\*TL NOTE: "EAT THE FLESH OF A TALENTED ARTIST" IS SOMEWHAT OF A MEME THAT MEANS, IF YOU GRILL AND EAT THE FLESH (USUALLY AN ARM) OF A TALENTED ARTIST, YOU YOURSELF WILL THEN BECOME BETTER AT DRAWING. IT'S JUST AN EXPRESSION, THE GUY IS NOT A CANNIBAL. THE VERB "EAT" BECOMES SOMEWHAT IMPORTANT LATER THOUGH, SO THAT'S WHY I TRANSLATED IT LITERALLY.

Omochibako here.

This is a new work, no salon this time.  
Thank you very much to all the people  
that give their opinion on my work, and  
to Borusen-san, who constantly surpasses  
my expectations. Thank you very much.

Borusen here.

I'm working with Omochibako-san once again.  
The things that popped into my mind while drawing  
a manga for the first time in a while is that it really  
is difficult, and that I haven't improved at all. Since I  
have some time coming up, I'd like to relearn how to  
use the drawing software from step one, heh. I'd  
like to increase the frequency at which I draw manga.  
I'd like to thank all our followers, along with the unique  
point of view Omochibako-san has when he draws an  
original work. Thank you very much.

Comments: As surreal as some of this story is, at least the above part is an accurate depiction of getting a new girlfriend. Not often you get to impregnate yourself. Sorry if the first panel on page one confused you. It's a literal translation, and there wasn't much else I could've used in terms of English phrasing because the entire body combining thing was a play on the shower head misunderstanding what the MC meant by "eat." "Eat" can also be used as an innuendo for sex, similar to the phrase "gobble you up." IIRC, the Japanese meme started when some excellent artist shared a picture of him eating grilled meat (yaki niku), and people kept saying that eating grilled meat would make you better at drawing, but then some comments said to just eat the grilled artist's "meat" (flesh) instead and that would give you artistic powers. This was like five years ago, but I'm pretty sure that's how it went down.
