Part 1: Magic Knight's Crisis

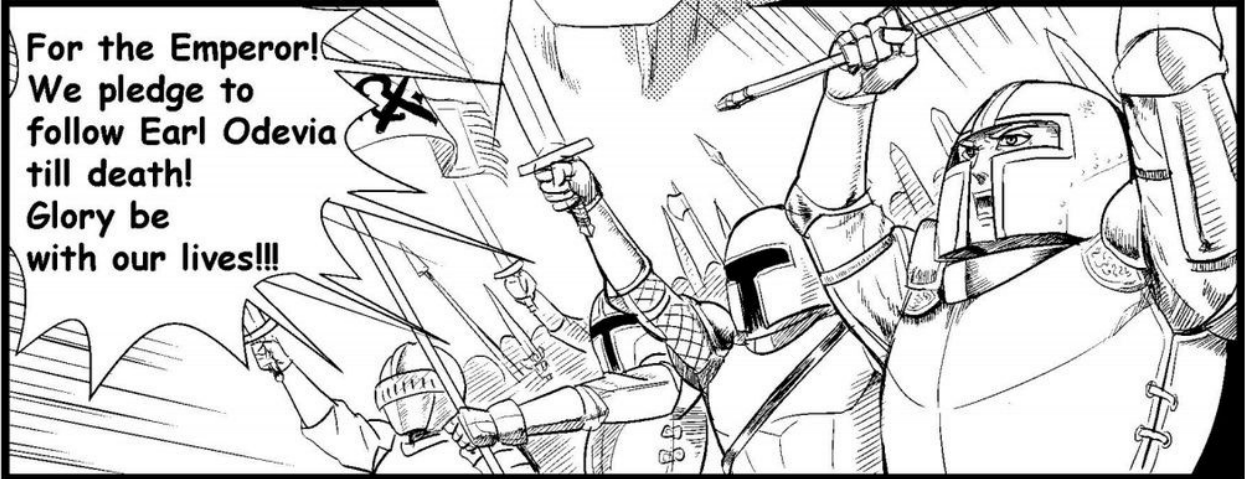

Finally...
We reached
the hinterland of
the base of the
rebel forces...

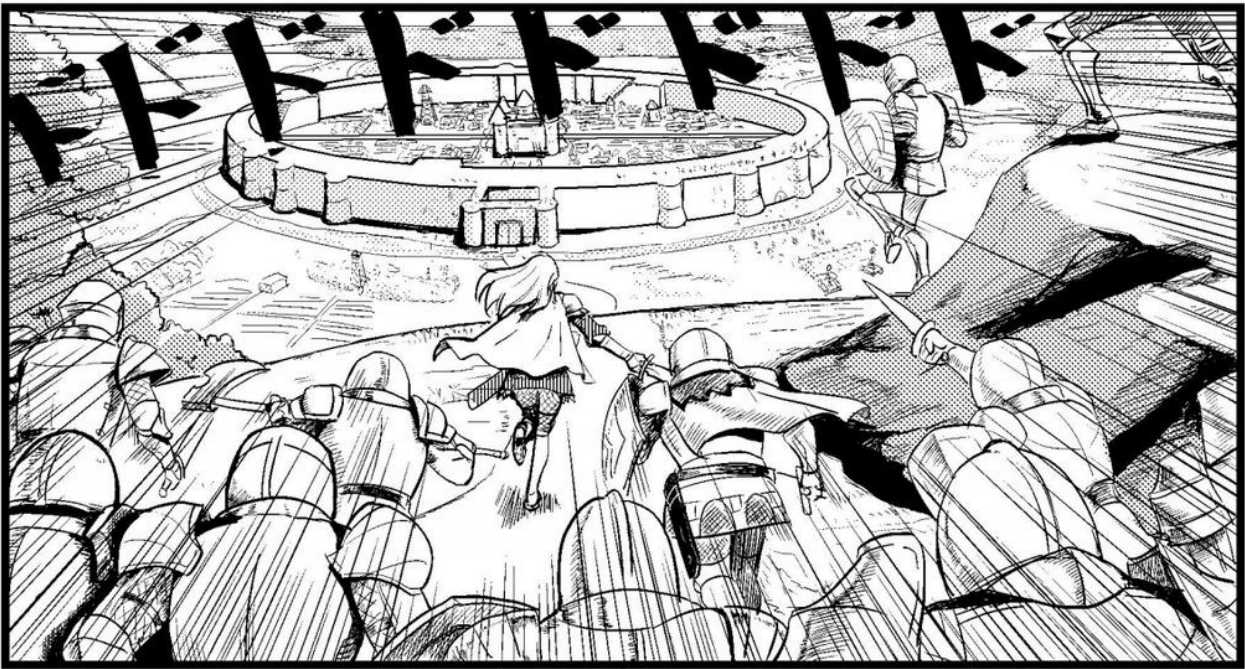

The front...
is the final battleground
we've been seeking for!
Marching on the road paved
by the blood of our people,
we swear to conquer the
last heart of the rebel army!

For the Emperor!
For the glory of knights!
Fellow knights,
follow me to the battle!

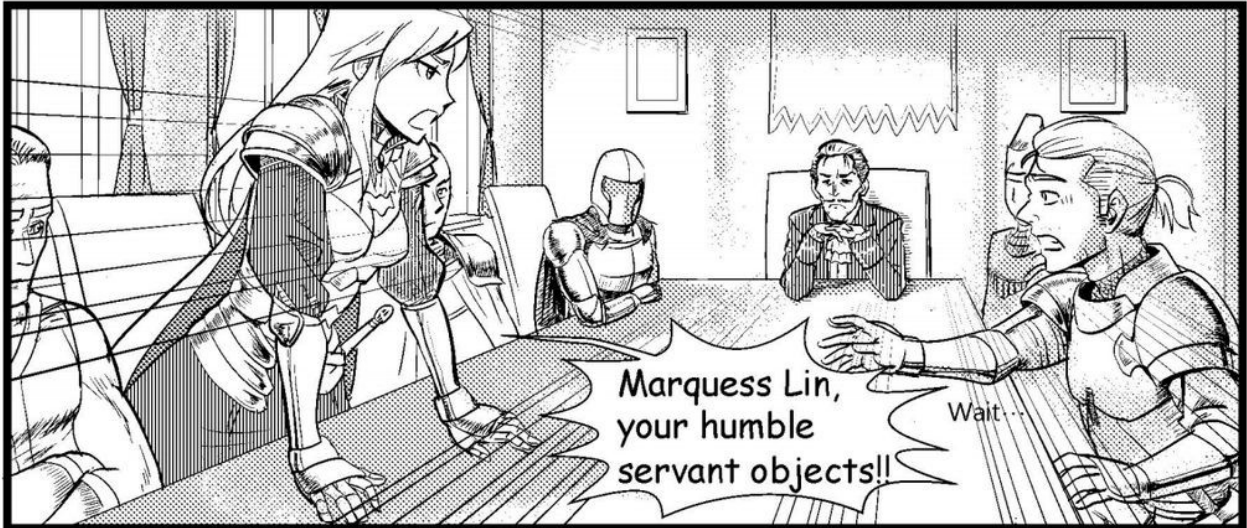

For the Emperor!
We pledge to
follow Earl Odevia
till death!
Glory be
with our lives!!!

What?!
Kill all
the captives?

Marquess Lin,
your humble
servant objects!!

Wait...

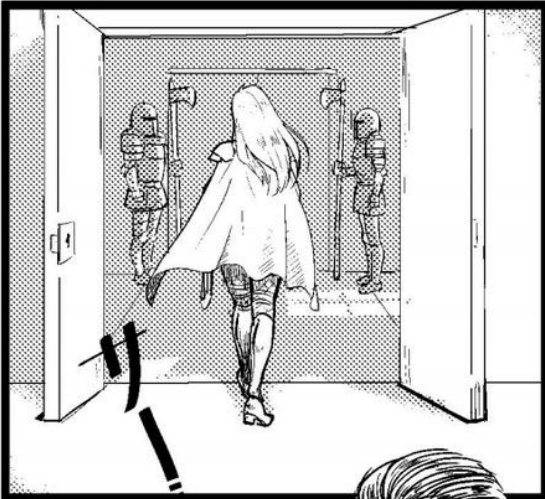

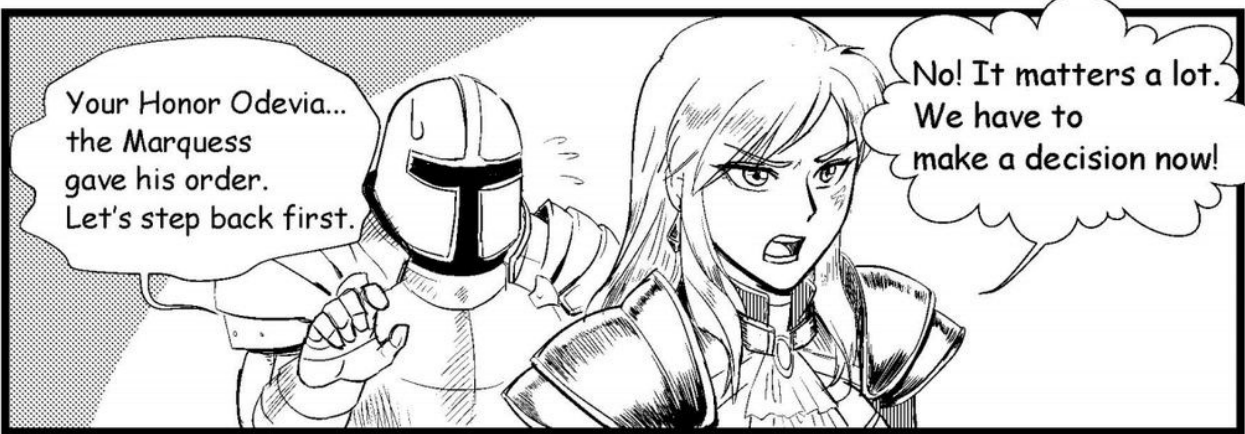

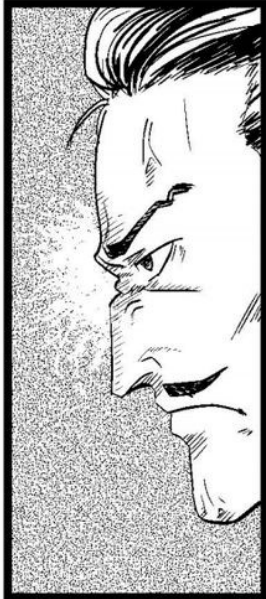

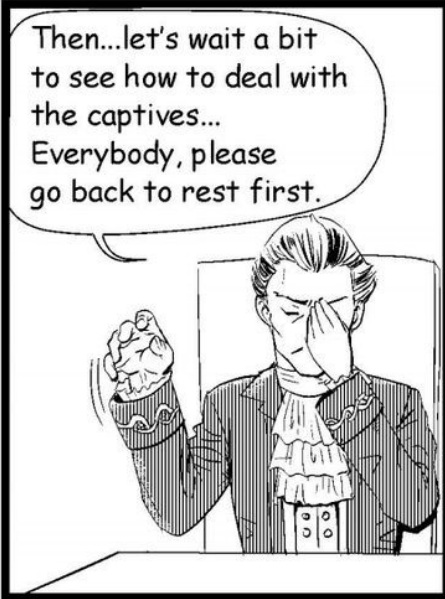

Killing them all
is absolutely
intolerable
for a knight!

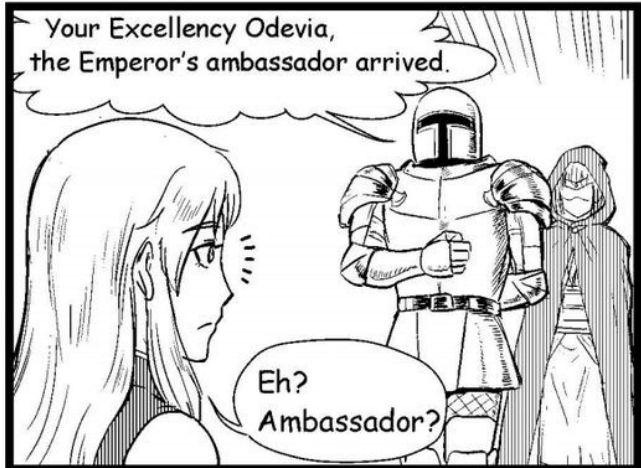

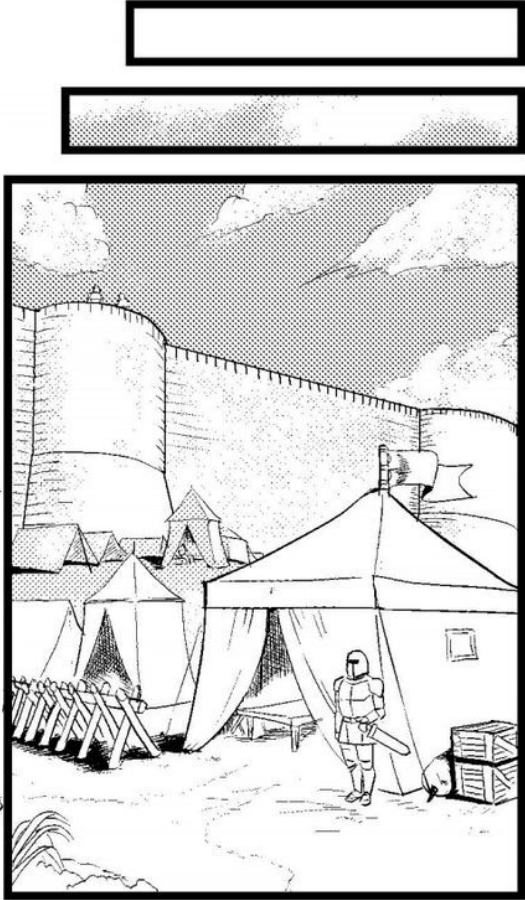

It is completely
against
the knight spirit!!
It is dirty
demonic deed!!

Earl Odevia, please
watch out your manner.
Is this how the so-called
noble blood of
Casnis Knights behaves?

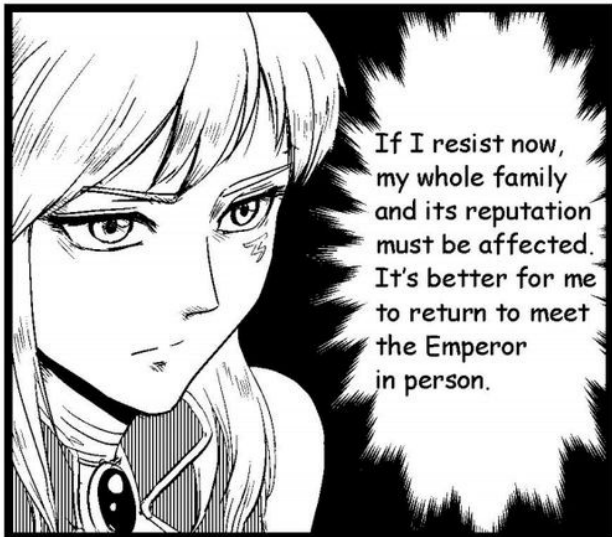

Odevia, she is getting more and more disobedient! Perhaps I should ask **that person** for a small favor...

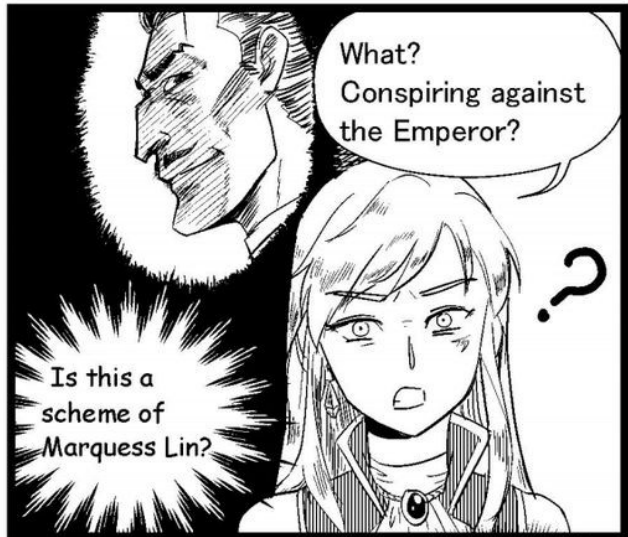

Earl Odevia, we received a report that, after the war, you are stirring up rebellion against the throne.

To look into this, the Emperor sent me to escort you back to the Holy Capital for interrogation.

If I resist now, my whole family and its reputation must be affected. It's better for me to return to meet the Emperor in person.

What? Conspiring against the Emperor?

Is this a scheme of Marquess Lin?

You can handcuff me.

I will follow you back to the Holy Capital.

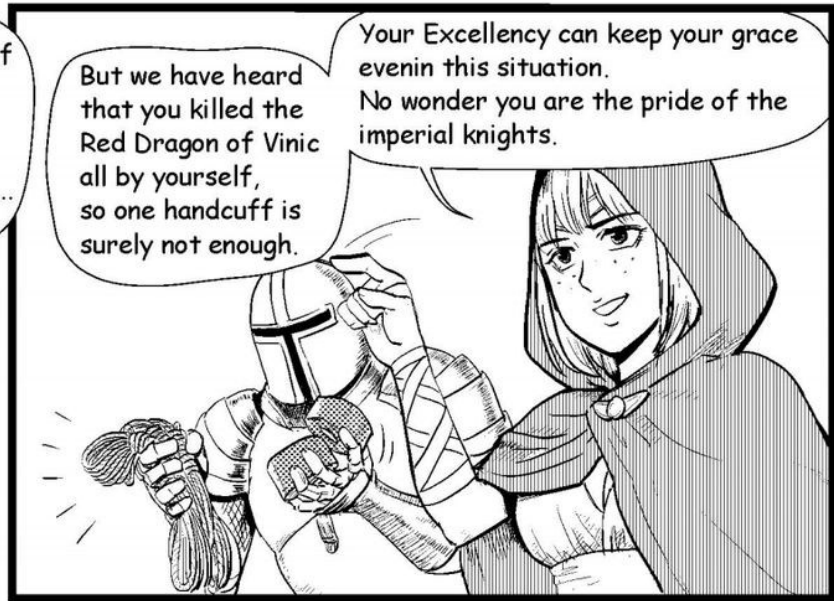

the wise Emperor will tell the truth.

Well,

String made of tendon of sea dragon?! Huh, really well prepared...

Well, let it be.

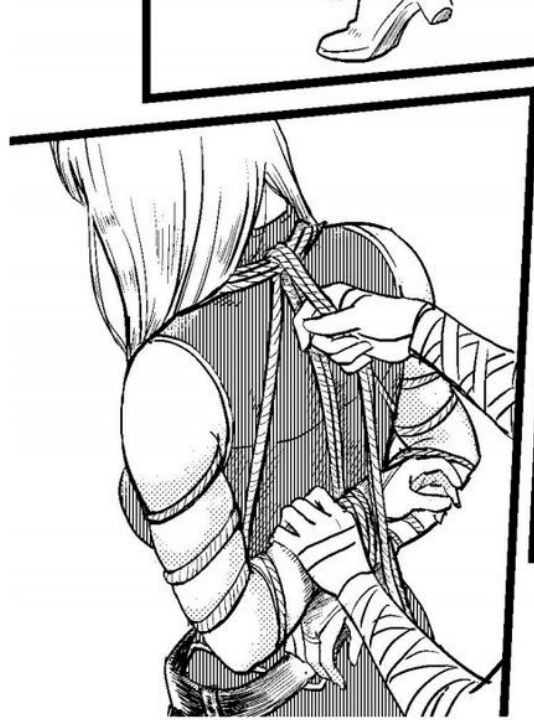

But we have heard that you killed the Red Dragon of Vinic all by yourself, so one handcuff is surely not enough.

Your Excellency can keep your grace even in this situation. No wonder you are the pride of the imperial knights.

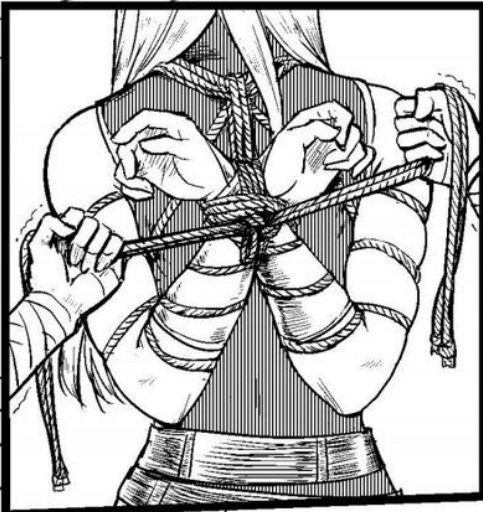

Then excuse me

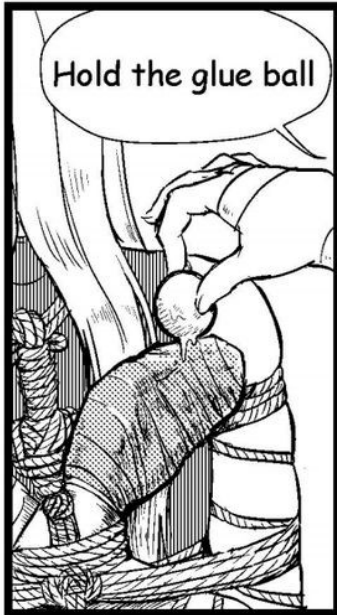

Ah!

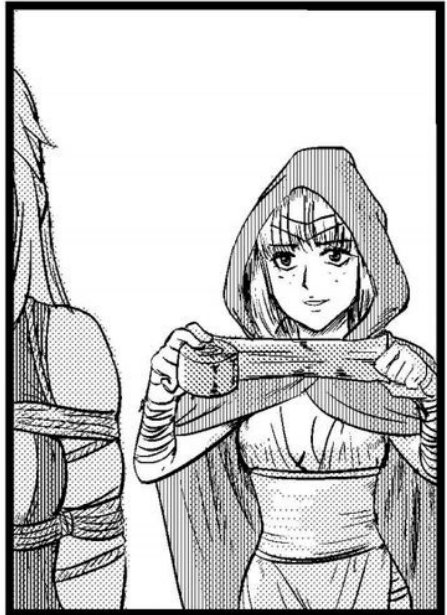

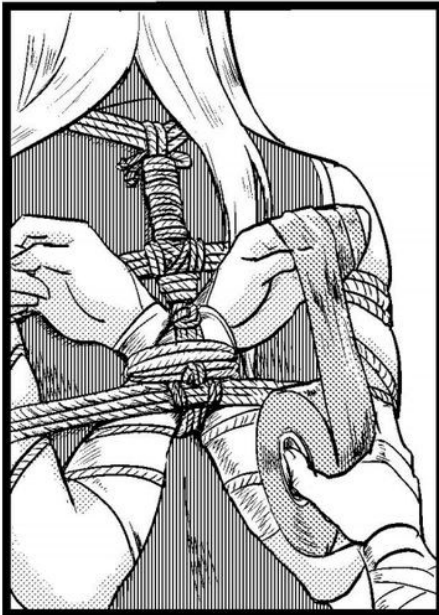

Eh...!

Hold the glue ball

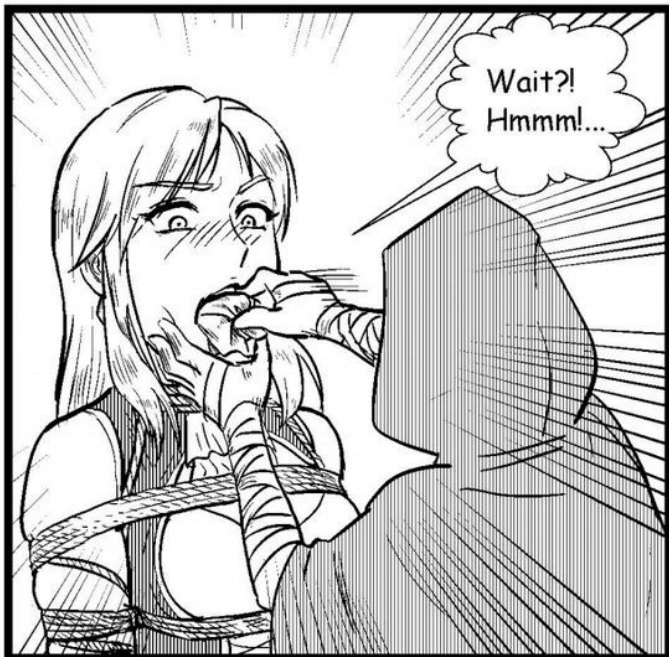

Your Excellency is a bestowed soldier by God. If you suddenly lose your temper before the interrogation, we escorts will have troubles.

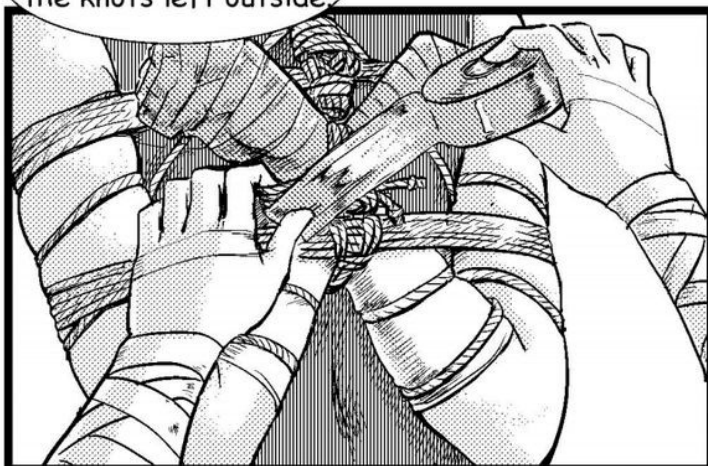

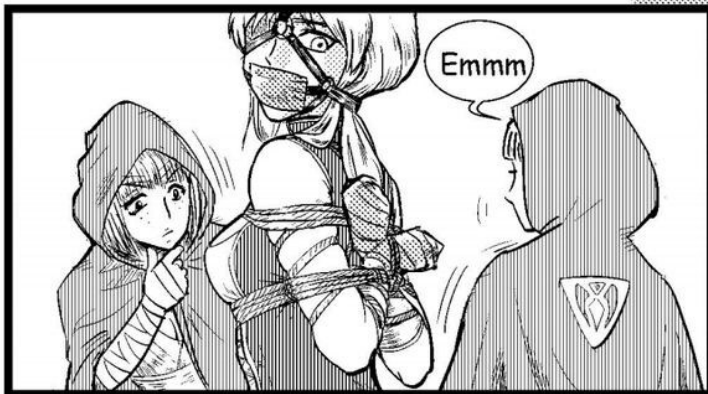

That's why it's always better to tie tighter...

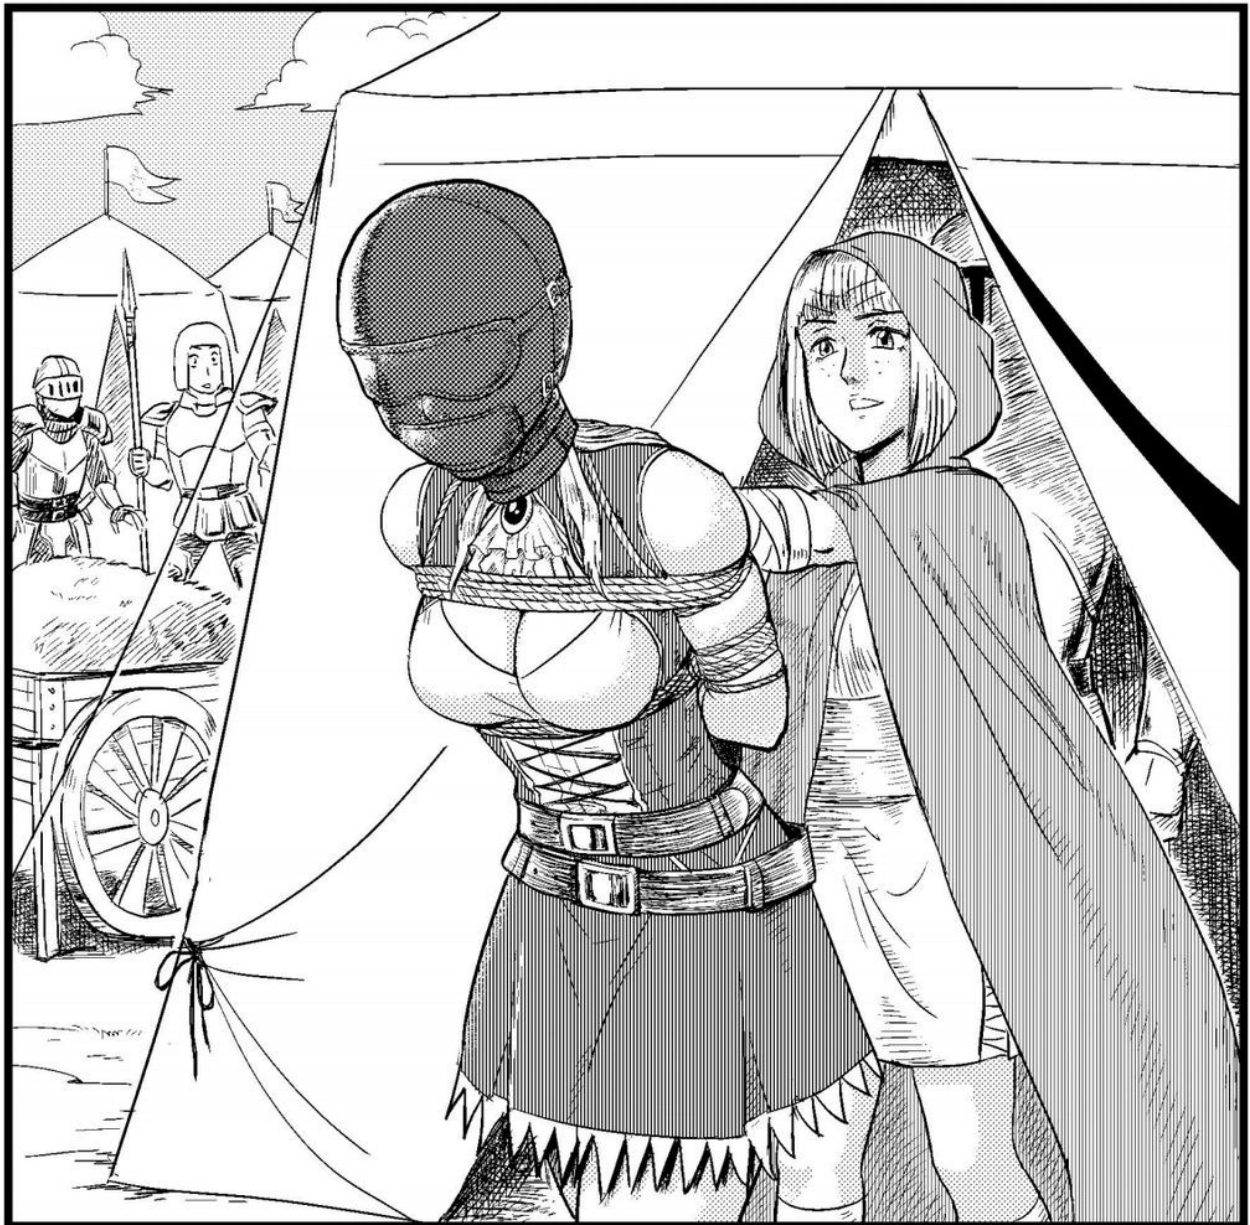

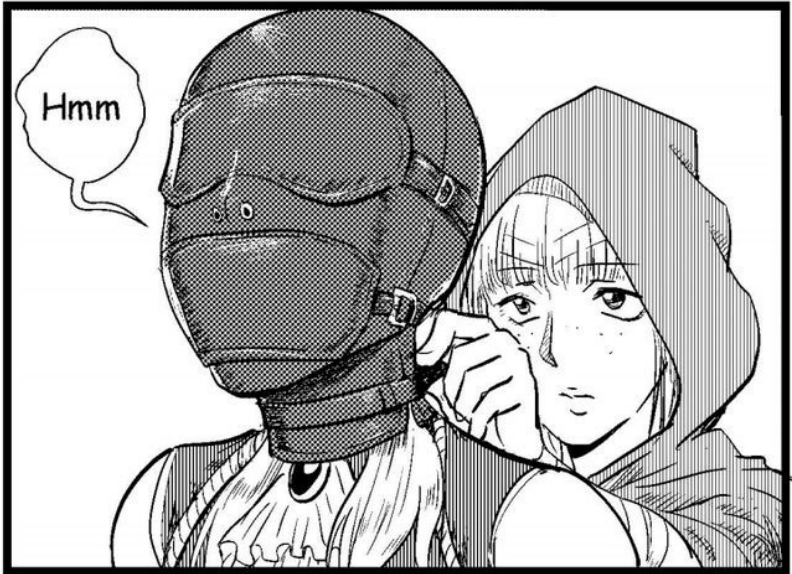

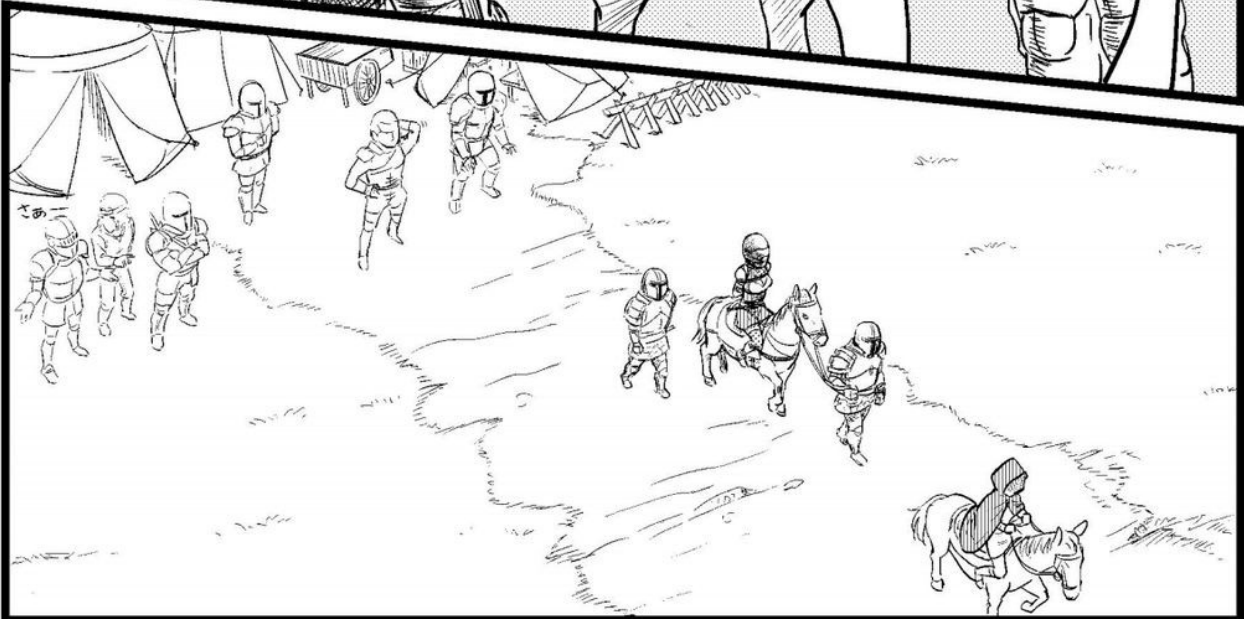

Well, even if for Valkyrie, Goddess of War, isn't this way of tying too much?

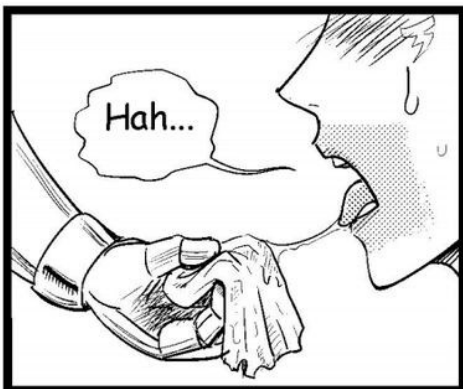

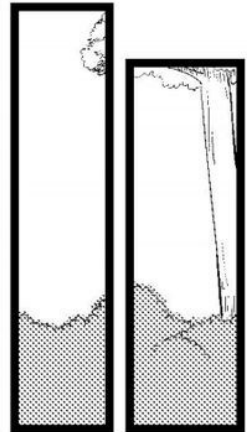

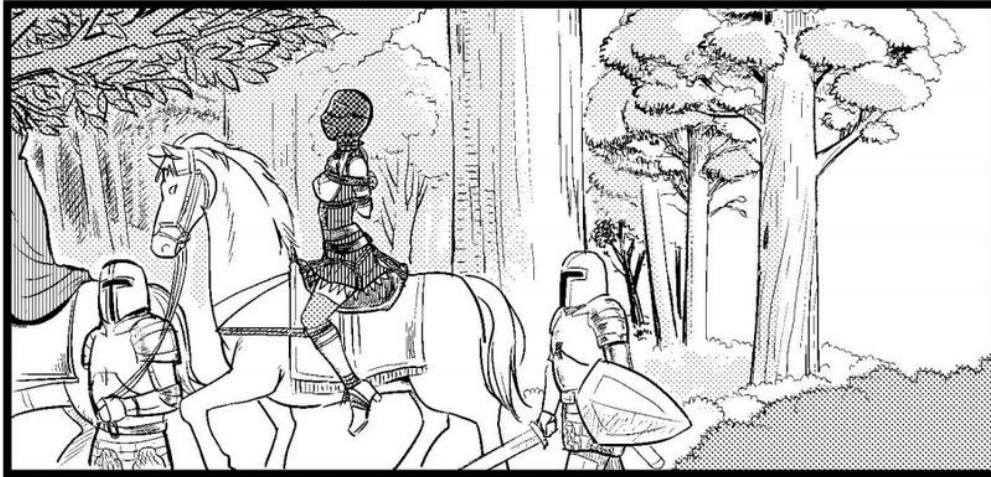

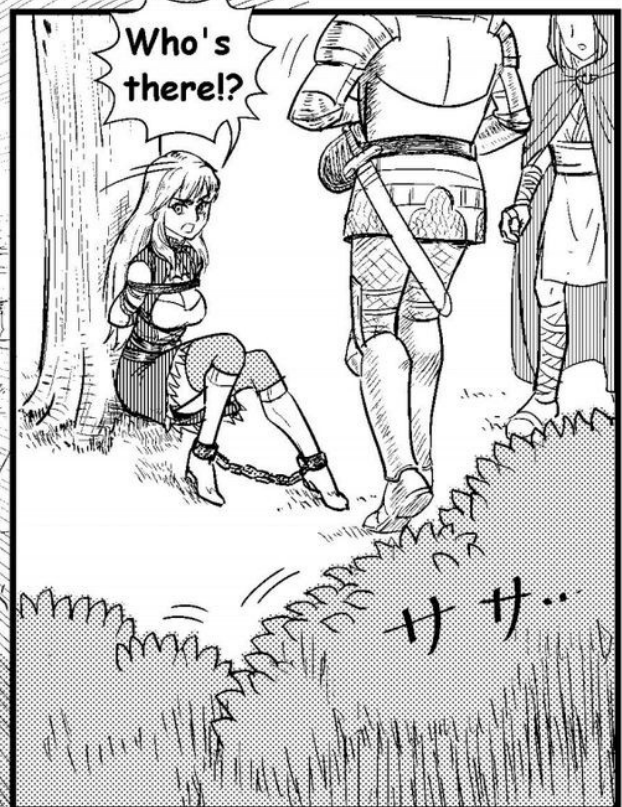

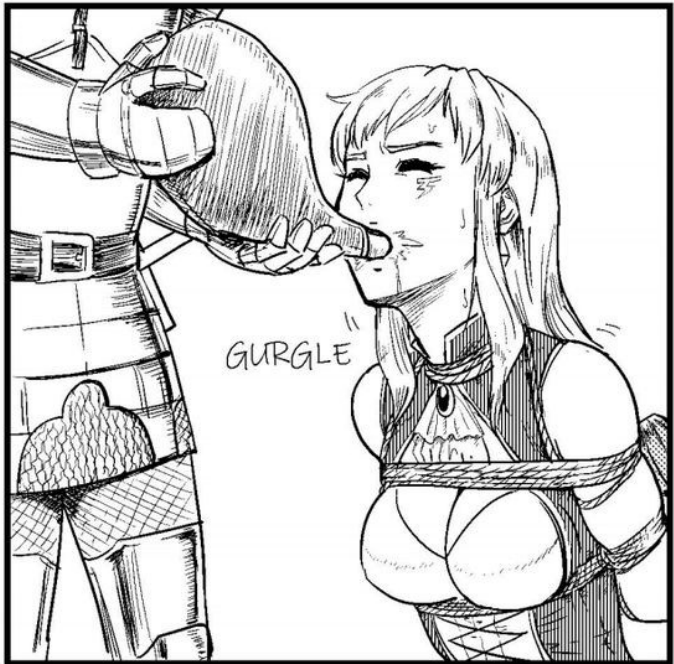

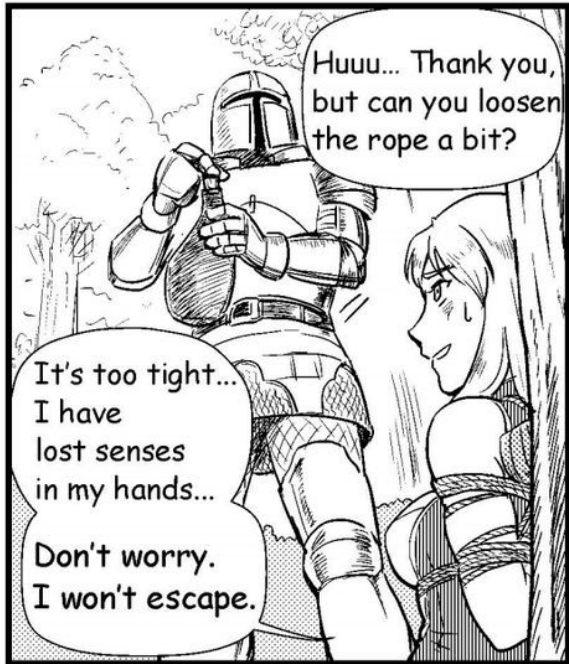

Wait?!
Hmmm!...

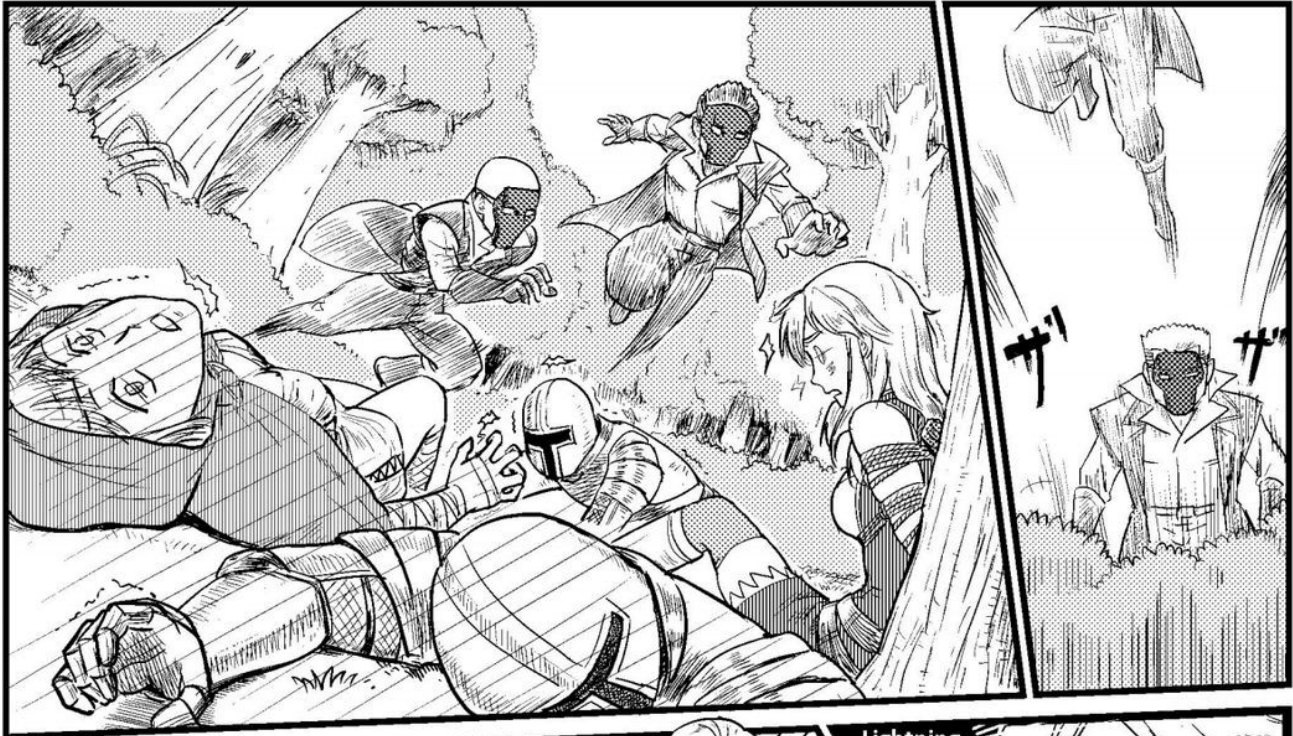

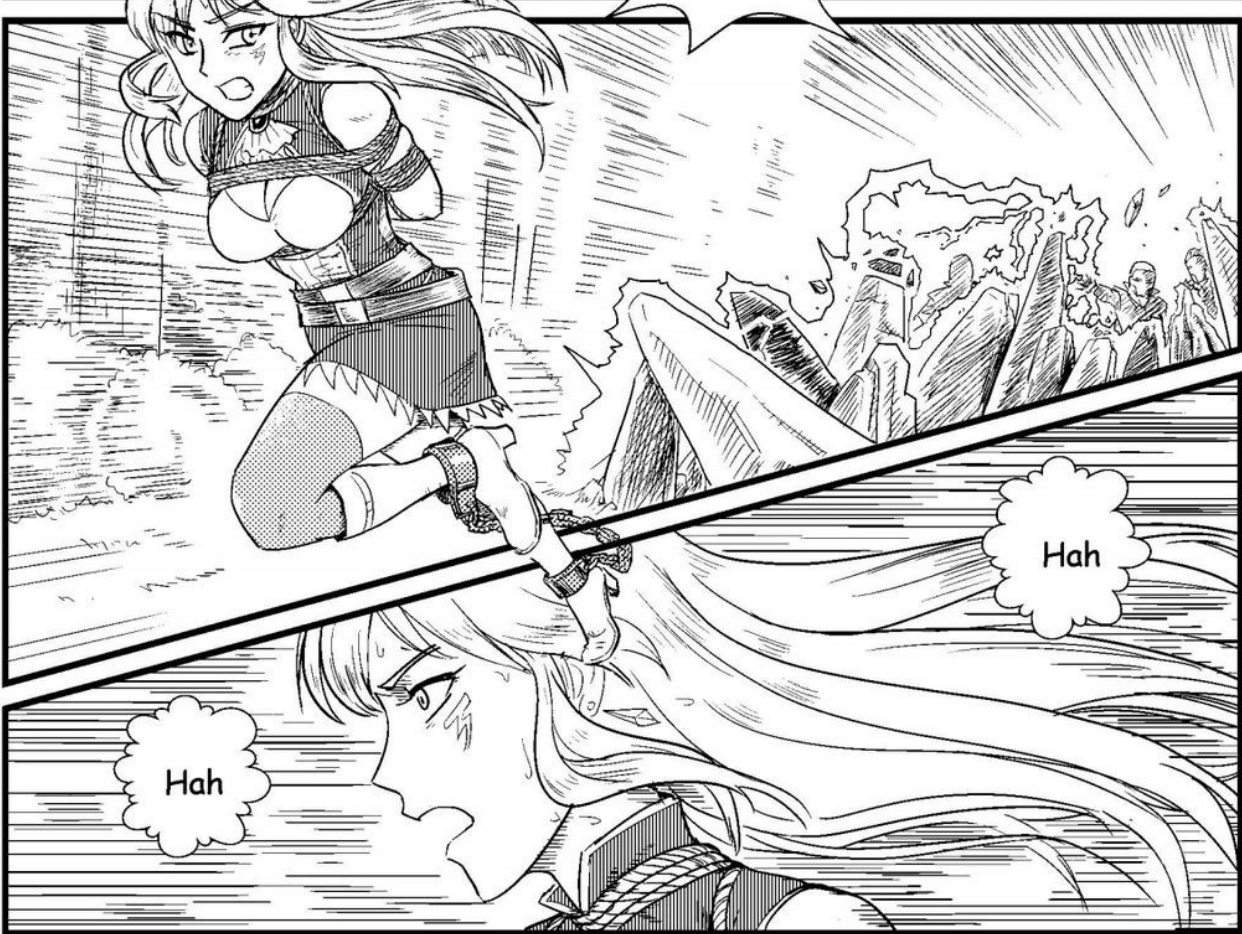

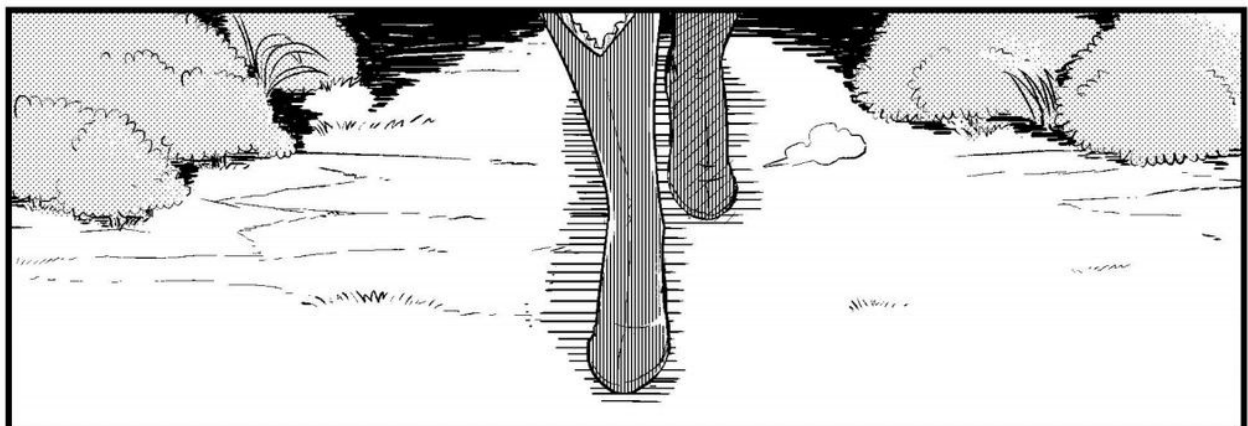

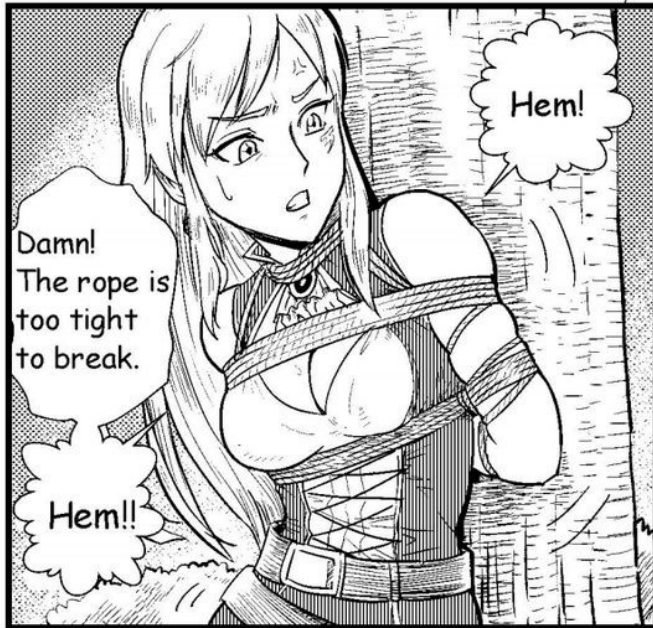

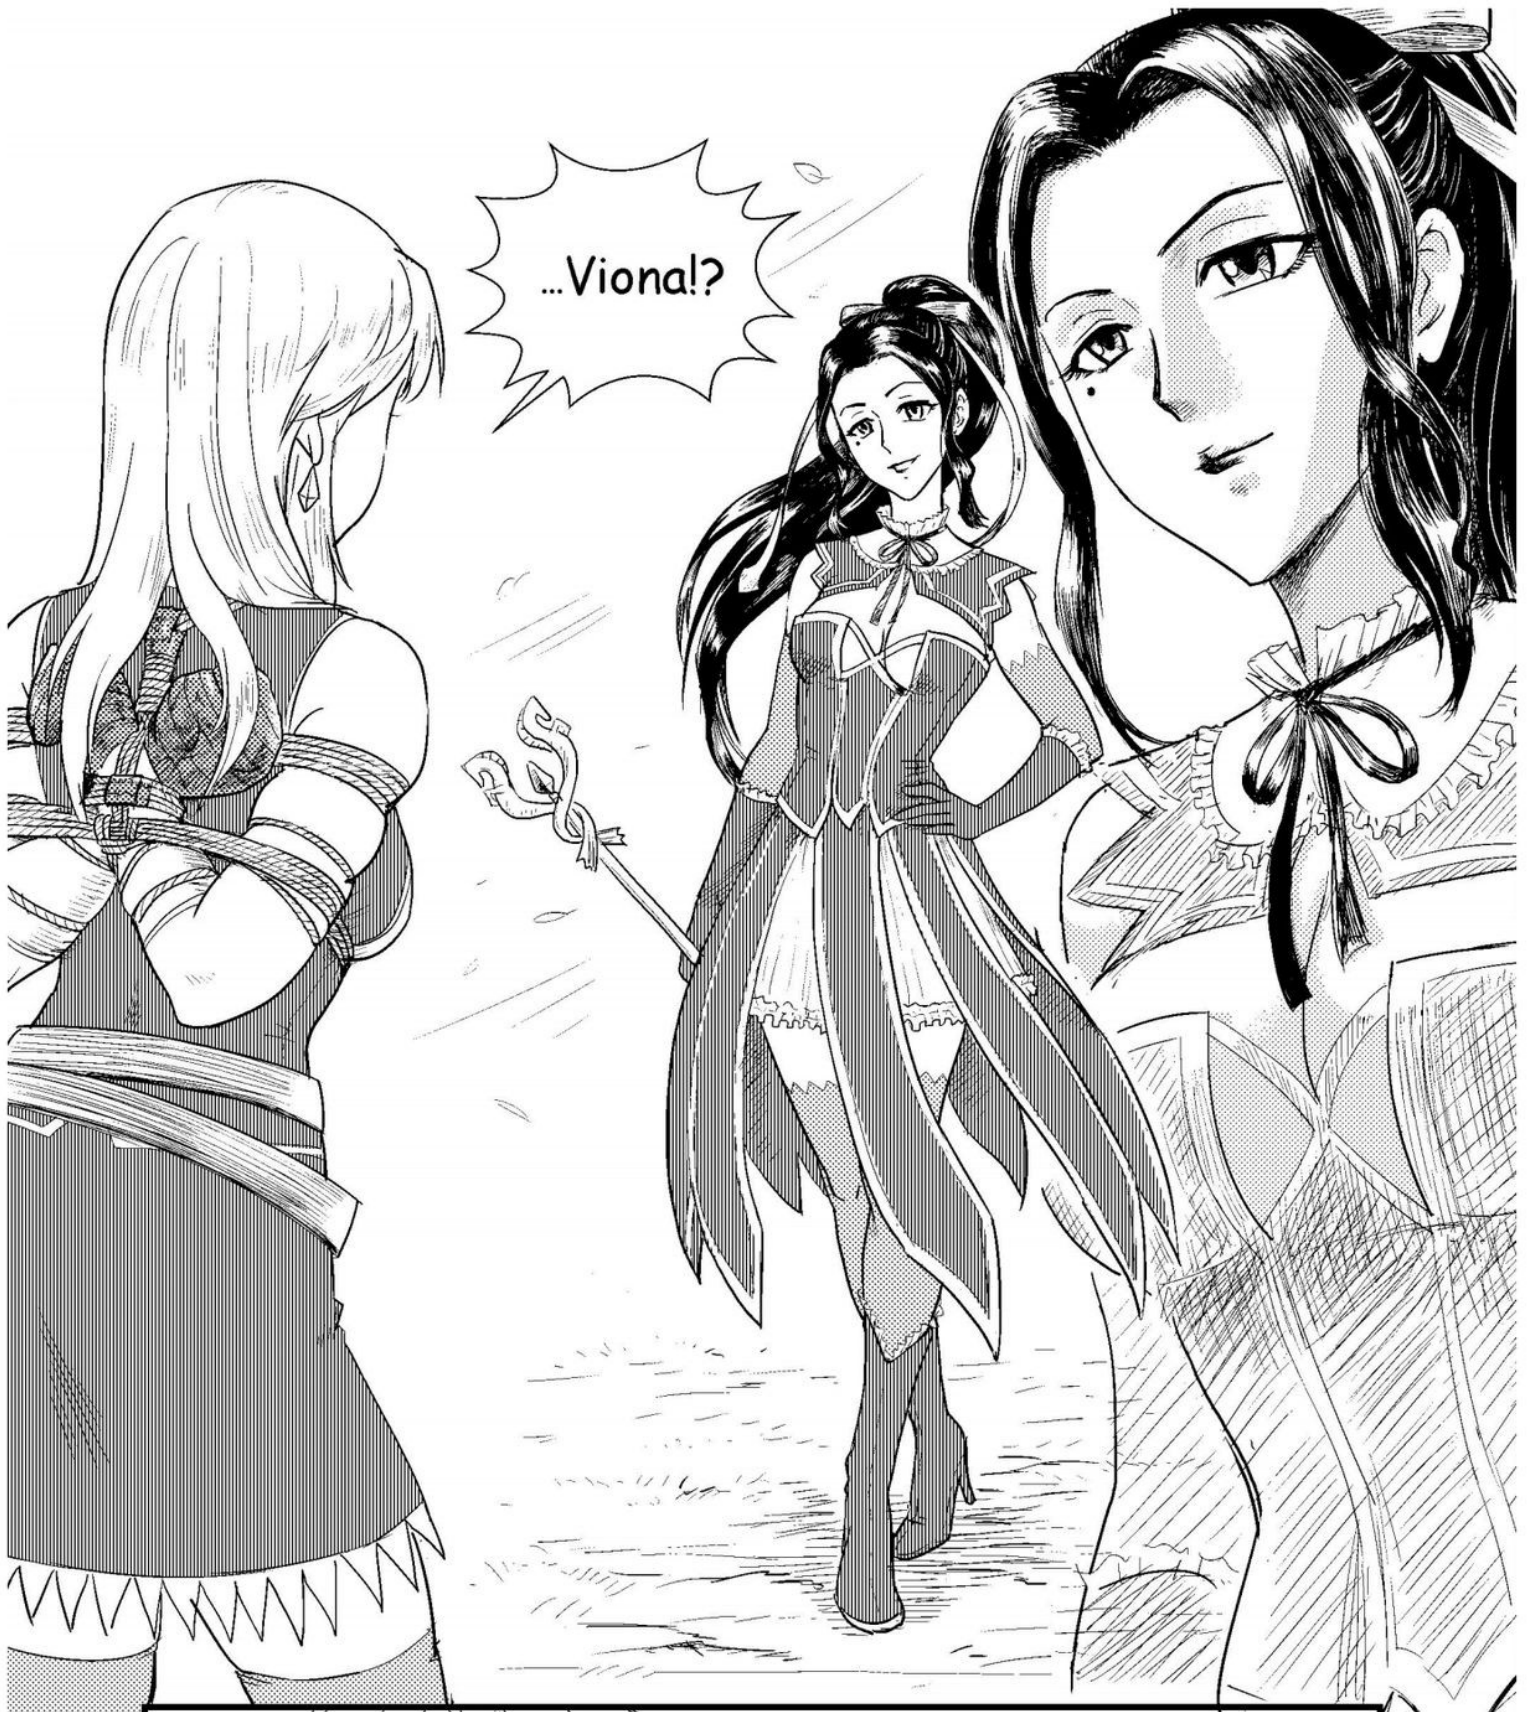

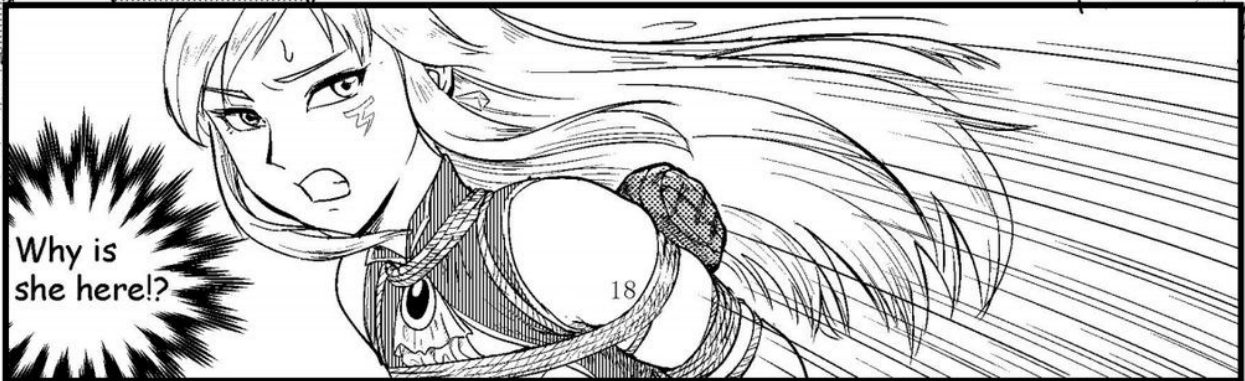

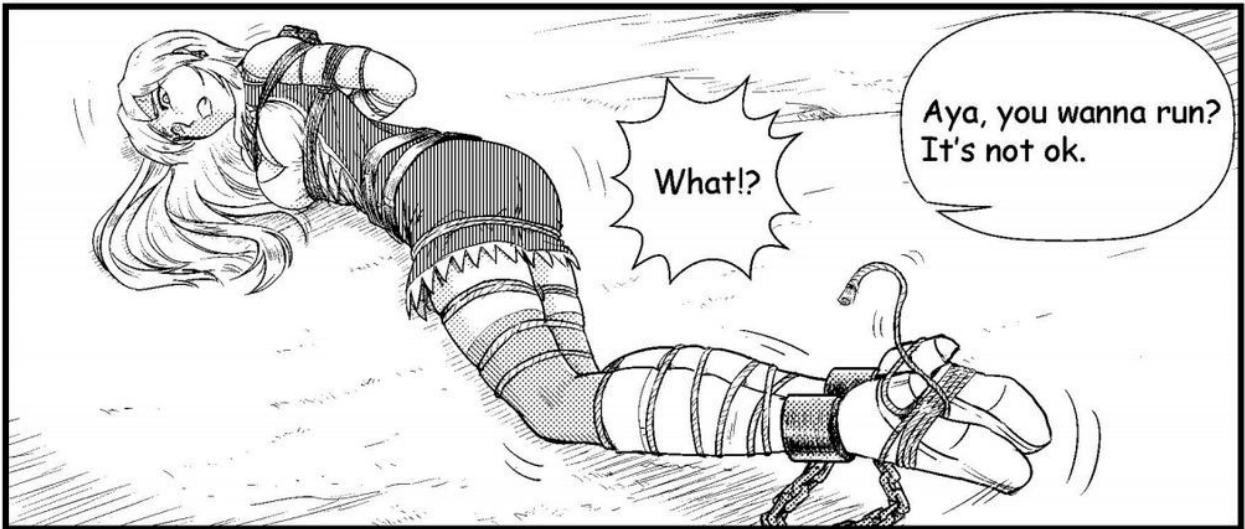

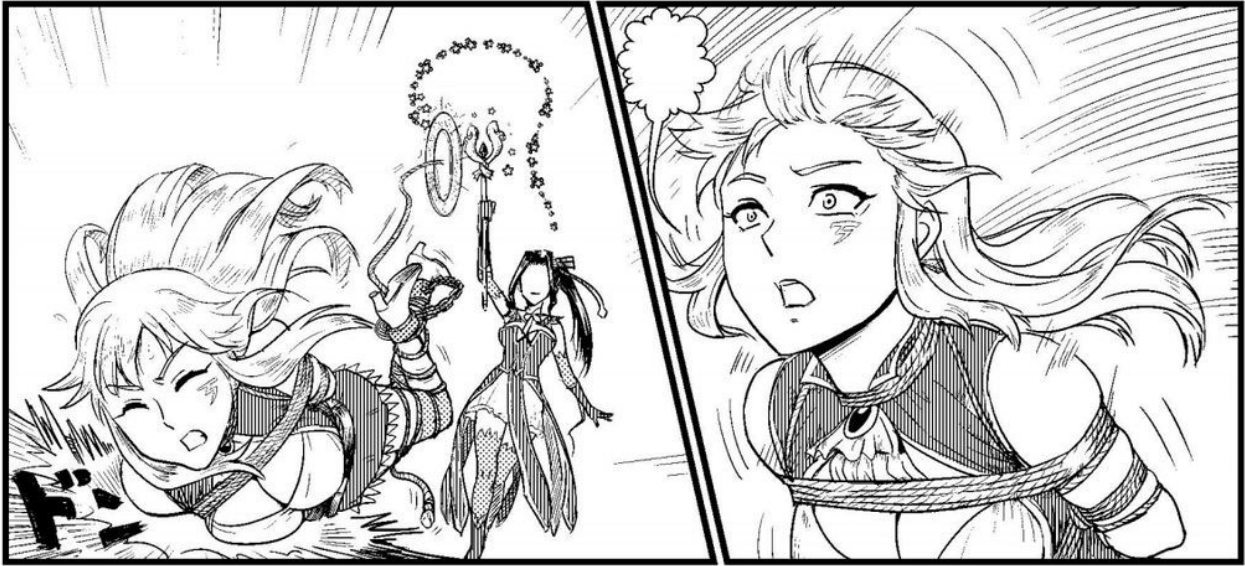

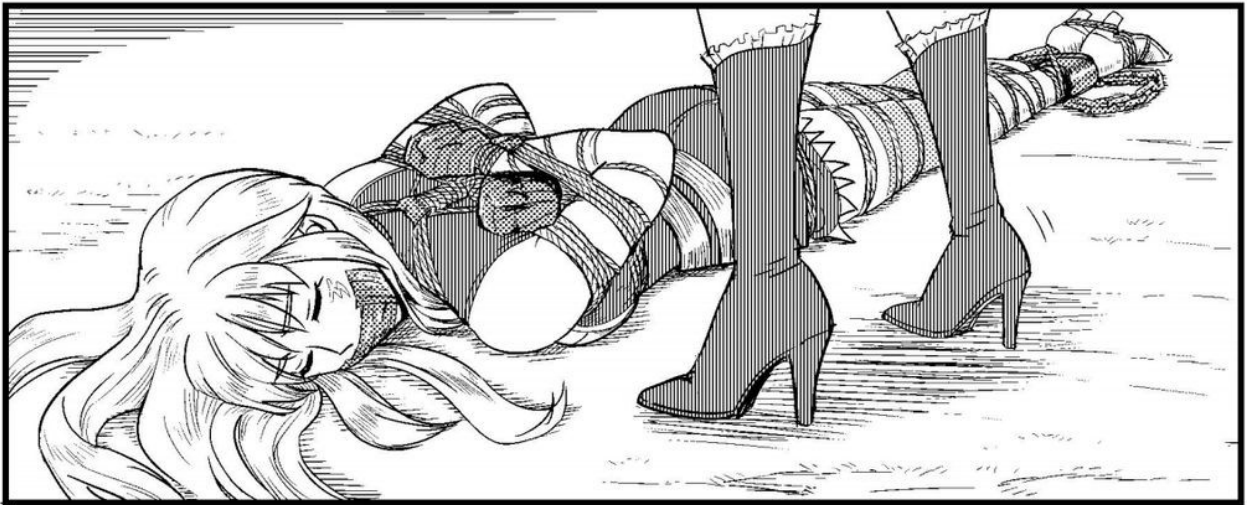

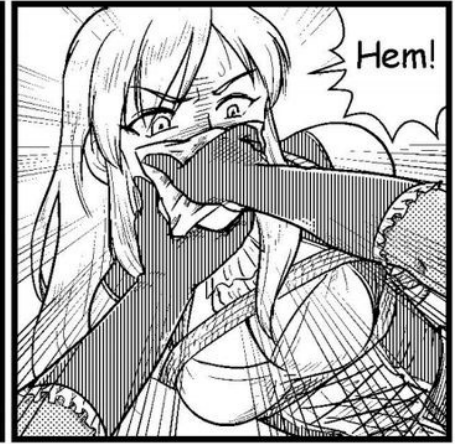

...Viona!?

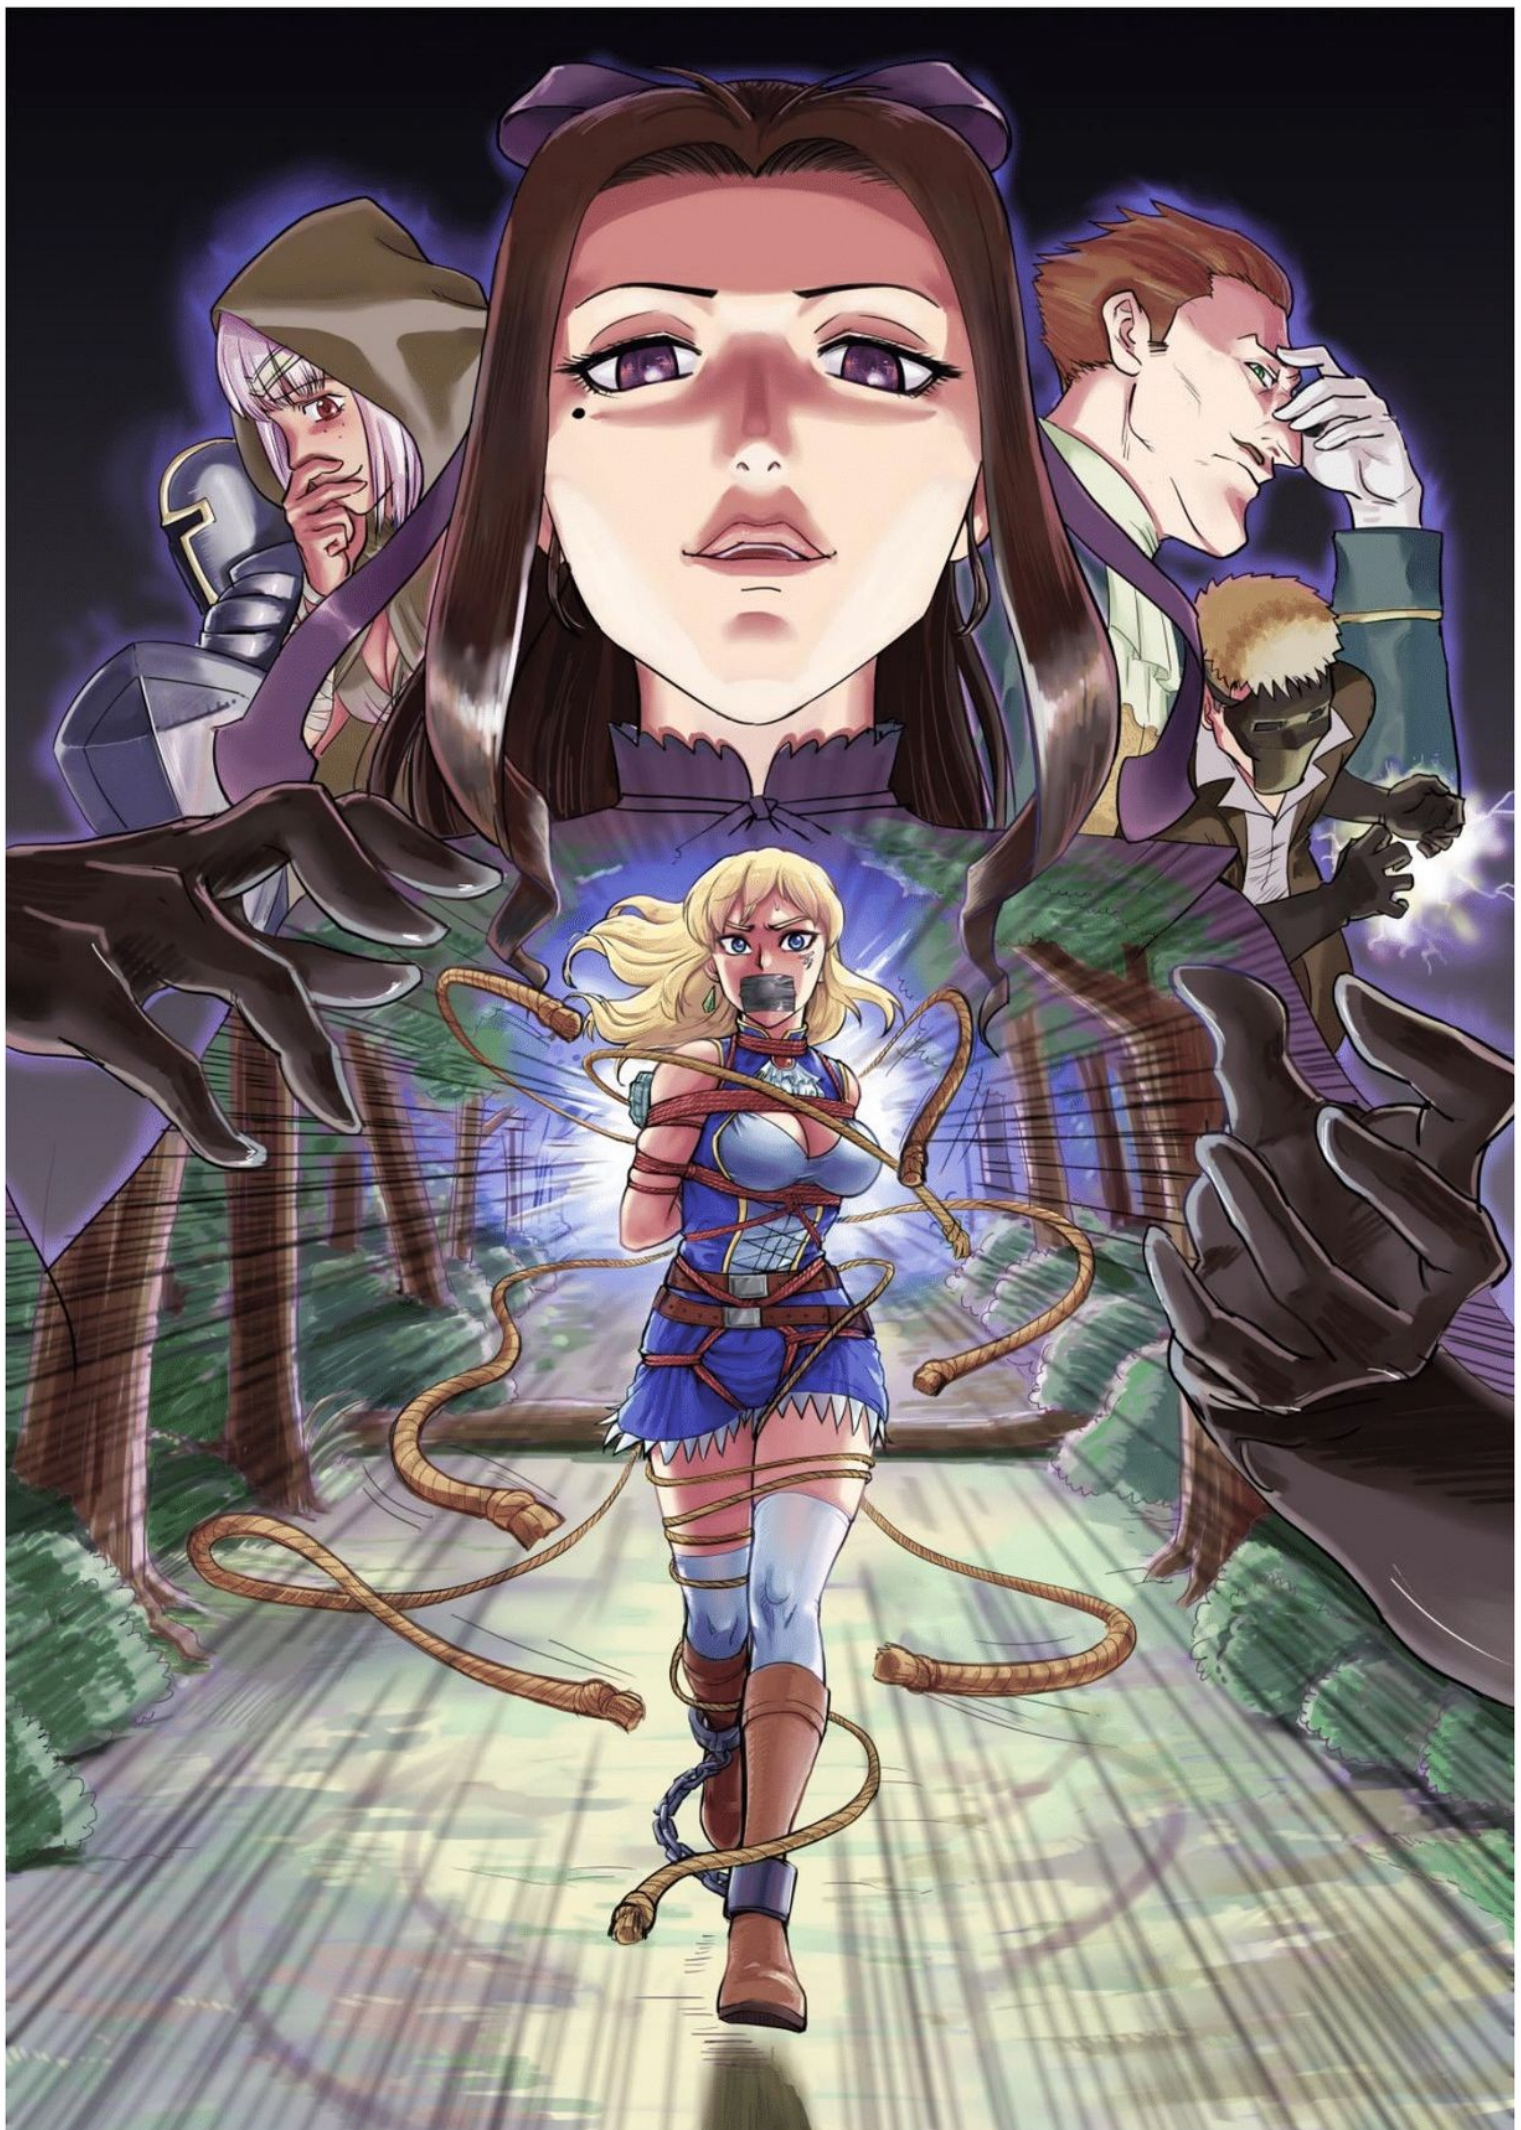

Why is she here!?

Part 2: Magic Knight's Escaping

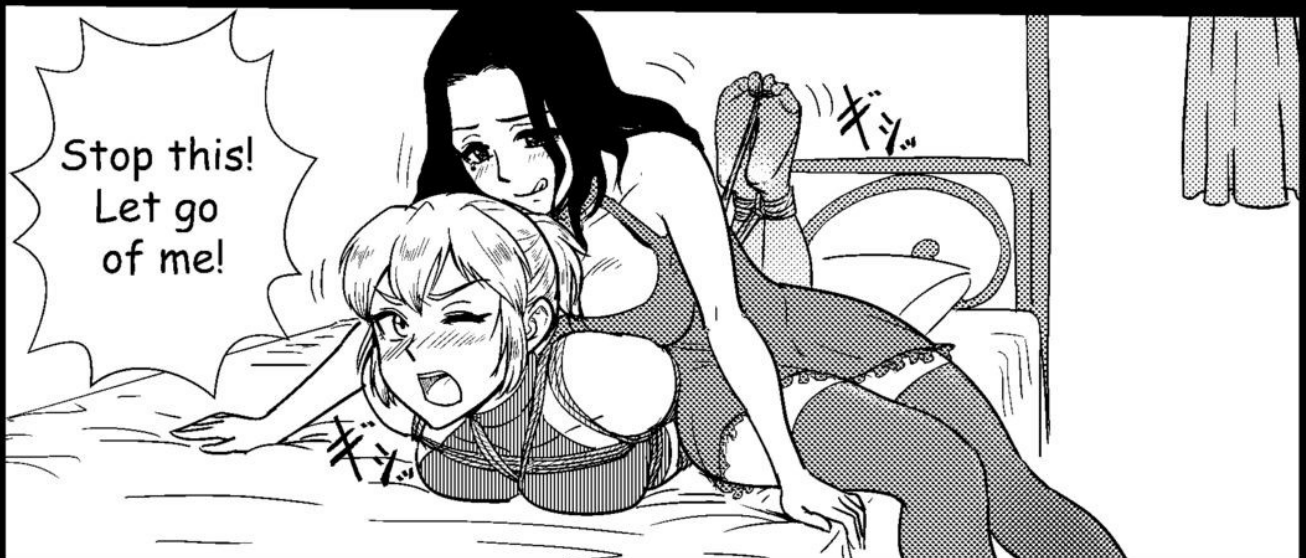

Release me!!

This is not funny...

Well, well, well! I'm getting quite interested in you, Odevia.

Stop this! Let go of me!

ギッ

Ugh!!

Shush, dear.
Calm down...

Hmmm,
it suits
you well.

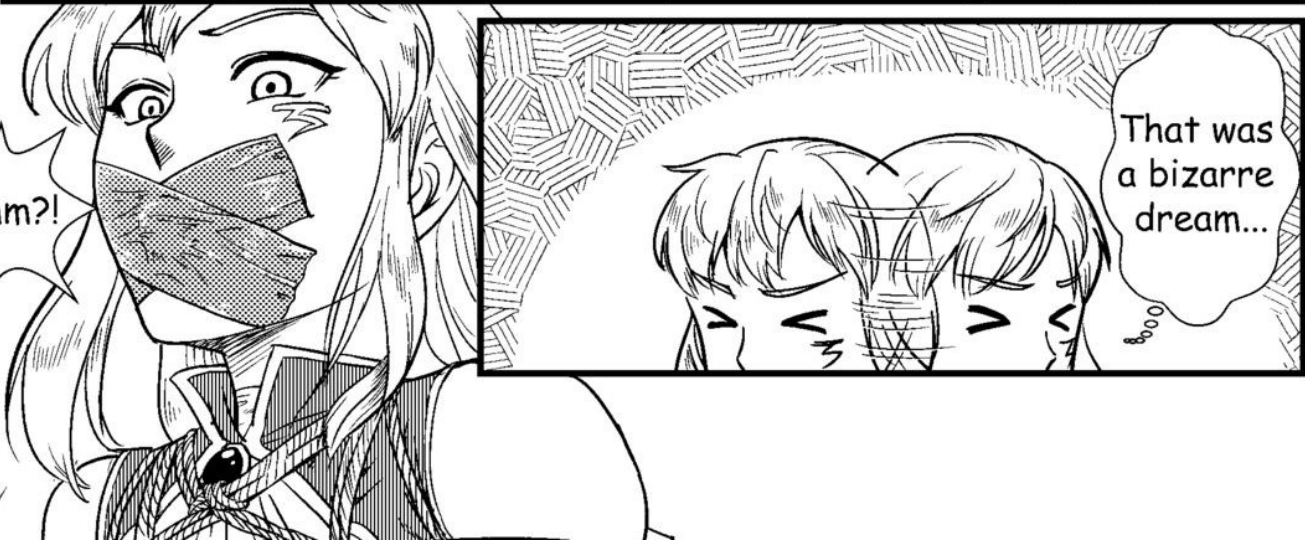

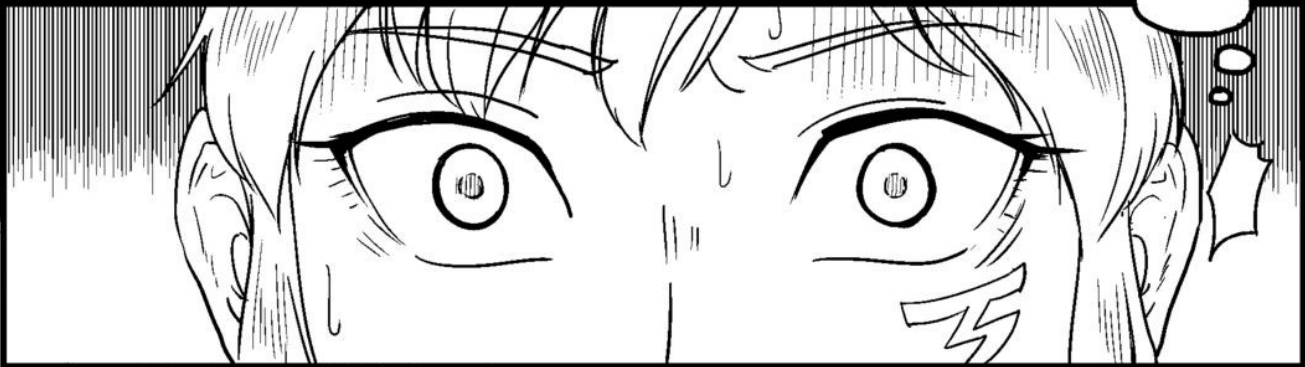

You look
so pretty
with a gag
over your
mouth.

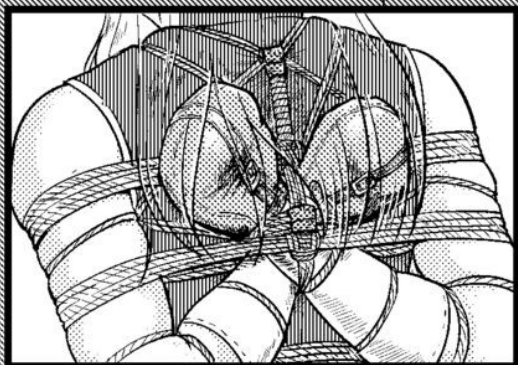

And those
beautiful legs
in sexy silk
stockings.

It would
be a shame
if they were
not bound
by ropes.

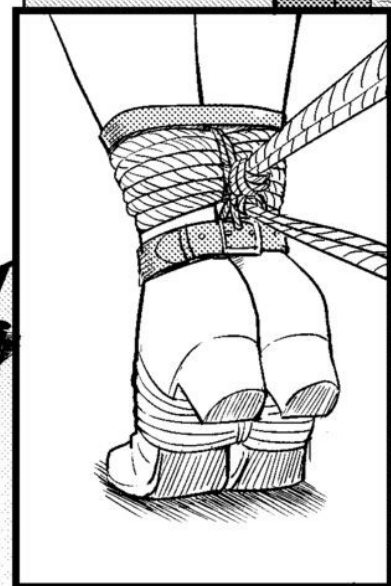

Mmph!?

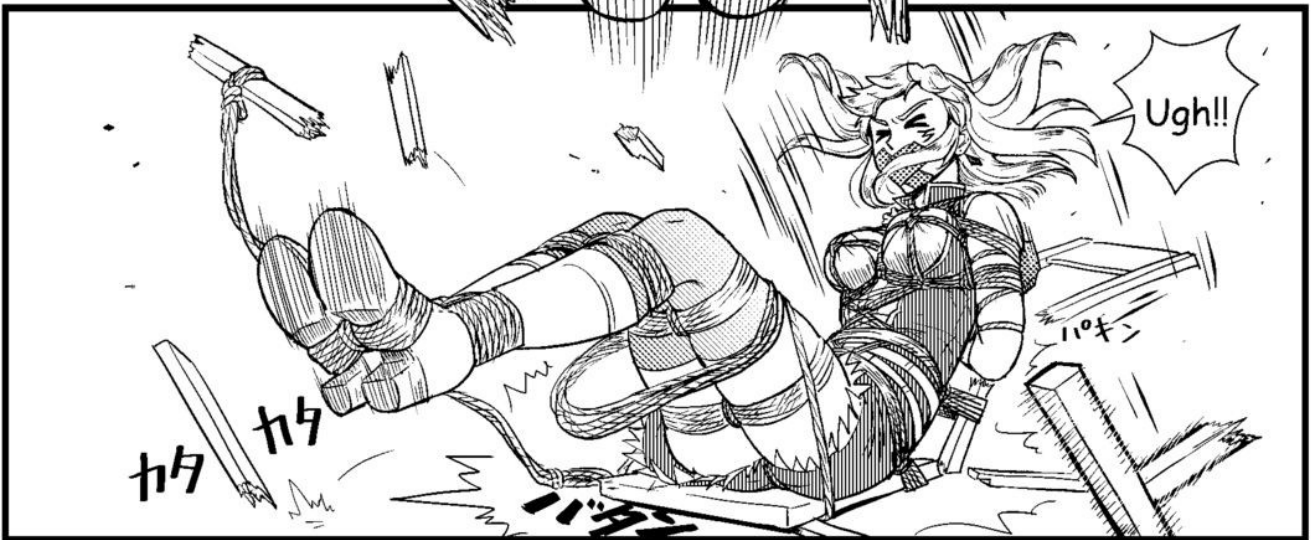

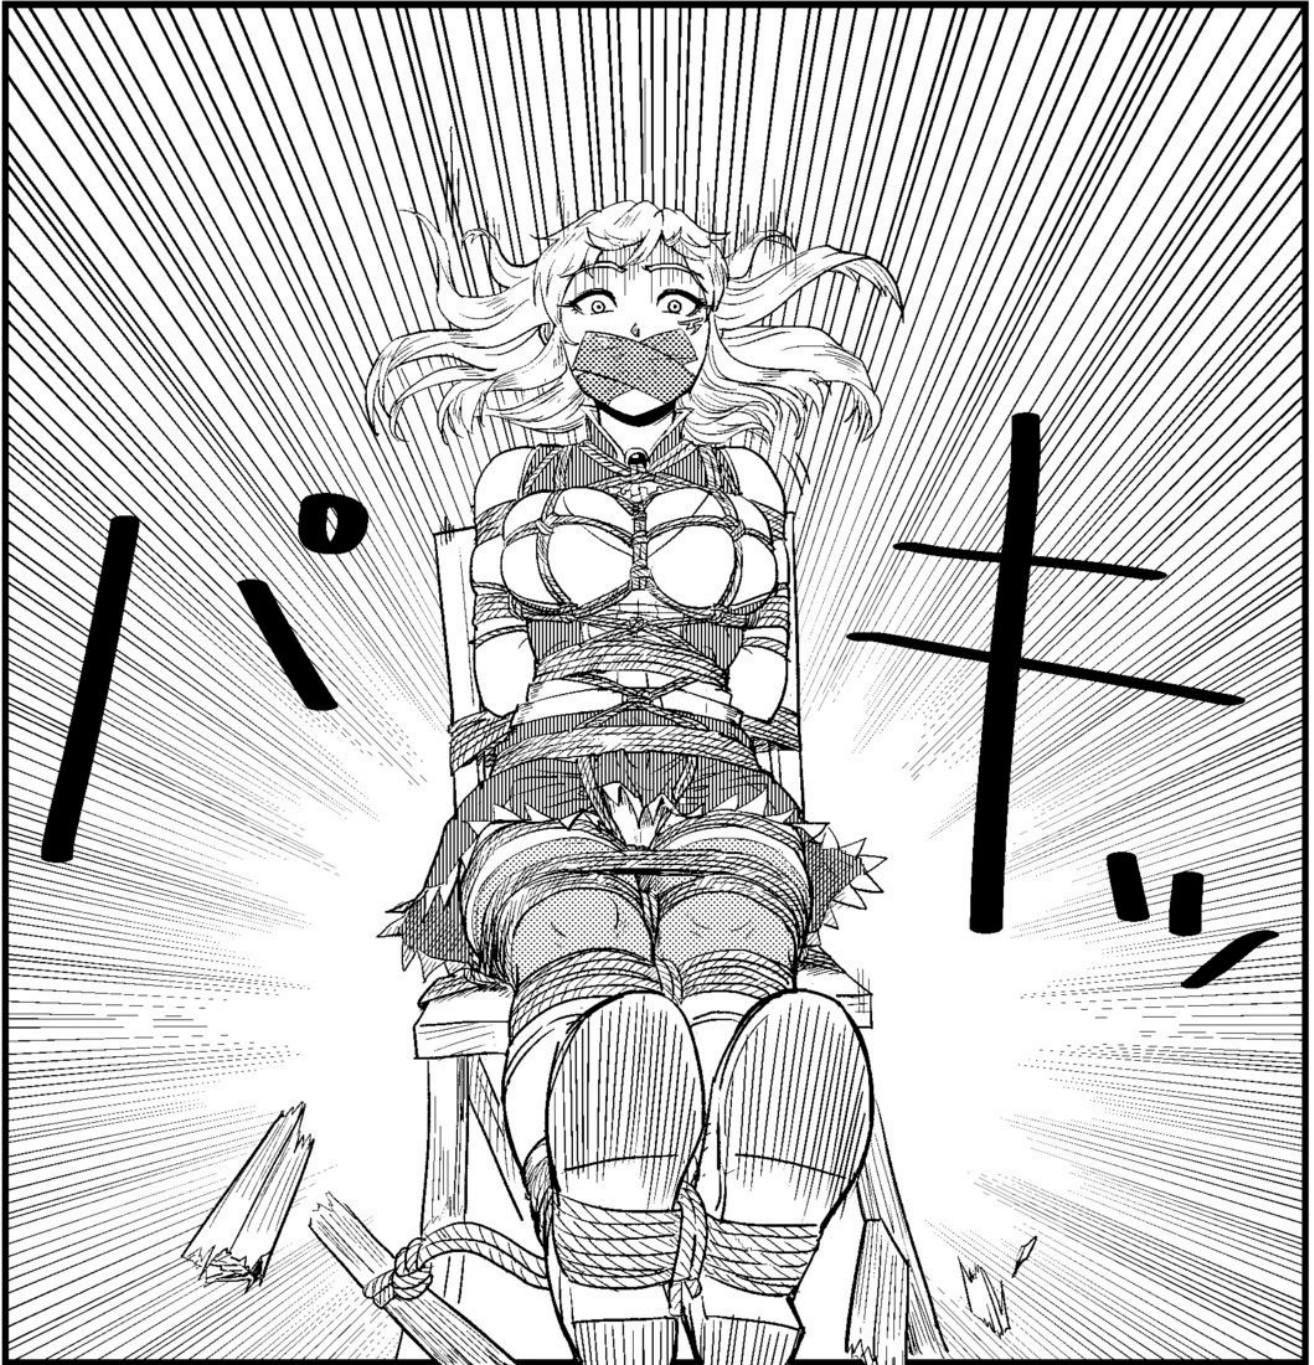

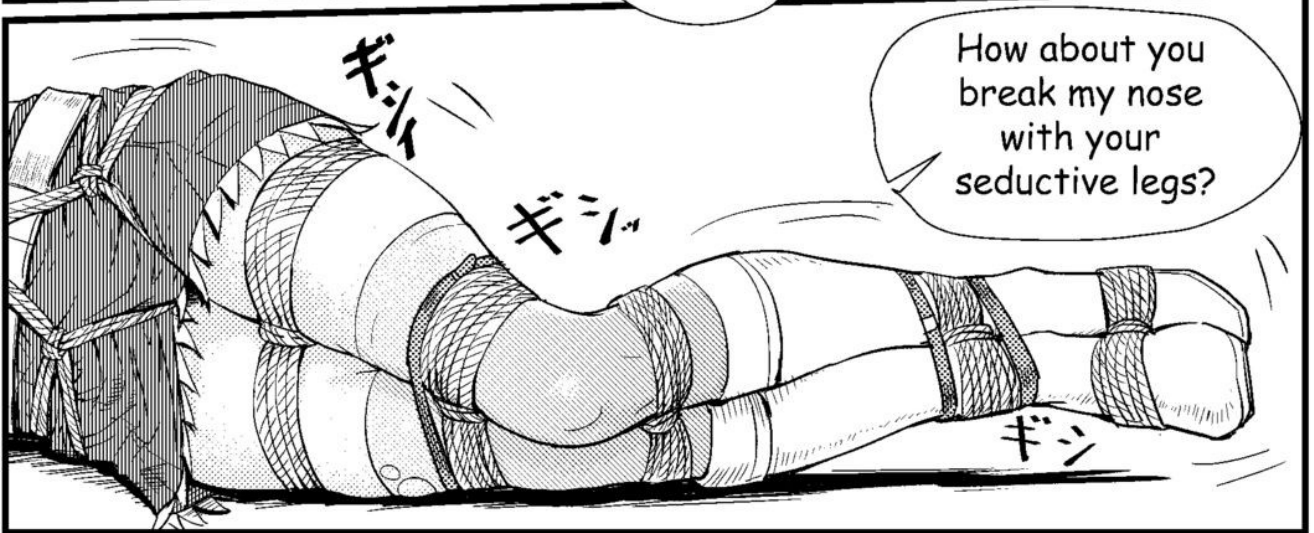

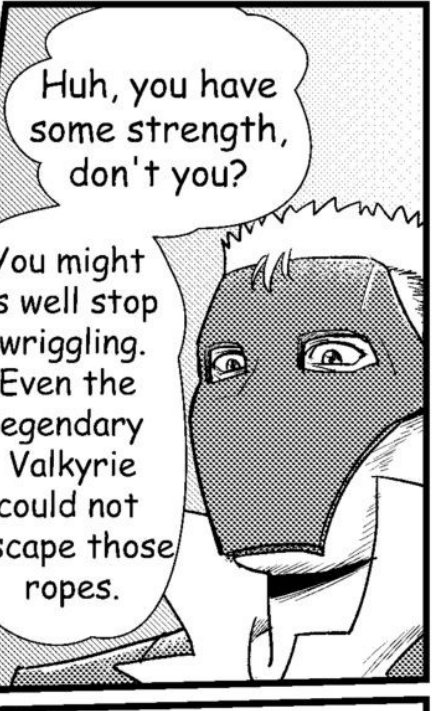

ギシッ

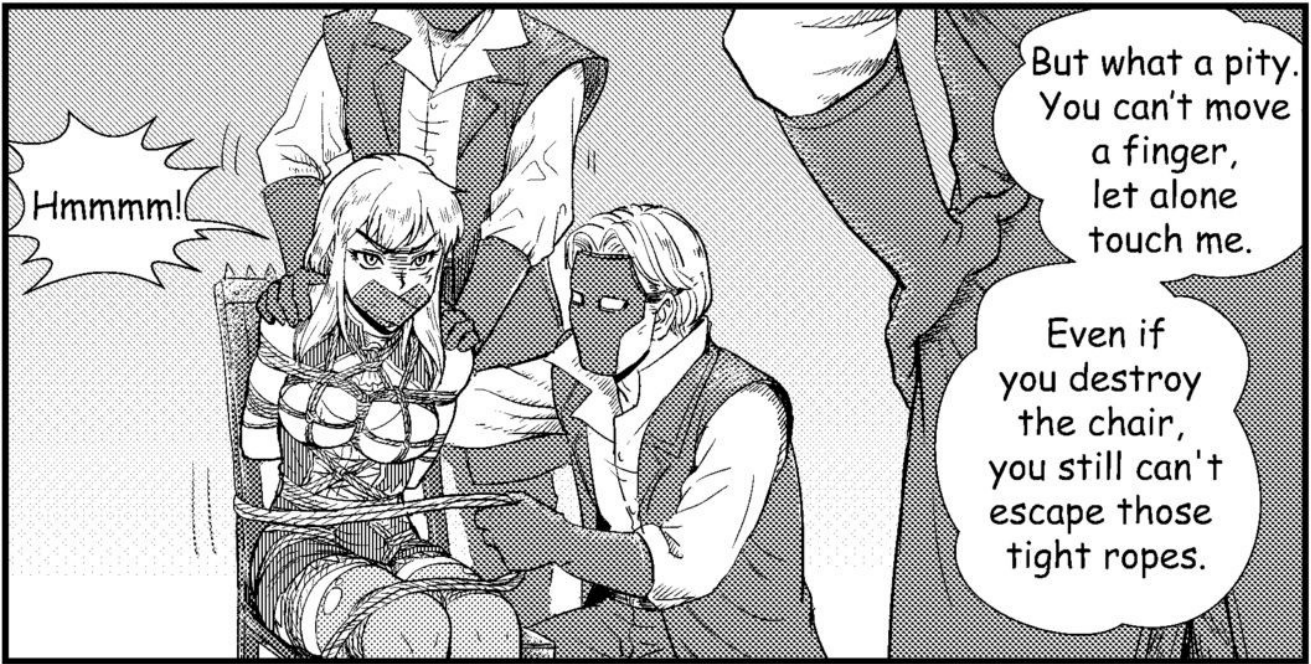

ギシッ

Hmmmm!

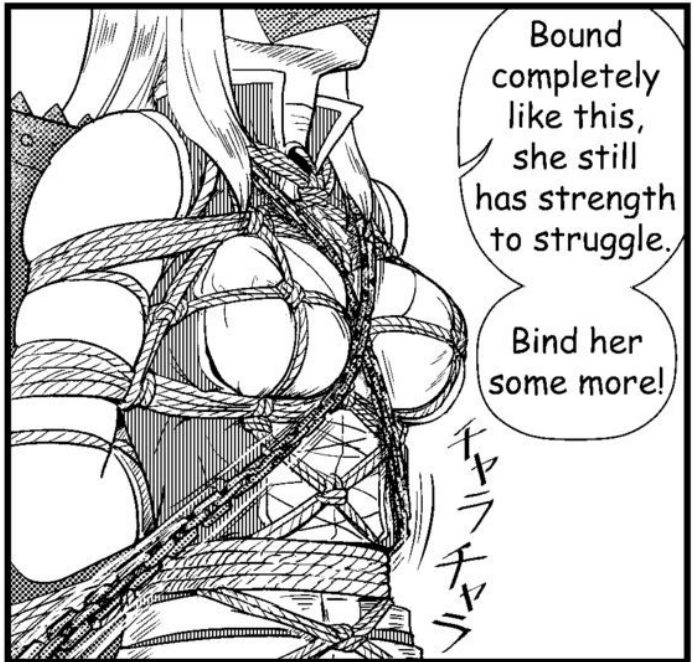

But what a pity. You can't move a finger, let alone touch me.

Even if you destroy the chair, you still can't escape those tight ropes.

Don't belittle our Ms. Knight. She is the most infamous Sorcerer Knight in the entire Olan Empire.

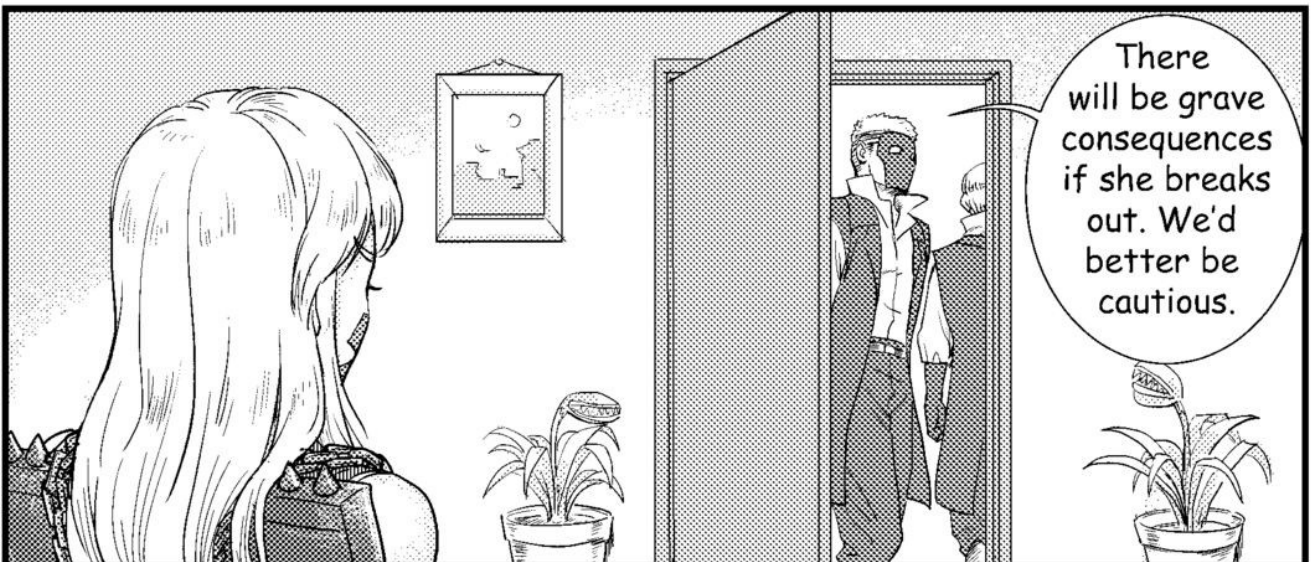

Is this really necessary? Her arms are turning purple... If she gets harmed, mistress will blame us

Bound completely like this, she still has strength to struggle.

Bind her some more!

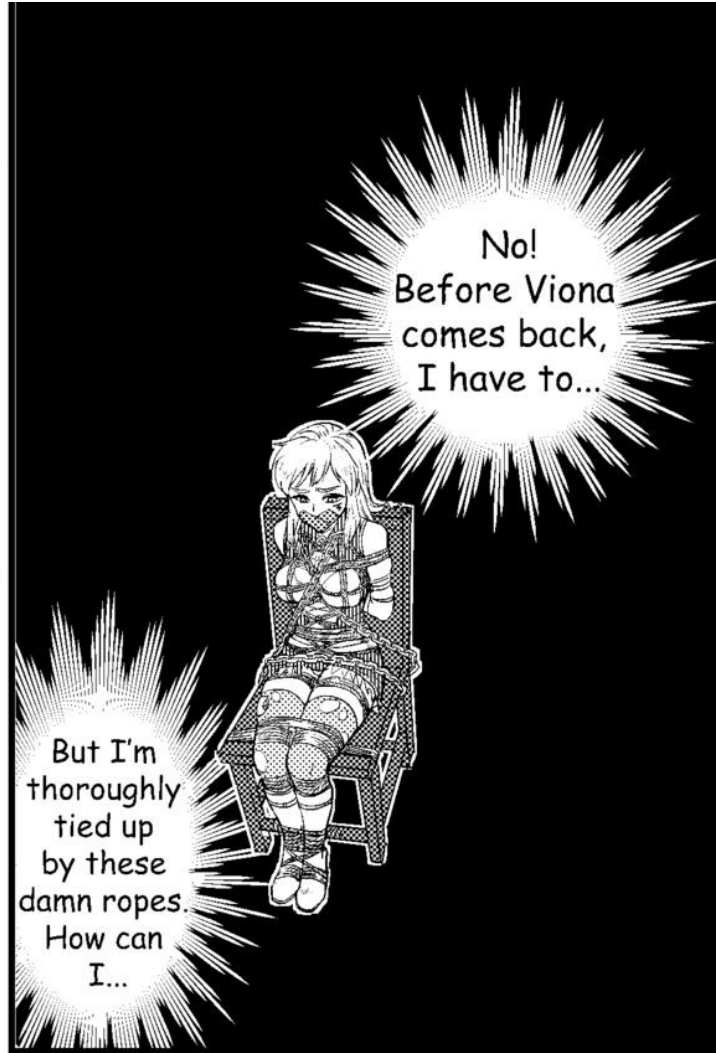

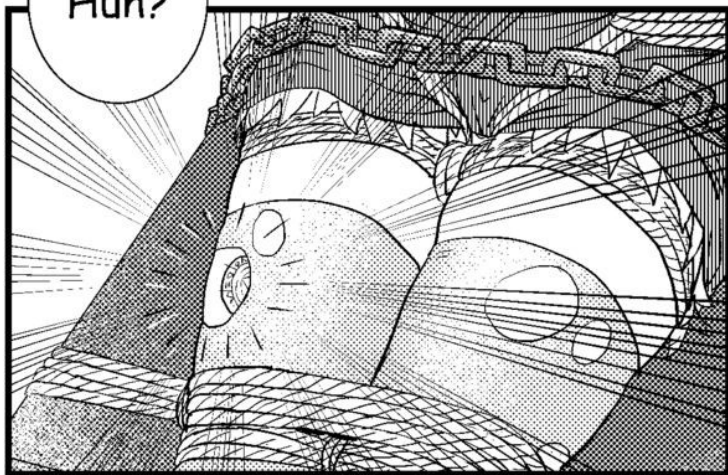

チャラチャラ

There will be grave consequences if she breaks out. We'd better be cautious.

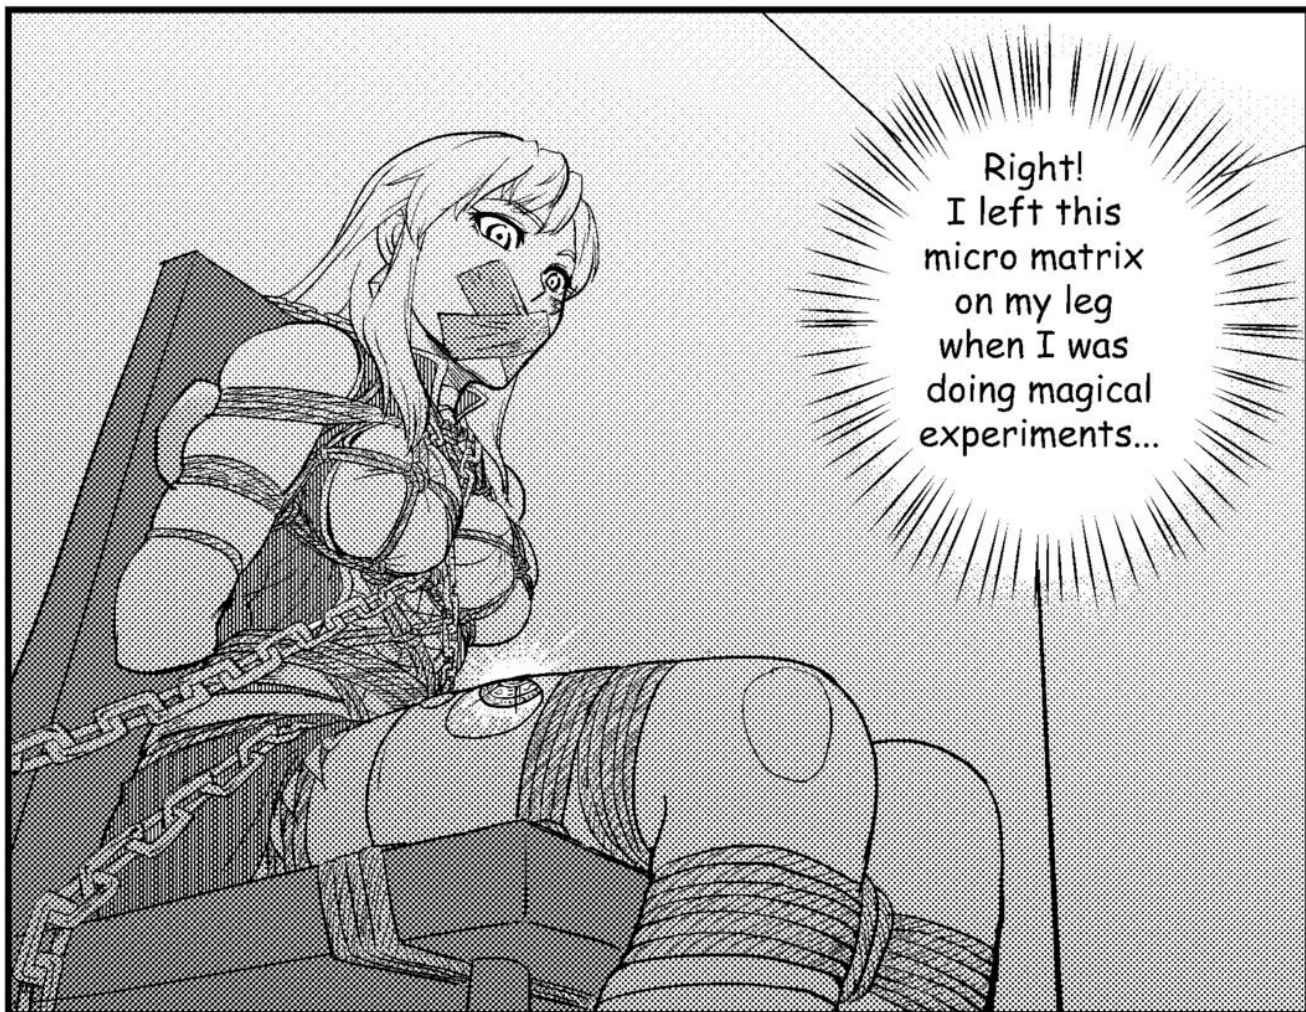

Huh?

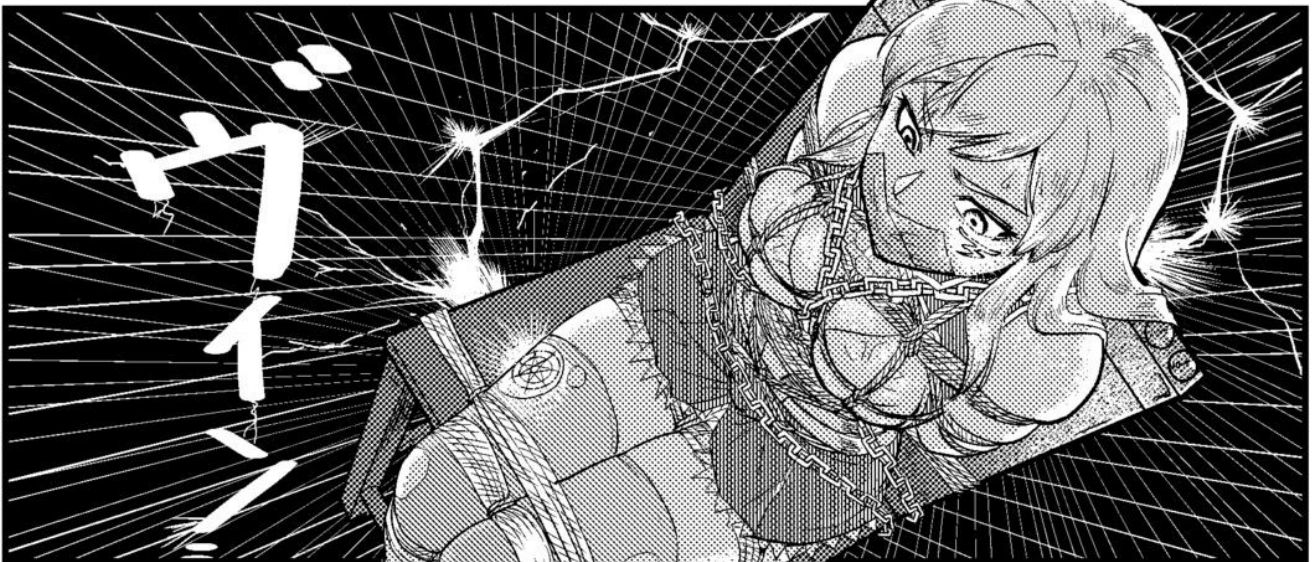

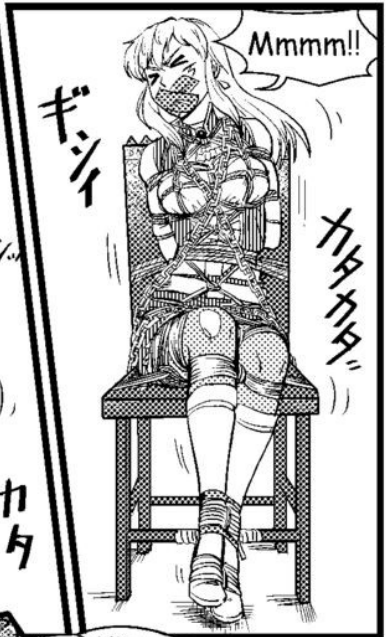

No!
Before Viona
comes back,
I have to...

But I'm
thoroughly
tied up
by these
damn ropes.
How can
I...

Right!
I left this
micro matrix
on my leg
when I was
doing magical
experiments...

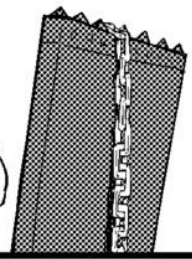

Is this the best it can do with all the power stored in the Matrix?

Well, after all, it's a prototype... And these ropes are magic-proof.

Ugh, it hurts...

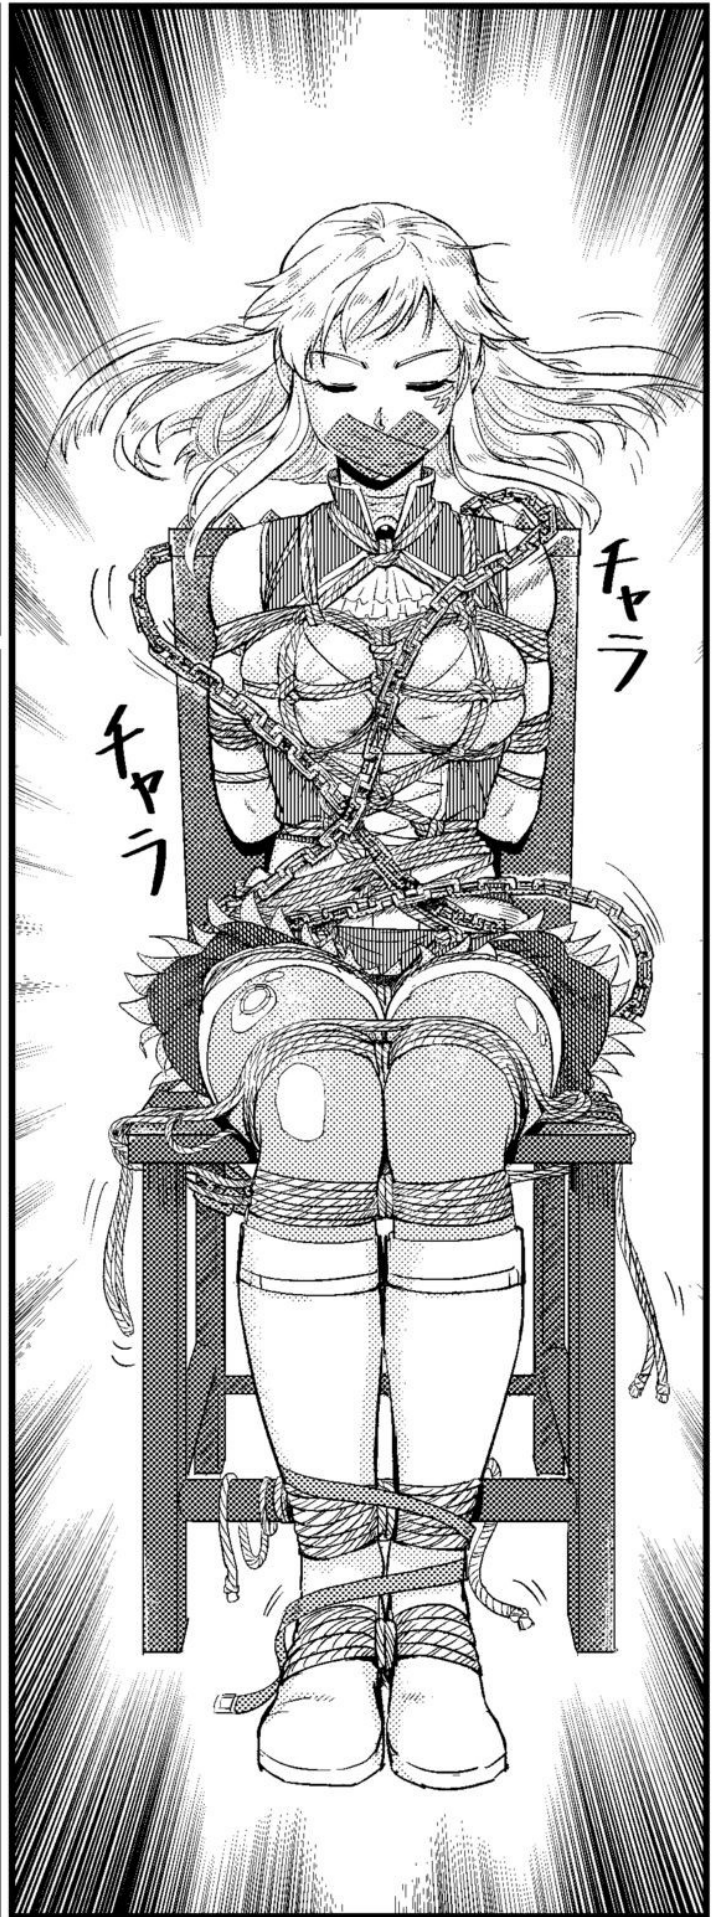

At least I can stand up now...

Hm...

What?
It's not working?
The reputation of
Sea dragon tendon
is well-deserved...

You can
block my
magic,

but can you
block a
magic-
strengthened
weapon?

Hmhm!
Viona...

This time,
I will
catch you!

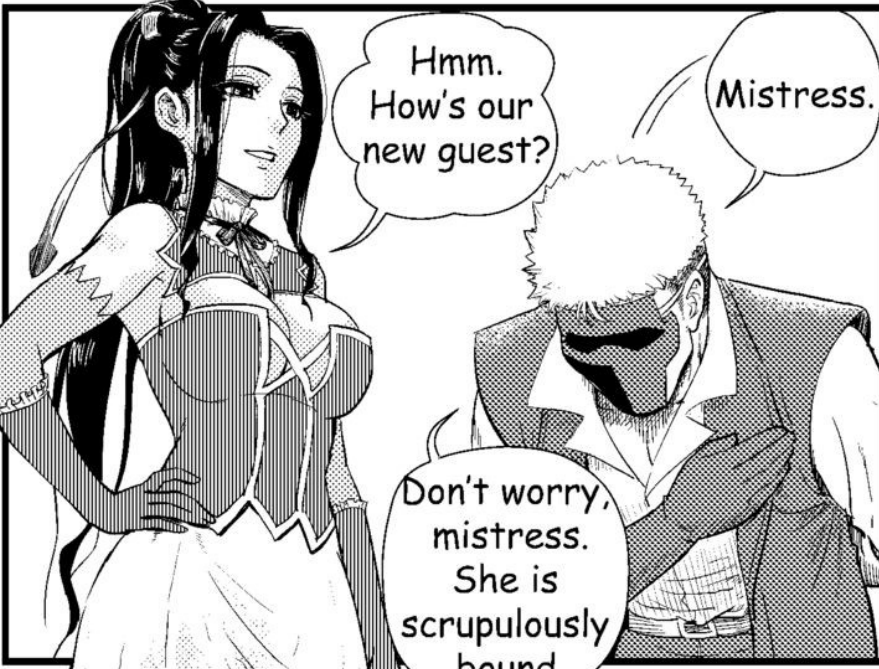

Hmmm...
I can't
feel my
hands.

It hurts...

Hmm.
How's our
new guest?

Mistress.

Don't worry,
mistress.
She is
scrupulously
bound.

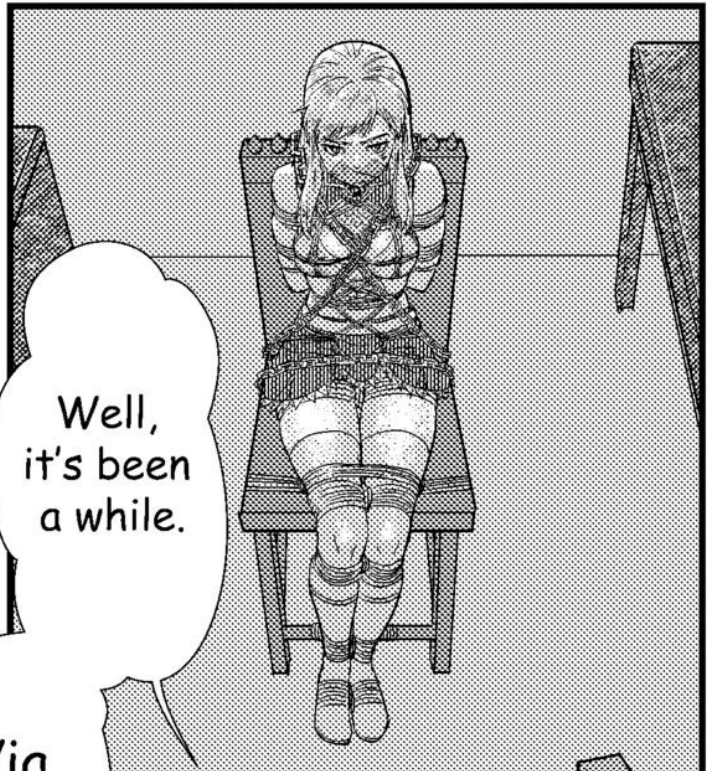

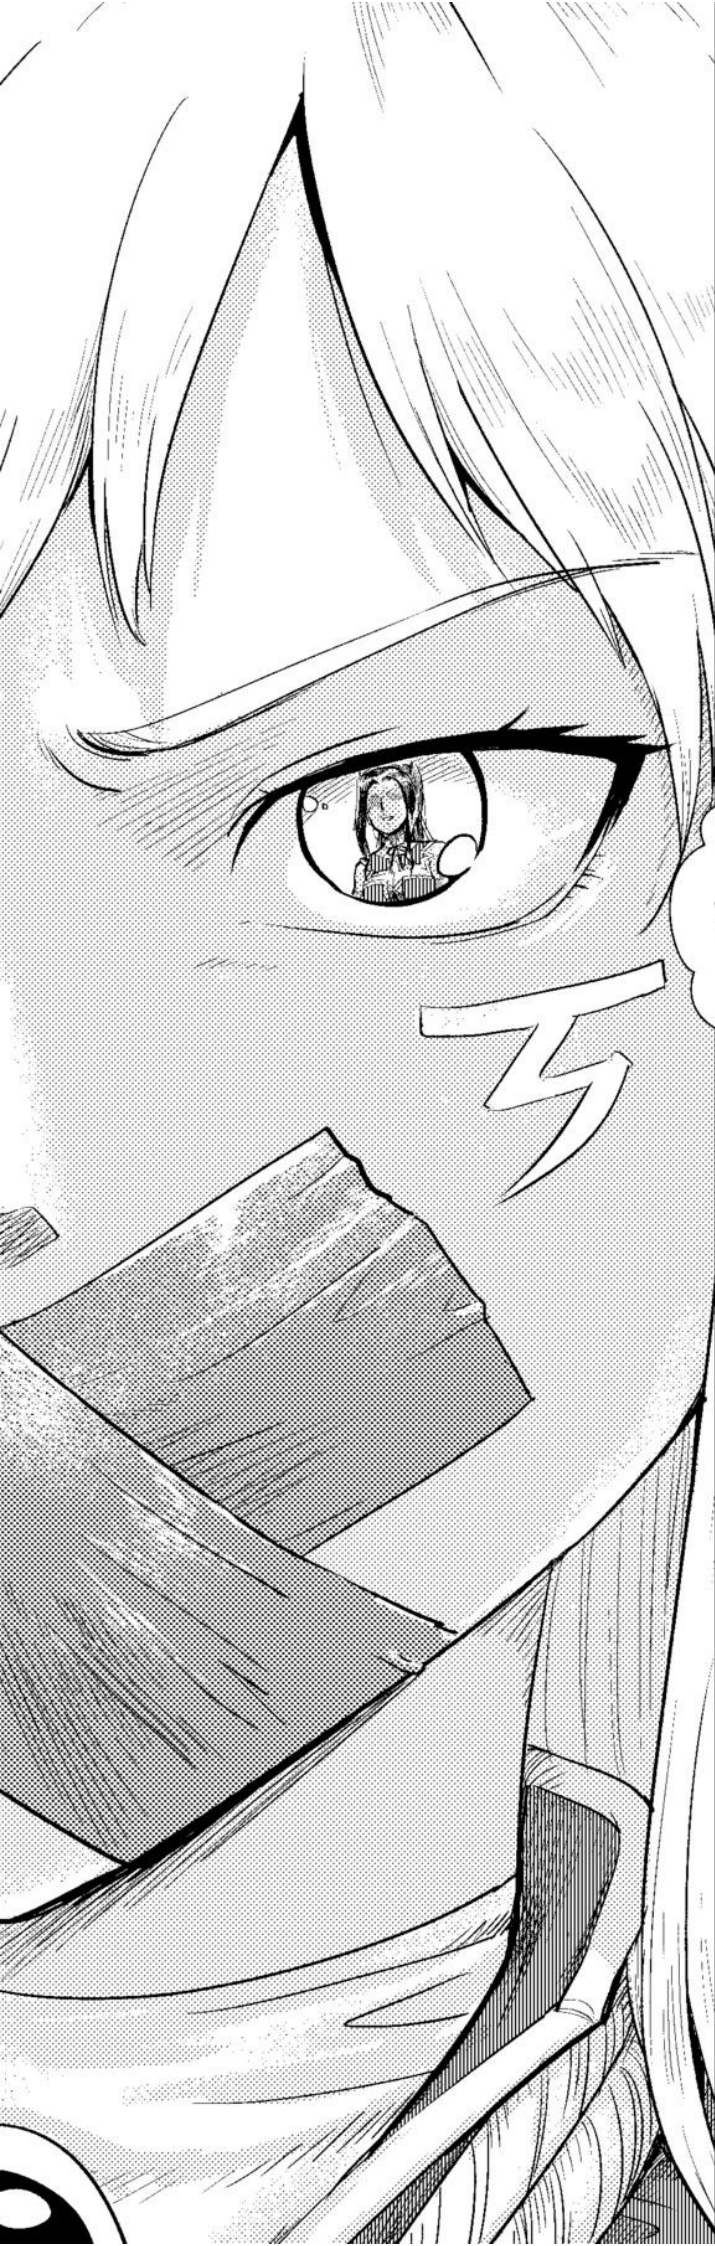

Ah

There is no way
to escape your
perfect bondage.

Good.
You have
my permission
to withdraw.
I have a lot
of catching
up to do
with her~

Well,
it's been
a while.

Via.

Part 3: Magic Knight's revenge

by Root001

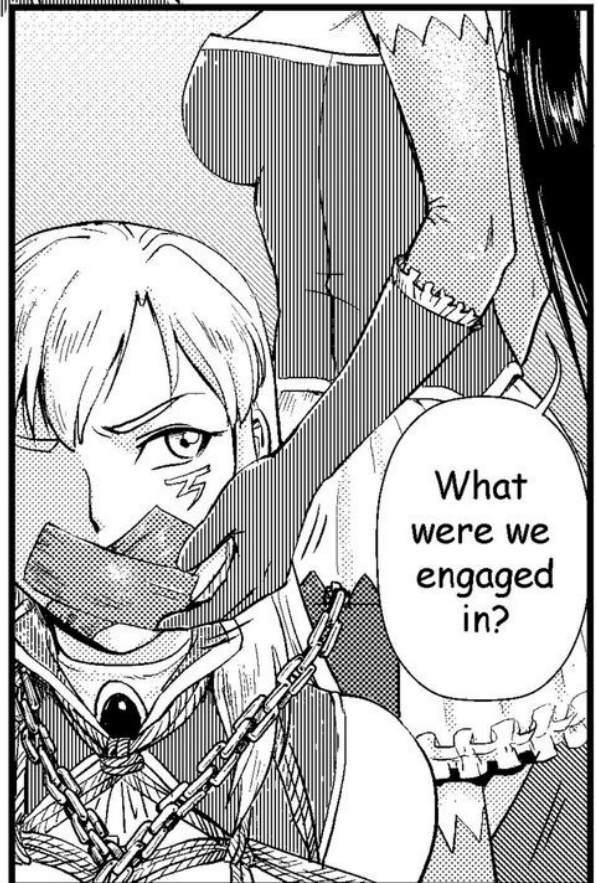

Let me see. Last time we met...

Well, well. Long time no see, Via.

Mmm!

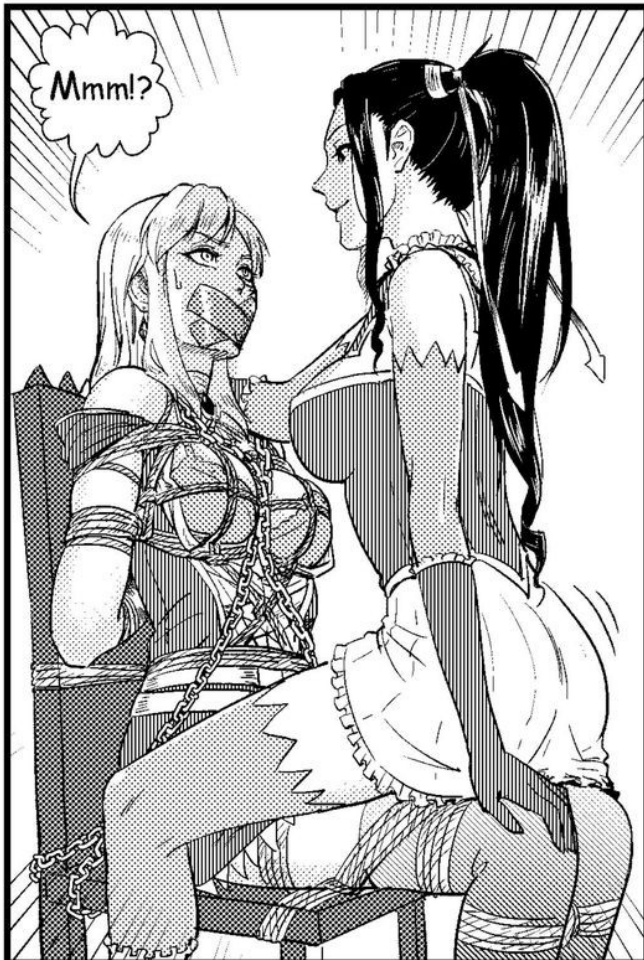

What were we engaged in?

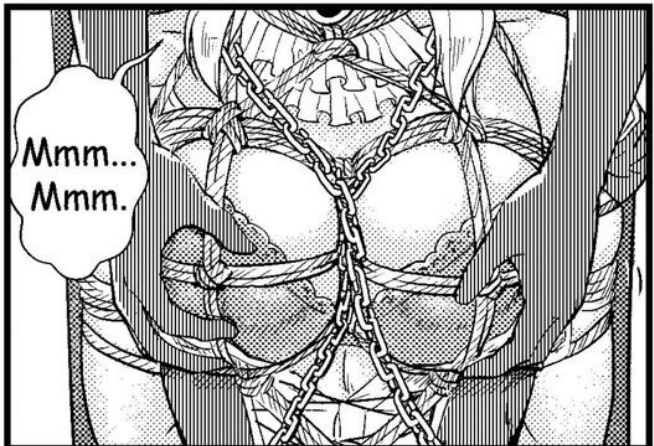

Though they still don't match mine.

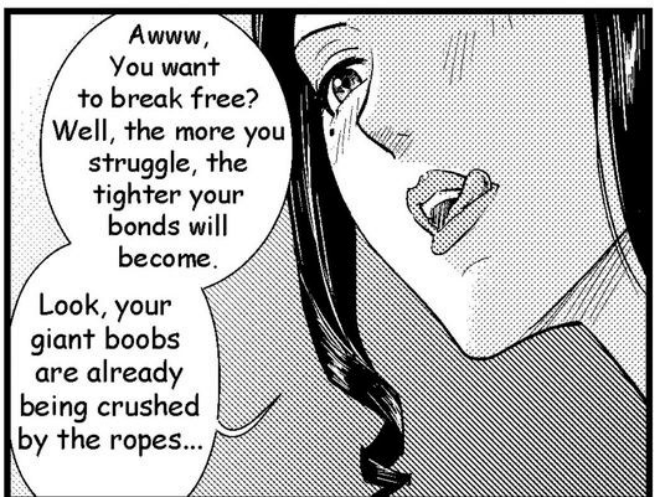

Over our years apart, you've become even more buxom♡

Mmm!?

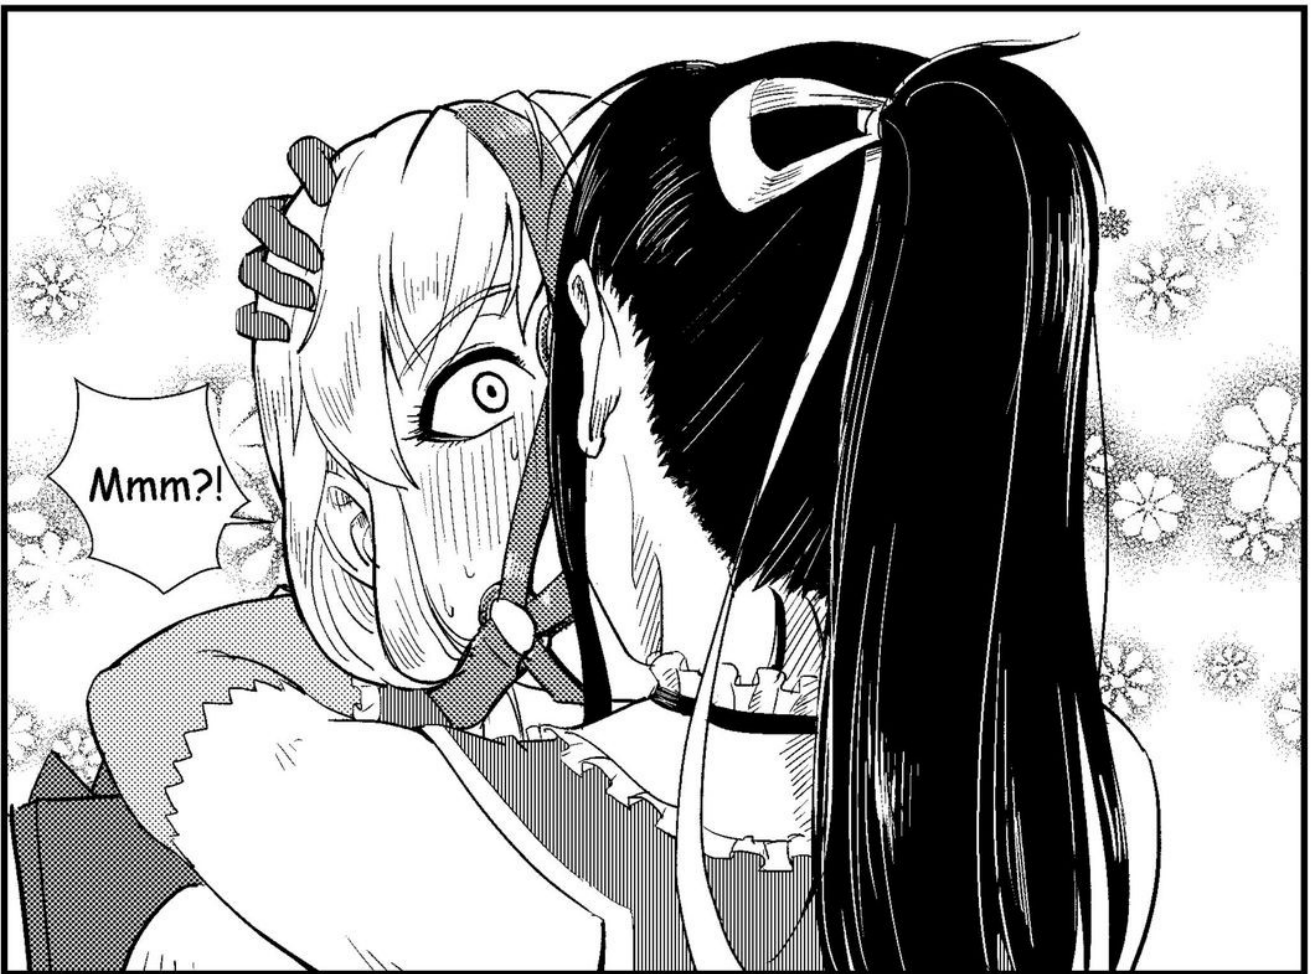

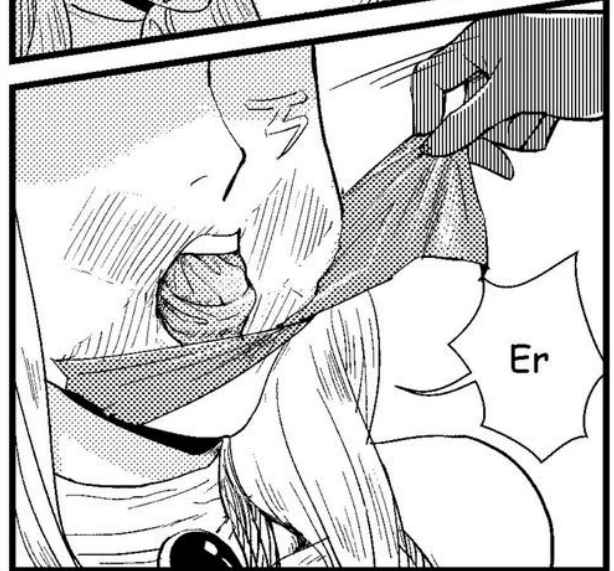

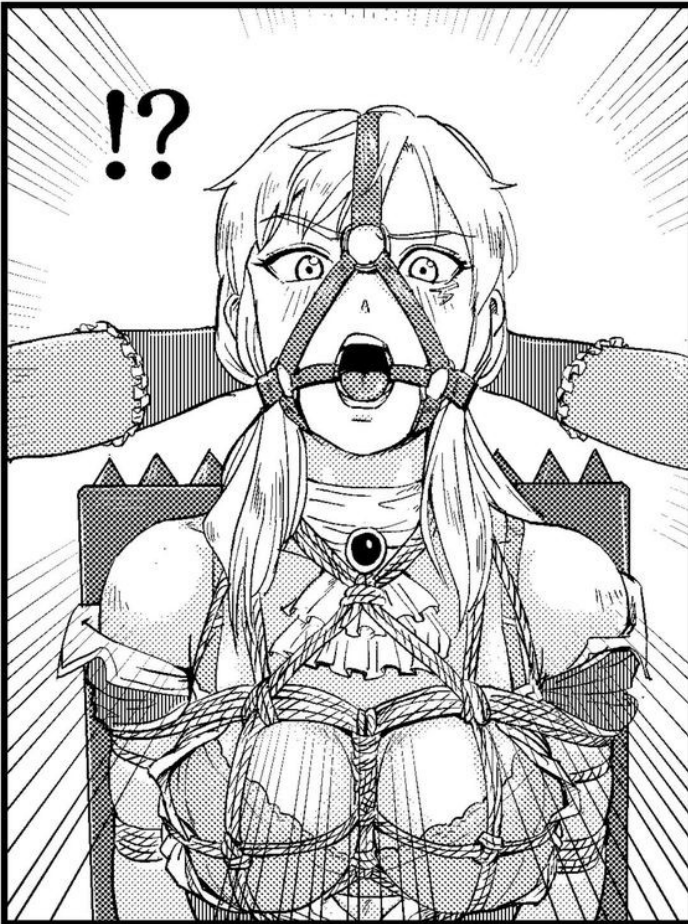

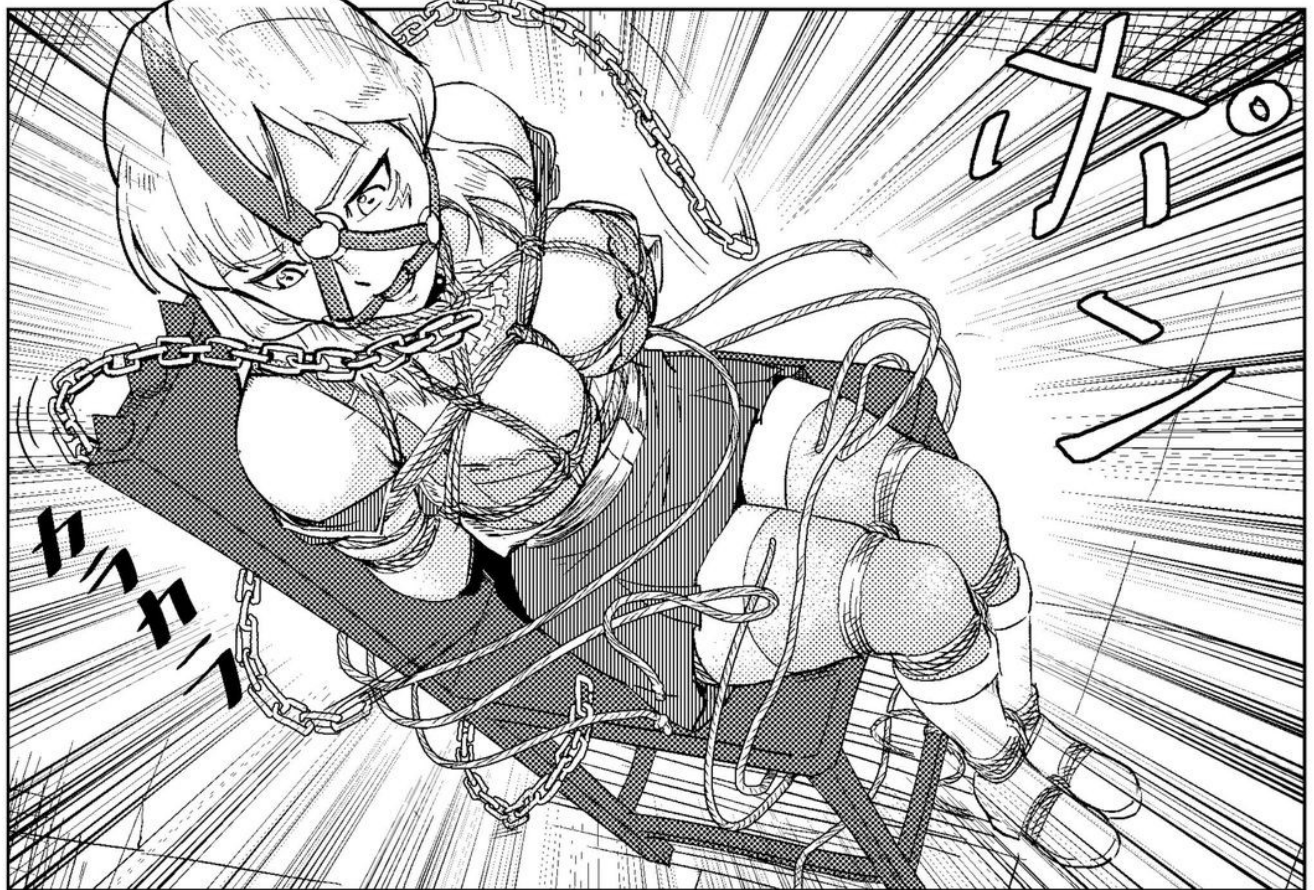

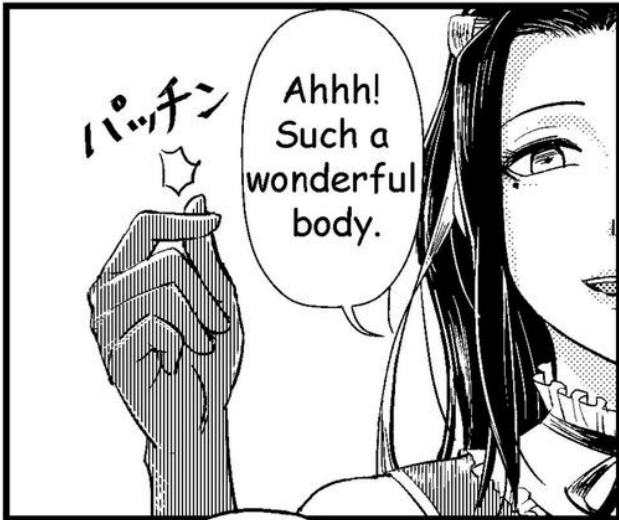

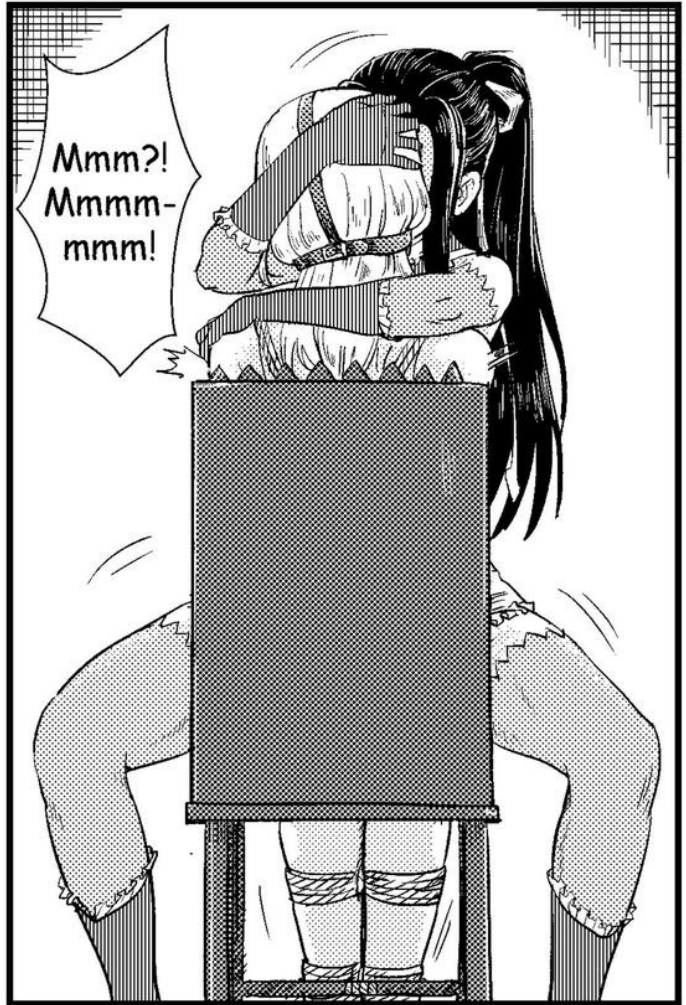

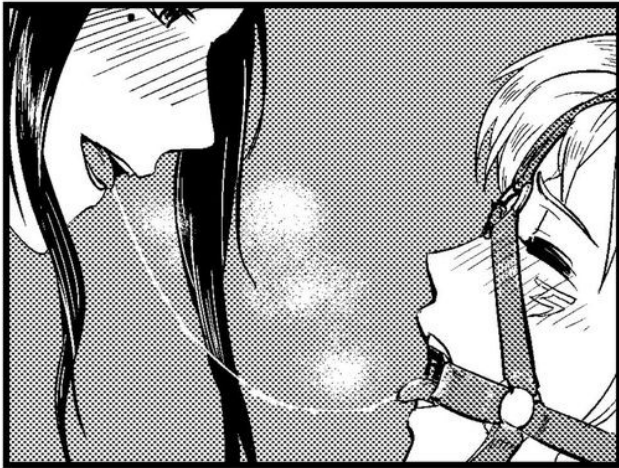

Mmm... Mmm.

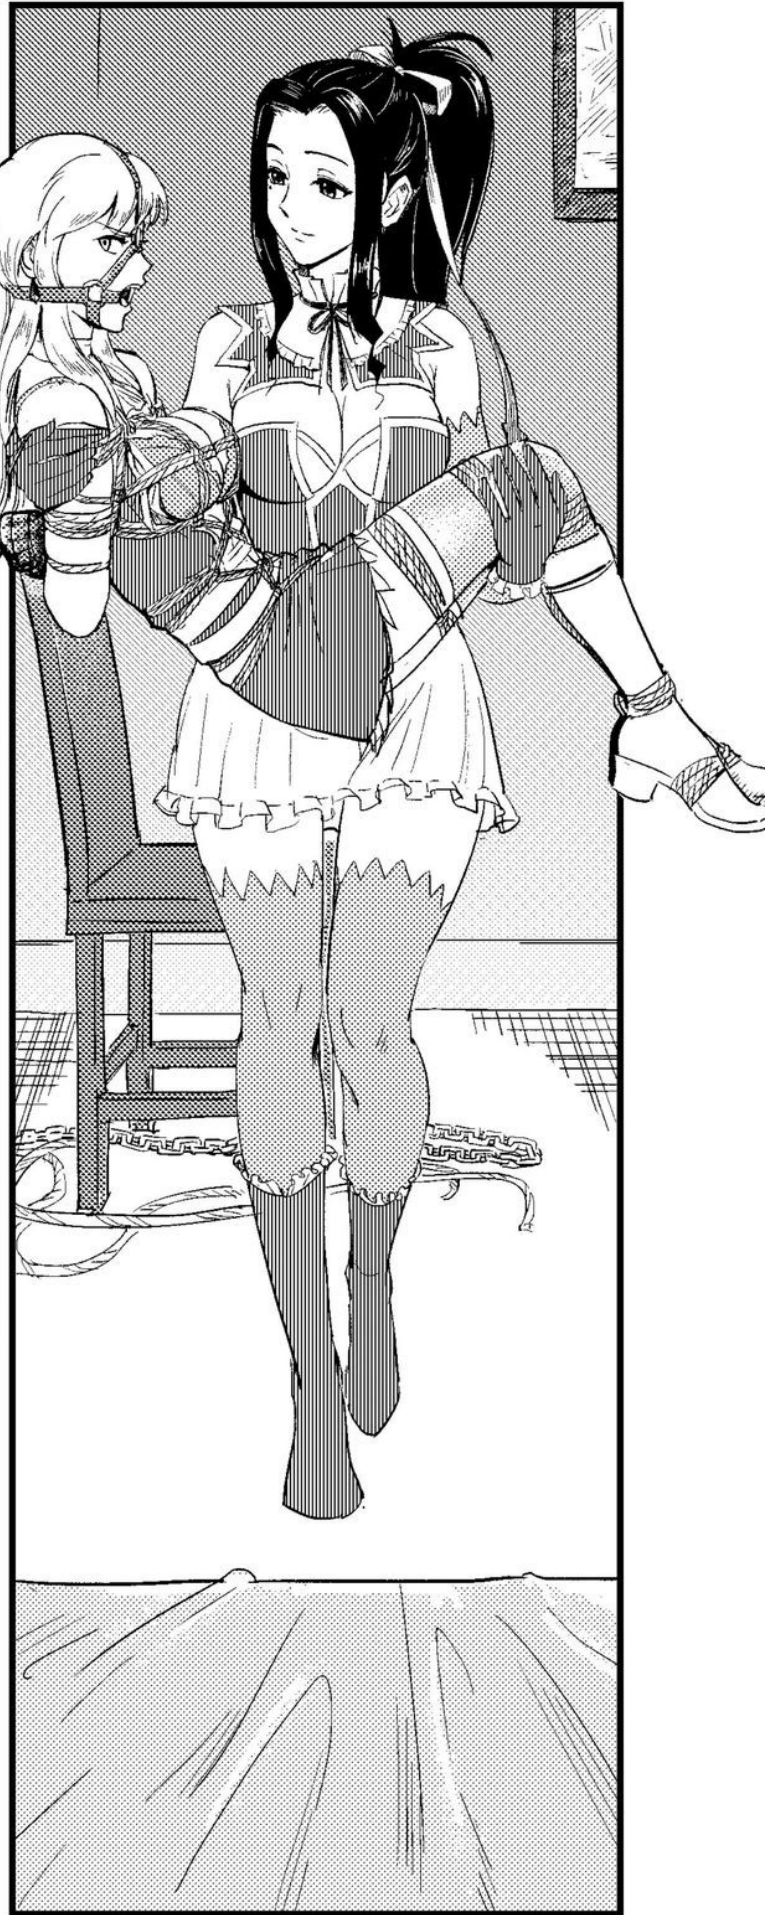

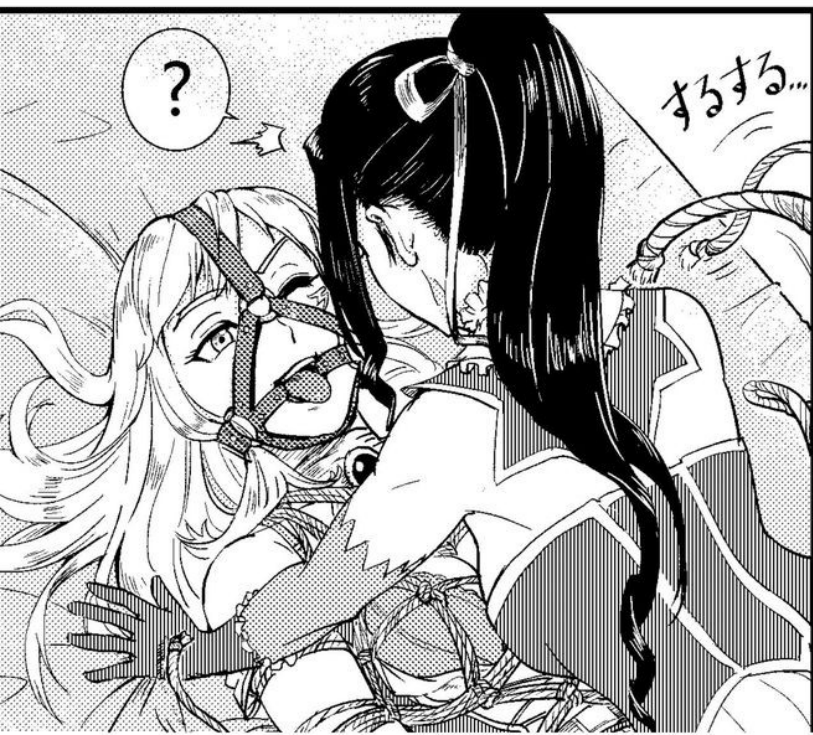

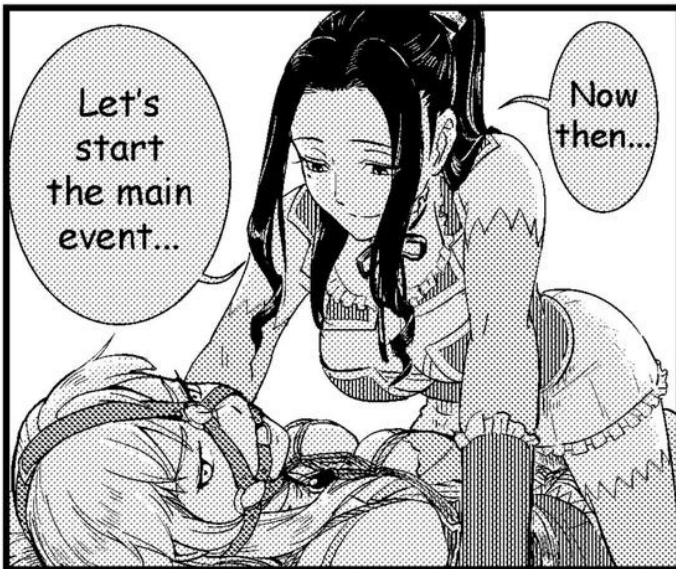

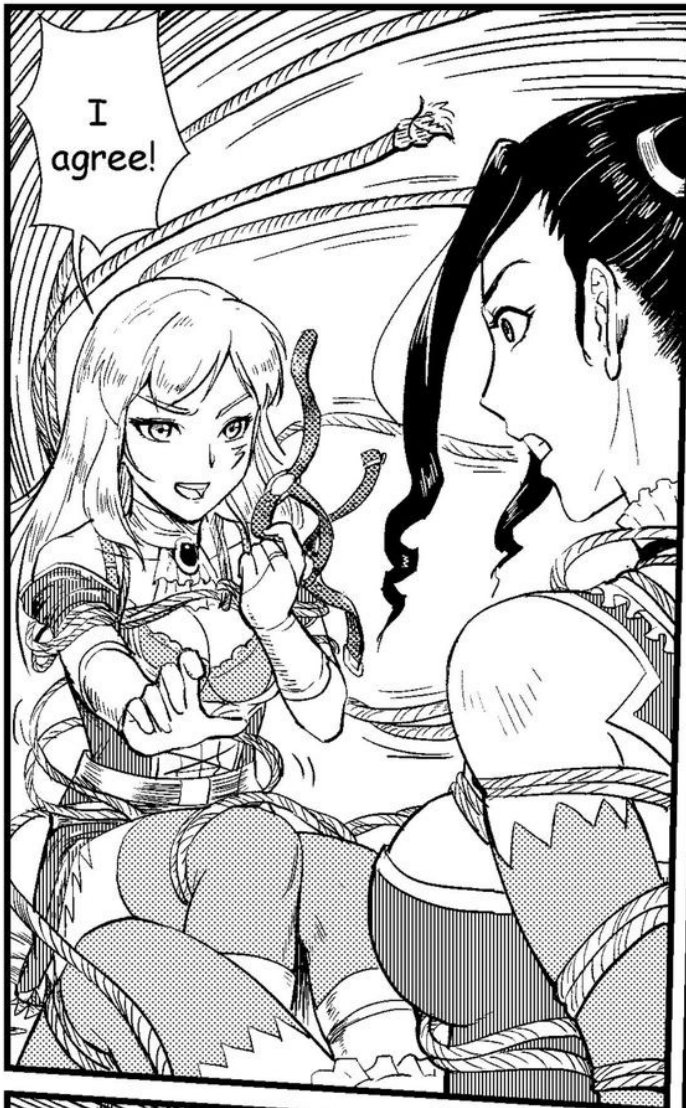

Awww, You want to break free? Well, the more you struggle, the tighter your bonds will become.

Look, your giant boobs are already being crushed by the ropes...

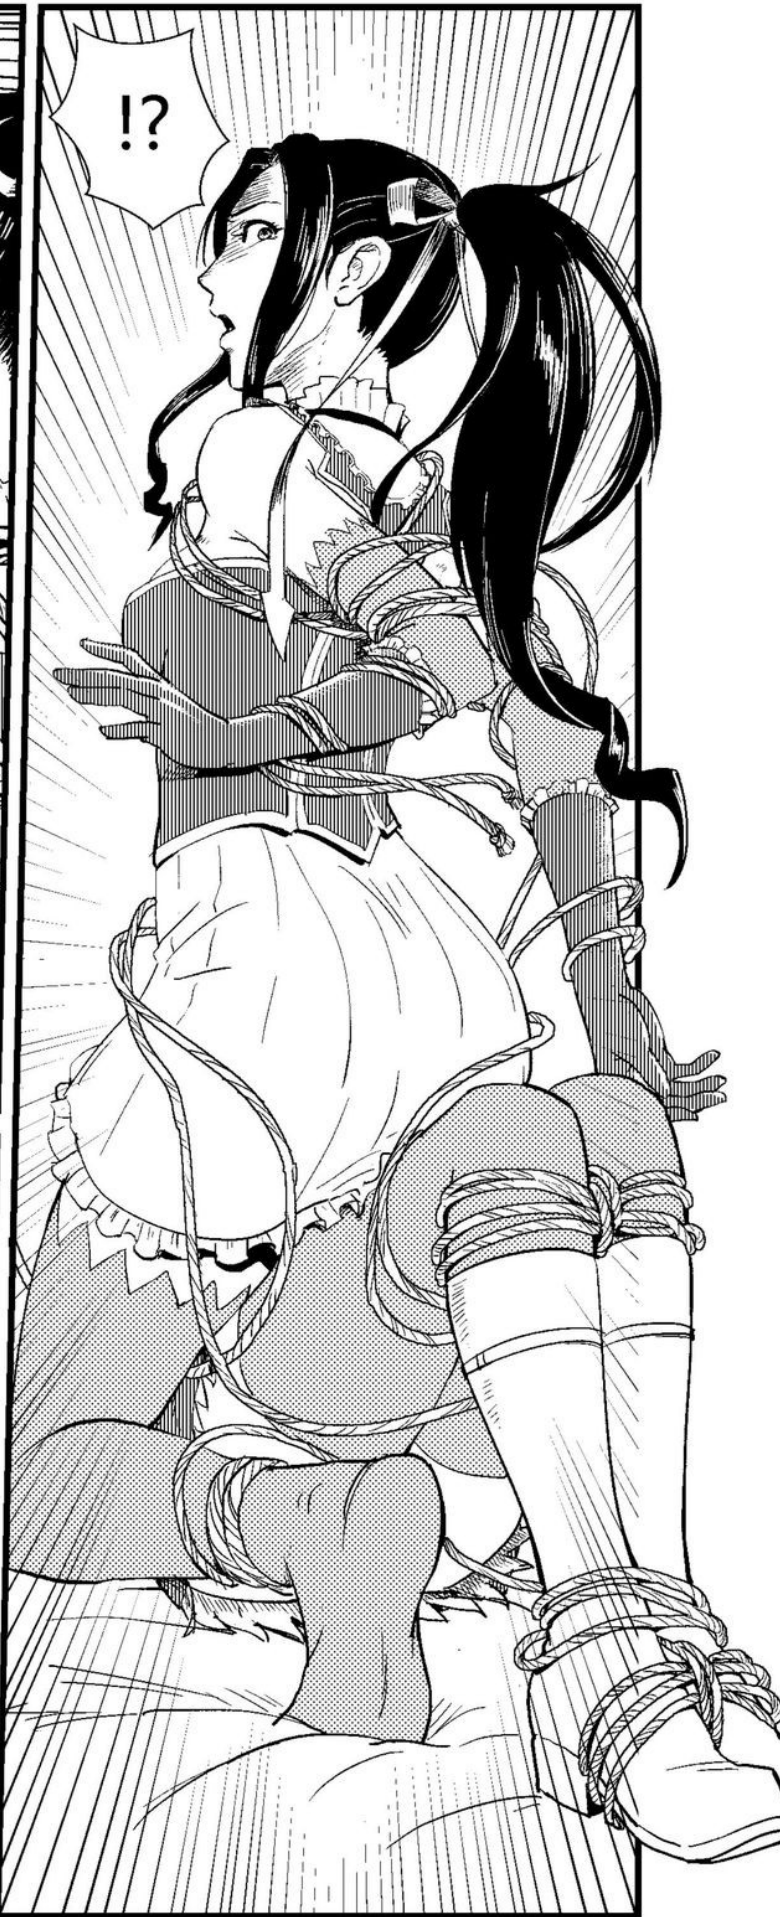

I agree!

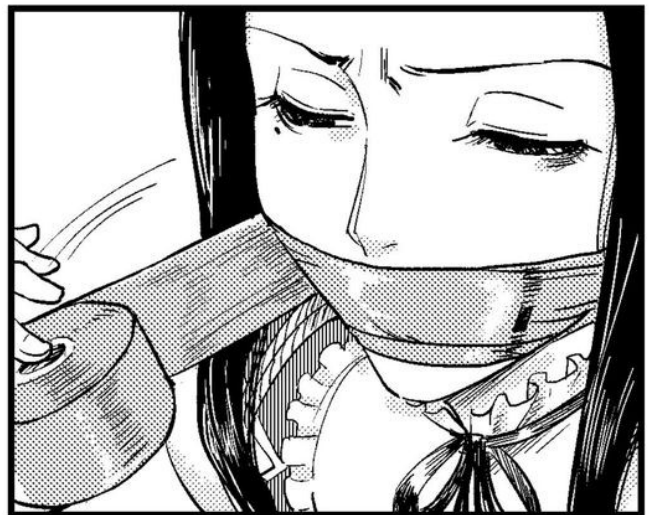

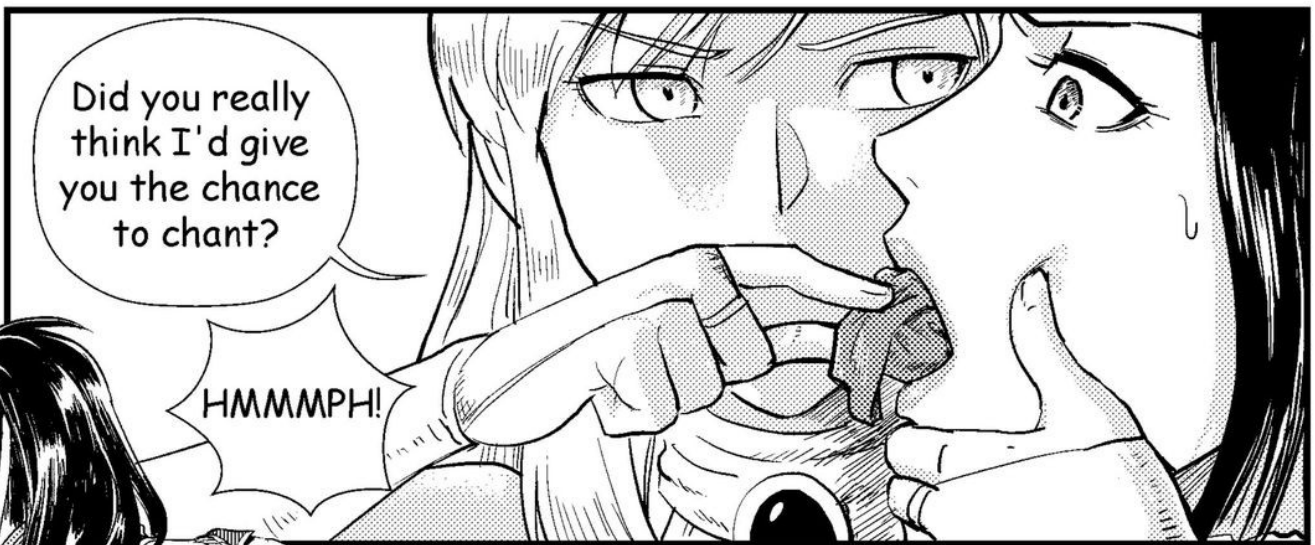

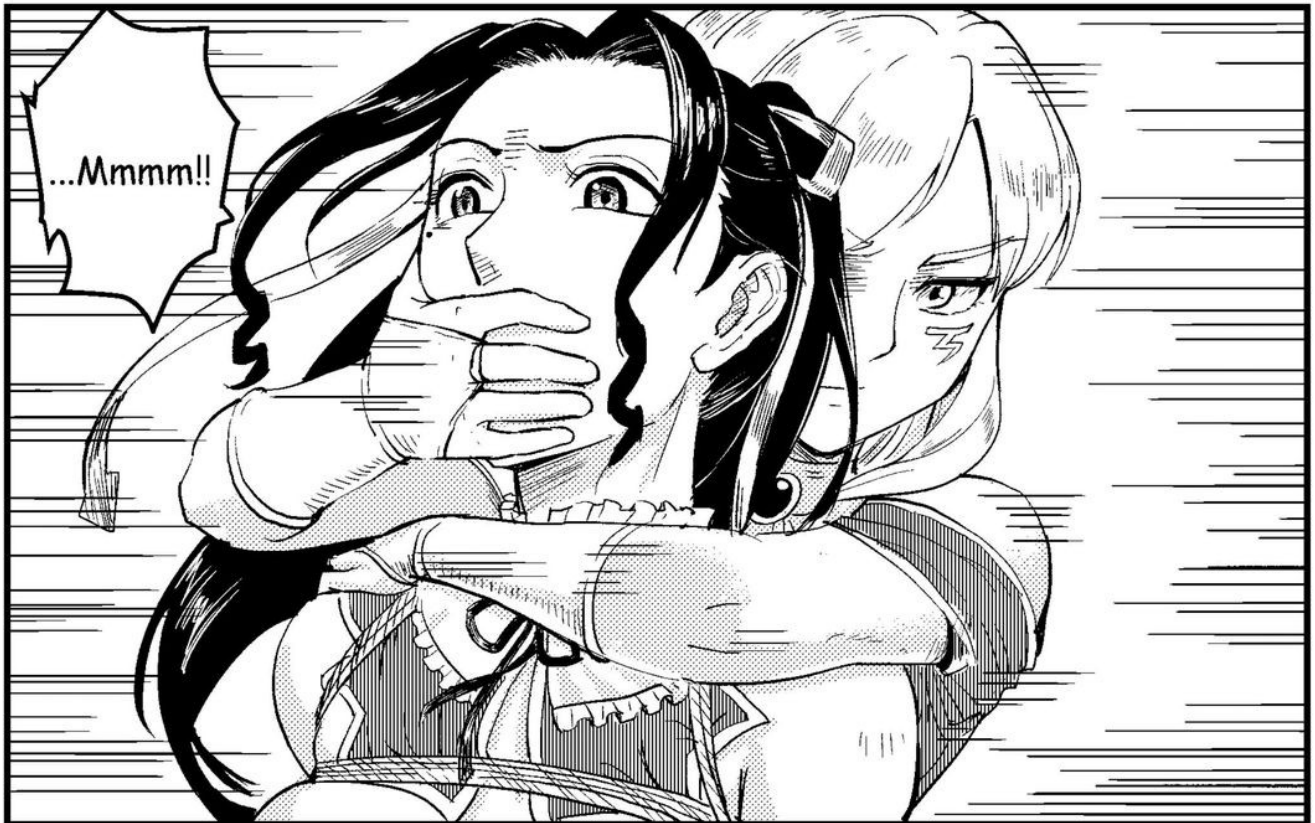

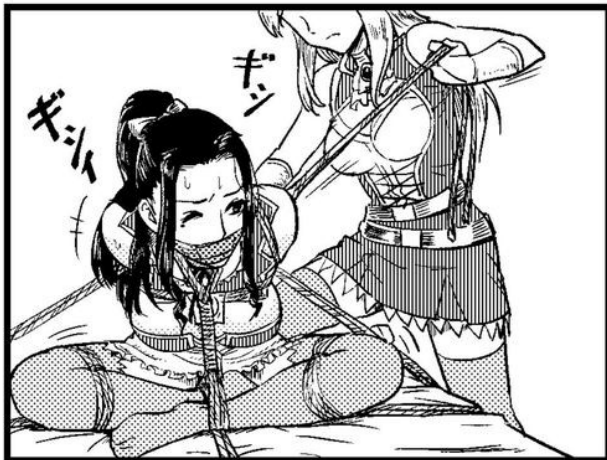

!?

She dares use my own spells against me?!

Evy...

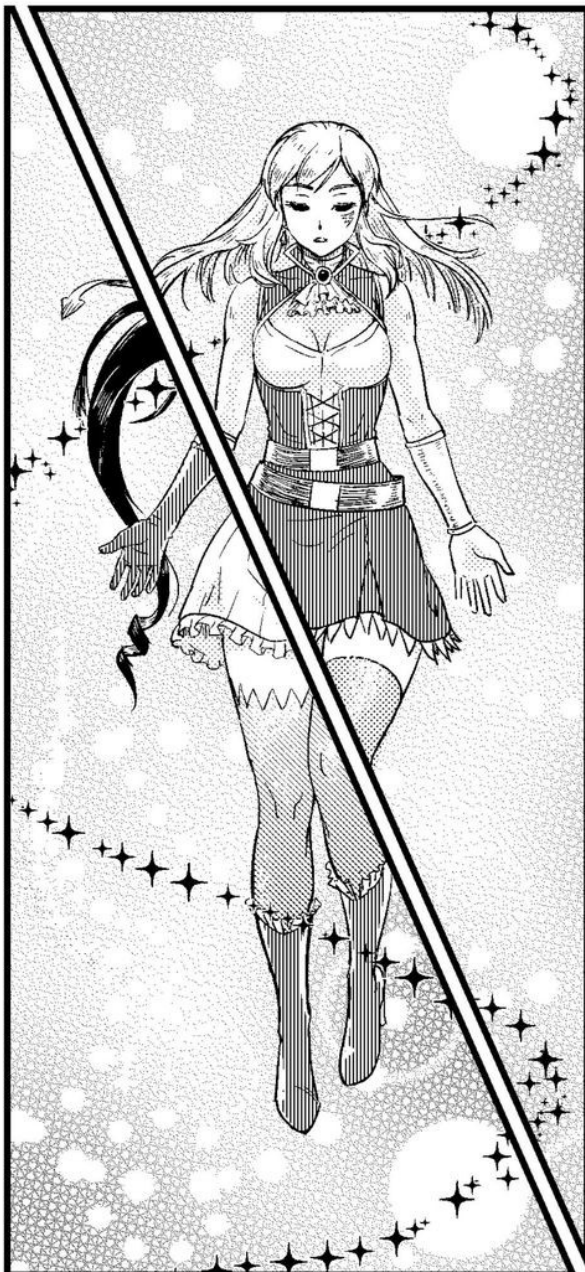

Mistress,
Marquis
Lin is
asking
for you.

Our
sizes are
not that
different...

?

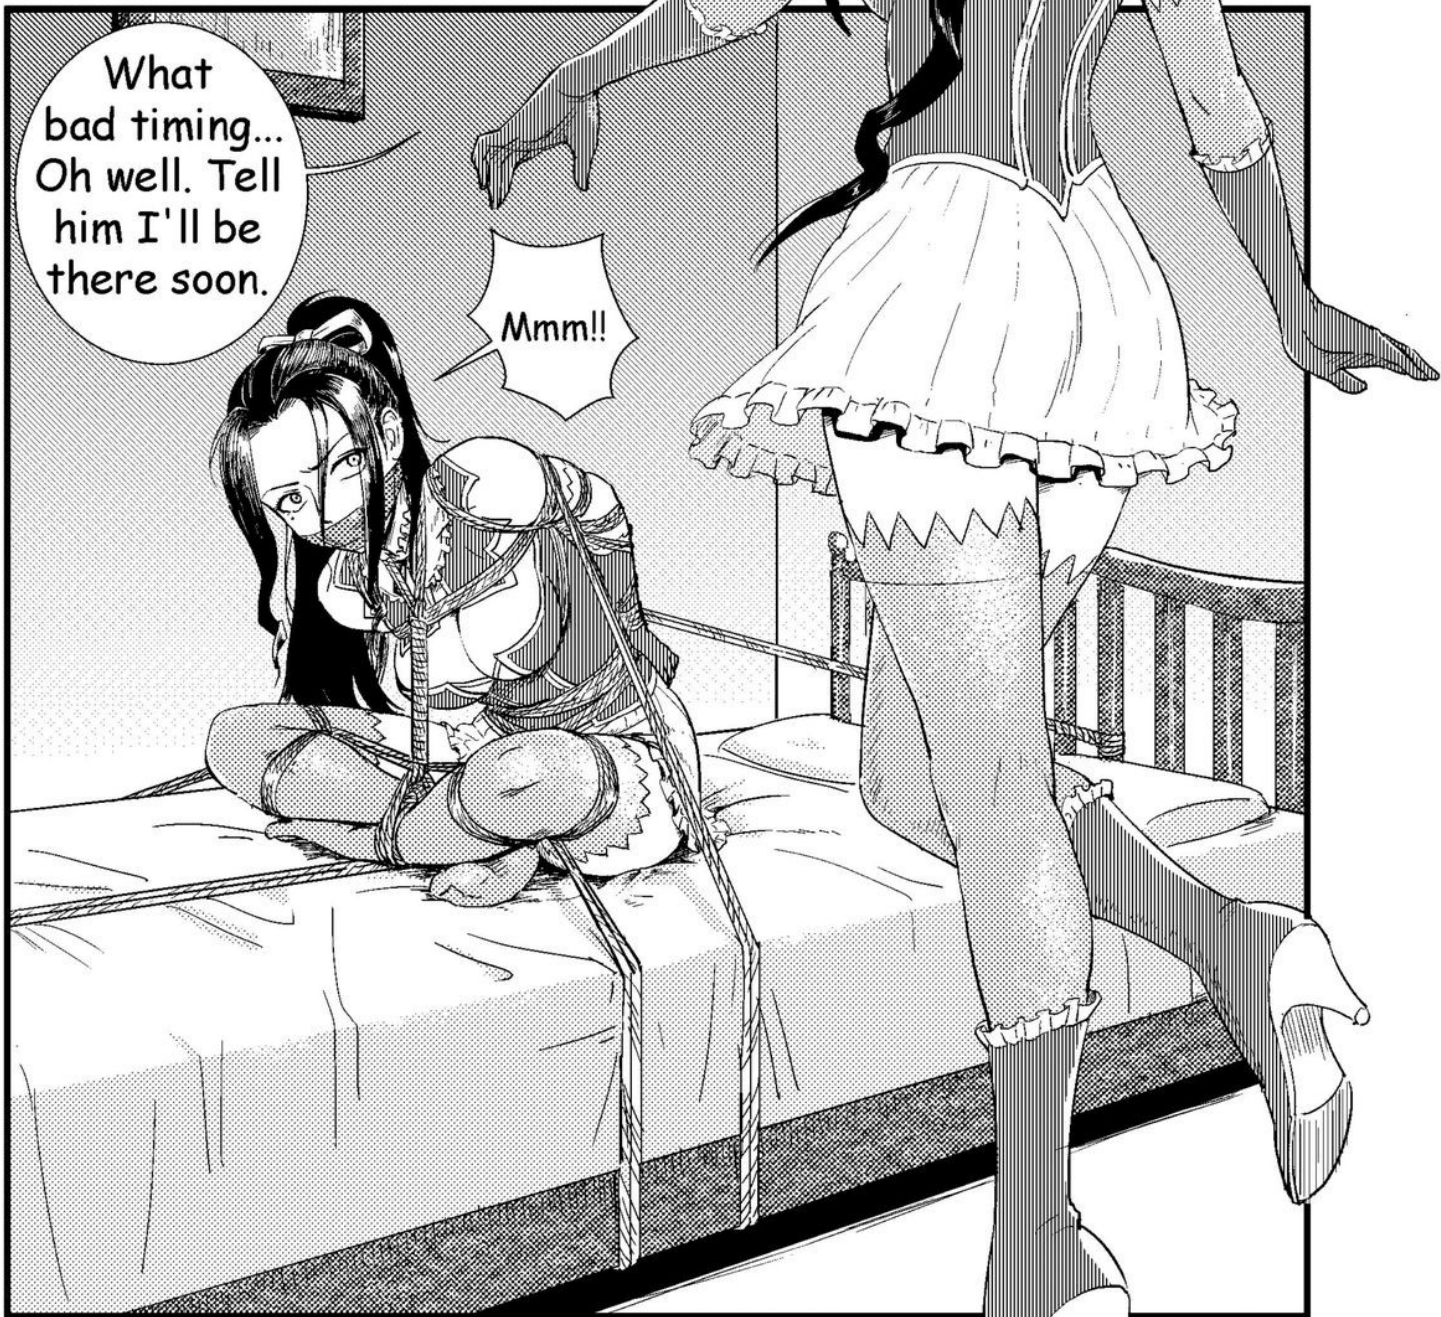

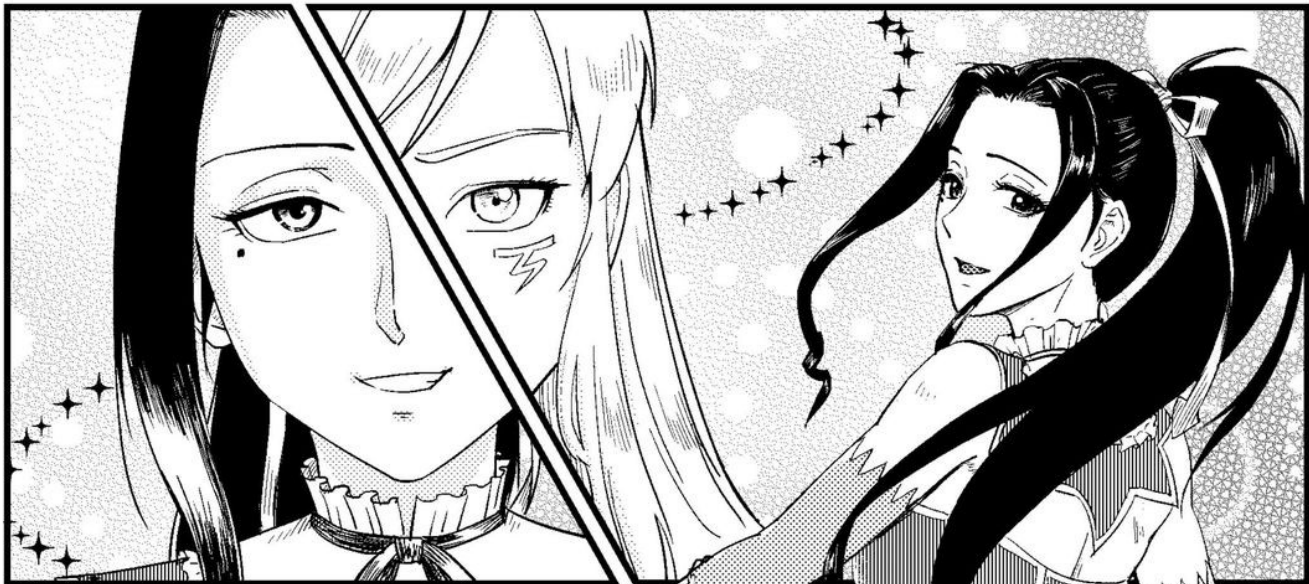

Marquis
Lin?!

That old bastard
who always wears
a dark face...
He's come to
visit Viona??

.....

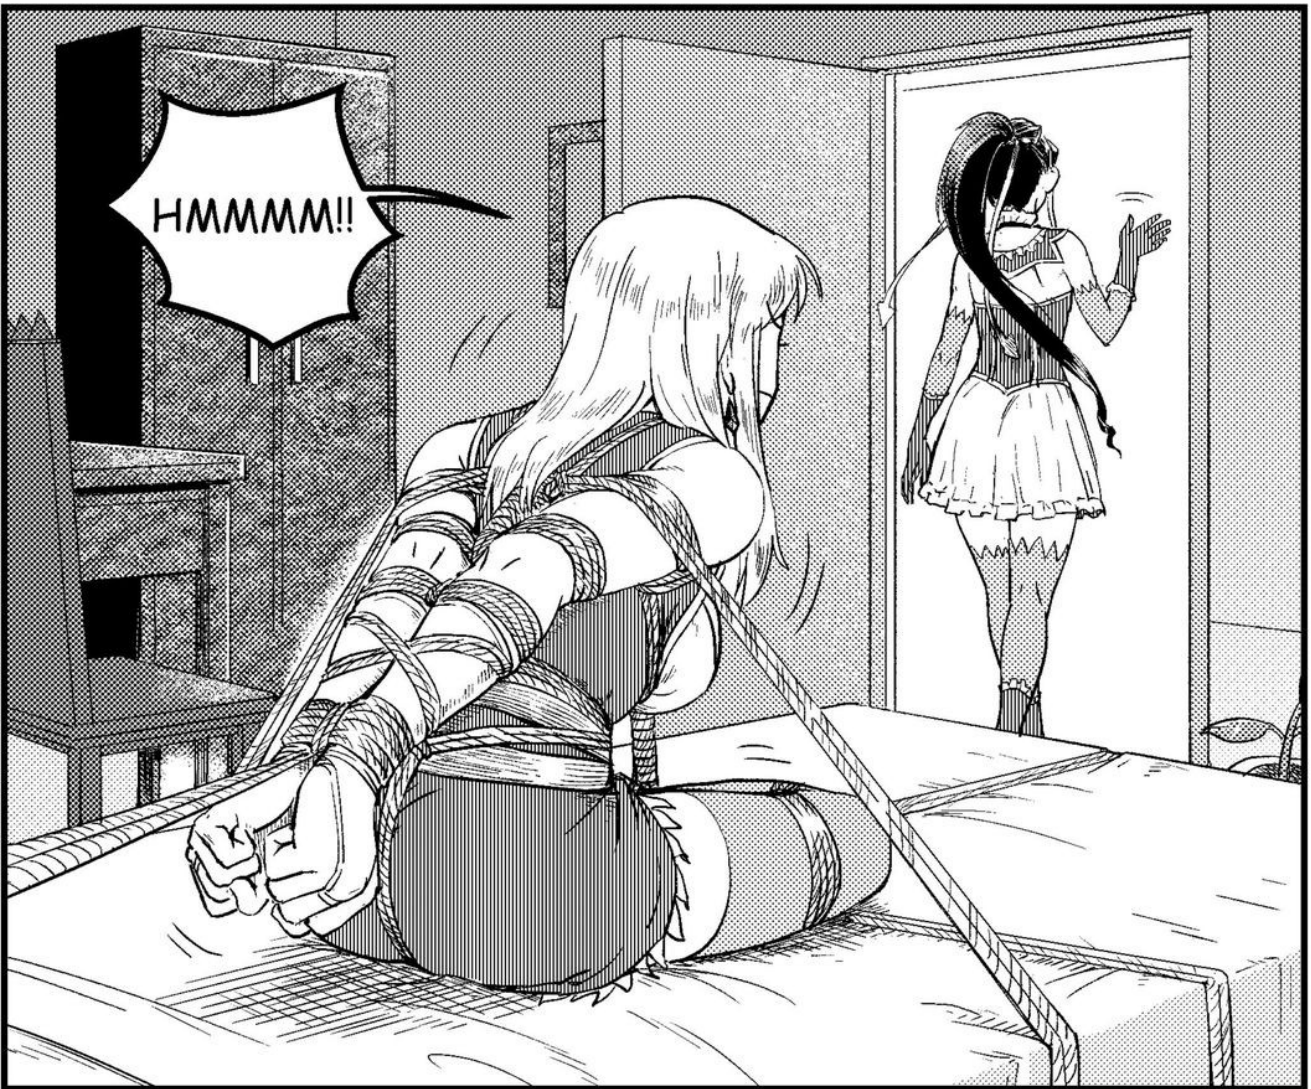

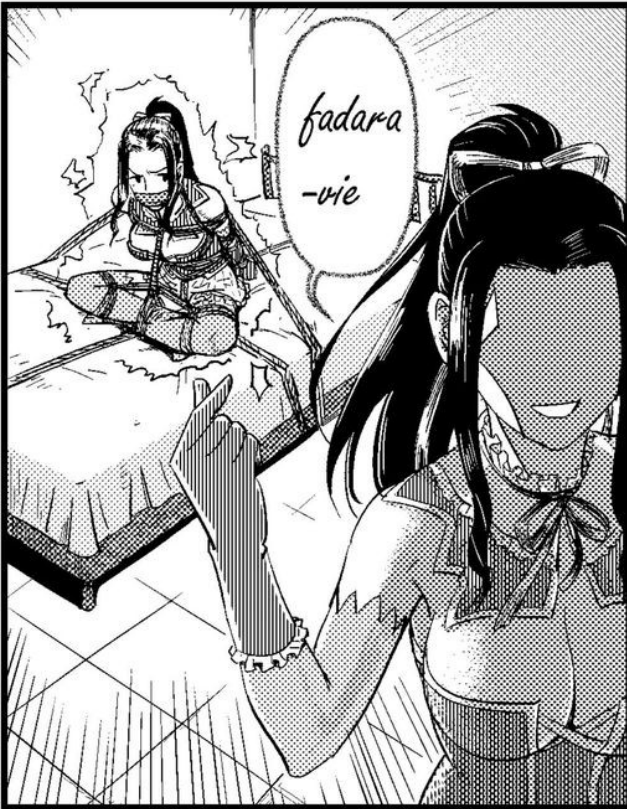

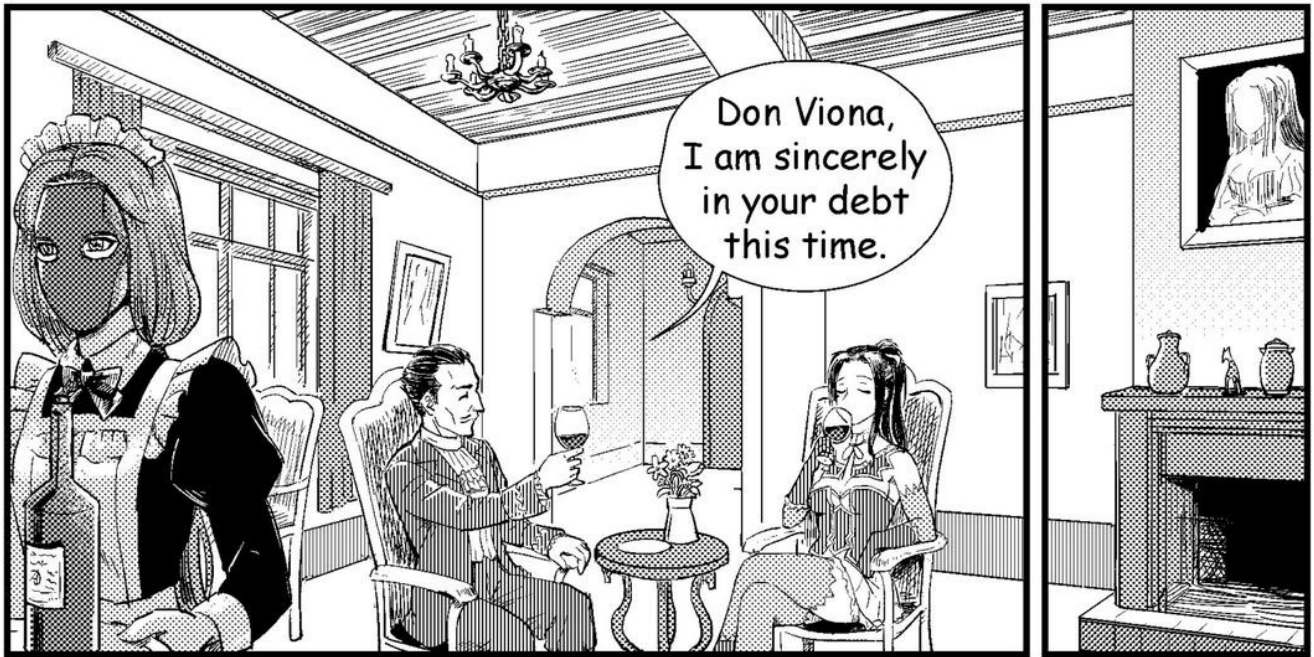

*fadara
tesa!!*

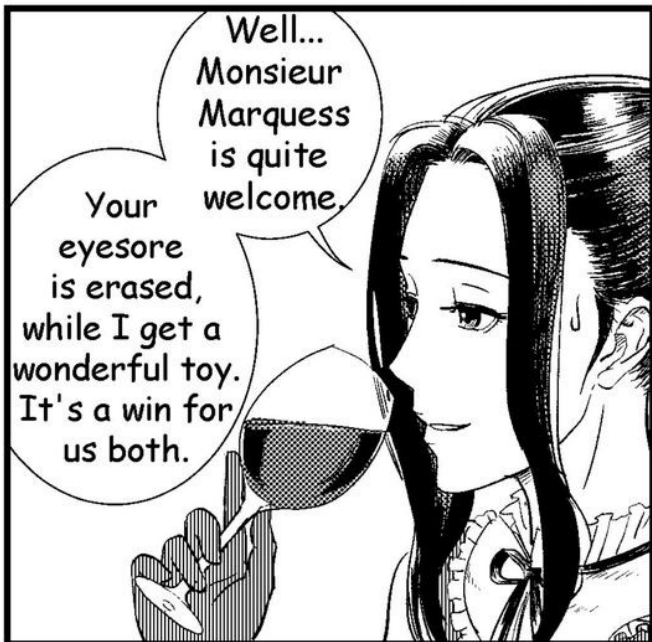

What bad timing...
Oh well. Tell him I'll be there soon.

Mmm!!

Don Viona,
I am sincerely
in your debt
this time.

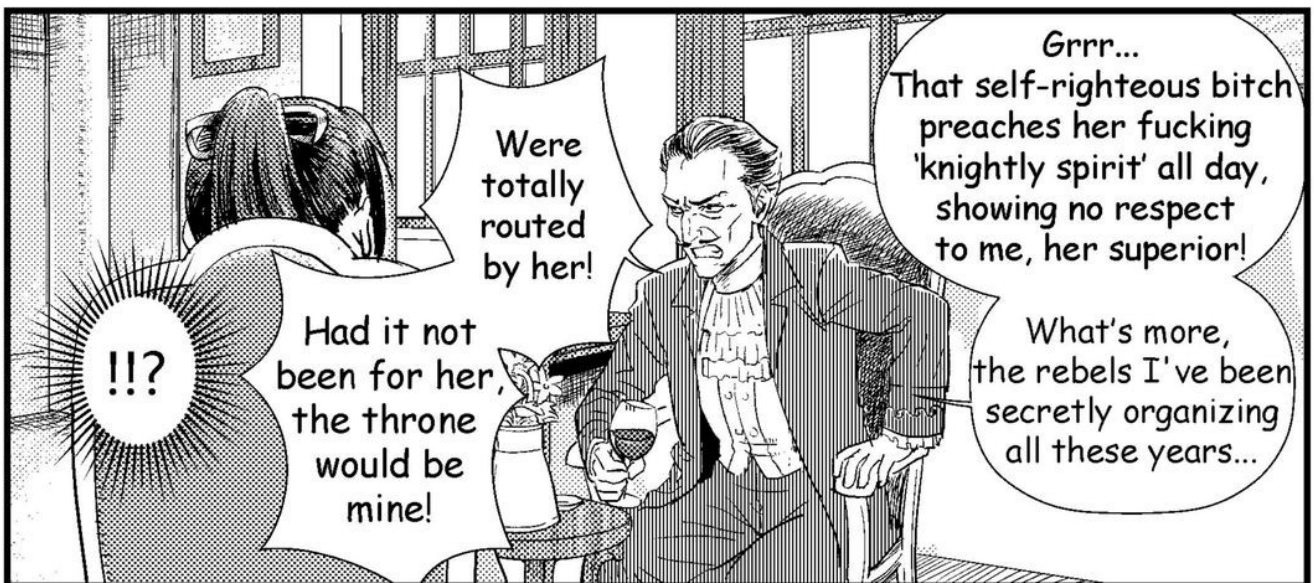

Well...
Monsieur
Marquess
is quite
welcome.

Your
eyesore
is erased,
while I get a
wonderful toy.
It's a win for
us both.

For
helping me
to get rid
of Odevia,
my thanks,
m'lady.

!!?

Had it not
been for her,
the throne
would be
mine!

Were
totally
routed
by her!

Grrr...
That self-righteous bitch
preaches her fucking
'knightly spirit' all day,
showing no respect
to me, her superior!

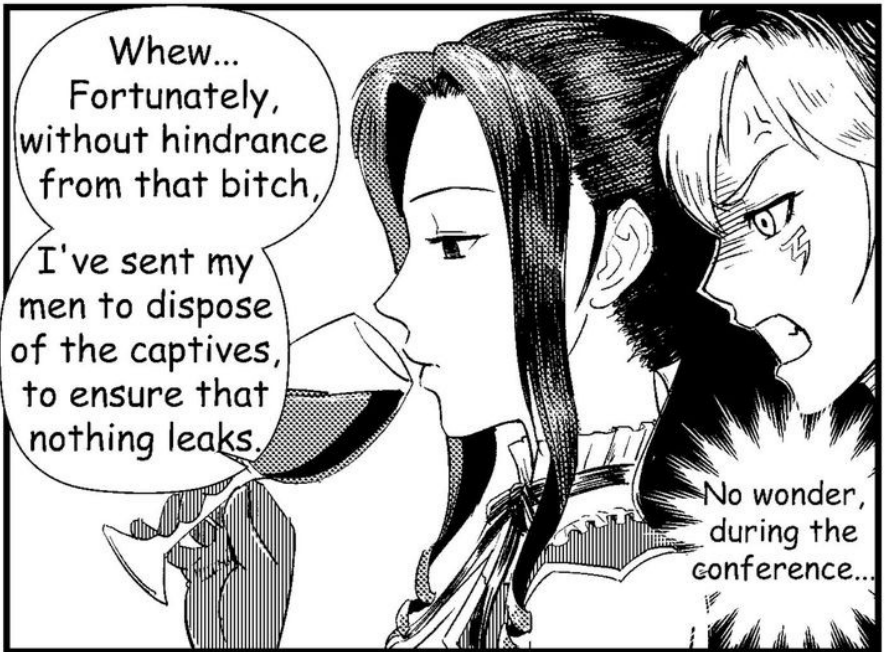

What's more,
the rebels I've been
secretly organizing
all these years...

So, with her out of the way, have you any plans for the next step, your excellency?

Do calm down. After all, *that bitch* is my private toy now...

You can totally rest assured ...

Whew... Fortunately, without hindrance from that bitch,

I've sent my men to dispose of the captives, to ensure that nothing leaks.

No wonder, during the conference...

At this point, my only chance at a coup is by manipulating the domestic army...

Hmmm...

Since the rebel army has all been exterminated, I've lost all my pawns.

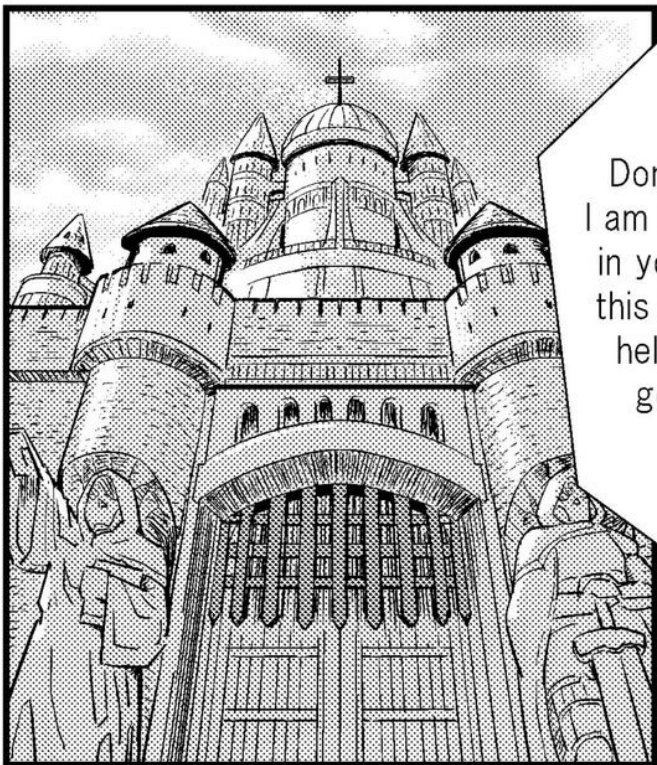

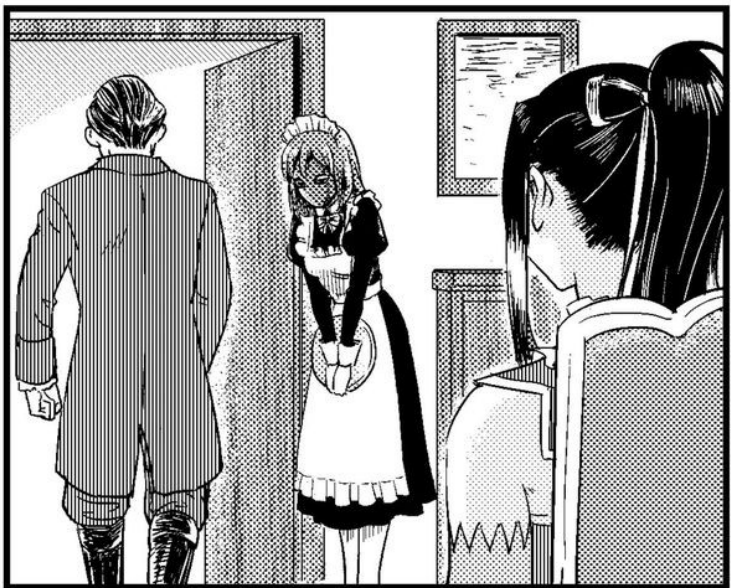

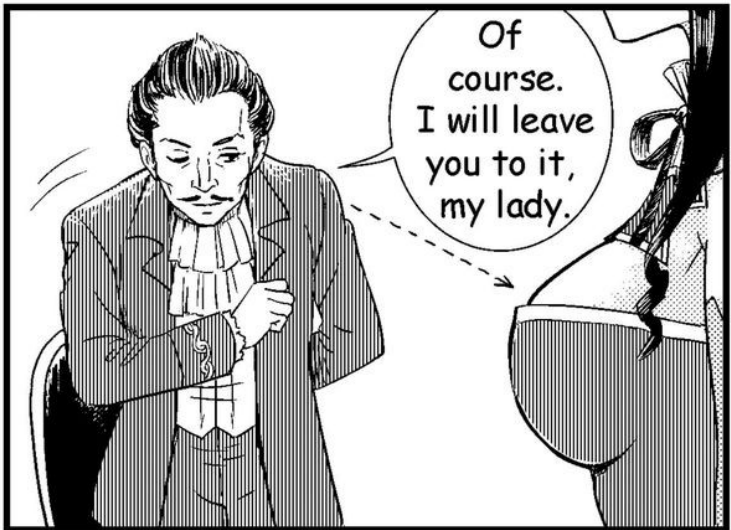

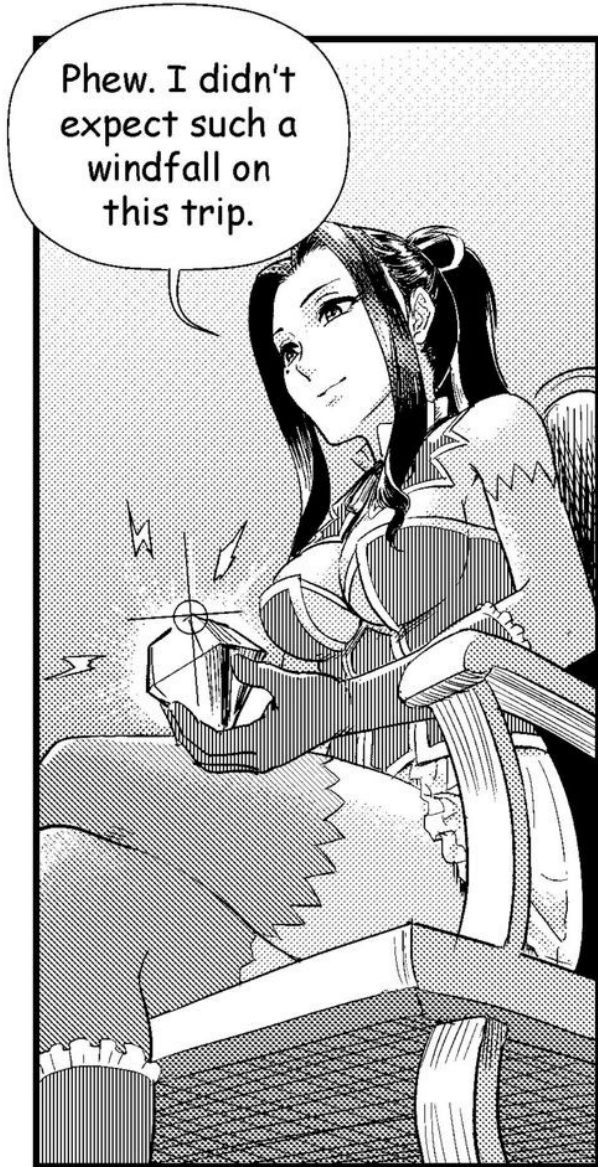

Certainly. I'd be glad to serve, Your Excellency.

Well then, if you don't mind, I still have some personal matters with my new toy~ Shall we call it a day?

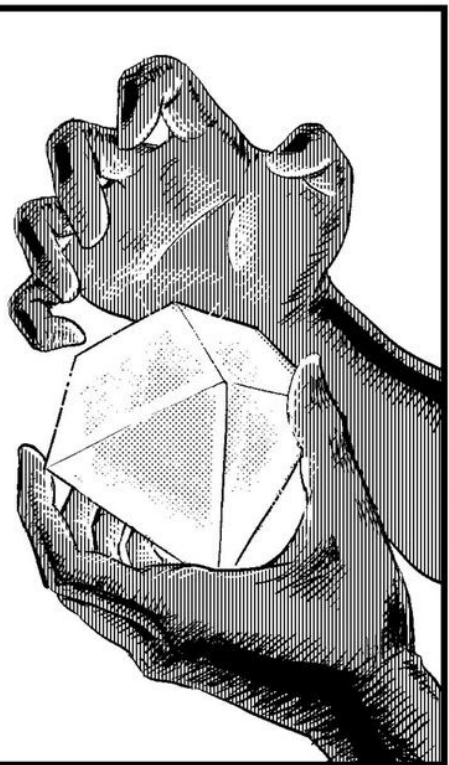

After all, without some form of magic like yours, I could never control the kingdom's high ranking military officers.

I'm afraid your excellency's help is still needed in the coming venture.

Don Viona,
I am sincerely
in your debt
this time. For
helping me
get rid...

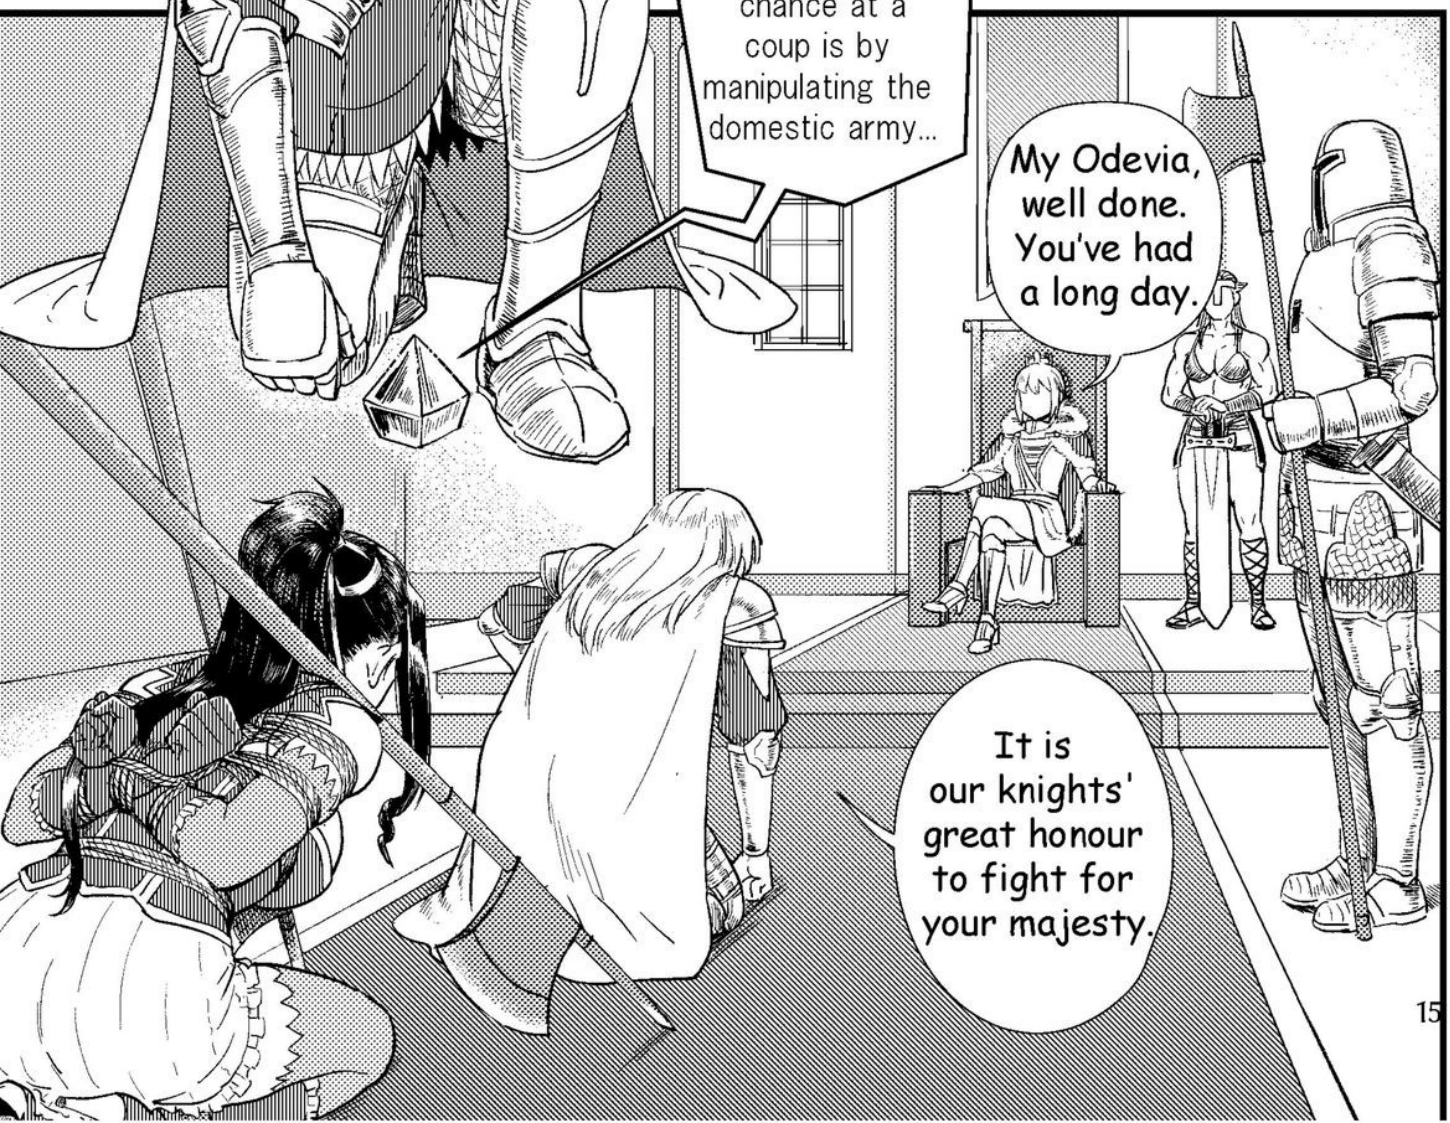

She's framing me!

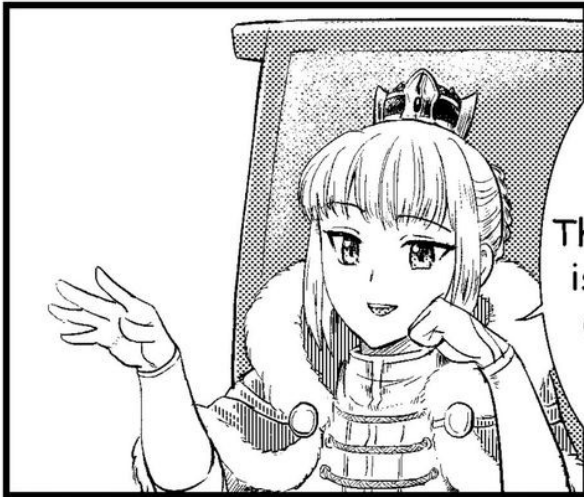

I've been wronged, your majesty! Please, let me explain!

...my only chance at a coup is by manipulating the domestic army...

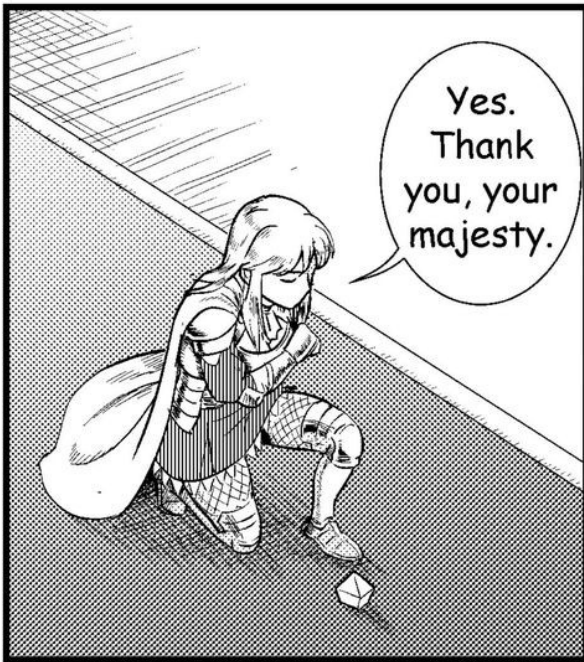

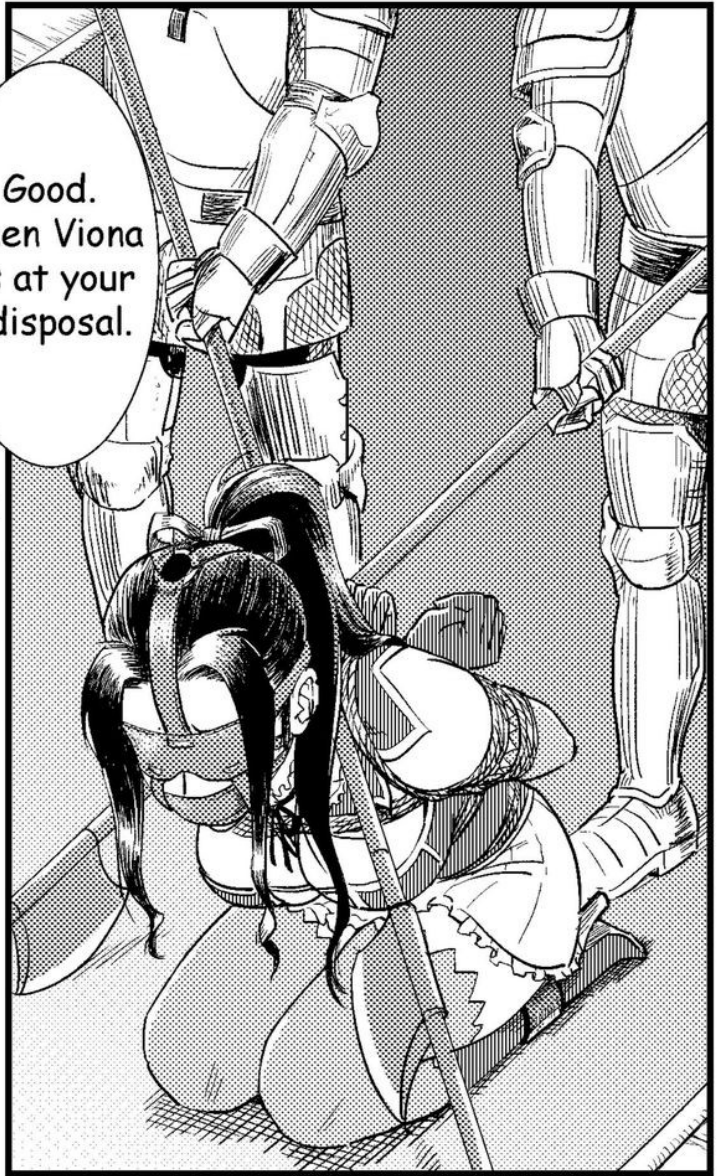

My Odevia, well done. You've had a long day.

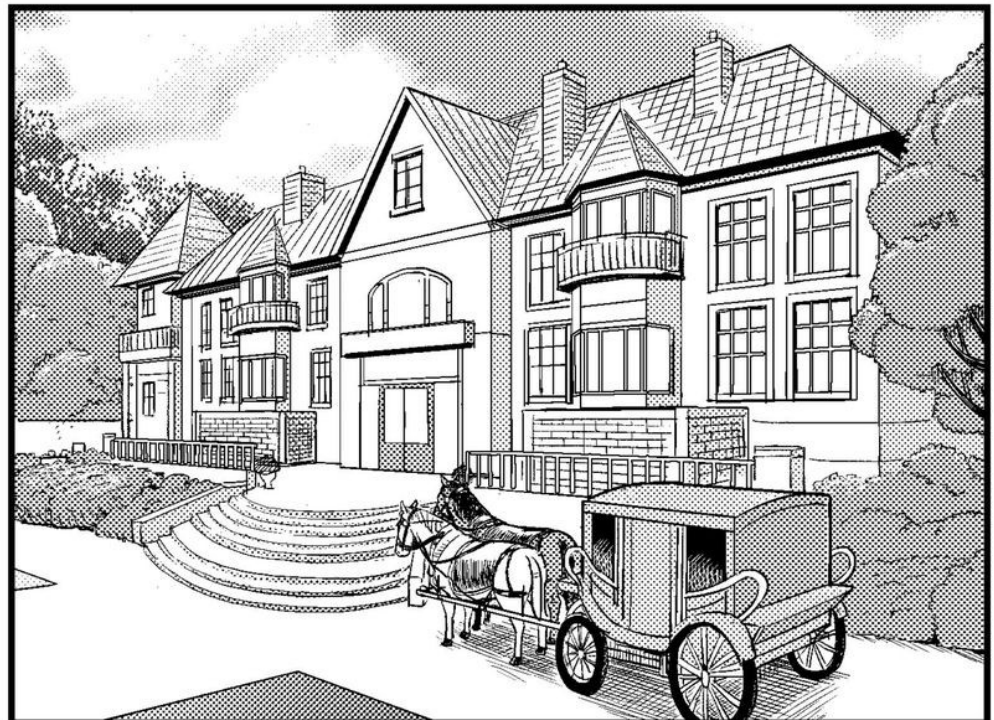

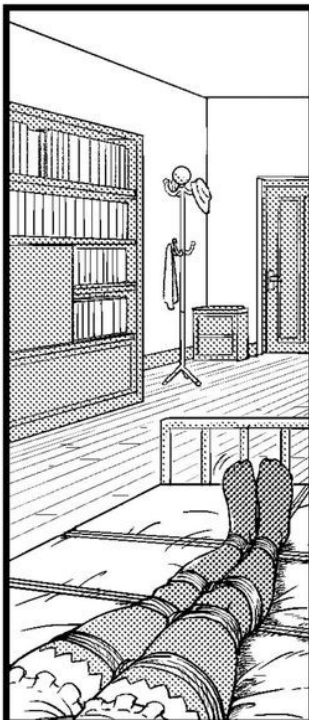

It is our knights' great honour to fight for your majesty.

Good.
Then Viona
is at your
disposal.

Yes.
Thank
you, your
majesty.

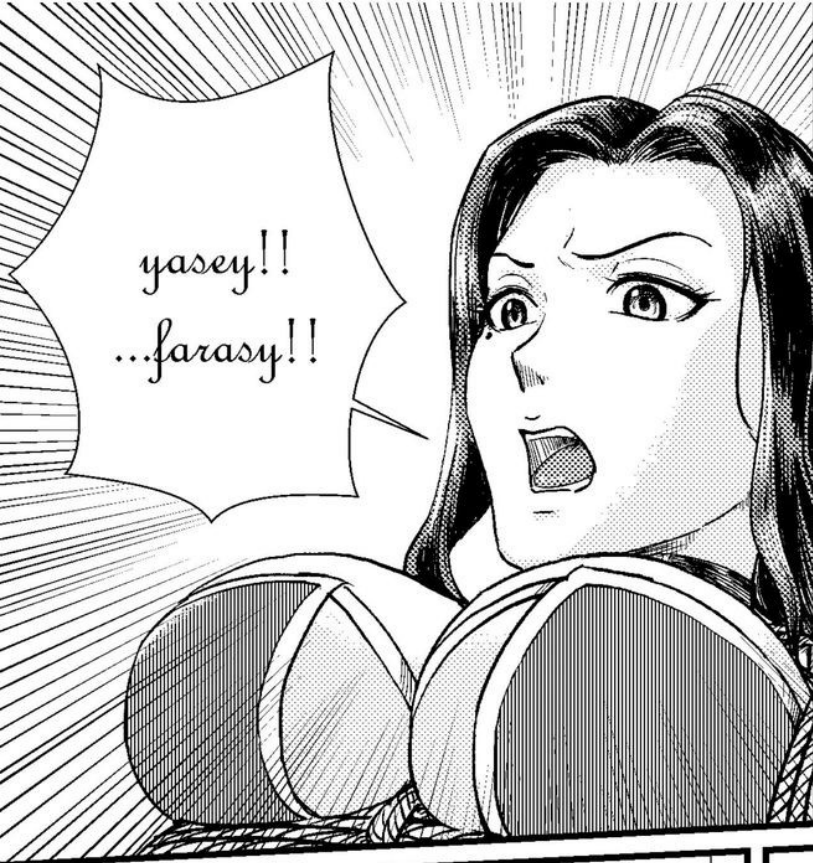

Sorry to keep you waiting~

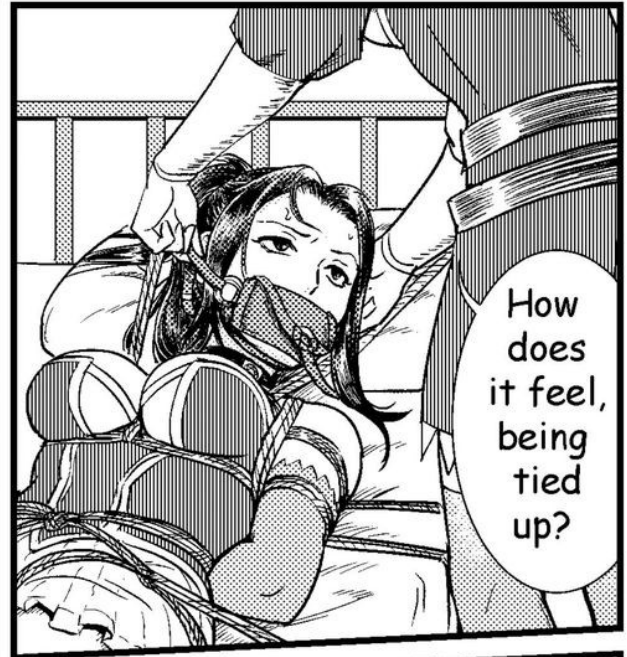

It took some time to make a proper room for you.

But it's not as comfortable there as it is here. So you needn't be in a hurry.

yasey!!
...farsasy!!

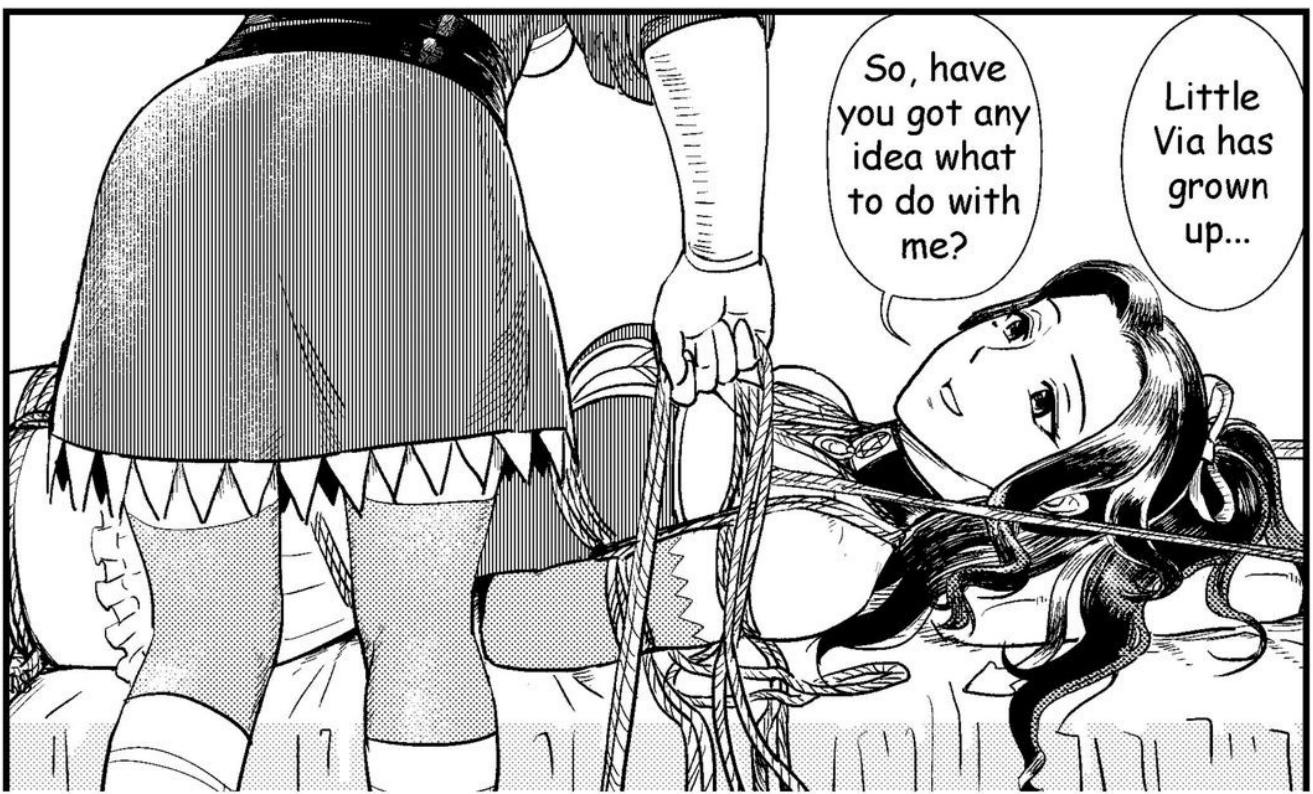

How does it feel, being tied up?

Haha...
All right, this time I've lost entirely.

Stop dreaming. That magic-sealing necklace was crafted by the guild's best mages. you have no chance.

So, have you got any idea what to do with me?

Little Via has grown up...

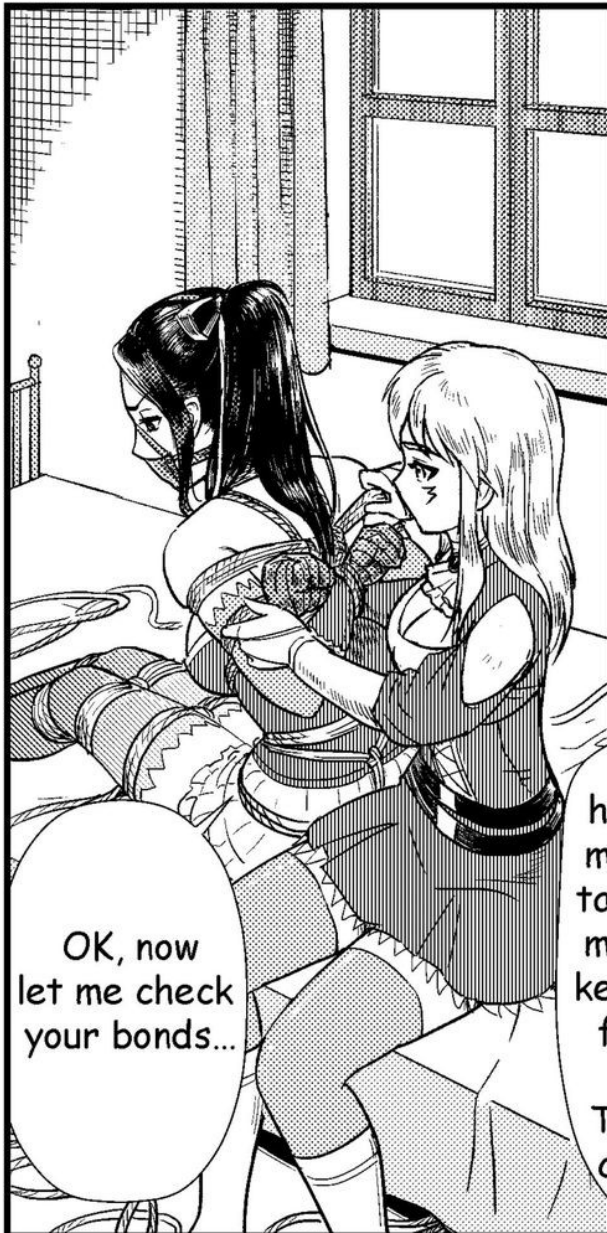

Heh.
I would actually be eager to stay with you, Via.

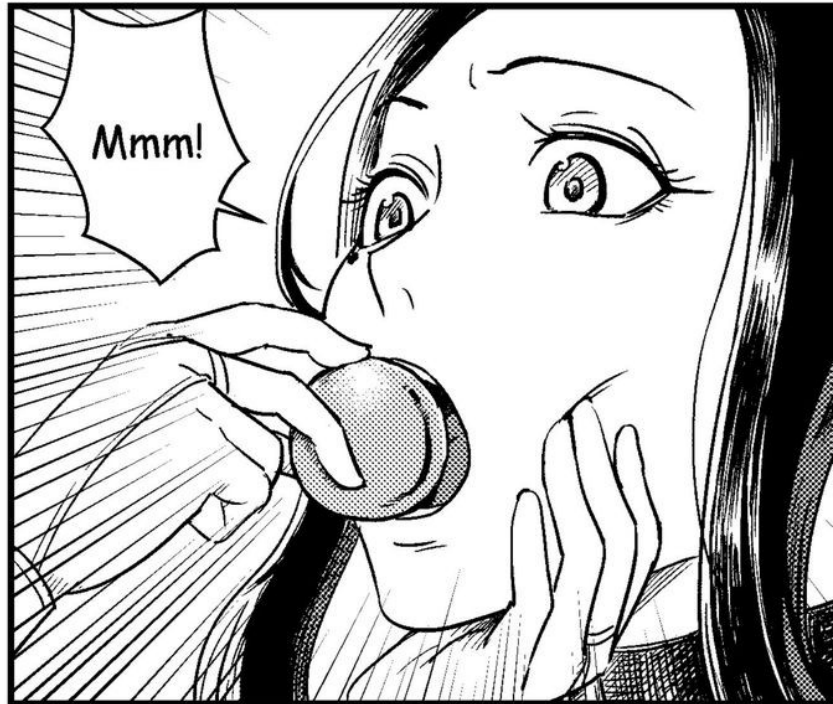

So I'll be keeping an eye on you.

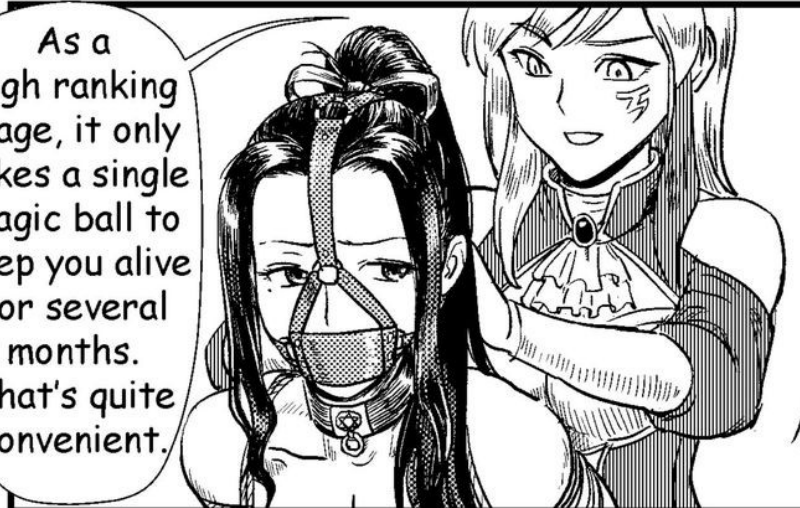

Well, ordinary cells can't keep you for long.

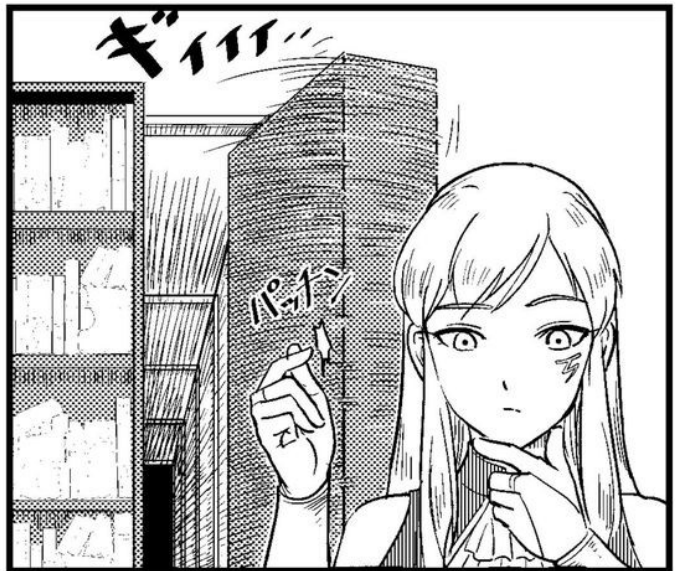

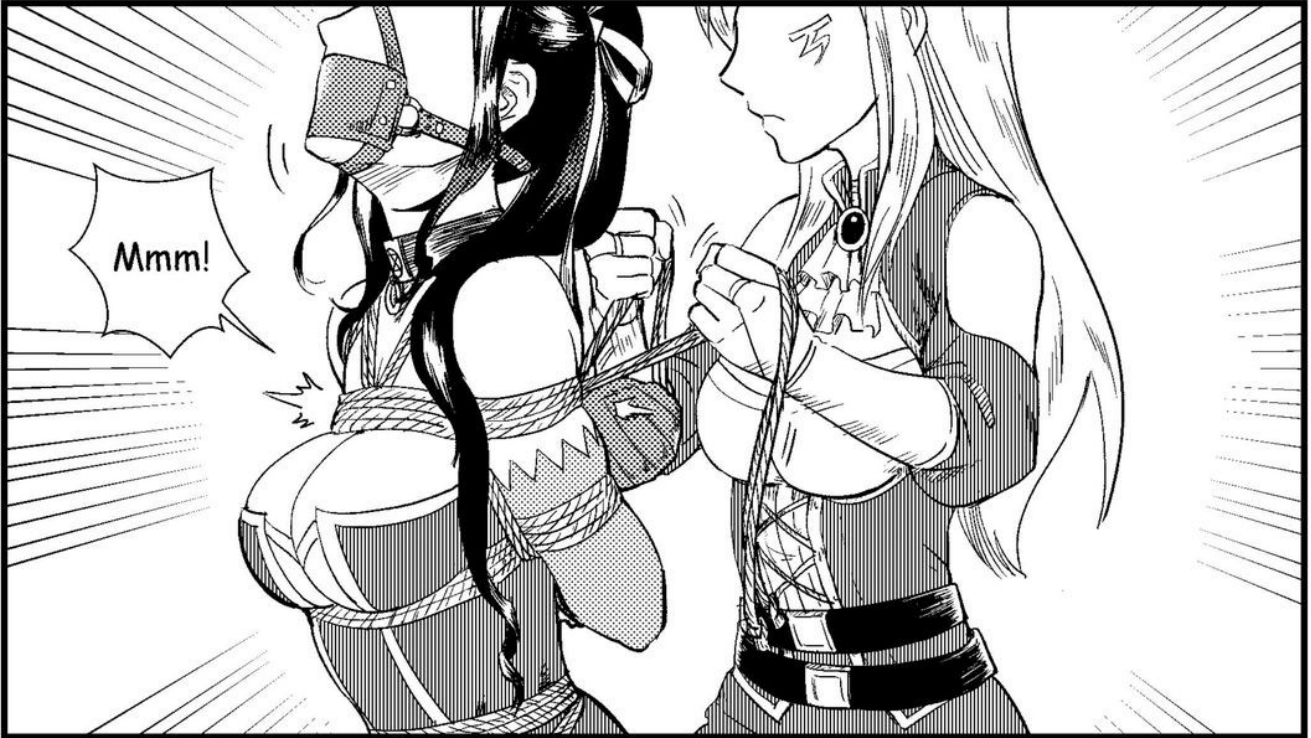

OK, now let me check your bonds...

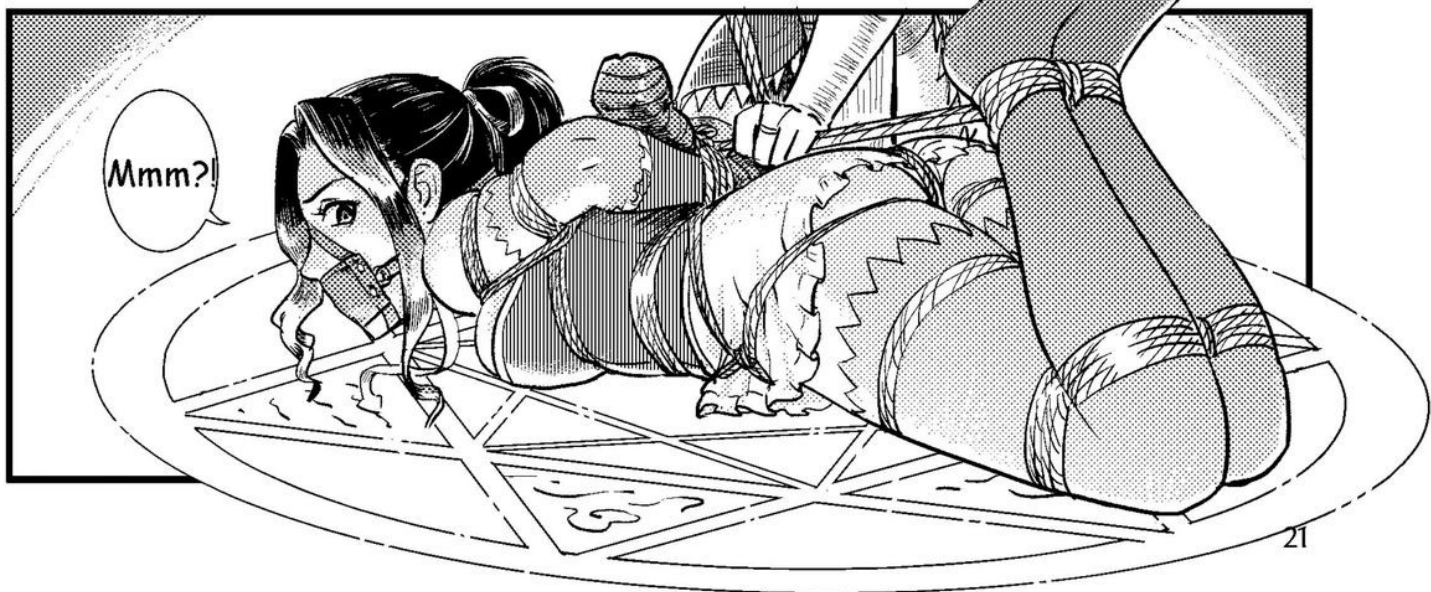

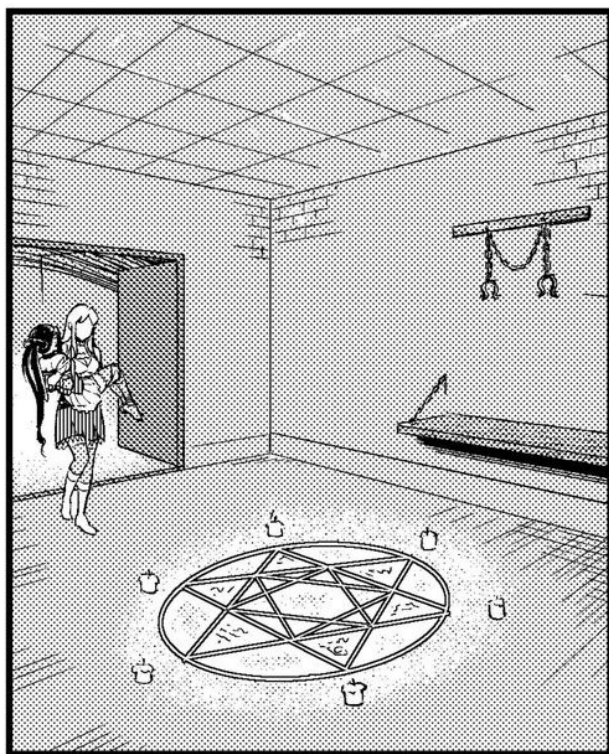

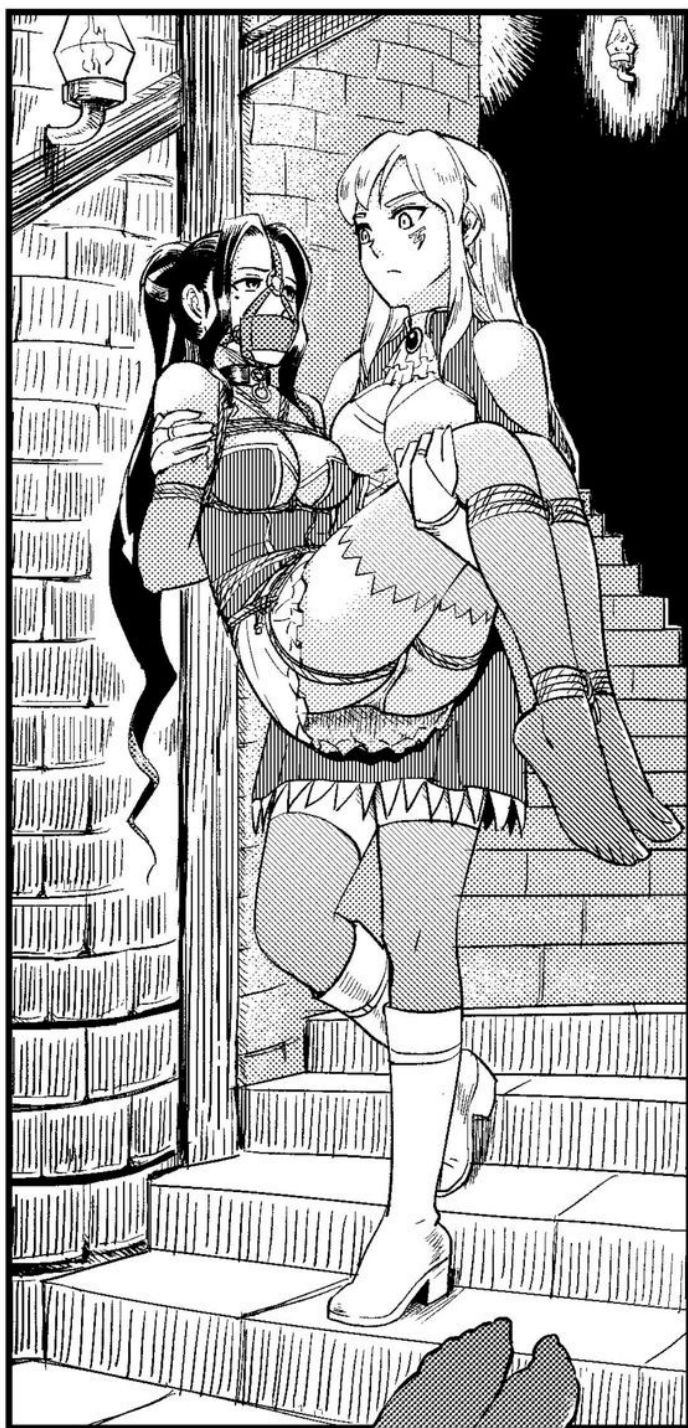

Mmm!

As a high ranking mage, it only takes a single magic ball to keep you alive for several months. That's quite convenient.

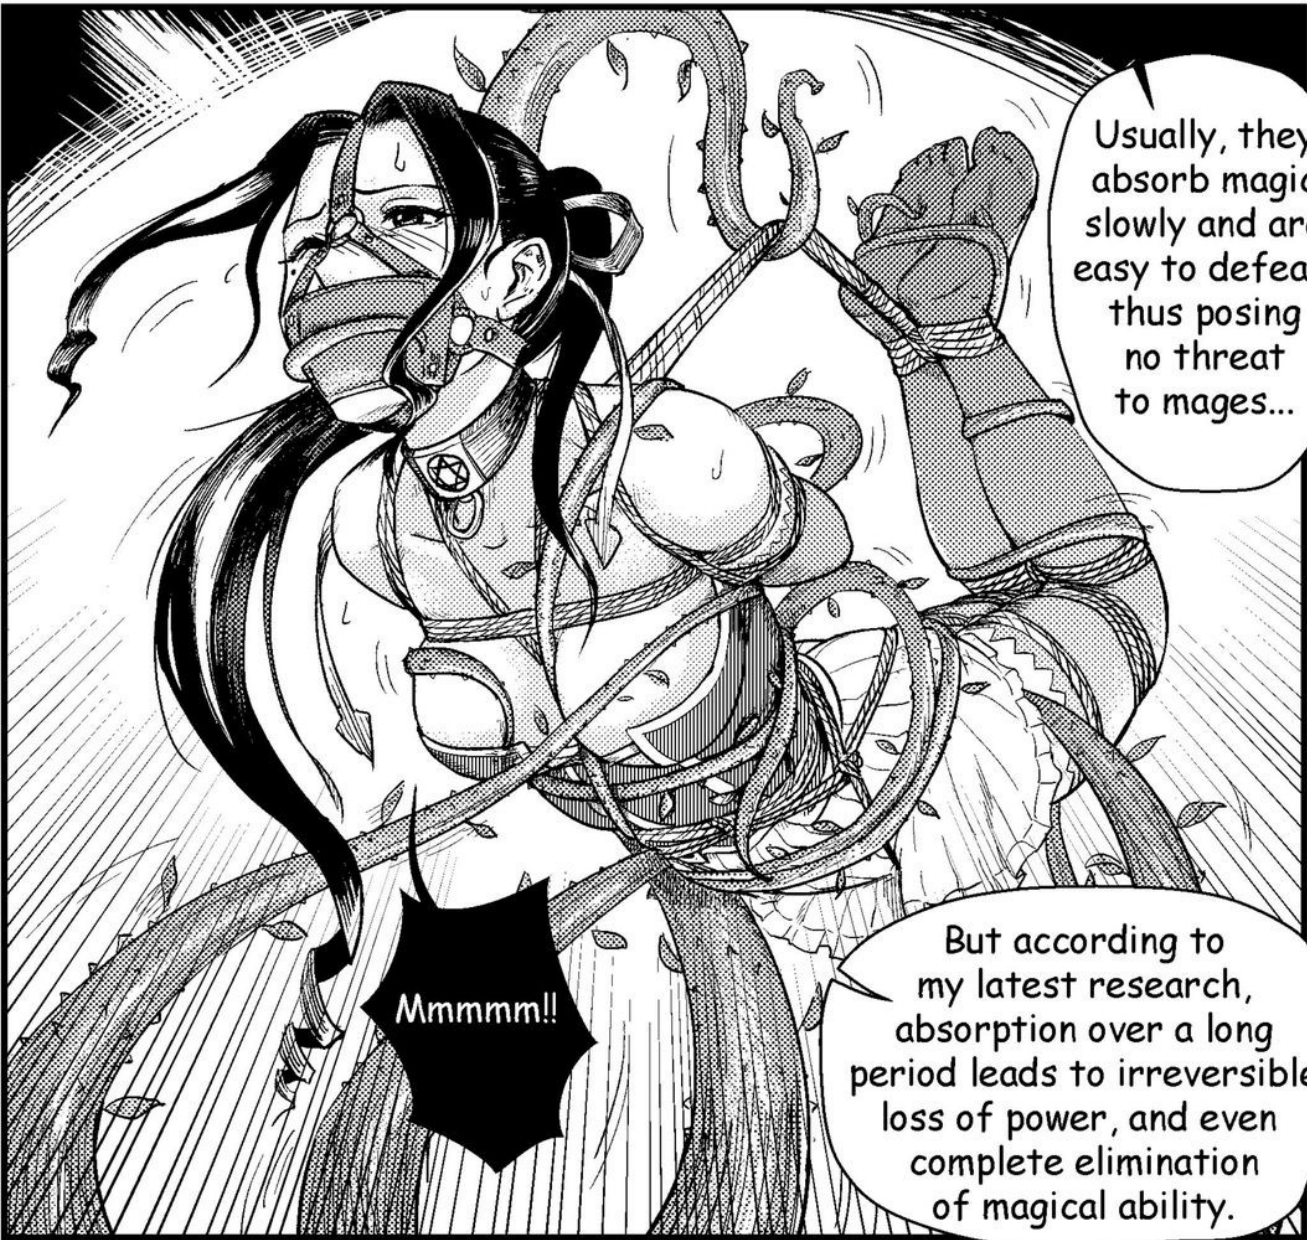

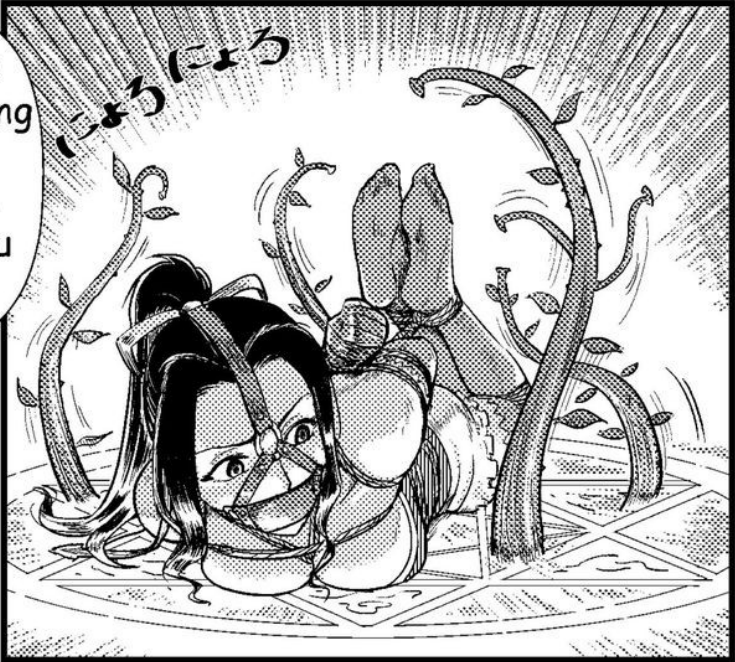

A plant that feeds on the magic inside humans.

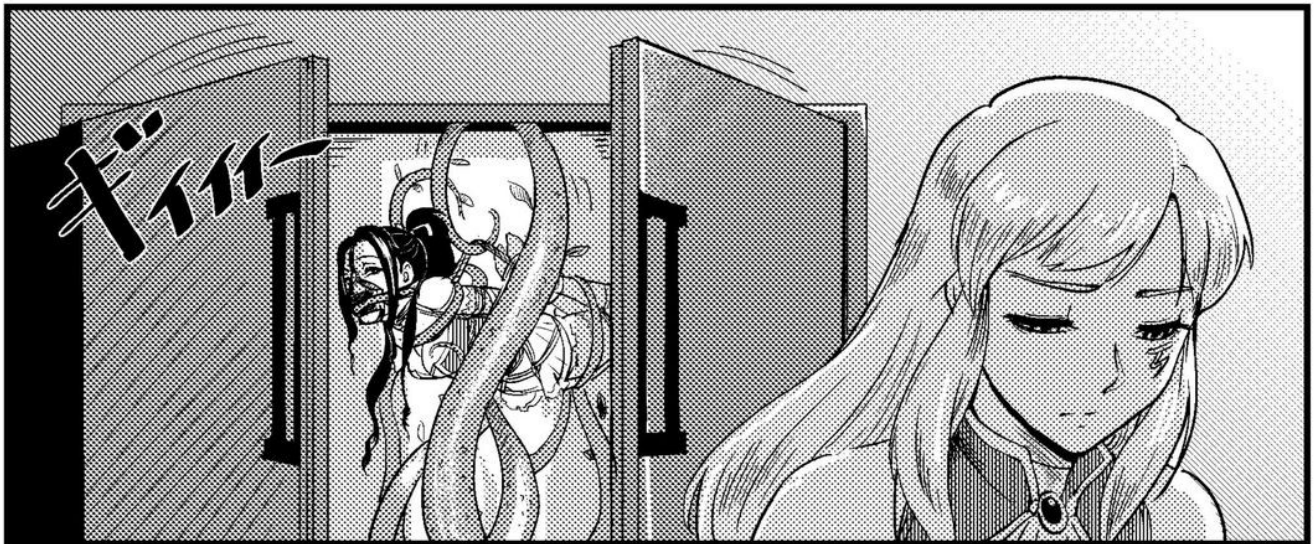

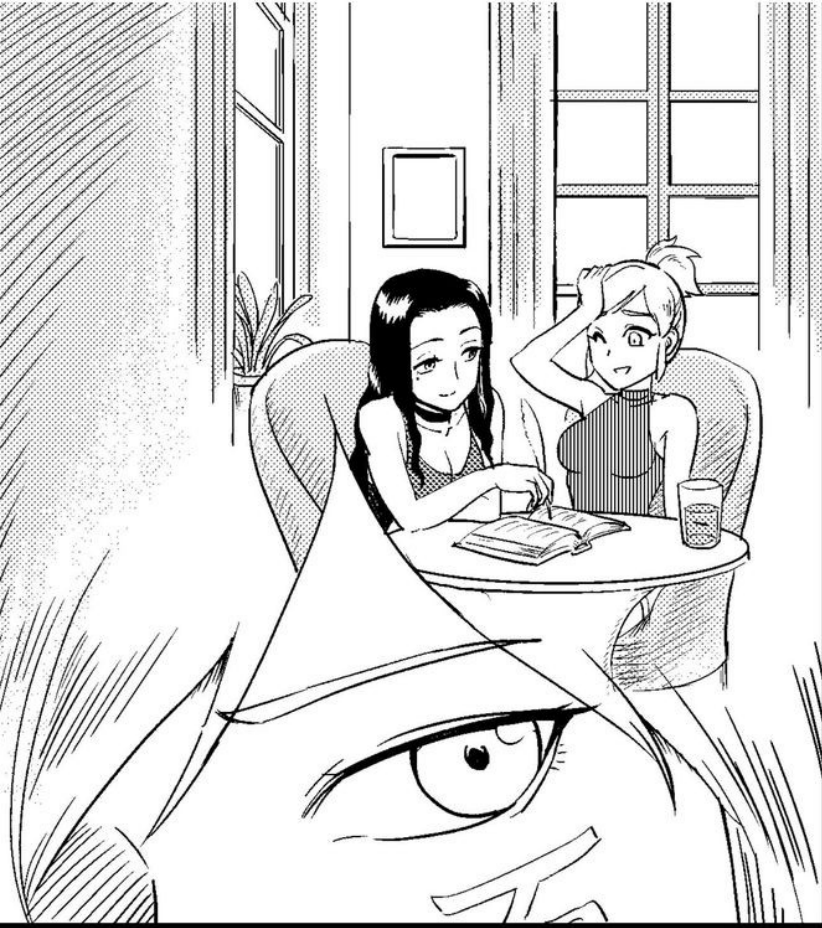

'Magic Swallowing Vine' as I'm sure you know.

Usually, they absorb magic slowly and are easy to defeat, thus posing no threat to mages...

Mmmmm!!

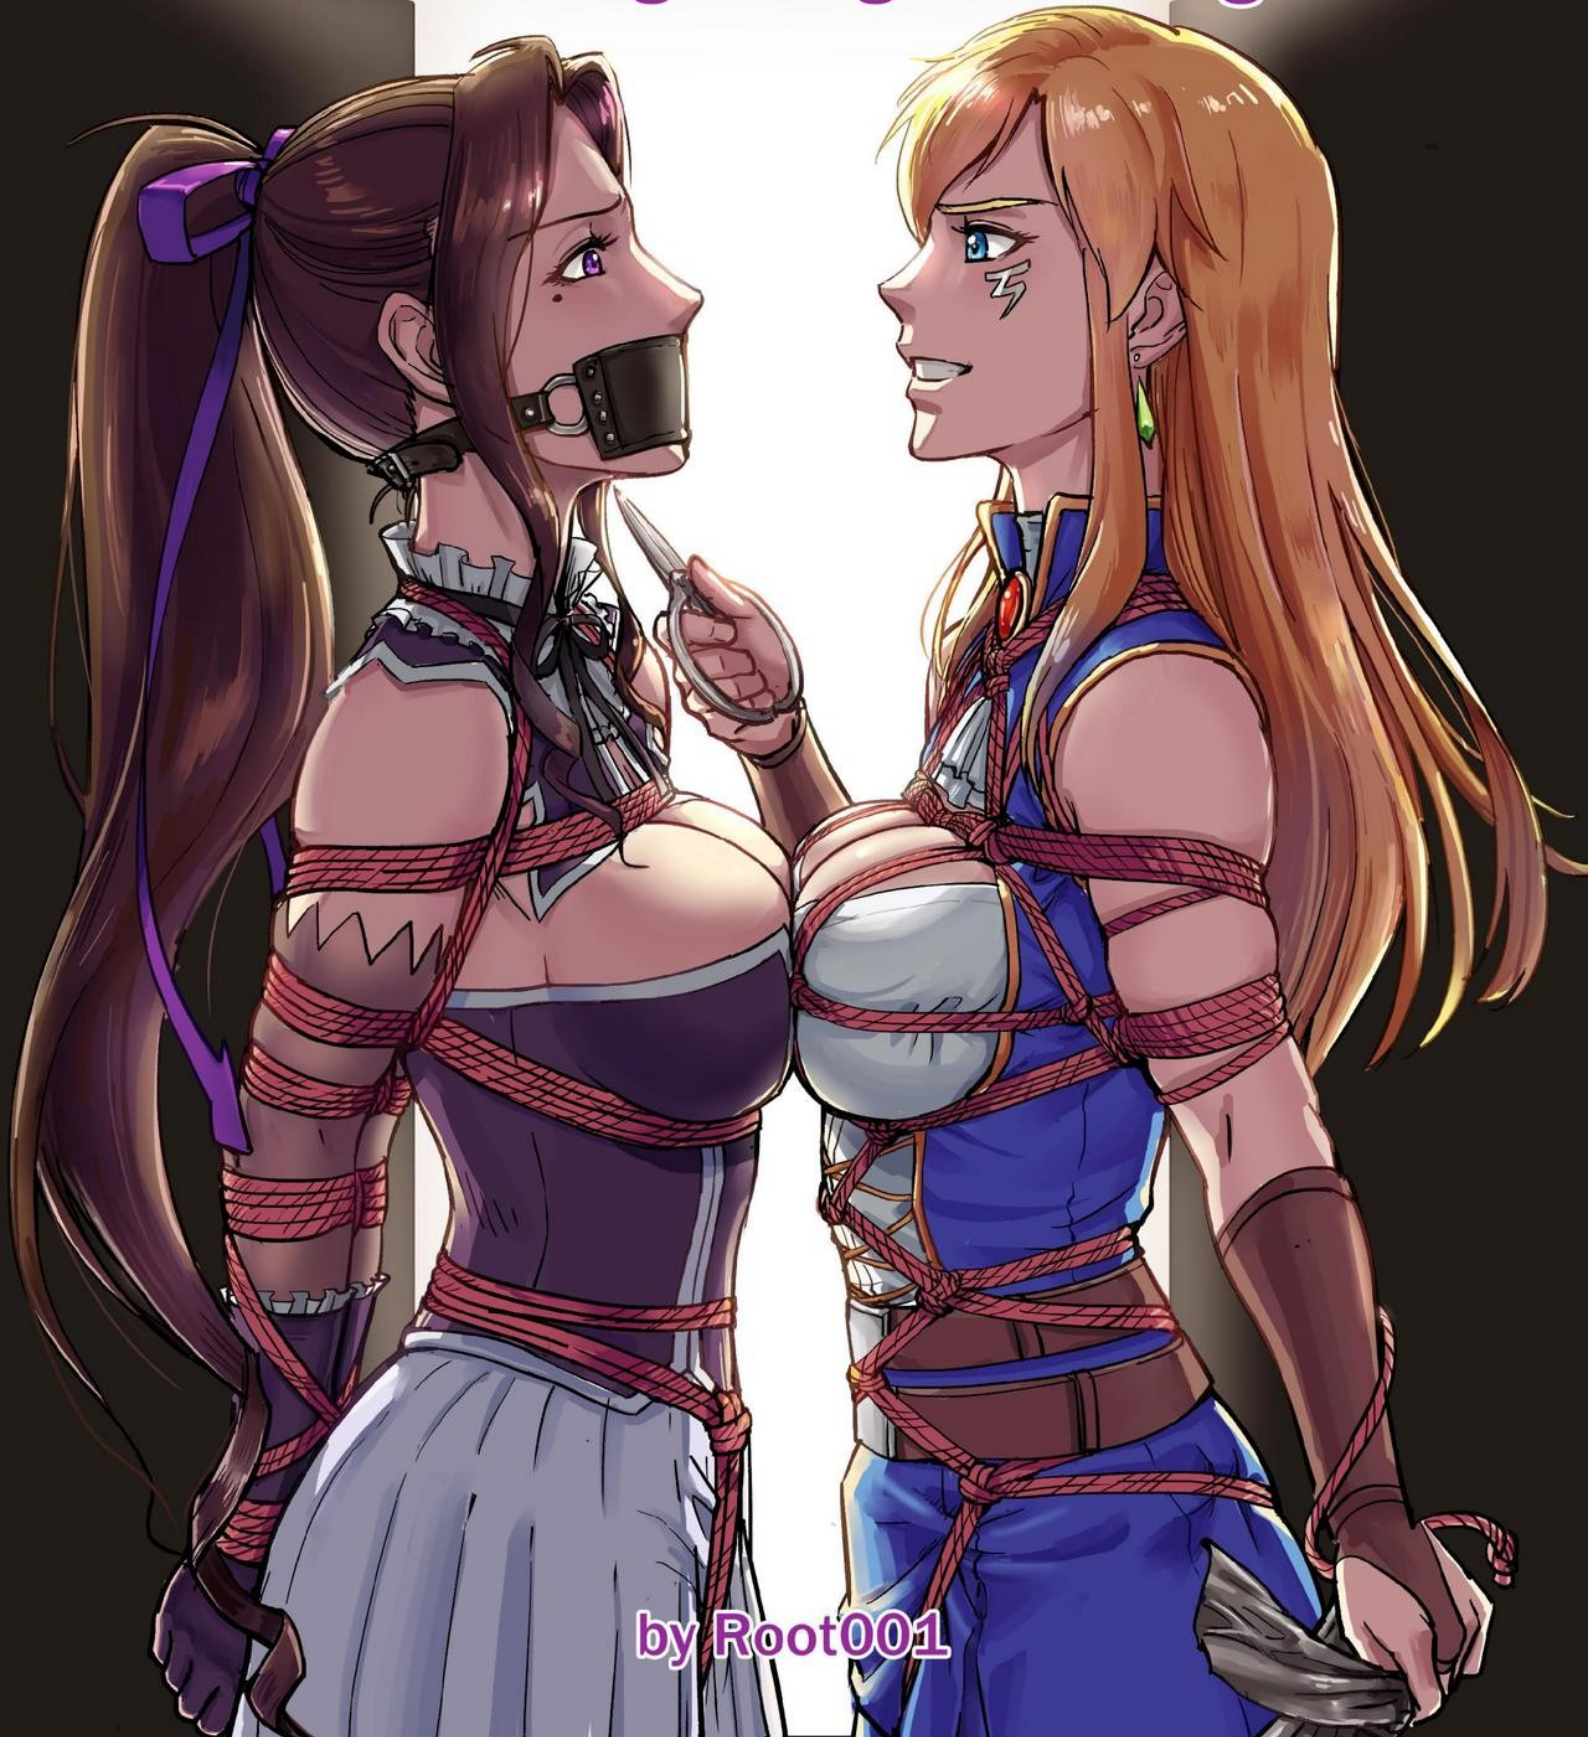

But according to my latest research, absorption over a long period leads to irreversible loss of power, and even complete elimination of magical ability.
