With My  
Tall Younger  
Cousin

Kyouzuke, we arrived!

Once during the New Year's and once during the Bon Festival.

In our household, we regularly visit my dad's family twice a year.

Bon Festival: Think of the August summer.

IT'S BEEN SO LONG! YOU GUYS ARE EARLY.

My younger cousin Wakaba.

'kay.

Hey, we should unload the luggage first.

Out here, I would meet her,

IT'S KYOU-CHAN!

The daughter of my dad's younger sister,

I stopped at 152 cm, but she easily shot past that.

Around the time she was in middle school, she started growing up.

My one year younger cousin Wakaba used to be a really small child.

TOGETHER, ON A WALK, 'KAY? ♡

What? No, I did not shrink.

so cute! ♡

WOW KYOU-CHAN, DID YOU SHRINK?

HEY, WHEN YOU'RE DONE UNLOADING THE LUGGAGE, LET'S GO!

I can help you out with that.

Wakaba  
got taller  
again,  
  
and some  
other places  
got bigger  
as well...

If we're talking about Wakaba's character, well...

But is it defenseless? Is it enticing?

That's cute!?

IT'S SOOOO CUTE!

BUT I'M GOOD, I'M GETTING USED TO 'EM.

I GUESS?

P- putting that aside, is it not tricky walking in those shoes?

She read me!

TURNS

I MUST BE ENTICING, AREN'T I?

With 7 cm heels...

YOU CAN TELL HOW TALL I AM WITH THESE ON, RIGHT?

JUST TO LET YOU KNOW, I HAVE 7 CM HEELS ON ME.

No wait, even with them on,

a 10 minute walk home from here

AFTER ALL, YOUR LITTLE COUSIN ISN'T SOME COUNTRY GIRL.

We're not exactly city folk either.

About 187 cm?

The End

*Oh long time no see. This is Hachimitsu.*

*I have thought before about drawing a story with a younger but taller female who takes the lead. Wouldn't it be nice if after many years, she'd still be growing in many more ways?*

*I had planned on making Wakaba grow at least 20 centimeters more.*

*Lately I've worked on changing up various techniques on what I think were many unsuccessful approaches. I should continue to improve for next time.*

*Oh right. Because of some inconveniences lately, I had the opportunity to start a Twitter. Since I plan on using it as my main means of announcing my doodles, if it's not too much of an issue for you, I'd be happy if you follow me. (・ω・)*

Hi, Jasmine Tea here! Another solo "putting it into English" thing I did here. Is it scanlation? Who knows.

To those who haven't already closed this or ignore the credits (I hope you didn't for the author credits ah ha ha), indulge me for a little:

Is Kyou's face in this panel the face of him realizing that Wakaba's too big and too heavy and has no way of stopping her no matter how hard he tried?

...or is he just holding on to her, tired out from cumming all day?

But hey, thanks for checking this out! I hope you enjoyed it as much as I did ♡

I always wanted to put one of Hachimitsu's works into English. I've come full circle now! :3

Thank you to the community who dumped this as publically as, well, it's gonna get. It helps fuel the basically charity work that goes on here. Now it's in English, and others too!

If you noticed, I left the converted feet/inches out of the story. After all, the cms make them sound taller. But in case you were wondering about them:

Kyou'suke:

-> 5ft

Wakaba:

-> 5ft8 last year when they did it at the stump

-> 5ft11 during the New Year's

-> 6ft2 now (6ft5 in heels)

-> 6ft7+ projected

(with author comments 6ft10+)

She is actually growing like a weed.

No can do, you're just going to have to let a BIG girl like me finish first! ♡
