Not even
sure what I'd
say if I saw
her again

Doubt she'd
have much
to say to me

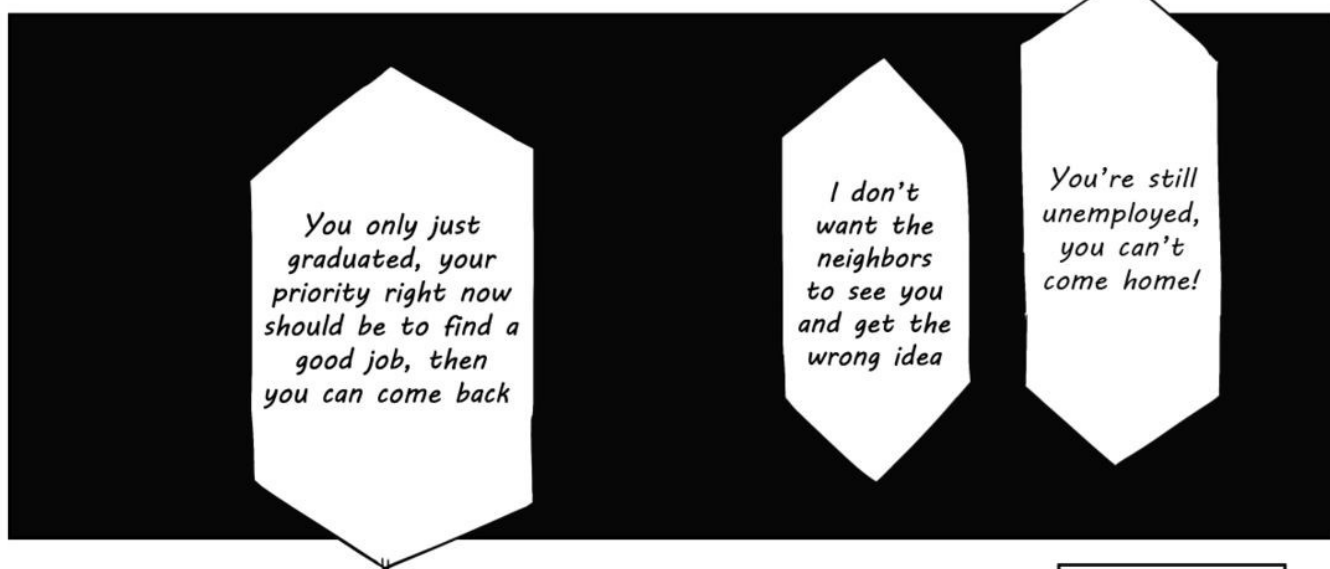

Never came home
after that, and that
last phonecall with
mom was the
last time I spoke to
her.

The only reason I
came back today
was because I knew
mom would be away.

By the time I
graduated college
my old man
suddenly passed.

But my mother
wouldn't let
me come back
from campus
to morun
with my family.

*You only just
graduated, your
priority right now
should be to find a
good job, then
you can come back*

*I don't
want the
neighbors
to see you
and get the
wrong idea*

*You're still
unemployed,
you can't
come home!*

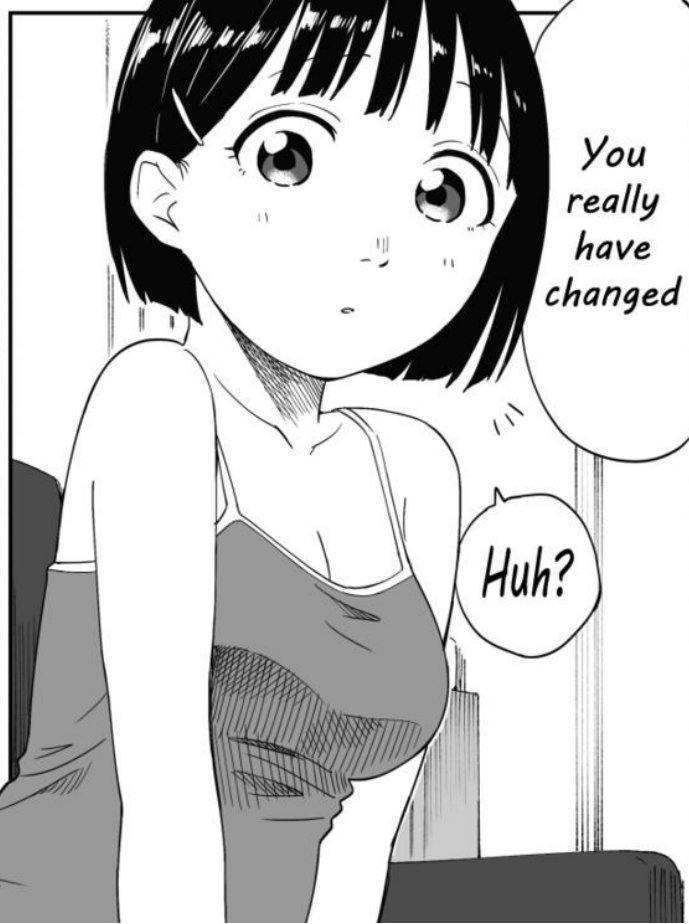

A severe lack
of motivation
and a score of
other burdens
only caused
things to get
worse with
time

And the
worse things
get, the
harder it
becomes
to get
back up

What's
the point
in digging
up old
memories?

...

Everything
went wrong
after that

Well,
you know
...

Oh,
um...

In lots
of ways

Stupid jerk!
Fine, be
that way!

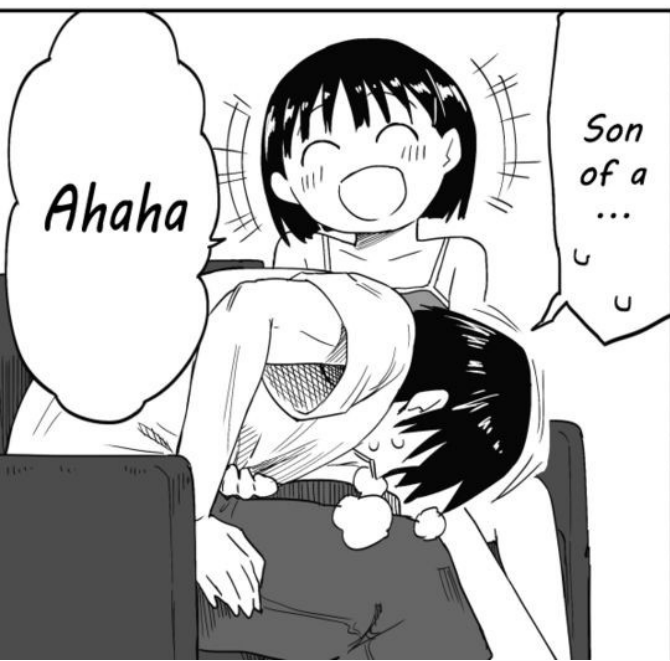

Onii-chan!

Come on,
Be more
specific!

Last time
I saw her
she was
barely taller
than a
middle-
schooler

Never
underestimate
puberty

Oh dear

I'LL GUT YOU!

wah!

You should have seen the look on your face!

backwards?

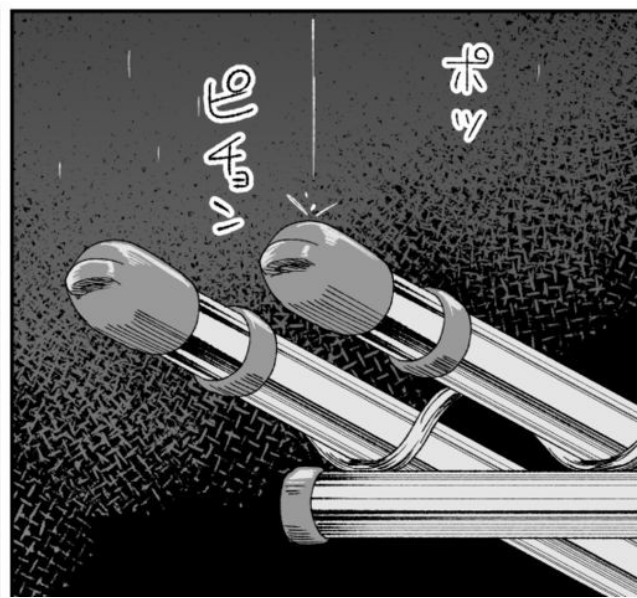

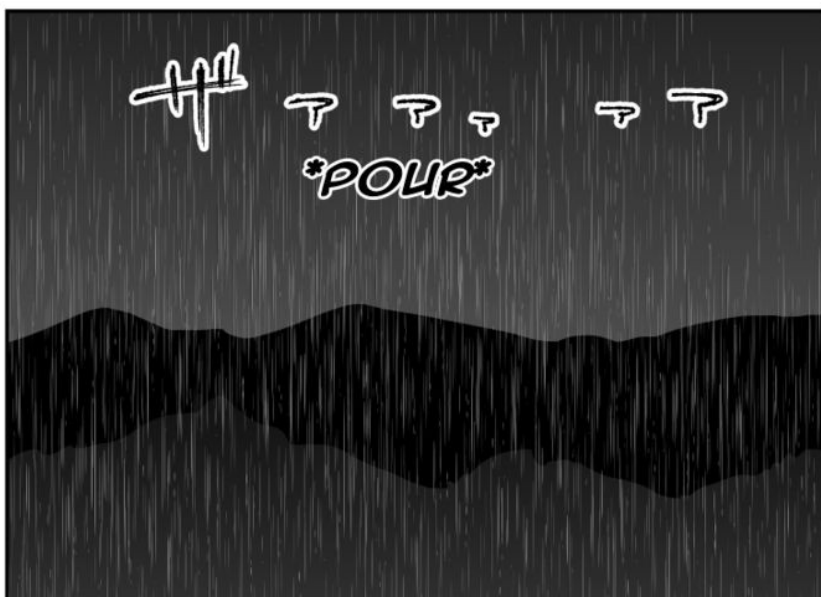

No, you'll play handicap! Hold your controller backwards

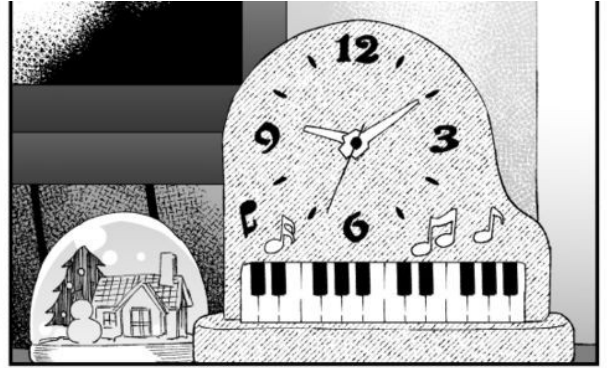

Are you sure? You'll get your ass kicked

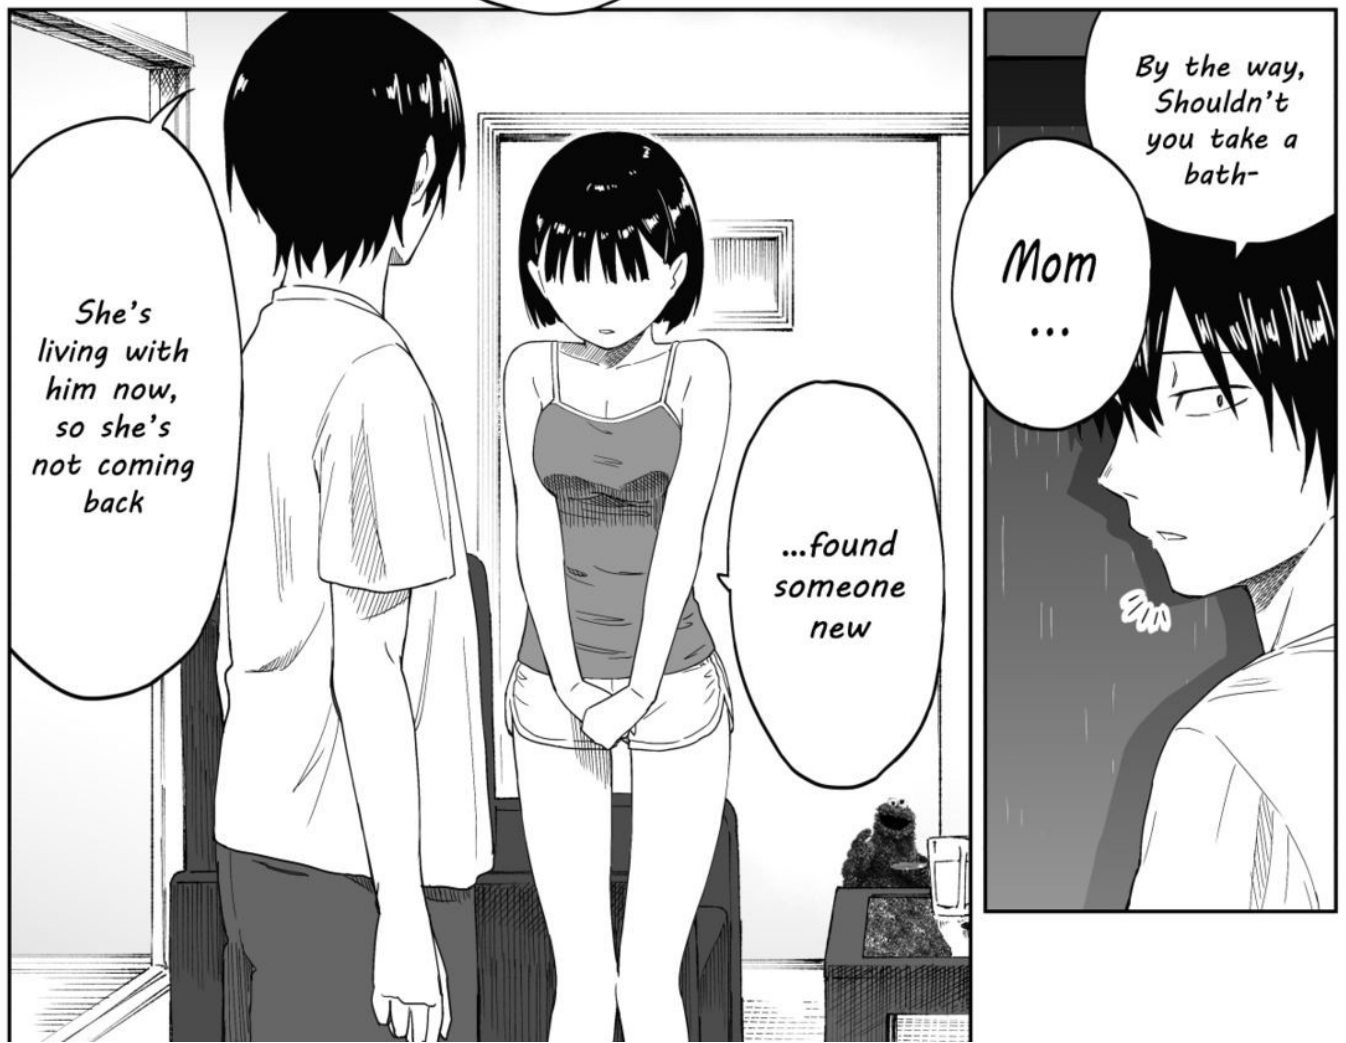

Come on, let's play Mario Cart!

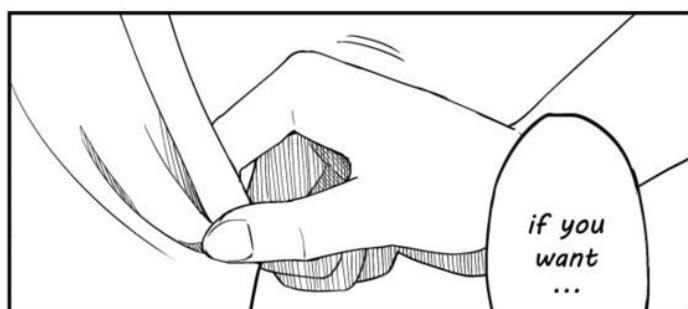

That makes me a bit relieved

I suppose she hasn't changed as much as I thought

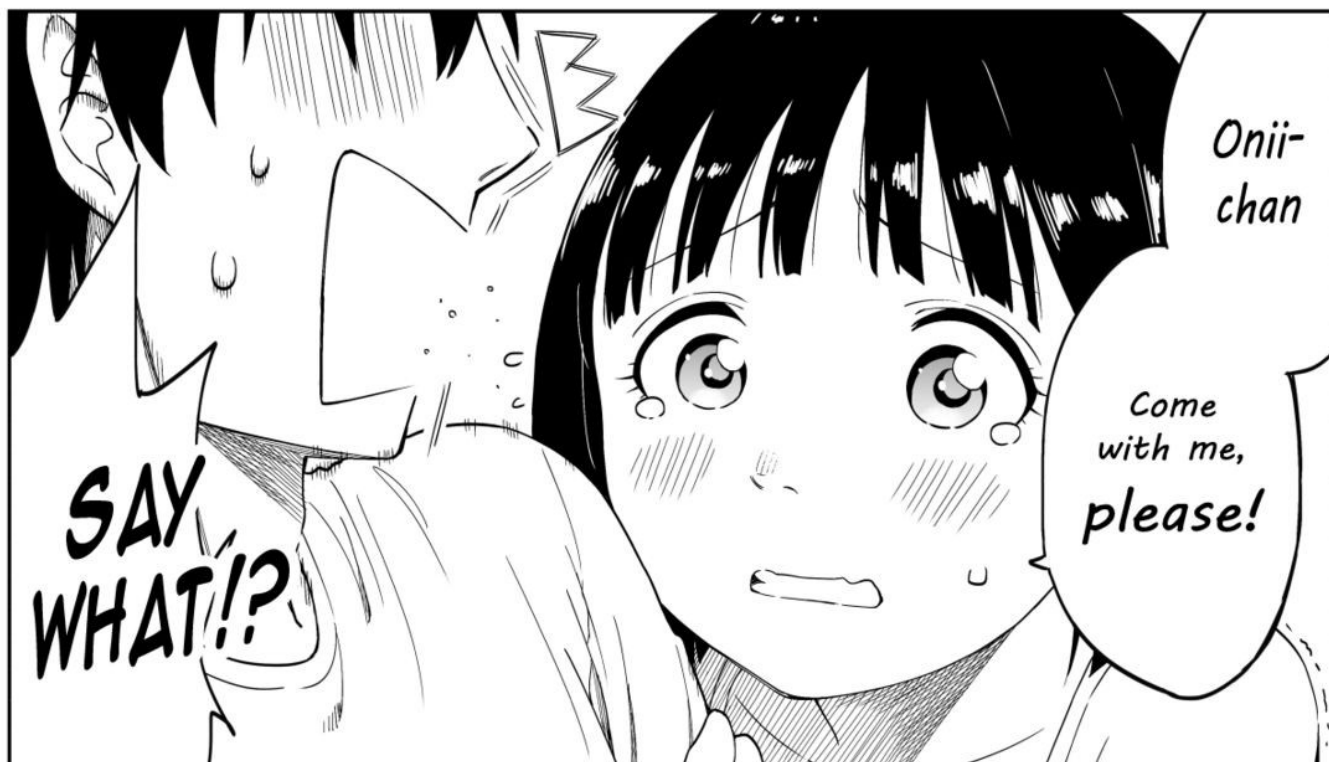

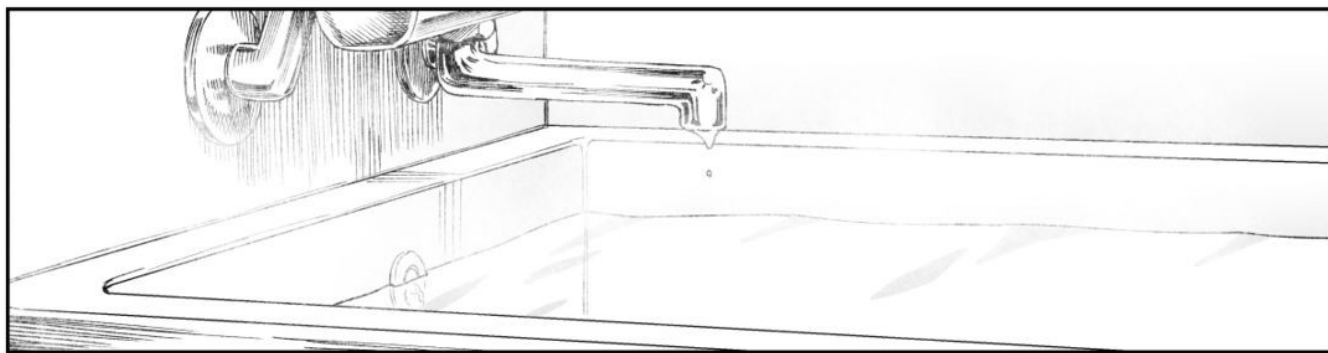

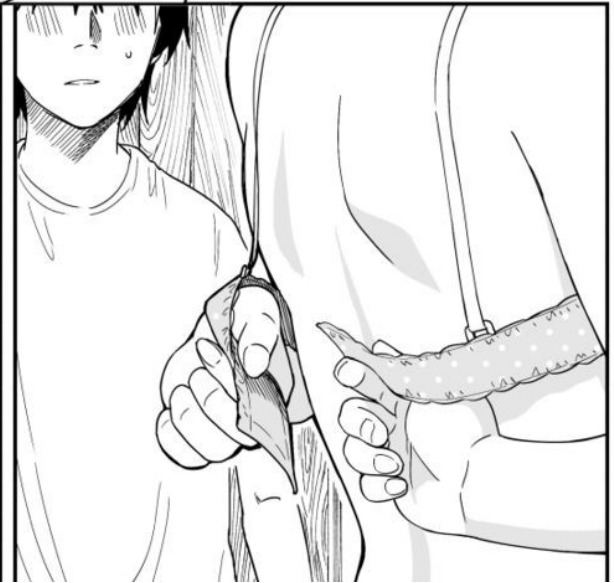

Onii-

Am I really the only one getting nervous about this?

Oh? Sure

Should I wash your back?

Turn around so I can wash you on the front

No, that won't be...

hm?

I'll wash off the foam

I'll do it myself!

Ah

Come on, already!

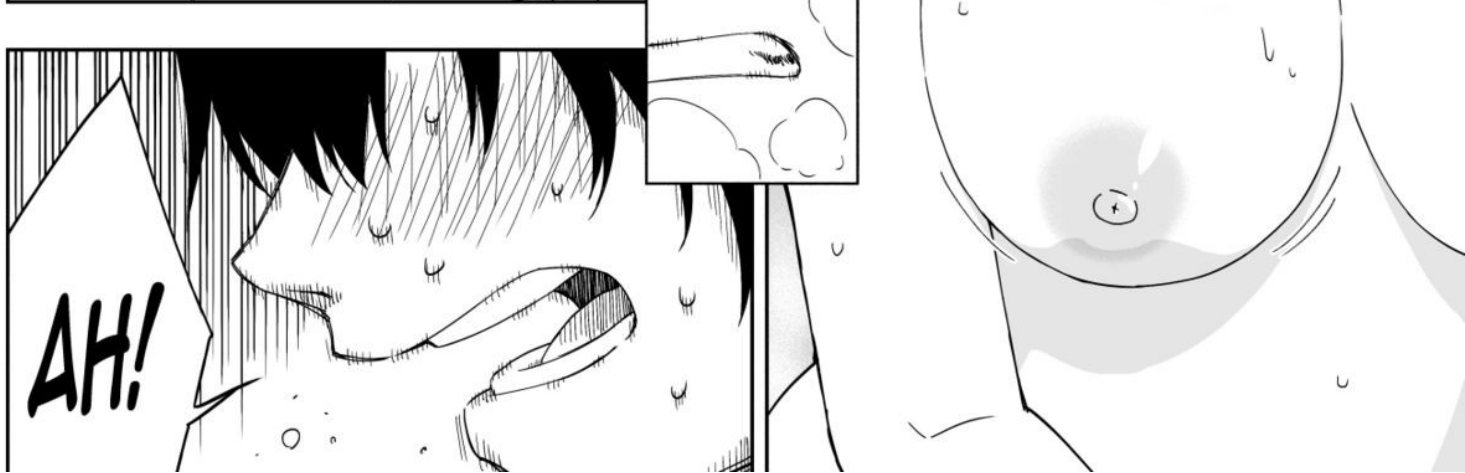

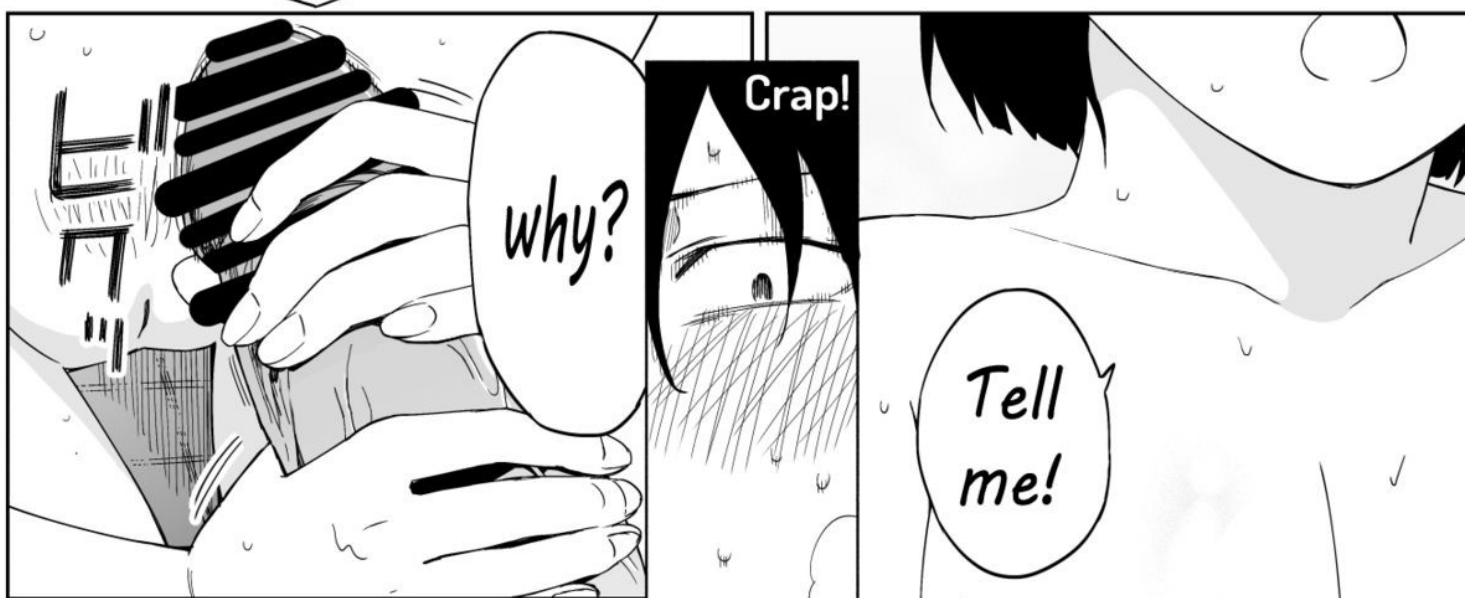

If you don't turn around I won't be able to wash you

You
