Hm?

Onii-chan.

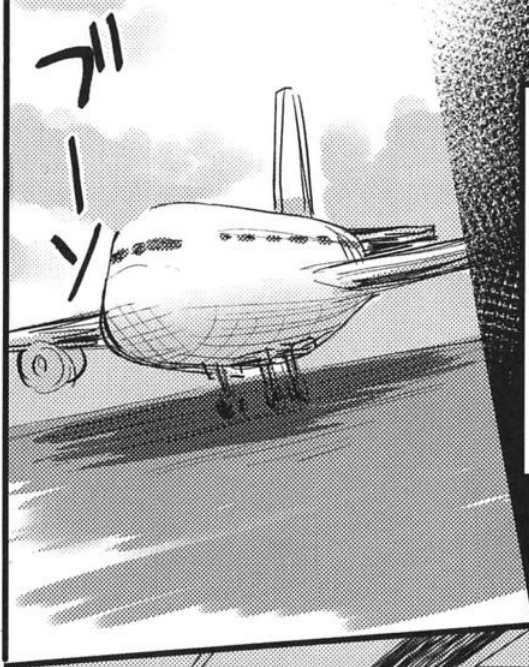

Will you always be with me?

How do you use this again?

Hm...

I don't know about that...

Okay. Let's go.

Eh?

You're unbelievable, Onii-chan ♡

How cruel How heartless can you be?

It's bad enough that you didn't come to pick up your adorable little sister. But I came in a plane! An airplane! A single middle school girl rode an airplane just to see her big brother!

I could get attacked by someone at any moment.

It's dangerous for me to walk around an unknown city at night.

Well, yeah.

It's just junk, right?

I'm fine.

Just wait in the hall for a bit.

Ah. There's a bunch of junk lying around, so I'll go clean up.

This is weird.

If he has something he's that desperate to do, he'd be better off quitting college.

Isn't that guy incredible?

So I was thinking...

Man, college is full of interesting people.

He does have a woman's possessions.

Yeah.

And it's one thing to box them up but now he's throwing them into trash bags?

Onii-chan...

Oh yeah. You want to ride a bike?

Those are super fun to ride.

Does this mean...

He doesn't seem to want to hide anything.

This is your overseas vacation after all.

How about we go somewhere tomorrow?

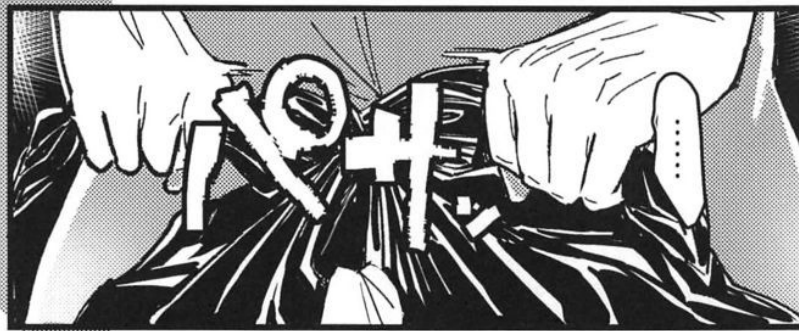

Hey.

Did someone dump you?

Oho...

I'm thirsty.

Guess I'll make some tea.

Hi, I'm Daki Makura.

This book is a first for me in many ways.

It was a real mess making this. I can't even count the number of times I've changed the lines and character names. For now at least I completed it so that's something to be happy about. I'd like to write more but the only words that come to my mind right now are words of gratitude. Thank you so much for reading my manga.

Also, I'd love to hear your thoughts and criticisms, so if you have the time, please leave a comment!

You can leave your thoughts  
and comments here.  
I look forward to it.

This plant is hardy down to  $-15\text{ }^{\circ}\text{C}$  ( $5\text{ }^{\circ}\text{F}$ ) and can therefore be cultivated in all temperate zones.

It dies down completely in winter, reappearing in late spring and flowering in summer. However, plants are widely available from nurseries in full flower from April onwards.
