

Hanamaigi Town Ichiban Street

I'm so bored.

I'm sick of all the idiots at school.

I don't have a shred of the charm those people who put everything into fitting with their surroundings have.

I got a little curious.

I want to forget about the bad things.

A private girls-only kingdom where men cannot set foot. Straights welcome!!

I can't trust guys any more.

THANK YOU FOR REQUESTING ME.

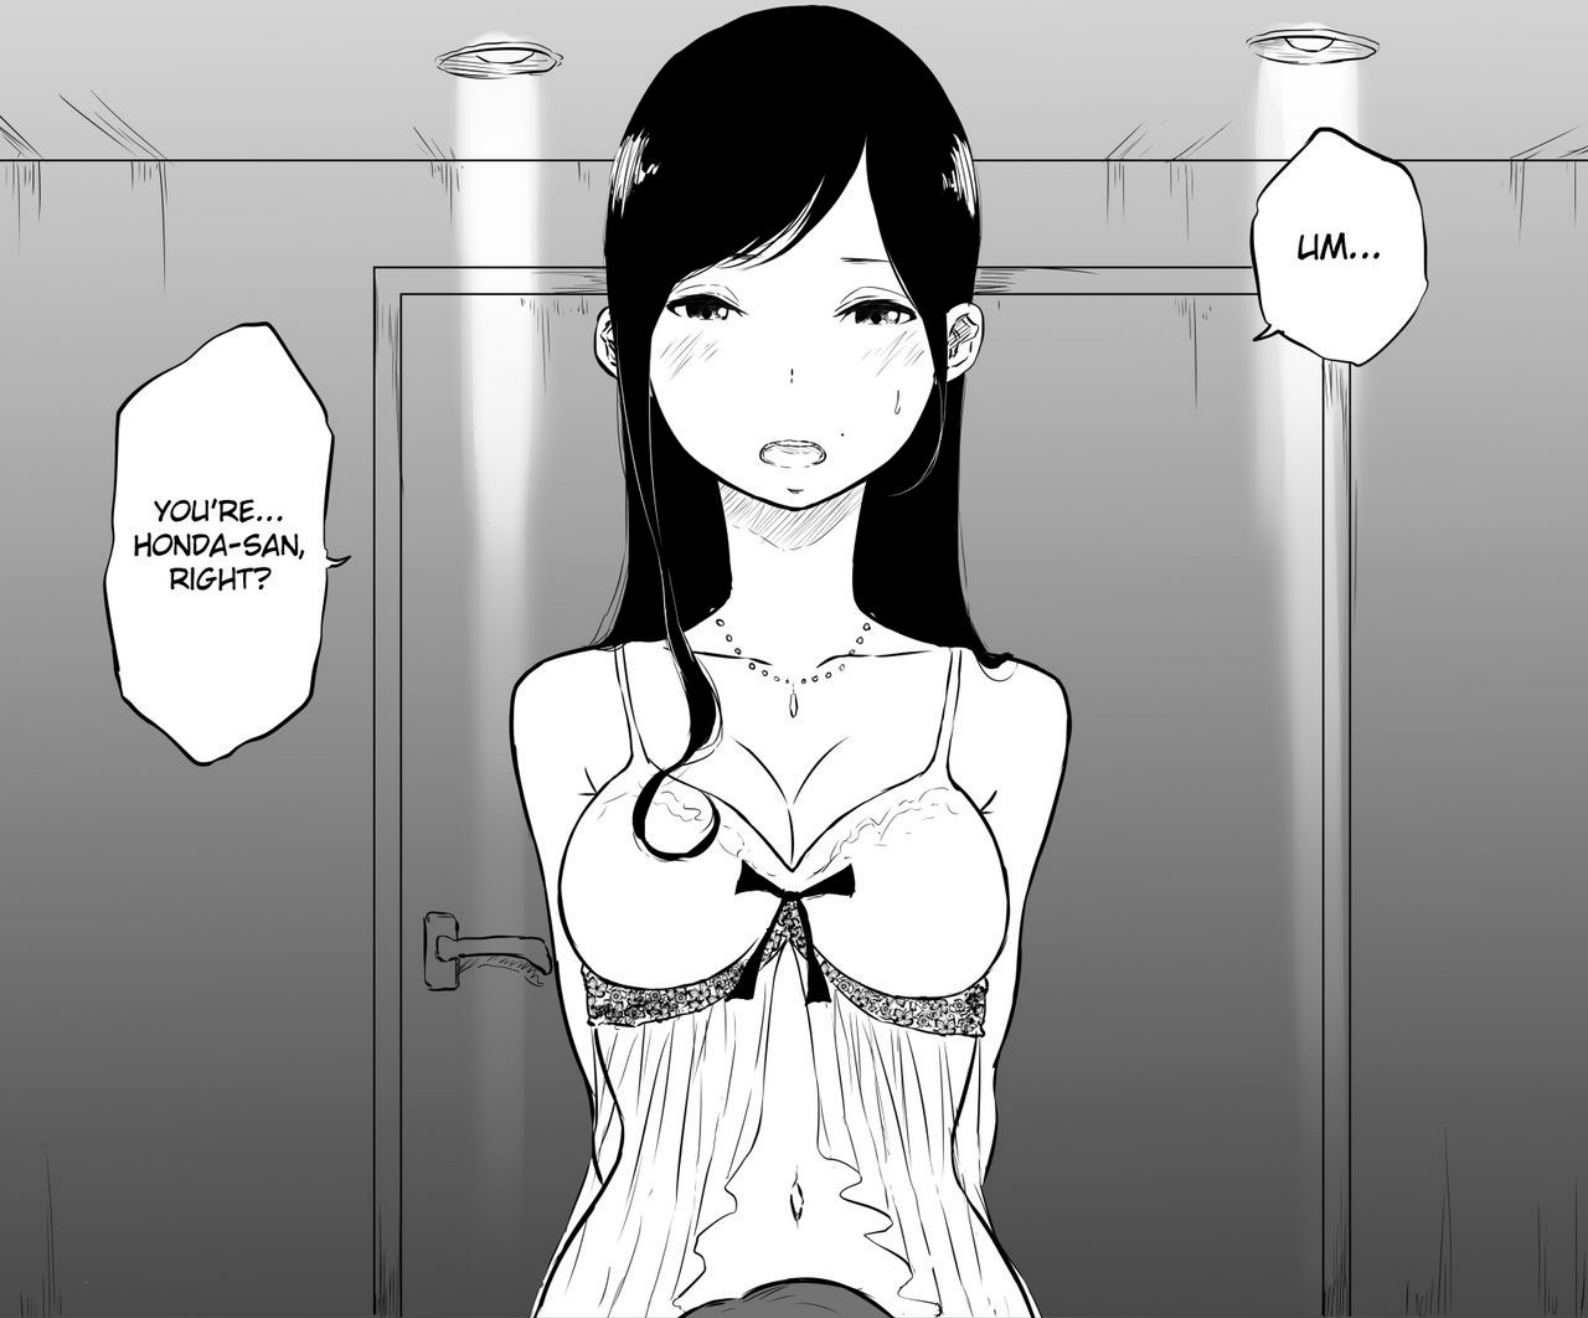

I AM MILUNA.

... WAIT...

but I figured this would be the quickest solution.

MAY I ASK FOR MILUNA-SAN?

Women aren't necessarily "in my strike zone" either,

YOU'RE...
HONDA-SAN,
RIGHT?

HM...

For some
reason,
my teacher
appeared.

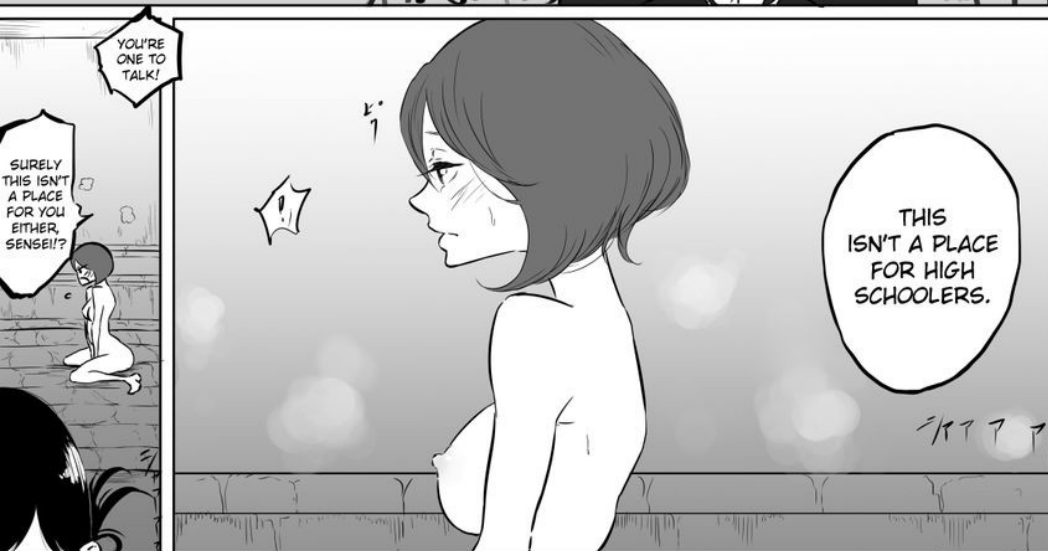

SENSEI.

WHY?

Meeting her in a place like this that's the complete opposite of her personality, I couldn't hide my shaking.

Sakamaki Haruka - Age 24.
She became my class's homeroom teacher at the start of the new term.

Her silent and serious demeanor led her to be bullied by the class, and the classroom is on the brink of chaos.

I see. Sensei is lonely too.

BUT WHEN IT COMES TO TIMES LIKE THIS...

YOU'RE NORMALLY SO CHEEKY,

YOU'RE SO WELL-BEHAVED...

I'LL MAKE YOU FORGET EVERYTHING.

IT'S OKAY.

I'm having sex with Sensei.

I'm going crazy from the corruption.

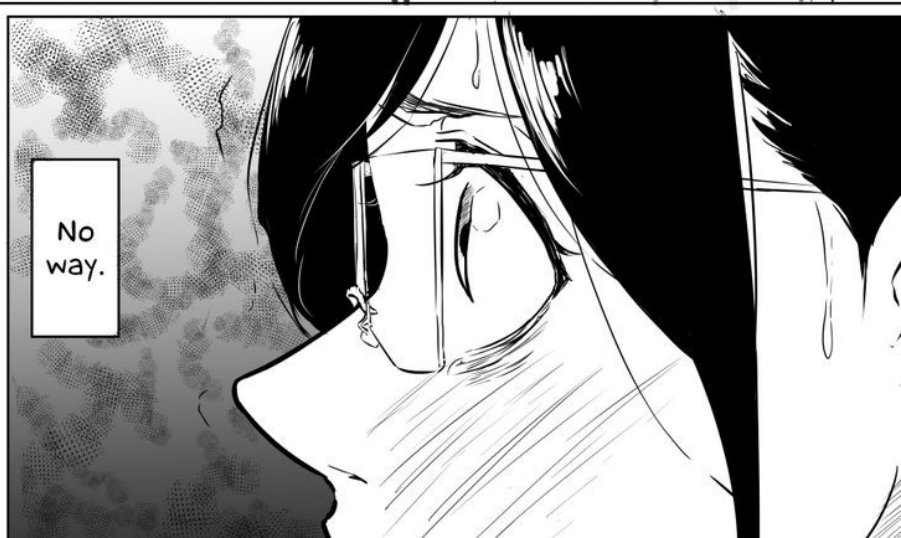

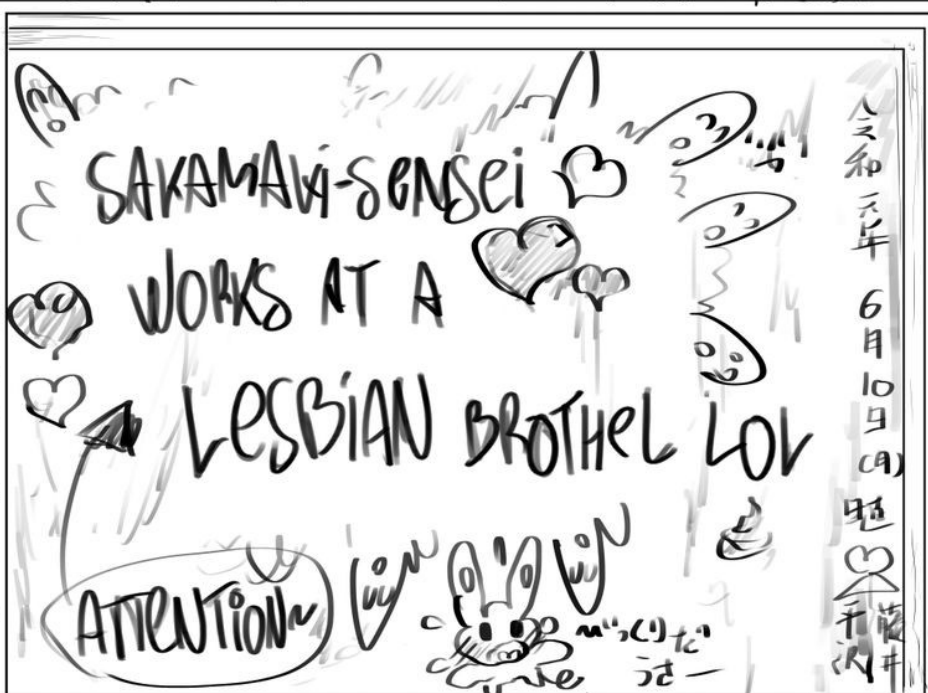

Not There

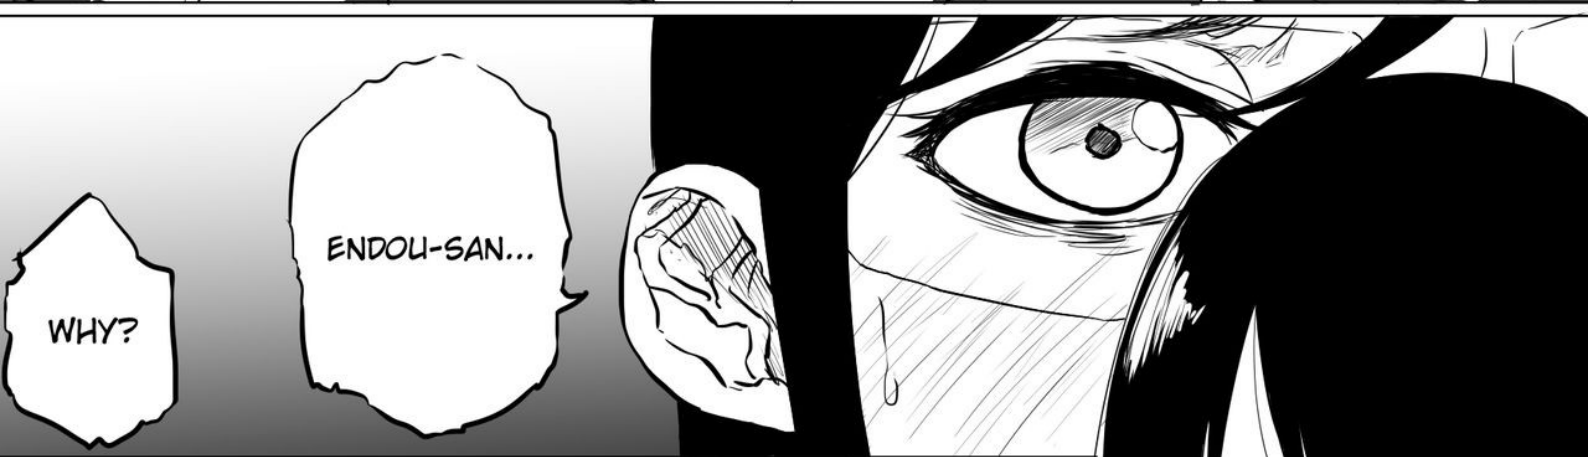

I think I might come to like this.

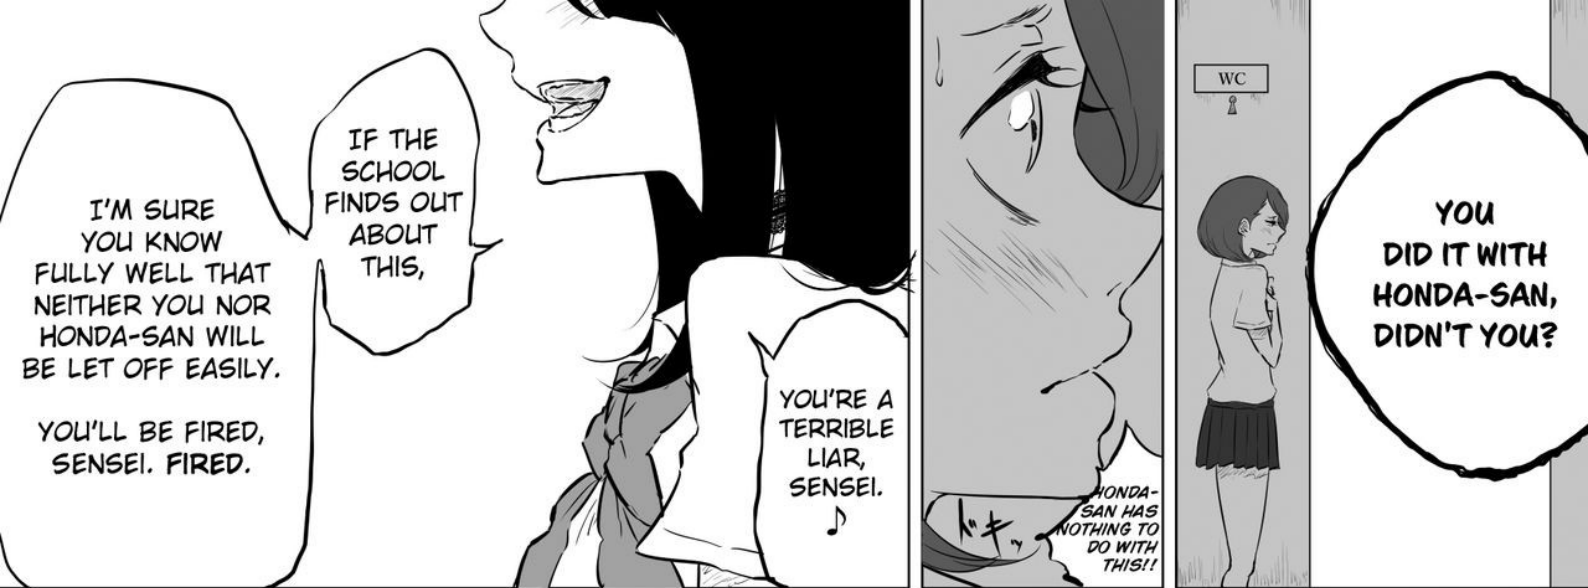

I'm sorry, Sensei.

I'LL MESS YOU UP.

I'M SURE
