I would be pleased to!

By the way, how does it feel to wear?

Afterword

Greetings, my name is Shōyan.

Due to Corona the Comiket has been canceled.

This beginning black 6 was planned to be my new work for it. I think the Isolation will continue for some time, so I thought it would be nice if I could make the isolation a little more bearable so I released it on Pixiv.

During April I will release a version with removed scenes for sale. I will post further information at my Twitter and/or Pixiv.

You can find explanations and the shop link at my Twitter, so take look if you like.

For my actions from now on: I was thinking about streaming. (I have taken care of a room for that before writing this) I think it would be nice if I could make it all work at around golden week.

Since we all spend quite a bit more time at home due to Corona, I couldn't be more pleased if you enjoyed it even just a bit.

Translator's note

Hello there, name's Kari.

I feel honored to be allowed to do this official translation for one of Shōyan-Sensei's work (even if boys aren't quite my taste)

I hope you had a nice read and maybe even consider supporting the artist.

If you have feedback feel free leave some here or drop it at twitter.com/kari_2112

Best wishes in these times and until we meet again!
