

I'M TERRIBLY SORRY, BUT THE
4TH ADVENTURE LOG SEEMS TO
HAVE DISAPPEARED

Sistina, a former member of the Hero's party, is taking care of everyone and teaching them white magic.

All the students are pubescent boys ordered by Sistina to abstain from any sexual activity, but her extensive body contact has them nearly exploding.

Two of the students, Zash and Neil, read in a book about succubi and suspect their teacher is being controlled by one. They decided to visit the ruins deep within the mountains.

Zash is captured by the succubi and forced to witness Neil being raped over and over.

Right when Zash is about to be raped as well, Sistina's figure appears among the succubi...

CHARACTERS

One of the students in Sistina's white magic class and the best fencer of them all.

According to an adventurer's book he read, their own excitement and Sistina's strange behavior can be attributed to succubi. When he heard some classmates were visiting a den of succubi, he decides to go and exterminated them himself but they turned the tables on him. He likes Sistina.

Another student of Sistina's white magic class. He follows his classmate Neil into the den of succubi because he's curious about demons that specialize in sex and he gets captured along with him. He likes Sistina.

Former adventure companion of the Hero, she was in the party that defeated the Demon Lord. She's currently teaching white magic to a boys-only group she assembled herself.

She ordered her students to observe sexual abstinence, but at the same time she drives the pubescent boys mad by wearing provocative clothes and constantly looking for body contact. They all secretly want to be with her, and most definitely masturbate to her.

When charmed by the two loli succubi, Hill the Hero whispers: "This is nothing compared to Sistina...", which speaks volumes about what kind of things went on during their adventures.

*Digital version of "I Regret to Inform That The Adventure Log Seems to Have Disappeared" available for purchase.

Succubi

They're beautiful and charming demons, but low class succubi don't have names. Being low level doesn't make them any less dangerous though: they can drain the victim's energy through sex, and drain their level with a kiss while robbing them of their knowledge and memories as well.

They make the prey lower his guard with sweetness and kindness, but it's really just something akin to readying their meal. Their energy drain milks the victim's life together with his semen, giving him extremely intense pleasure in return. This creates a dependence in the victim.

The corpses of the victims are very rarely found, which makes discovering their hideouts difficult, unless one chances upon someone who's developed a dependence on them. Some speculate that succubi never leave proof behind because they consume the entire body of their victims, but this clashes with the fact that they seem to lack a "mouth" capable of consuming such large prey. The matter is shrouded in mystery.

I SEE NOW.

S-SOMEONE WHO DEFEATED THE DEMON LORD AND FIGHTS FOR JUSTICE SHOULDN'T USE WHITE MAGIC FOR SOMETHING LIKE THAT!!

SEX WITH A COPY OF ME!?

FEARED FAR AND WIDE AS "THE DEADLY DEMON LORD SLAYER," HE STILL KEEPS TOILING AS "THE MAN WHO WILL SAVE OUR COUNTRY ONCE AGAIN" EVEN THOUGH THEY CONFISCATED ALL HIS POWERFUL WEAPONS AND ITEMS, AND WILL CONTINUE TO FIGHT DEMONS TILL THE END OF HIS DAYS.

BECAUSE OF HIS DEED, THE PEOPLE AROUND HIM STARTED CALLING HIM HERO. THAT MONIKER WOULD BECOME THE CHAINS THAT BOUND HIM FOREVER.

ON HIS RIGHTEOUS QUEST TO DEFEAT THE DEMON LORD, HE OBTAINED POWERFUL EQUIPMENT AND ITEMS BY RANSACKING PEOPLE'S HOUSES... HE WAS AN OUTLAW WHO LOVED CRUSHING HIS ENEMIES WITH SHEER STRENGTH.

Sistina can only think about her pursuit of pleasure, and after having achieved white magic powerful enough to take down the Demon Lord, she decided to simply act upon her desires no matter the price... and yet I don't think she's a bad person! Is she...? If she was your ally, you couldn't ask for a more reliable white mage, right?

The Hero mentioned in the story first appeared in "I Regret to Inform That The Adventure Log Seems to Have Disappeared," available digitally. In it, the twin succubi Lilin and Lilim rape the Hero who is strong enough to defeat the Demon Lord. It was originally submitted and published in a commercial manga, but this new digital version has higher quality and a few fixes to the dialogue so it could better fit into the series.

The Adventure Log series is told from the point of view of many characters and I'm trying to make it so even a single issue can be enjoyed on its own, but I think you will enjoy it even more by reading the others as well.

They're all available for purchase digitally, so if you're interested, I'd be happy if you checked them out.

Who knows what Sistina is scheming, and what will happen to Zash and Neil next...
