Afterword

Thank you for reading! This book is the second in our series called
"That girl's secret", starring Risa Shinozaki.

This time, I wanted to make a book based on the theme of going to
the beach in the summer. Initially, the name of it was "If you are
playing in the sea, you will feel naughty and get erect!" When I was
drawing it, I realized I was drawing it based off my previous book,
"Shinozaki Risa's Secret Trip" and the introduction scene was
almost the exact same! I told my self that I had to make it different,
so I changed it up a bit. If I draw without thinking though, I end up
drawing doggy style, and I did that in the last one. However, I still
wanted to draw her ass, so I continued. I liked her ass. I loved it.
Then, we just had to submit it to be published.
