Deep in the Spider Swamp

Why did Drakosm come to such a place?

Secretion is everywhere on the ground, fucking disgusting.

The place mentioned in the letter should be here, yet his Ares like breath can't be felt nearby, Only inferior demons' rotten smell fills...

Really filthy, I have to bath for a whole day.

Highest Imperial Priest

**Silvdawn**

Talent: SS

Level: 80

The deeper I reach, the more powerful this wired energy becomes... quite strange, monsters higher than level A are not reasonable to appear here.

...

The ground is damn nasty, the secretion saturates my shoes ...

Where could Drakosm possibly be... no more socks could assist me to continue, how dare they order me to such a place.

Anyway, is this the white flow excreted by spiders? Aphrodisiac smell volatilizes into the air. When did Spidermons become so sticky? Like lubricant, flows everywhere...

Get rid of me...

Shit, getting worse...

Silvdawn...

?!

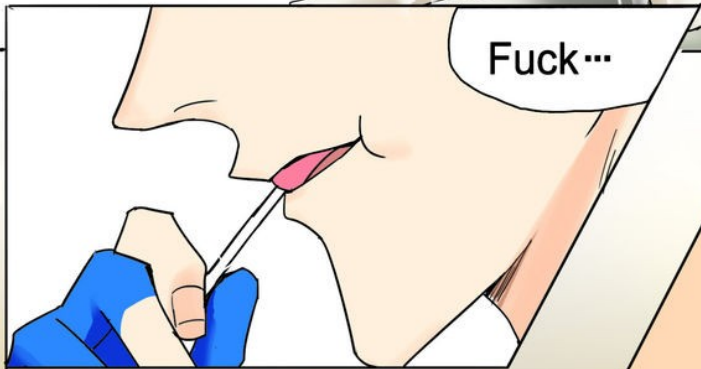

Silvdawn ...

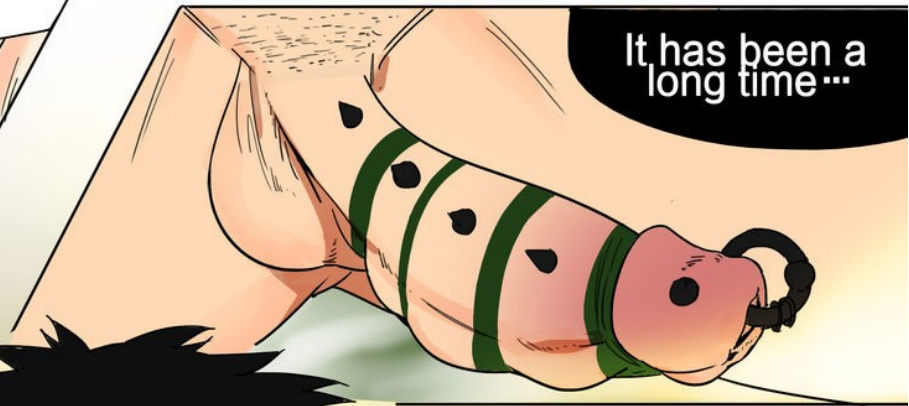

Hum hum

...?

Fuck...

It has been a long time ...

You grow taller...

Hum..

Indeed, bro Drak. But brother, what are you doing?

Hum... can't you see?

I have made a deal with the Spidermons, I swear to pledge my body to them, hum... now, who I am loyal to is master Spidermon.

Besides, I have got favored by Spider Mothers, look... they are so eager to copulate with me...

It's so... so comfort..able... hum... many girls loved me secretly when I was in the Knights, and I am also attractive here..

Former Dragon Knights  
Commendatore

**Drakosm**

Talent: SS→F

Level: 75→2

Grunt

Look, so.. so many spider eggs are laid inside my intestine.. so warm..

I help those eggs assimilate my nutrient as much as they could... in order to reproduce more offspring of Spidermons...

Hum...

Is that awesome that my body is used like this?

After being reformed by lord Spidermon, I became... a spiders' spawn machine... hah

I don't know how lord Spidermon will do next to transform my body... hum, my penis is getting itchy while I am imagining this...

Bro Silv, what if the Knights see what I become now? What will they say?

They may think I was condemned by some super curse, haha,

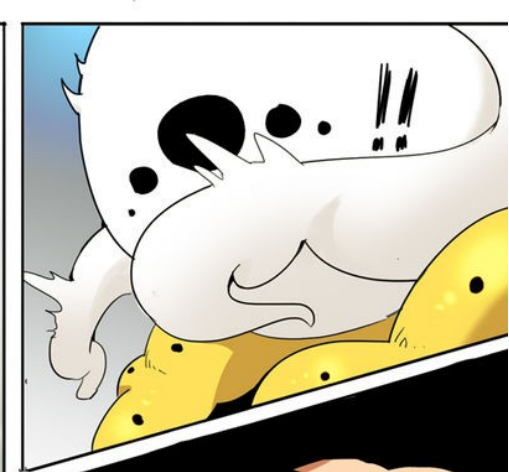

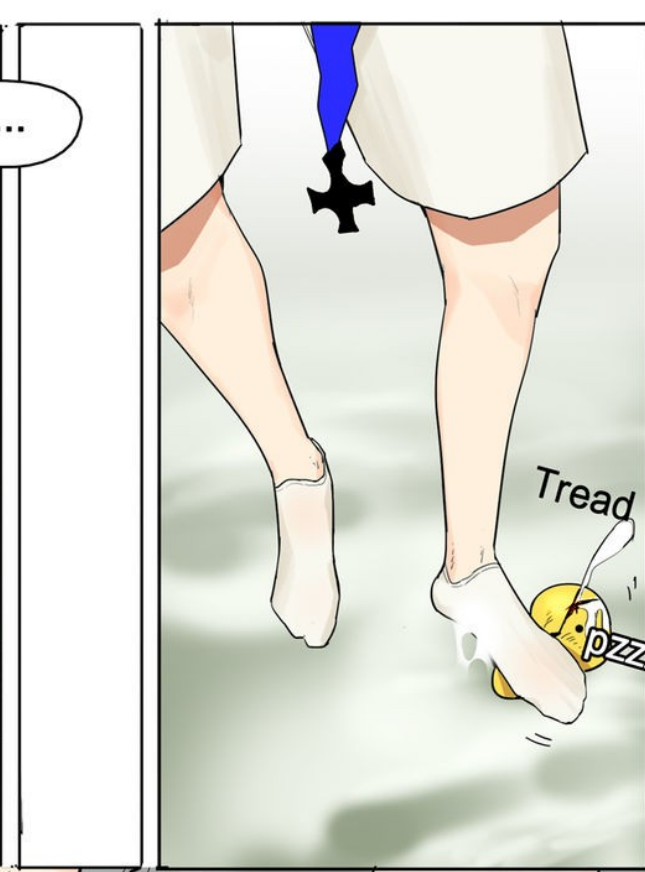

slide

They can never imagine that it is my own willing, my own willing to contribute my supreme talent to the Spidermons, to exchange my permanent loyalty to them... so that I can degenerate to become one of them, even a pity scum... for such primal libido, is... so inevitable.

wriggle

wriggle

Only think about copulation, reproduction... exhaust my power, without reason, without thinking, hum... what about vanishing the last defense in my brain, and let demons' excretion corrupt my cranial nerves, then I can be a real demon.. haha

The bitch spider in the back, get lost now if you want to survive.

You are really having fucking fun here? Umm?

stop

What is the fucking dirty tattoo on you?

People with SS talent are that rare in the Empire and you use it to help those inferior demons to birth junks?

Warm cure

Vanish

Bro Drak you were so welcomed in the Empire. Do you know how many trainees want to become a Dragon Knight including those girls? What? you are getting tired playing the role of a star?

I look down upon everyone in the Knights, only you could make me voluntarily be your private healer for three years. You had so many hard missions which required my cure that I didn't have time to have girlfriends. Did I breach my duty or, just because you don't want to obey me? Why not tell me before that you like these exciting funs? Umm? I could never have let you reach such a place.

Imagine how bitchy your dick is?

What will those Knights girls who love you secretly think when they are staring at your bitchy shape? Umm?

Umm?

Come here

my foot soles are filled with the sexual liquid made by your fucking copulation.

My brother, don't you like to be a bitch? What should you do when your little brother's socks get dirty? Would you like to clean them with your tongue?

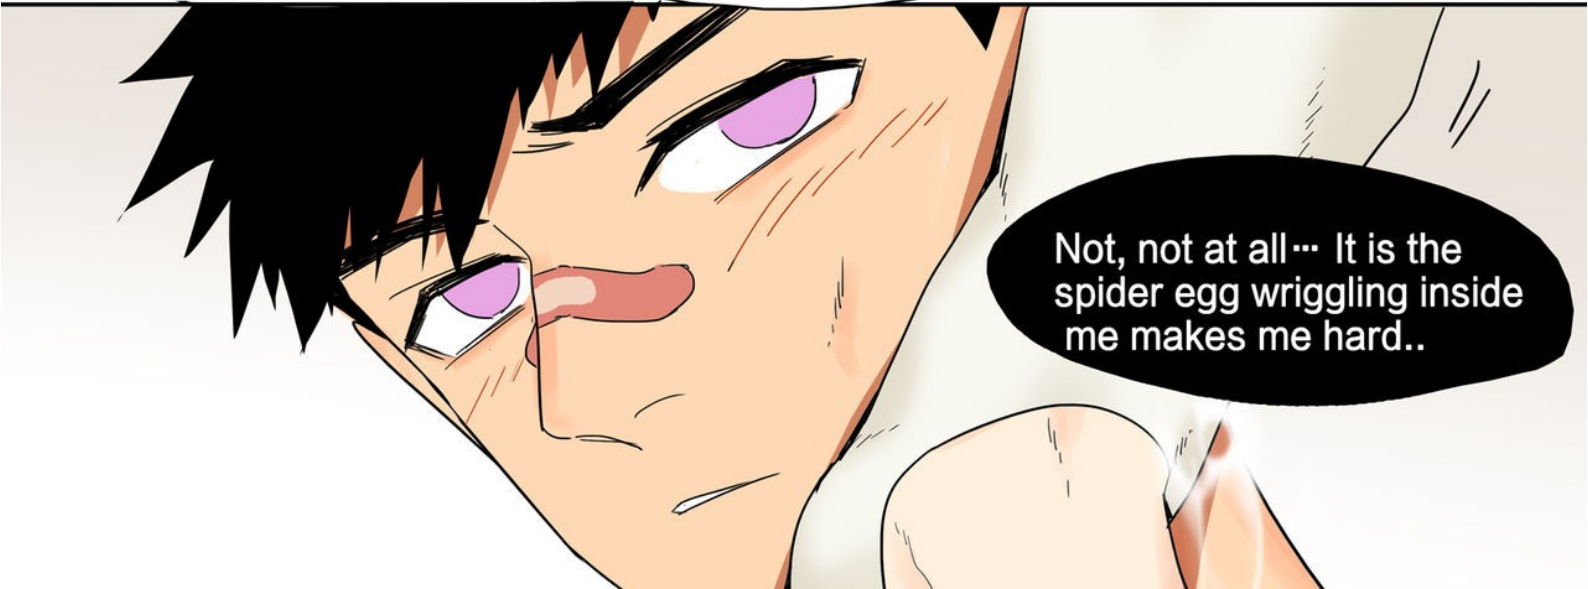

Open the mouth.

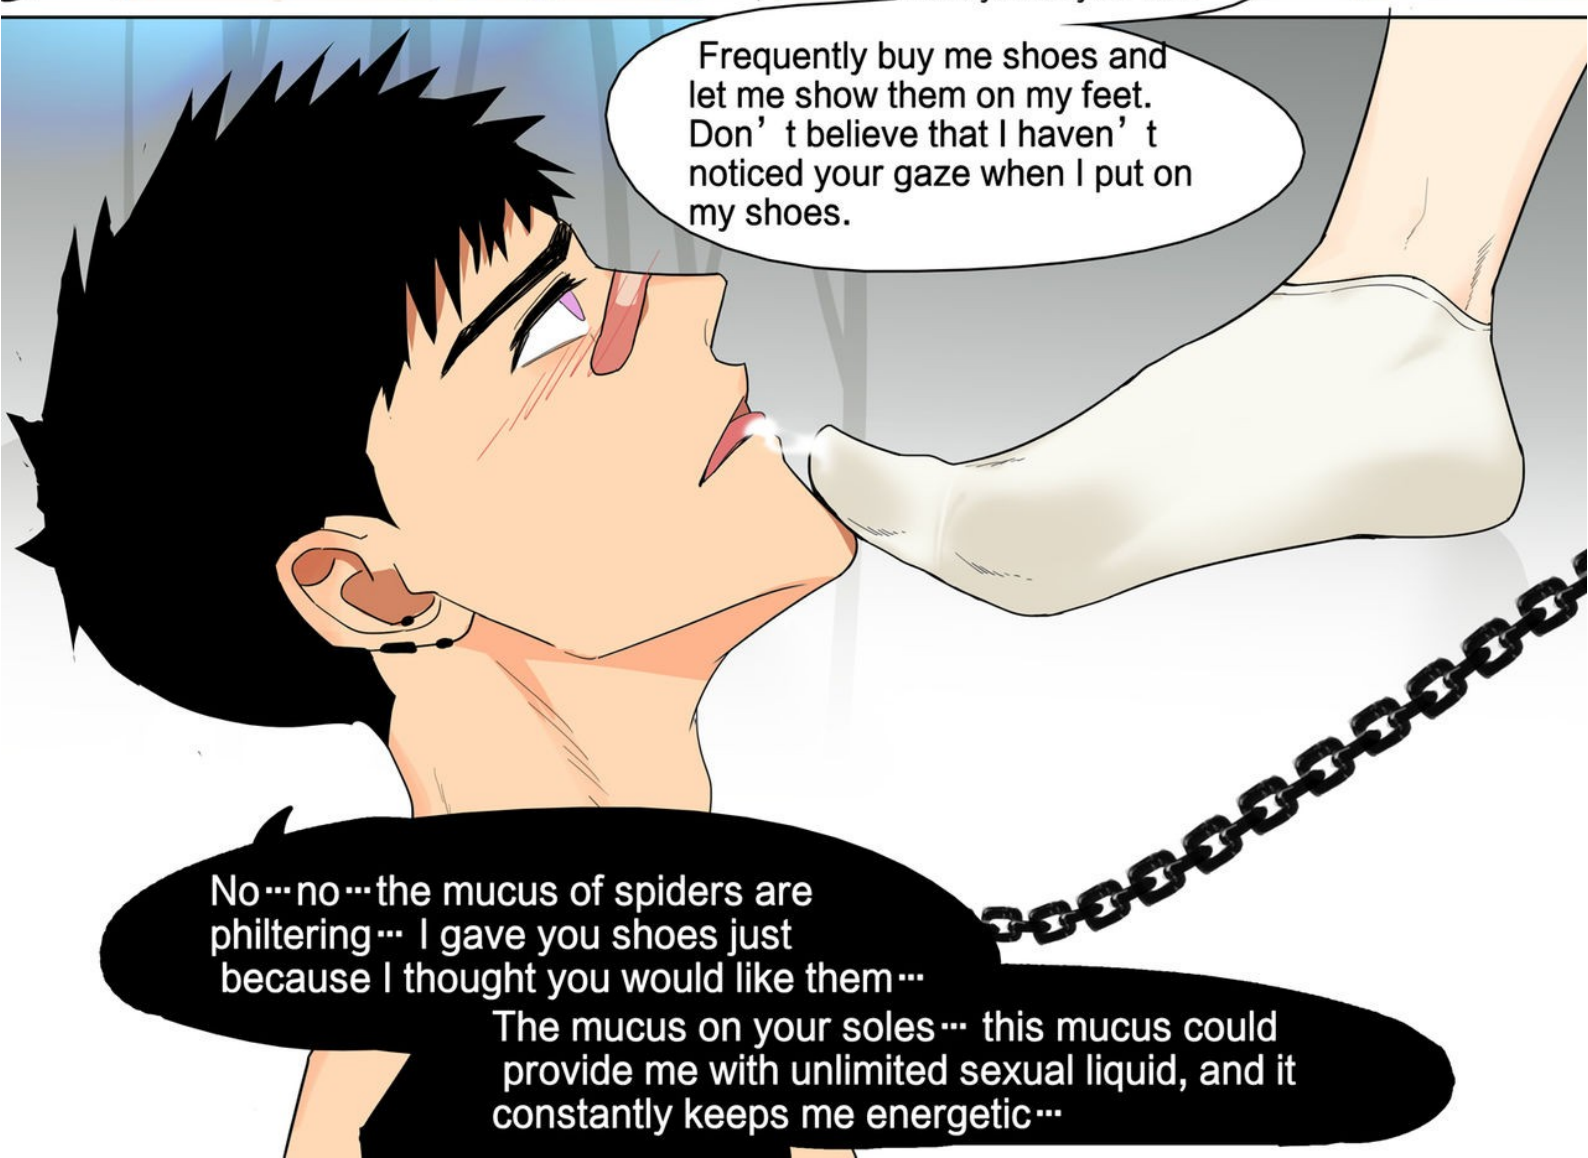

put your tongue out

Don't be shy, your face always turned red when I healed you. What a shame, boys are not my favor, or I could have fucked my so sexy Bro Drak so long ago.

Look at your doggy dick, it can't help trembling when you are tasting my foot sole. You must have imagined tasting it long before right?

Not, not at all... It is the spider egg wiggling inside me makes me hard..

Really? But any filth touching my body shall be purified. Now the mucus on my soles is just normal.

There is no need to be shy if you admit that you are eager to taste my feet, brother.

I am so willing to treat you as a porny dog

put off

Moreover,

how could the secretion from those nasty monsters be more attractive than the one from me?

As a high priest, my semen, my urine and my sweat are all with more advanced life energy. Let me feed you my sperm every day for your lowliness.

Get.. get away,

You don't like semen? What about your little brother's pee? Or lick my sweat after my daily exercise? You must aware that they can cure any disease that others are impossible to drink them.

Rumbling---

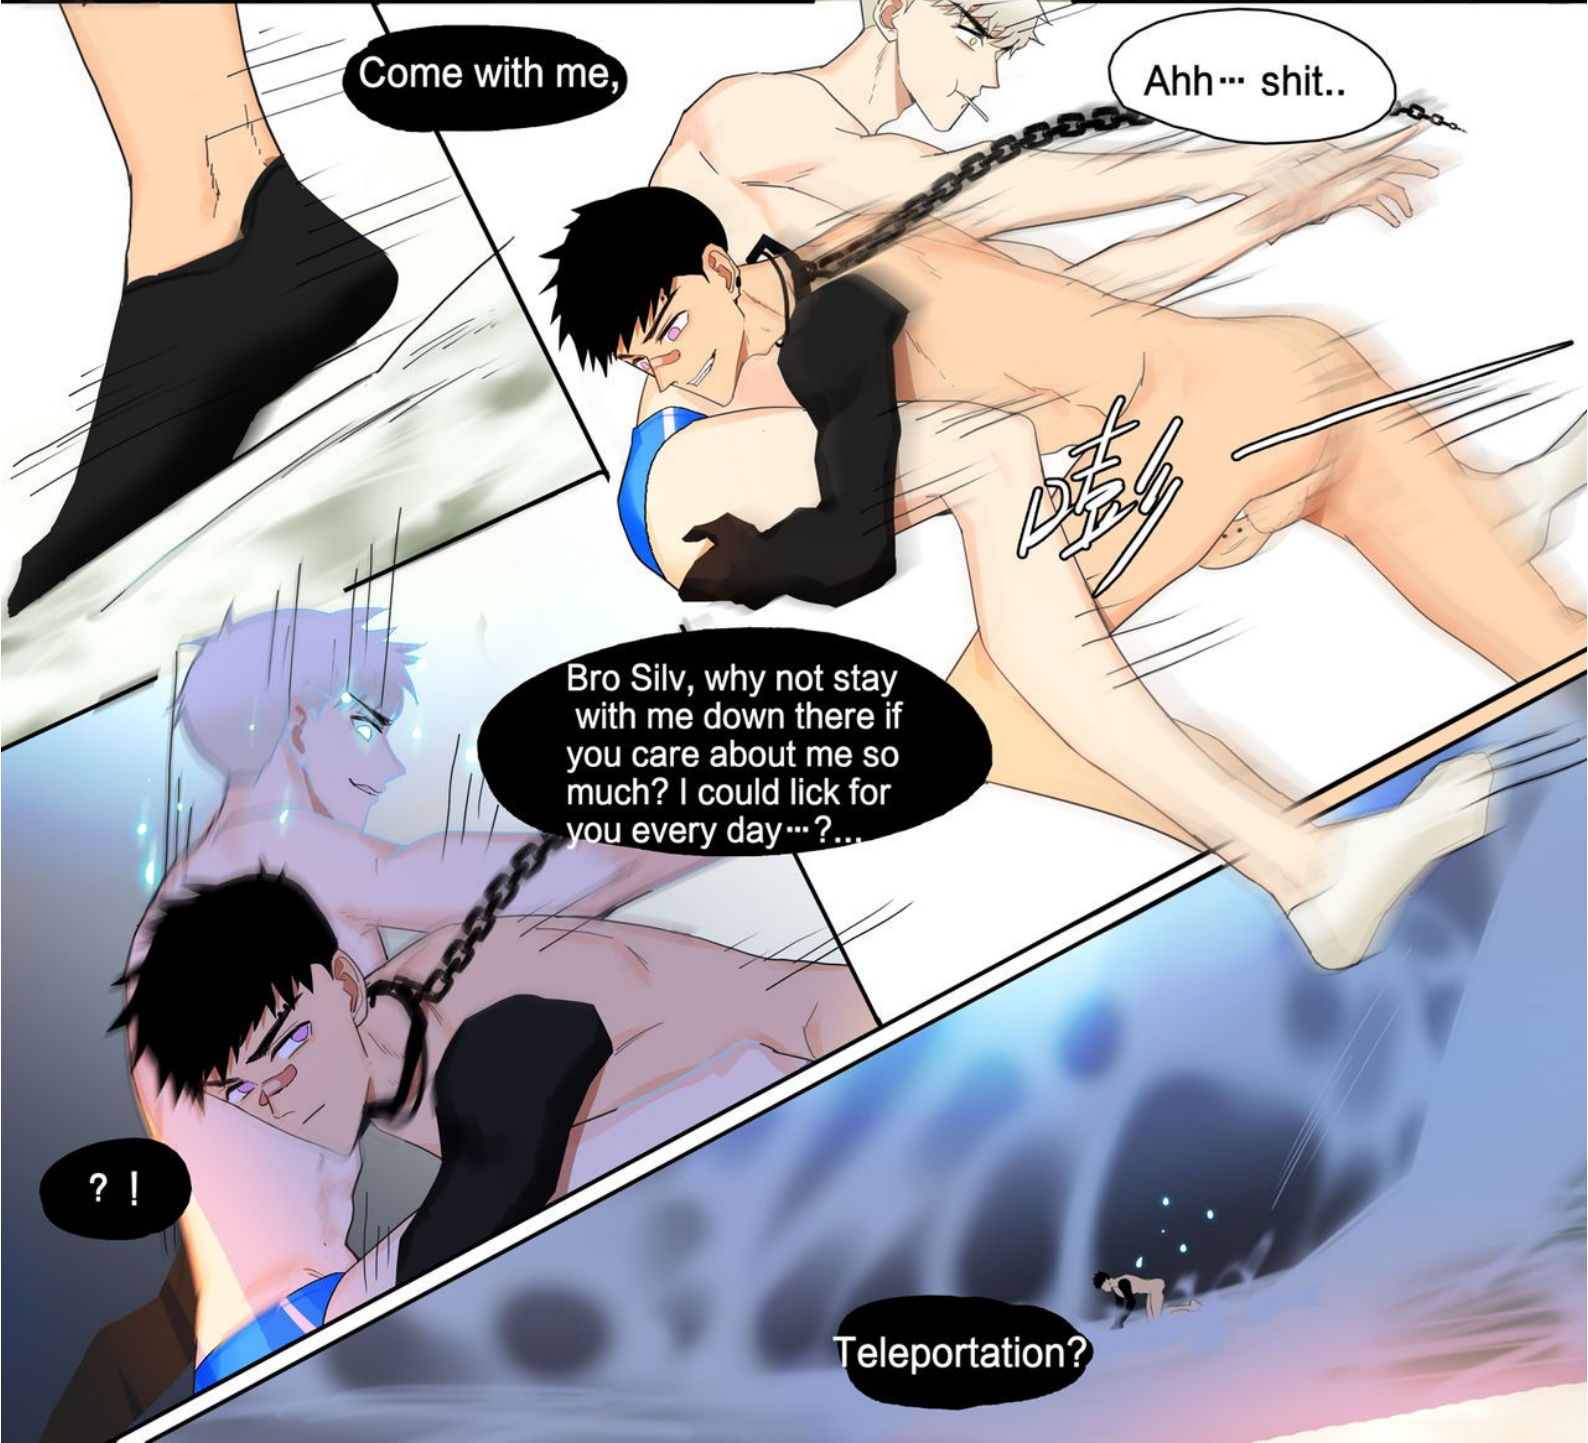

?

Shaking

Rumbling

Rumbling  
Rumbling

Umm?..Hum, the earth collapses, the spider crypt is active!

Come with me,

Ahh... shit..

Bro Silv, why not stay with me down there if you care about me so much? I could lick for you every day...?...

?!

Teleportation?

You the fuck wanna be top on me?

Fuck...!

After all this, you just want to taste my feet every day by being controlled by Spidermons right?

Shit, get rid of me..!

Don't try to escape after you fall down here. Those ancient mucus walls can absorb magic so they can never be ruined. Stay loyal to the Spidermons with me.

Squeeze

Squeeze

What are we waiting for? Since my brother wants to be my dog, likes such fun, how could I decline, umm?

You should have told me earlier since we have a good relationship. Don't be shy even though I am straight.

What should I do to fall down with my Bro Drak? Does your little brother need to put his penis into your body and let the toxics inside you infect me?

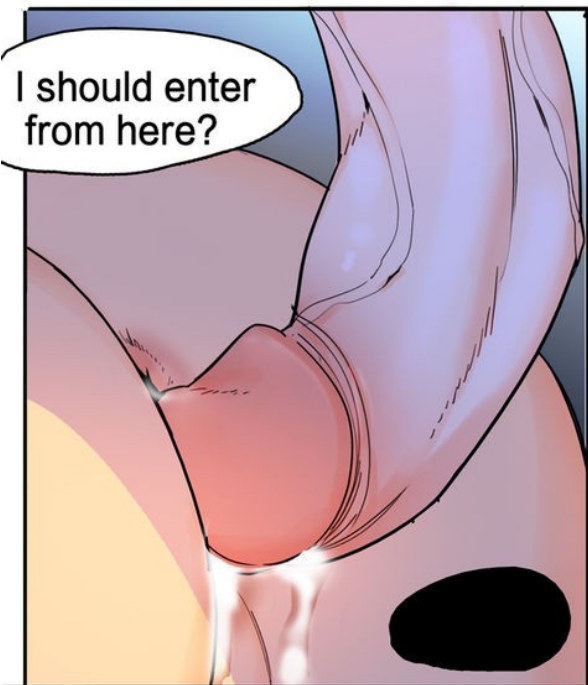

Keep me here, so that you can lay eggs for spiders and let your tongue be played by me? It is good to keep you busy right?

I haven't fucked a girl yet, and I wonder how it will be if I fuck my bitchy super star brother.

Do I need to shoot spider eggs into your tripe, then you raise them up and shoot them out from your cock?

Am I right?

I should enter from here?

Oh... damn you.. brother, your doggy asshole is sucking my dick... so smooth..warm..

My penis fucks you first my brother, before touching a girl.

Hard.. so big,

my gosh..

咻!

Relax, so that I can fully enter you, fuck, you just laid eggs minutes before didn' t you? My bitchy brother.

Be ready to infest me with the toxics? I have entered your body, oh... what fucking comfort... your hole is filled with juice

Slowly! You..you are doomed.. you will be controlled by your won wish, like me...ha...humm...

咻!

咻!

Ahh!!! Fuck!

Fuck!

Oh! Is that deep enough? Umm? My meatus opens, brother, let the toxics enter my urethra. Fuck your asshole, fuck you.

Ha...ah...

Fuck, so fucking good, my brother's asshole keeps sucking my glans, fuck... fuck... your juicy asshole is going to melt your brother's glans

Let's pledge loyalty to your master Spidermon shall we? Let the demons replace my abilities, let the spiders lock us together with shackles okay?

Ah...

Yes...ha...

Ah...

叩  
叩

Oh..oh! Here, your asshole squeeze my glans when I press here, motherfucker... So many girls love you, but they don't know you are a bitch dog, and love tasting my feet.

Shit...fuck..

Prostate...it can't...no...  
Silv...too fast... too fast...  
ah... where.. where do you  
leran these..

I must be fast, to complete the fusion with you brother. Your penis is so big but, it can leak juice only if being fucked. Let me fuck you while you laying eggs all right?

Fuck.. I can't hold any longer...

Greetings, all my sponsors,  
I am LYMSS. Thanks for supporting  
FALLEN HERO DRAKOSM, so that this  
comic could take birth, and presents  
the characters in that world.

Drakosm, Silvdawn and other unmentioned  
heroes are all incarnations from some  
of my sexualities. I really love these  
teenager horny porny characters, and  
if you also love them, maybe Silvdawn  
can tread you to show politeness. 

For some reasons, please don't publish  
or reprint this sponsored comic serials  
on any website. Either, don't advertise  
it in areas or countries where erotica  
is forbidden. Thanks for your support  
and understanding.

The English version is translated by  
a friend studies overseas. He told me  
that he was imagining his dog porny penis  
being played by Silvdawn while translating.  
He is a very cute boy.
