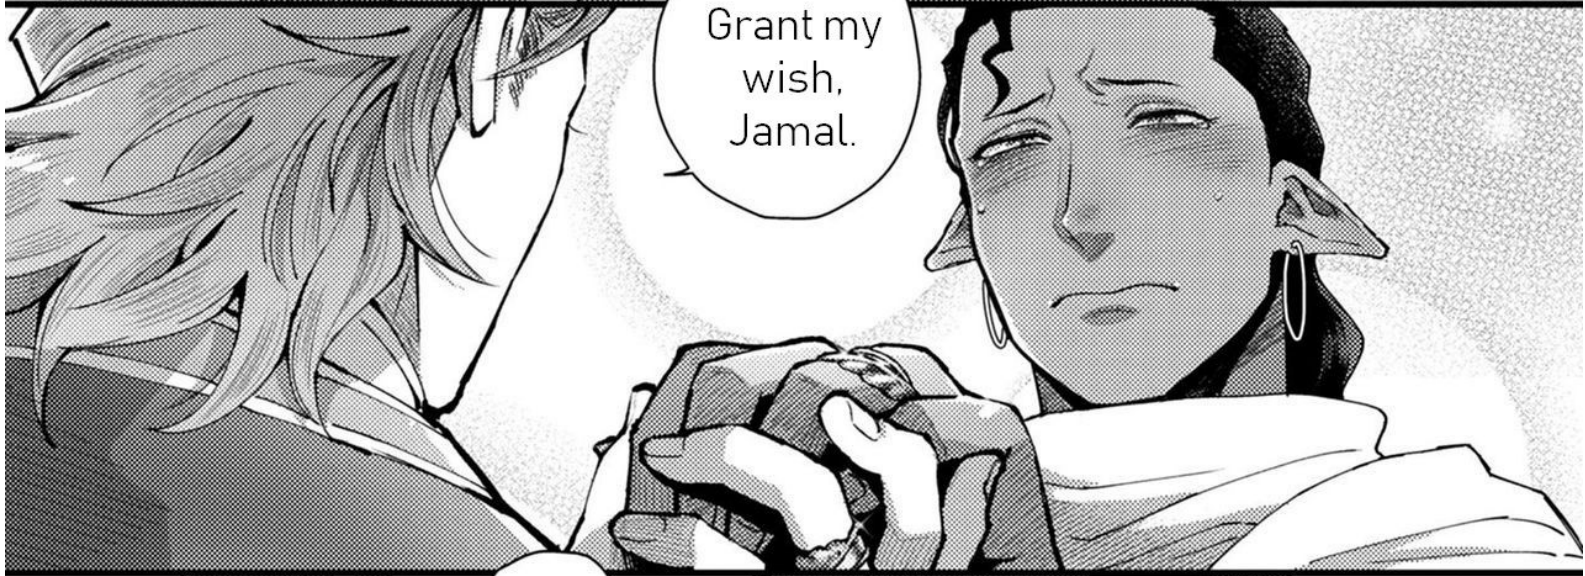

Then,  
can I  
give this  
to you?

Does  
me being  
happy  
make you  
happy?

Jamal,  
do you  
love me?

Yes.

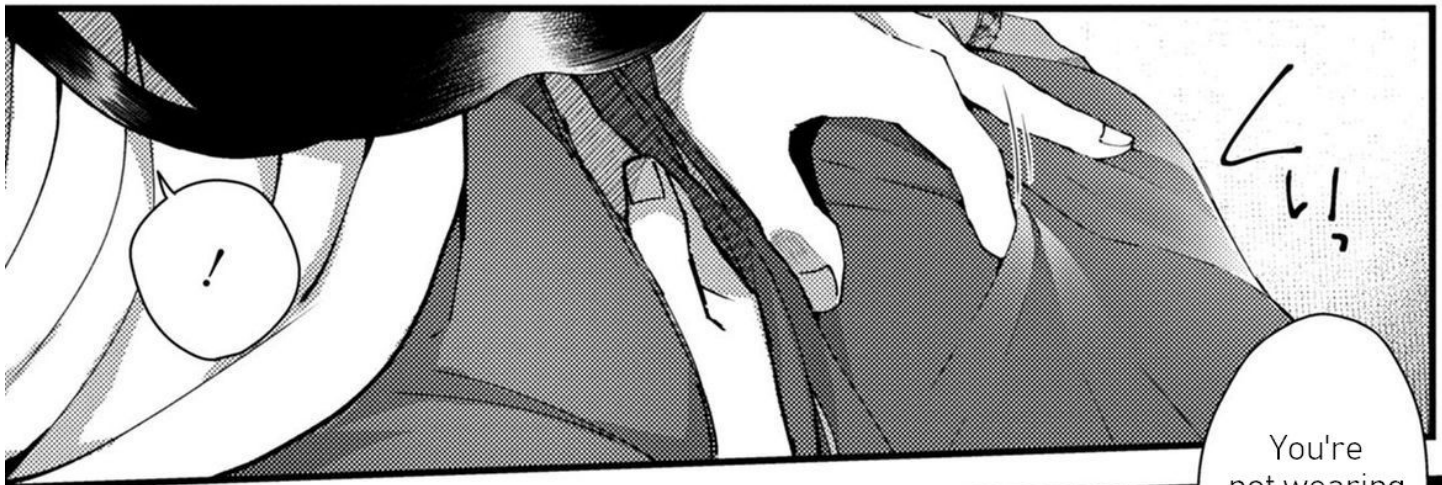

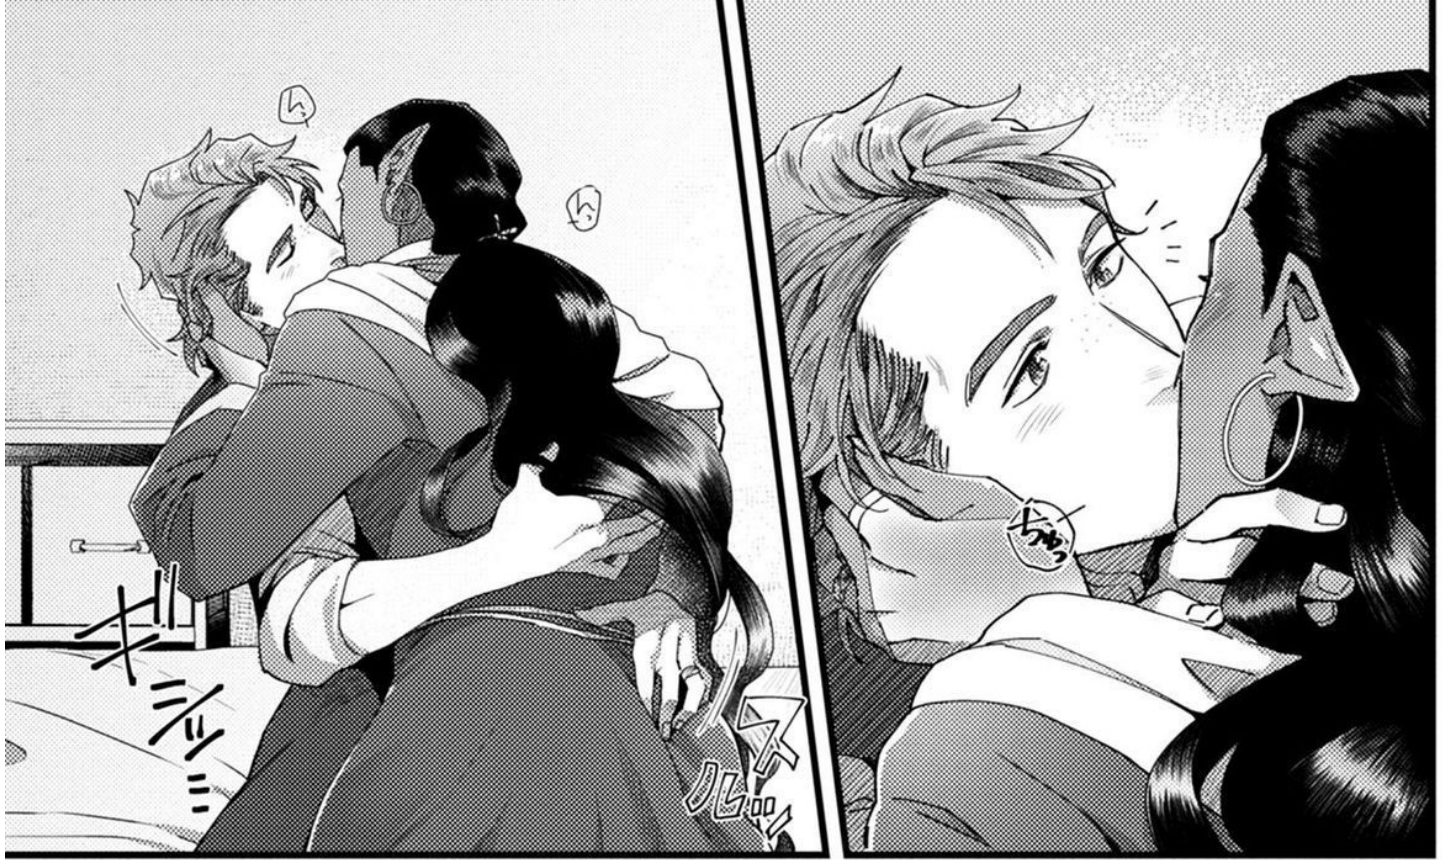

Yes.

Grant my  
wish,  
Jamal.

...Okay.

I tried imitating the clothes I saw the dancers wearing in town...

I thought this would please you...

If you don't like it, I'll take it off...

Eh?! No, no, it's not like that!

...So why am I getting so excited? y'know?

It's just that... I was thinking, "He's wearing more than usual..."

You tease my chest and ass so much...

I can't even walk outside without coverups anymore.

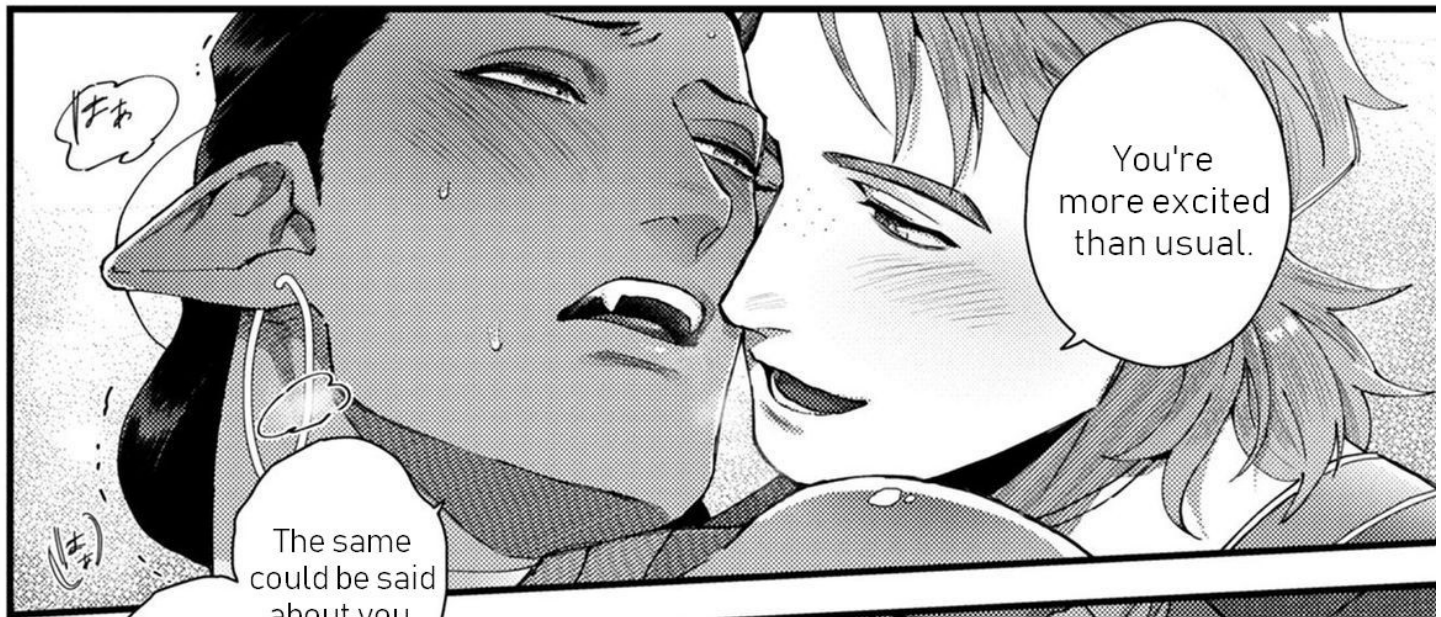

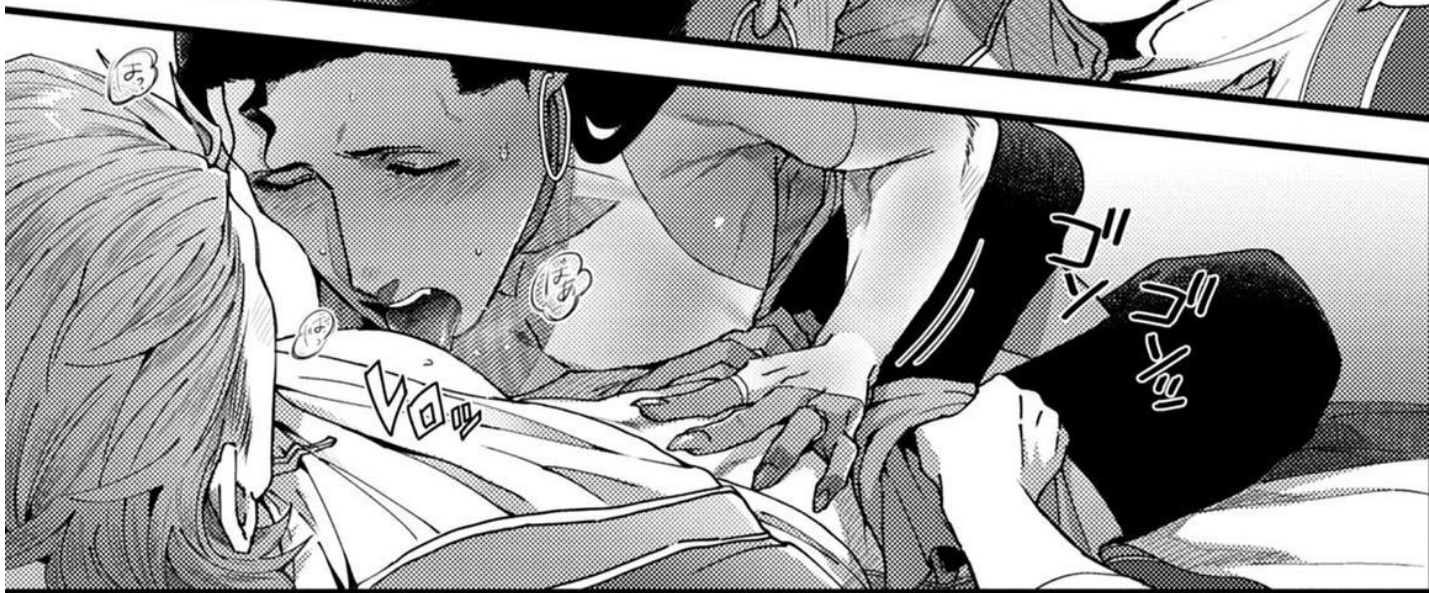

This feels really silky smooth, too. It's nice.

Aw, come on over here!

Ughh...

Before you came back, I was preparing myself...

Oh? It's wet here already?

Nnh

You wanted to do it that badly?

That way, you can put it in sooner, right?

Uu... I want it already, Lute...

Hurry...

You're being bold today, Jamal.

...Is it bad for me to be?

AH

No way! I'm so happy!

Oh!

Hhi!

Nnnha!

You when you're all serious...

Ah!!

Ah!!

And you when you're honest and cute like right now...

I love every part of you.

Lute...

Hah...

Ah, Lute!!

Kkh

Ah

Nnha

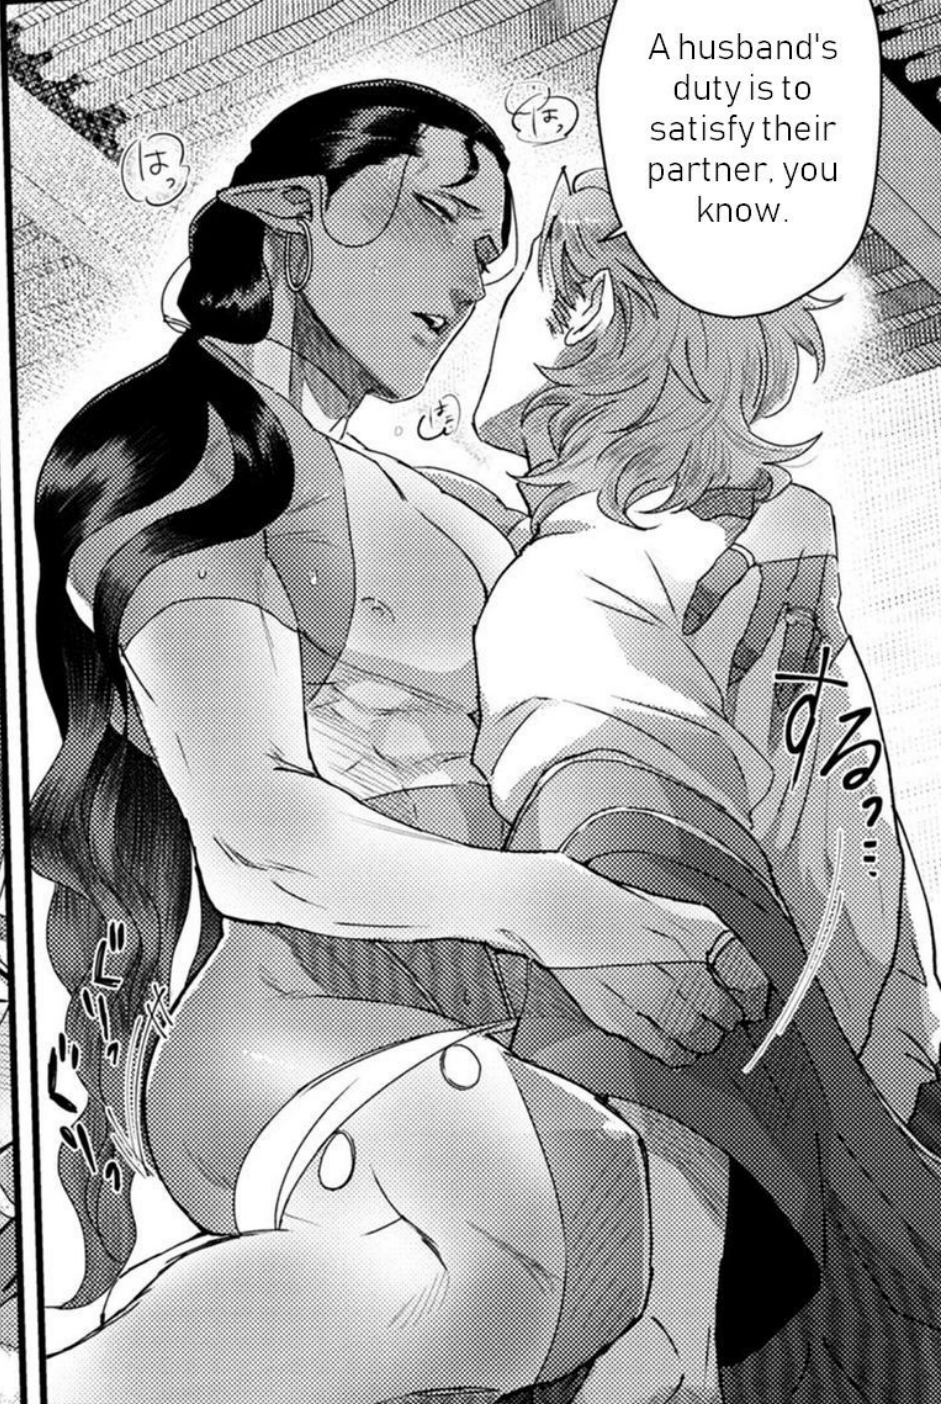

Uugh...  
Don't  
move  
yet...

I want even  
more of your  
semen inside  
of me...  
So.  
Lute...

A husband's  
duty is to  
satisfy their  
partner, you  
know.

Fufu.

You got hard again.

Nnh.

Aah! Hauh! Nnhah!

Honestly...!  
Why're you being so cheeky today...?!

It's your fault, Lute.

Don't tell me, the ring's spell is doing this to you...

Nnha!

...Make love to me...!

From here on, every day...

I'm cumming!

Nnnh!!

...Idiot.

I'm looking forward to seeing this bold side of you a lot more, Jamal.

Huh?

It's already night...

.....

I want to do it one more time...

毛に、

くらっ

Jamal, you wanna rest yet?

ズワッ

.....

お

ズワッ

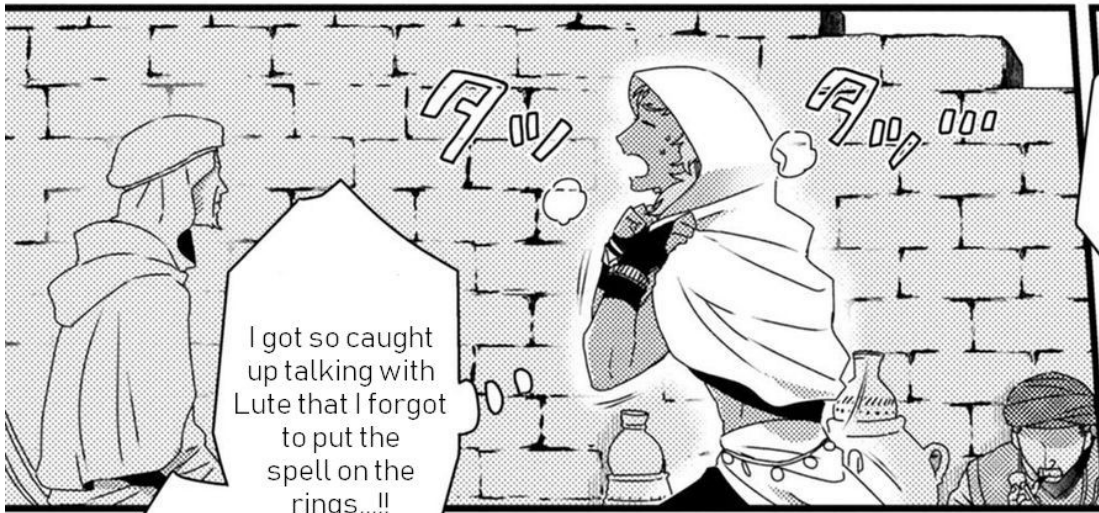

Fufu!

As if I ever want to.

Alright then, fine!  
Even if you tell me to stop,  
I'm not gonna!

The inn for tourists?

I got so caught up talking with Lute that I forgot to put the spell on the rings...!!

Thank you!

Should be right 'round that corner.

I hope the two of them are doing well...

I suck at running...

Yes?

Excuse me, could I ask you something?

Ahh, those two...

Yesterday, I believe two men had decided to stay here for the night, right?

Thank you!

They're in the room up and to the left.

It's urgent!

They may still be sleeping. It'll be bad to wake them.

Are they not in now? If you have a message for them, I could let them know...

Oh, that's a relief! What a relief!

Wha...?

No, it's alright!

It seems like they don't need my magic after all.

I wish the two of you happiness forever.
