

Xianglan, wife of Wang damazi

When Ma Liang saw that she was not wearing the inner garment, the white and flowery balsam nephrite was constantly shaking, which made people want to bite.

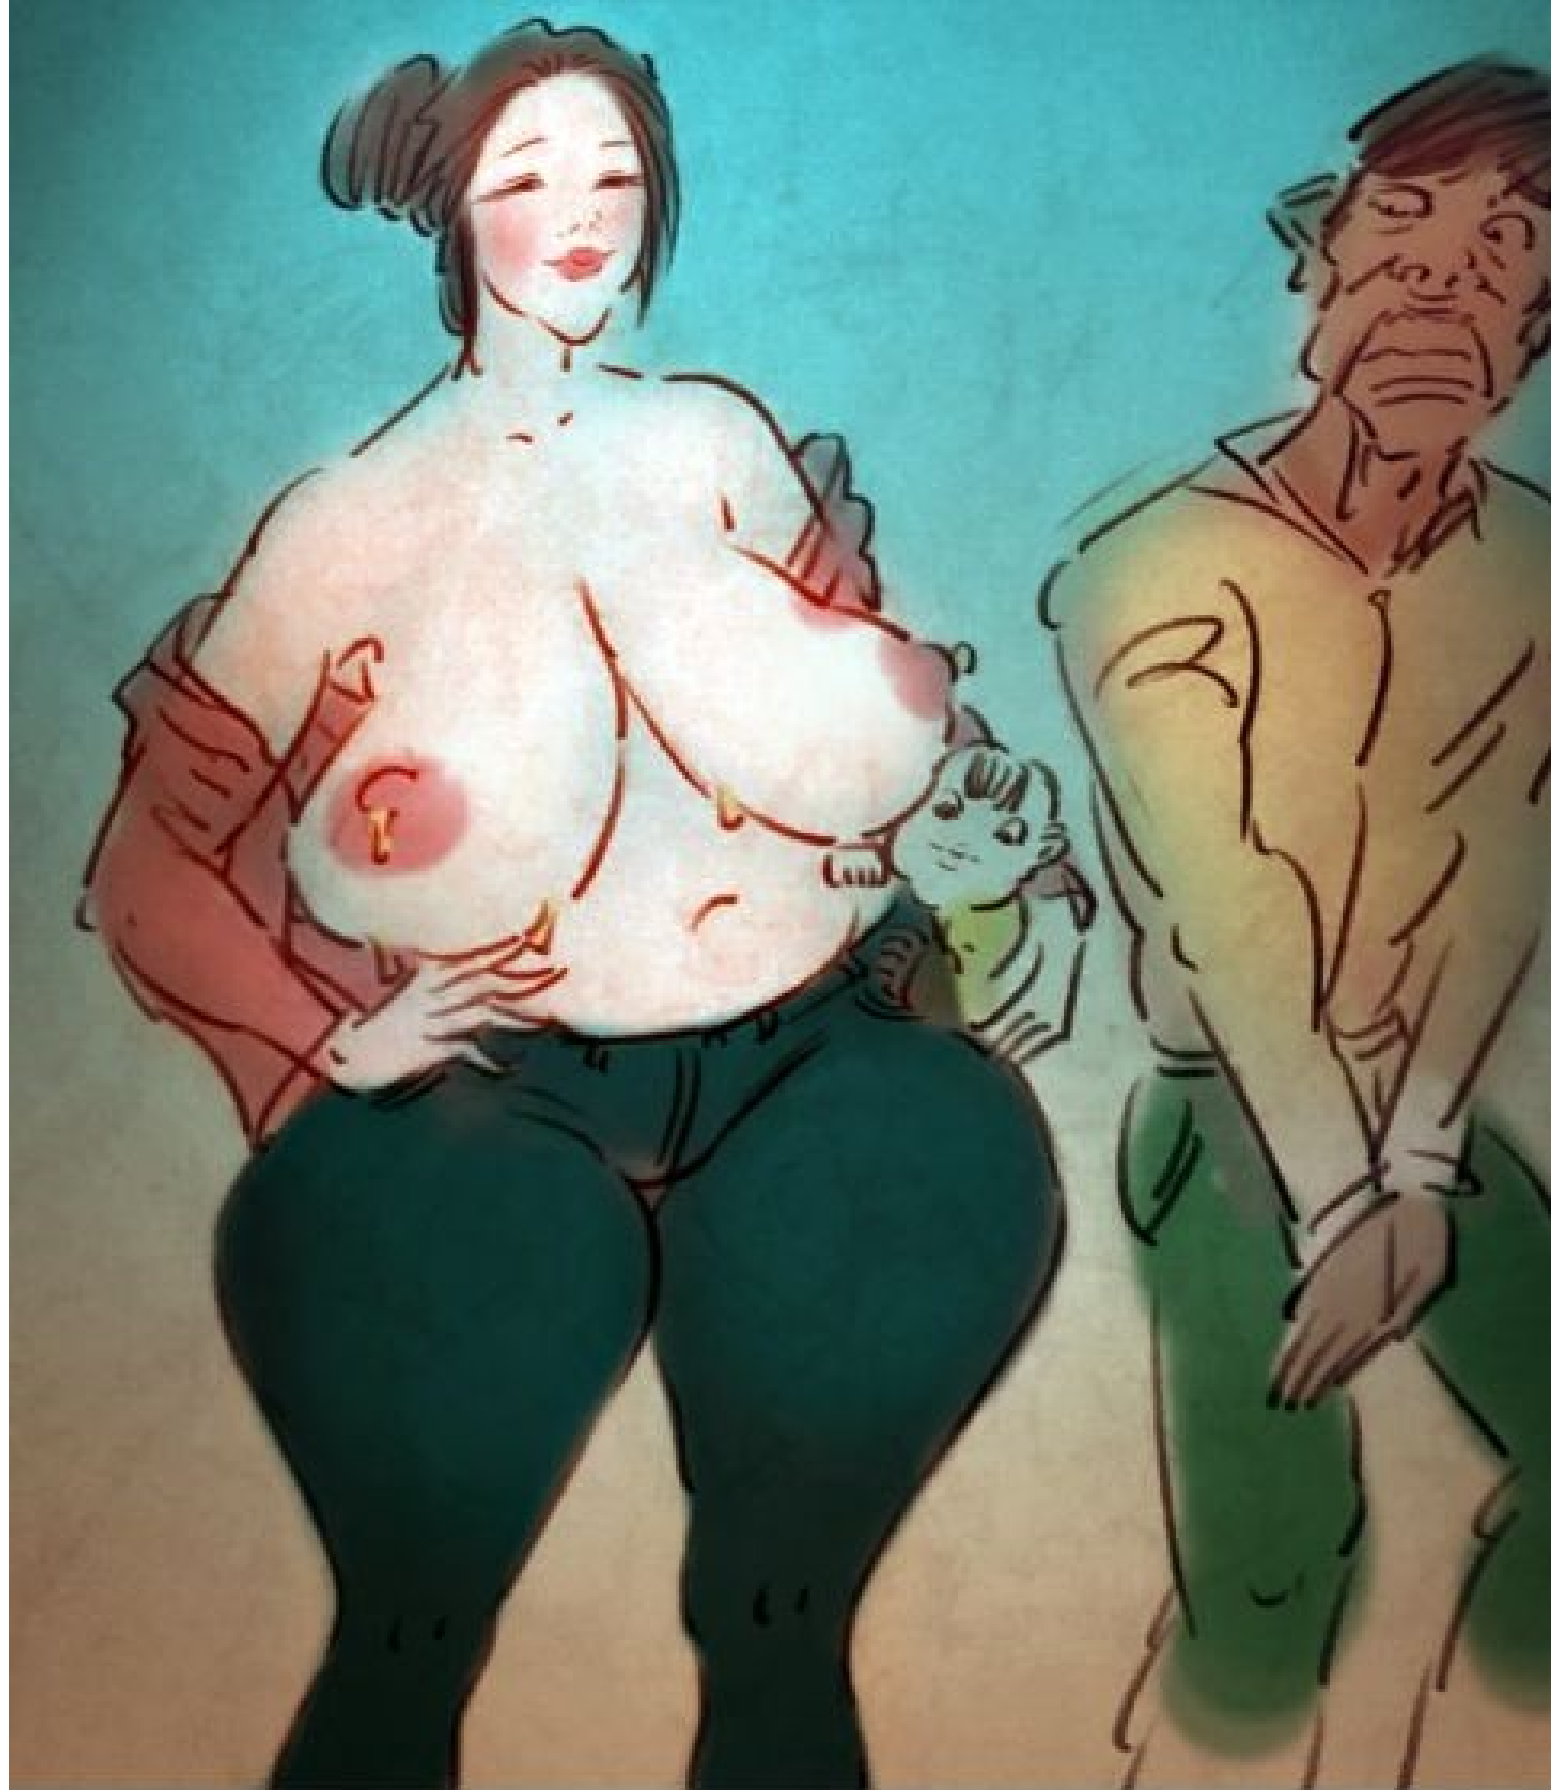

"Sister Xianglan, sister Xianglan, are you in the room?"

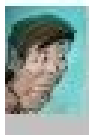

"Ma Liang, what are you doing here?"

"Xiang, Xianglan sister"

"I feel sleepy when the baby is suckling. I doze off for a while. Look at the nirvana you are staring at. Do you want to have a bite?"

"No, sister Xianglan, I'm here to borrow a hoe."

The hoe is not in the corner of the door

"I, I see. I'll go first."

"Sister Xianqlan"

 "Did you have dinner? If I don't have a bite, I stewed a chicken. I can't eat all by myself. "

 "Not yet, thank you, sister Xianglan"

 "You're welcome. Come here. It's cold later." "my baby, you eat first." "I'm so dazed. Would you like to have a bite?"

 " Well "

 "Go to you, even my sister's tofu would like to eat." "by the way, there's something you can tell my sister honestly, have you never done it with a woman?"

 "No"

 "Would you like me to introduce you to a woman?"

Sister Xianglan, I have someone there who can see it. Don't worry. "

"Don't be shocked. Drink more soup and eat more chicken." "by the way, I'll do you a favor later. I have a sore back recently. Please wipe it with medicine wine."

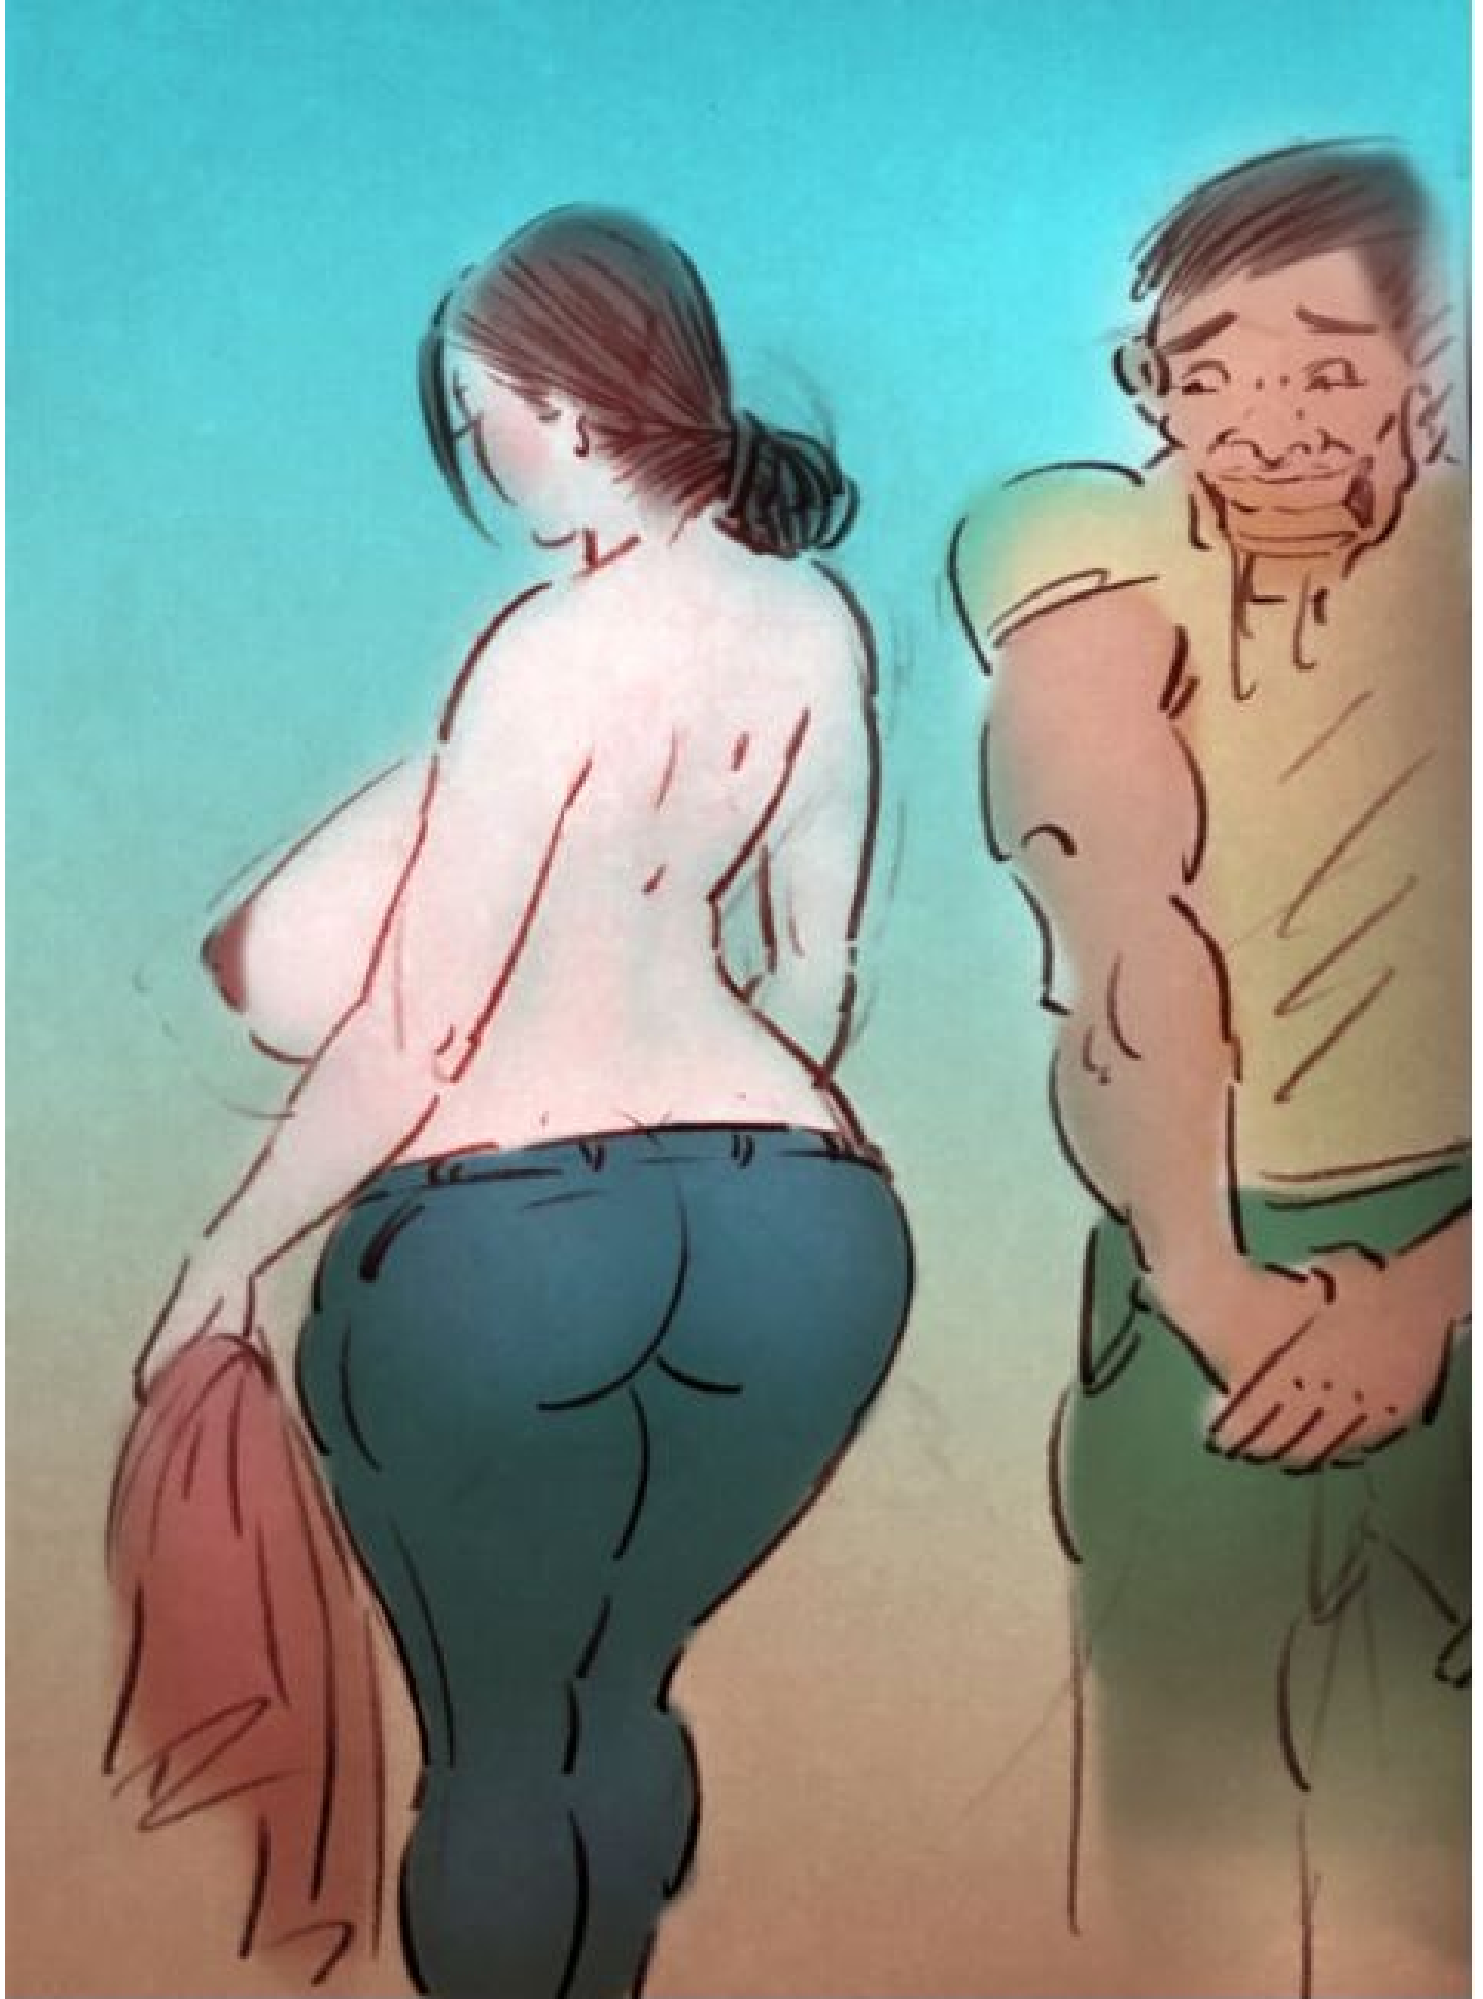

"Good"

"The baby is asleep. Let's go to another room." "the milk is swollen. It's heavy. It's sore."

"I have to take off my clothes. Don't look around."

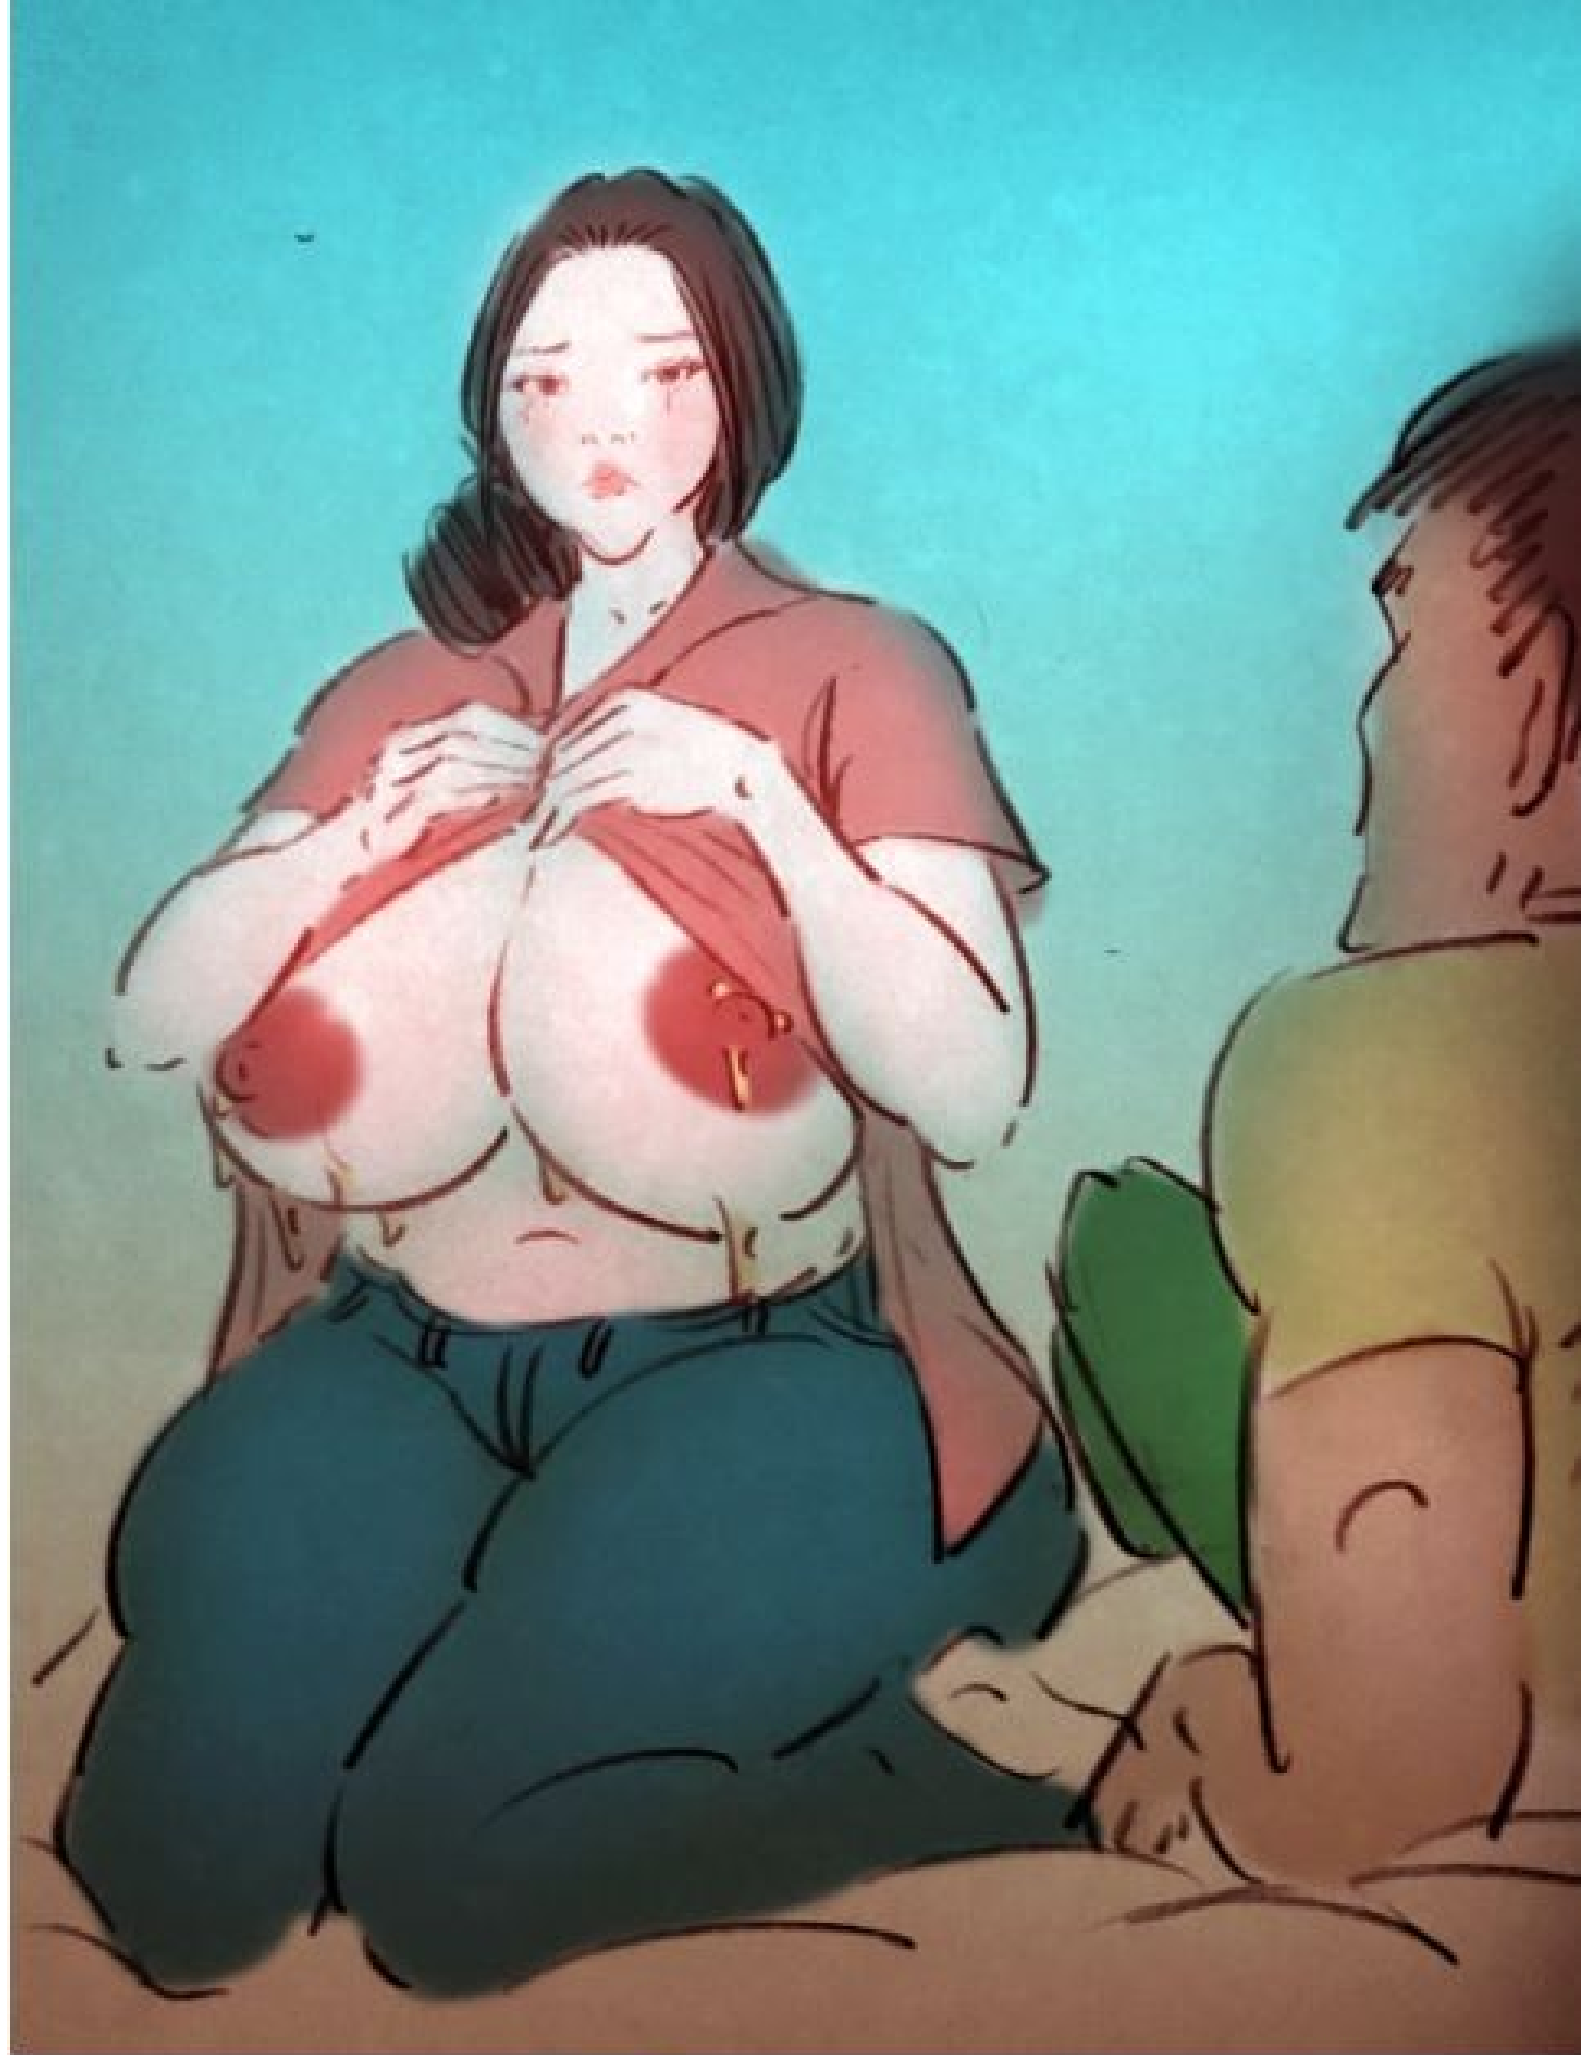

"I'll be in bed"

"What are you still doing

"Here comes", "sister Xianglan, you lean a little outside. I can't reach you. I can't make it."

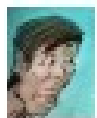

Half an hour later,  ""almost.""

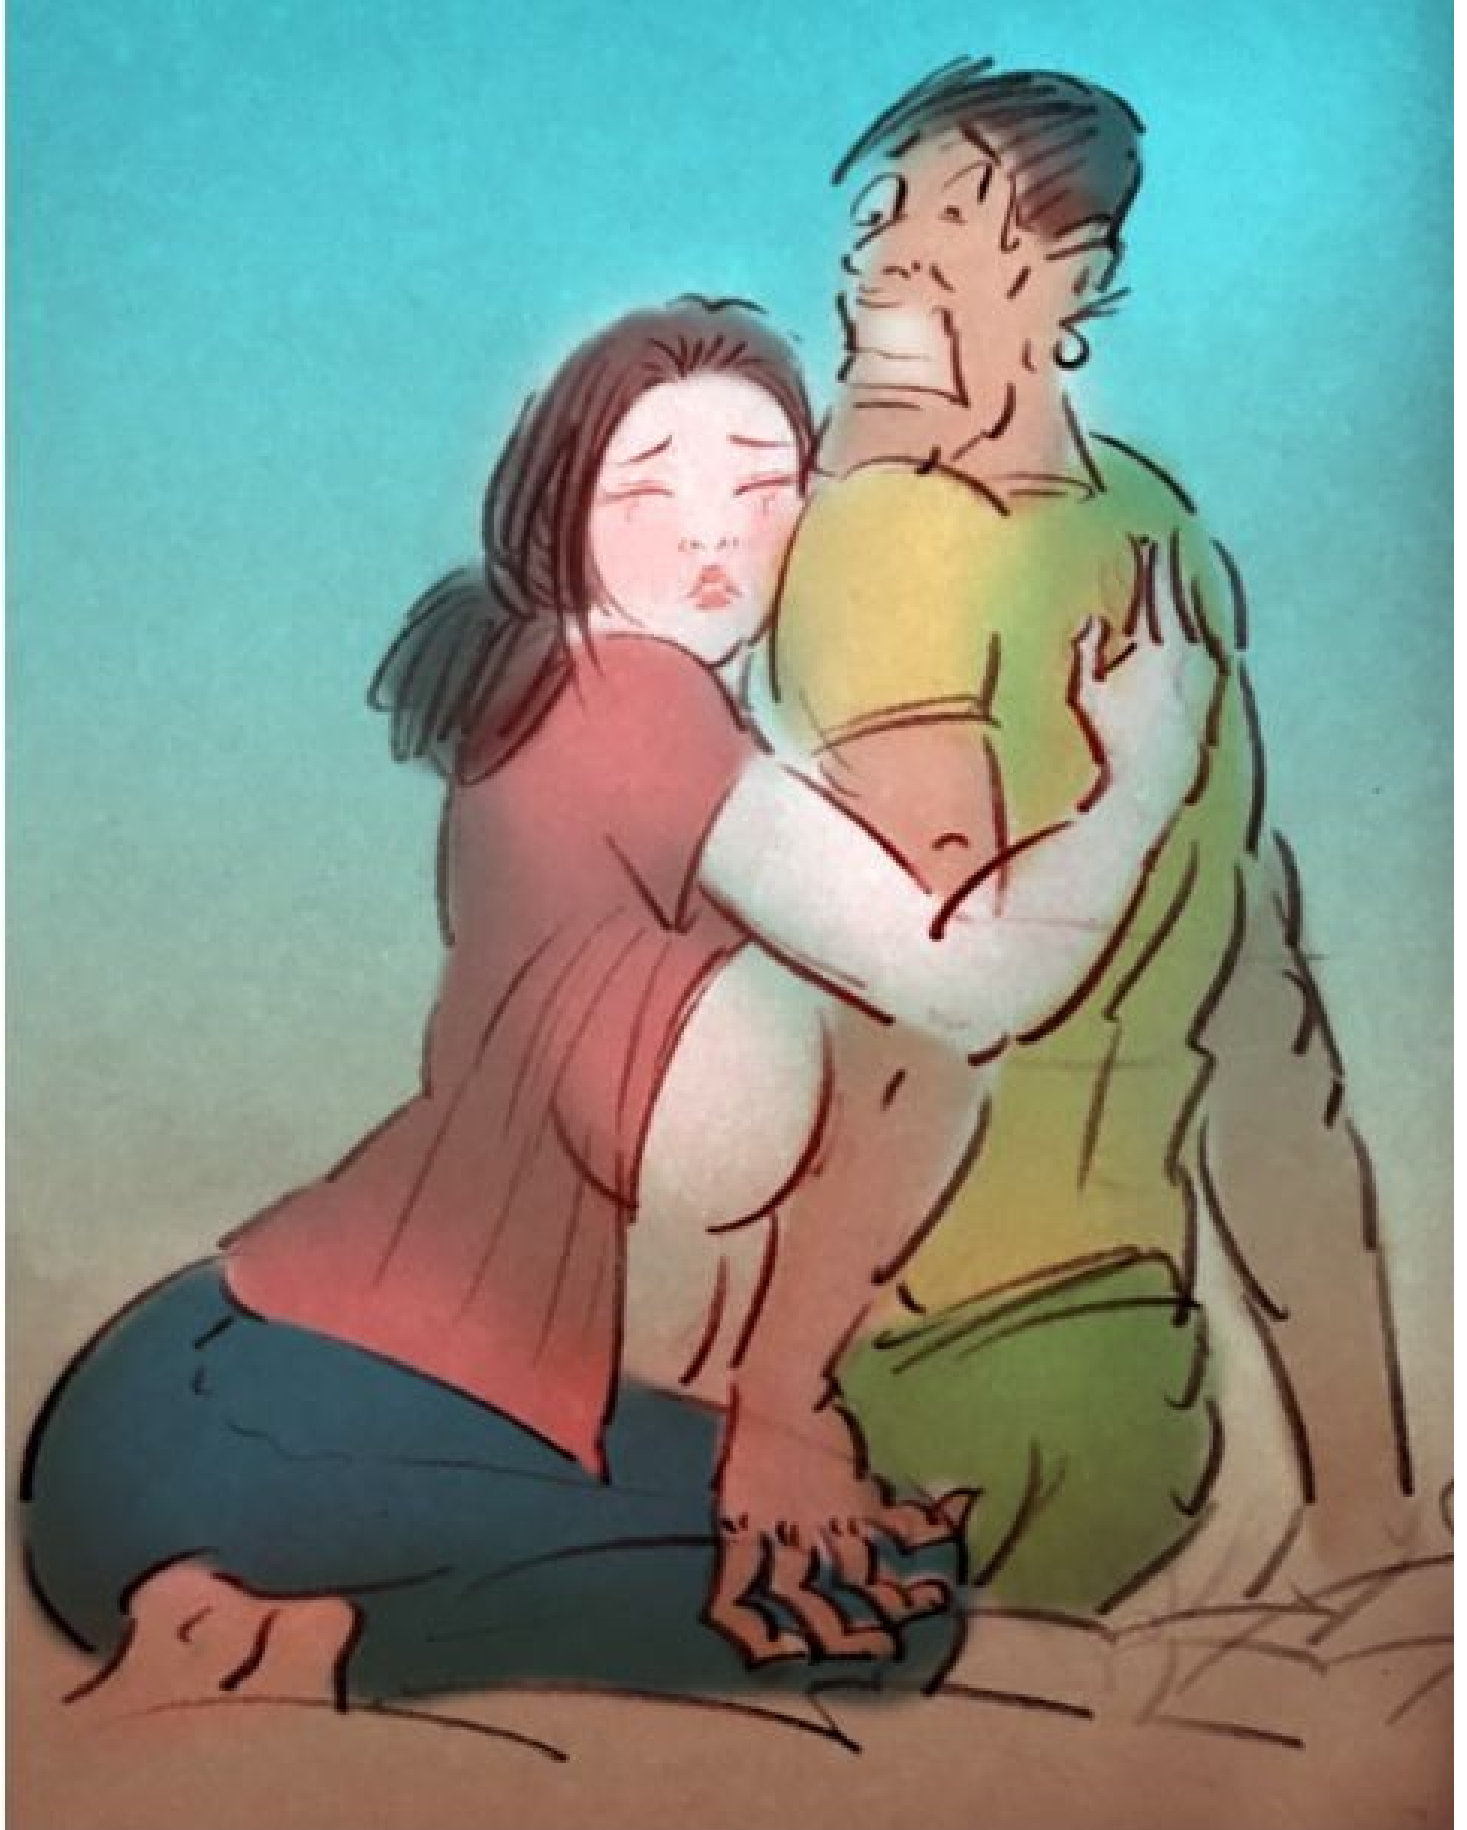

Suddenly Xianglan made it, and Ma Liang was reeled. His white chest was shining.

"You say that I'm not bitter. Brother Wang only comes back once a year. And I heard the old lame man from the village head say that he is getting along with the women in the city outside. How can I live alone with a child?"

"Sister Xianglan, don't cry. That's brother Wang's obsession with city women." "I'm alone in the empty room at night. How can I live?"

 "I've also thought about it. Since the dead ghost has found a woman outside, no matter who I am with, I'll rely on myself."

 "Sister Xianglan, you can think like this. It's good. It's better to rely on yourself than others."

 "But I'm just a woman after all"

 "Sister Xianglan, I can help you later"

 "Really? Then you can't cheat my sister"

 "Sister Xianglan, I won't lie to you. I'll tell you something later."

 "Brother, do you really want to be a woman?"

Ma Liang nodded. He didn't want to be a woman at his age. It was a fake

 "Since then, I have to rely on you. Although I'm a little bit ordinary, I'm still clean. Except for you, brother Wang, no one has touched me. If you're curious, I'll help you, but I can't go too far. "

"Really, really?"

"You don't usually peep at my sister. If you want to see it now, just look around.

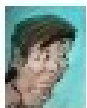

I'm curious. "

"Curious about what?"

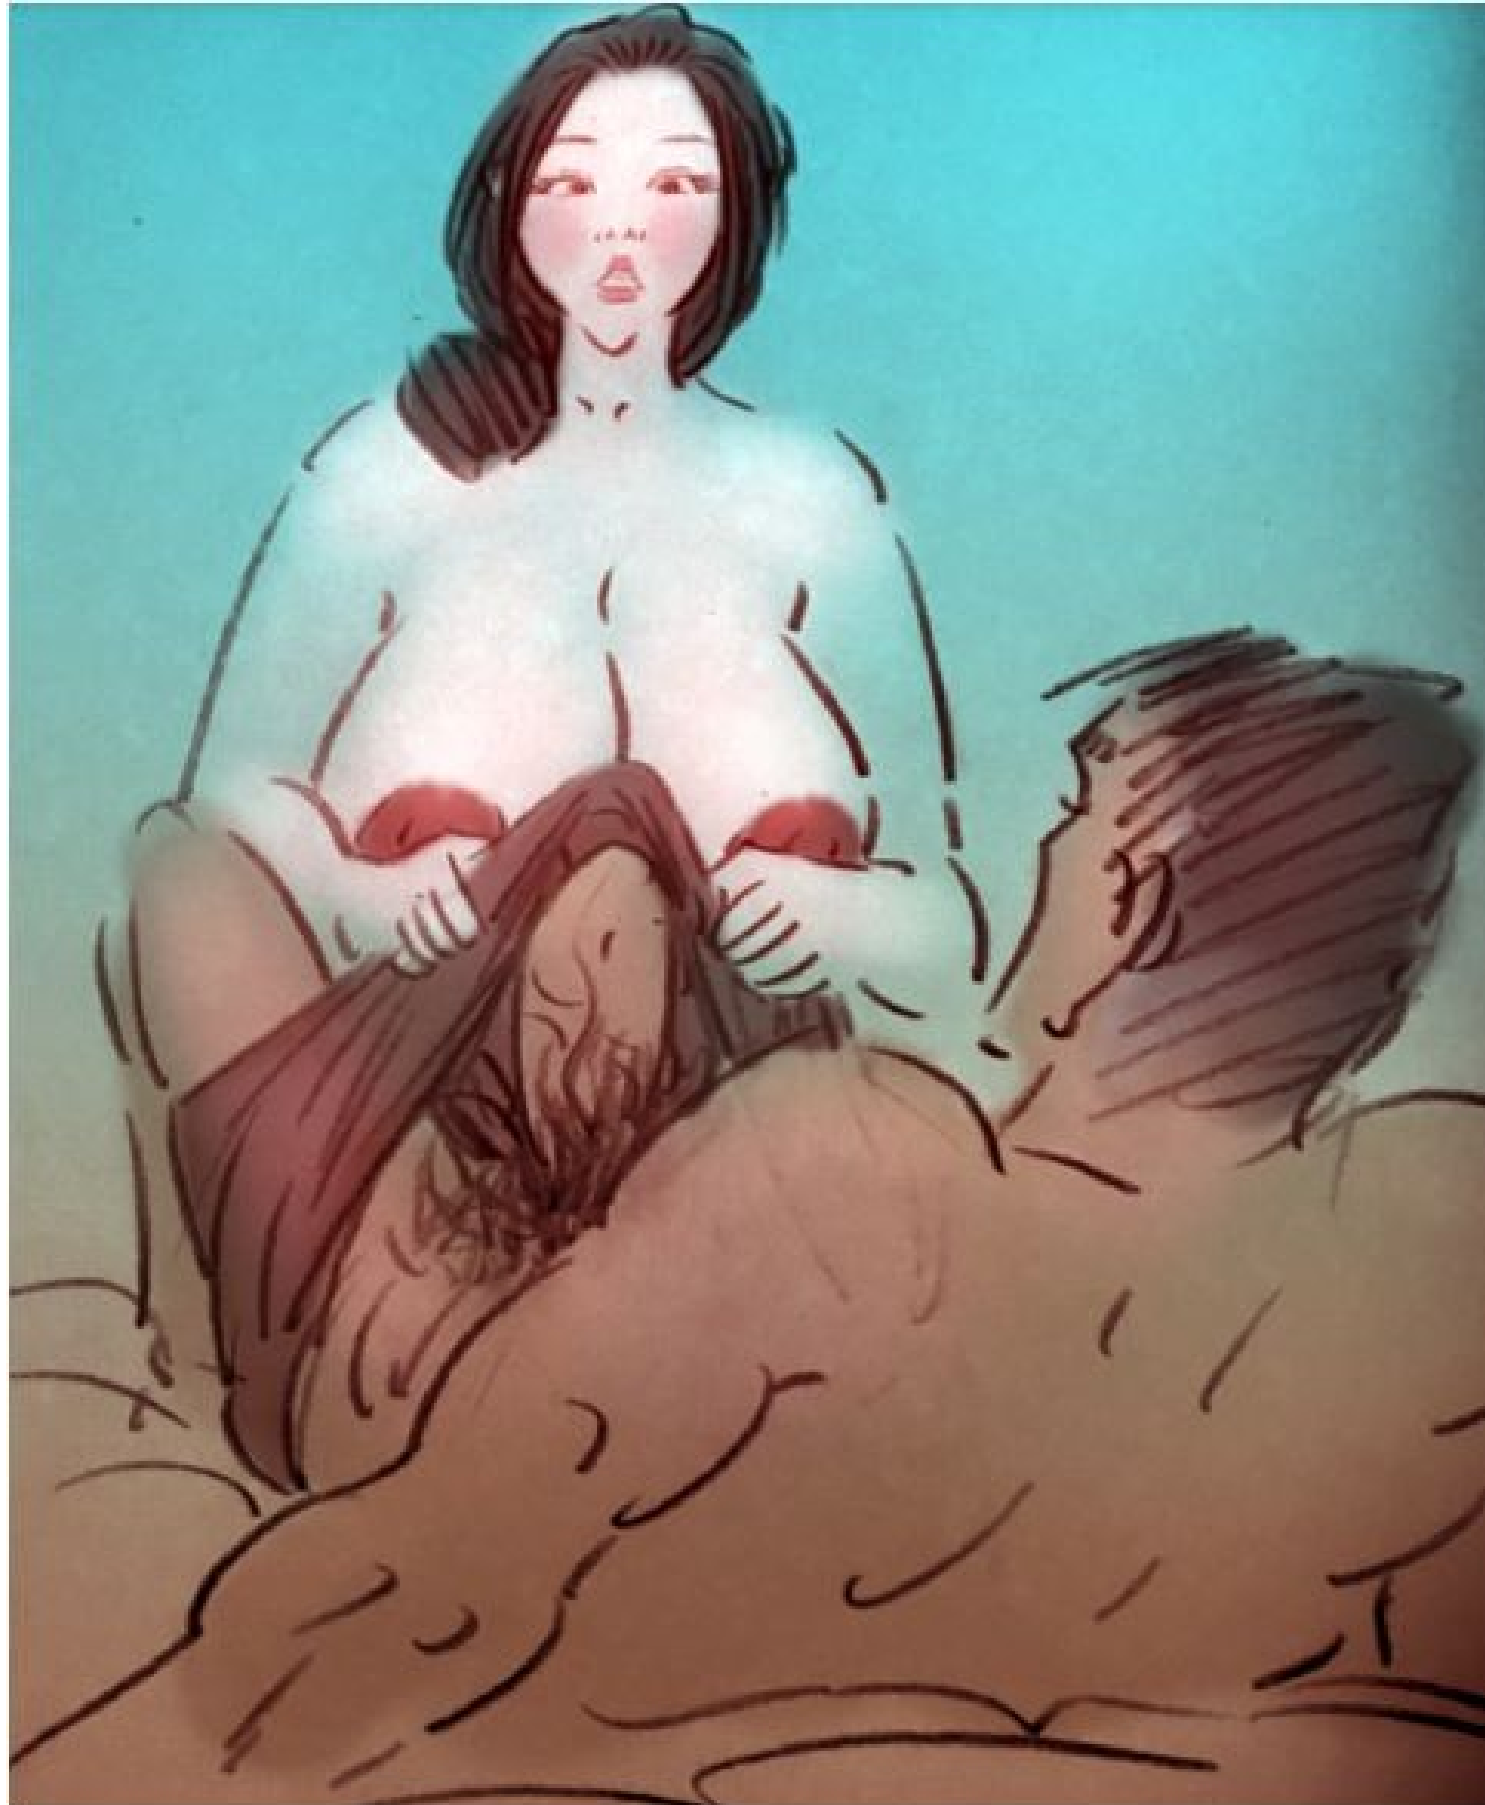

"What do you feel like then?"

en

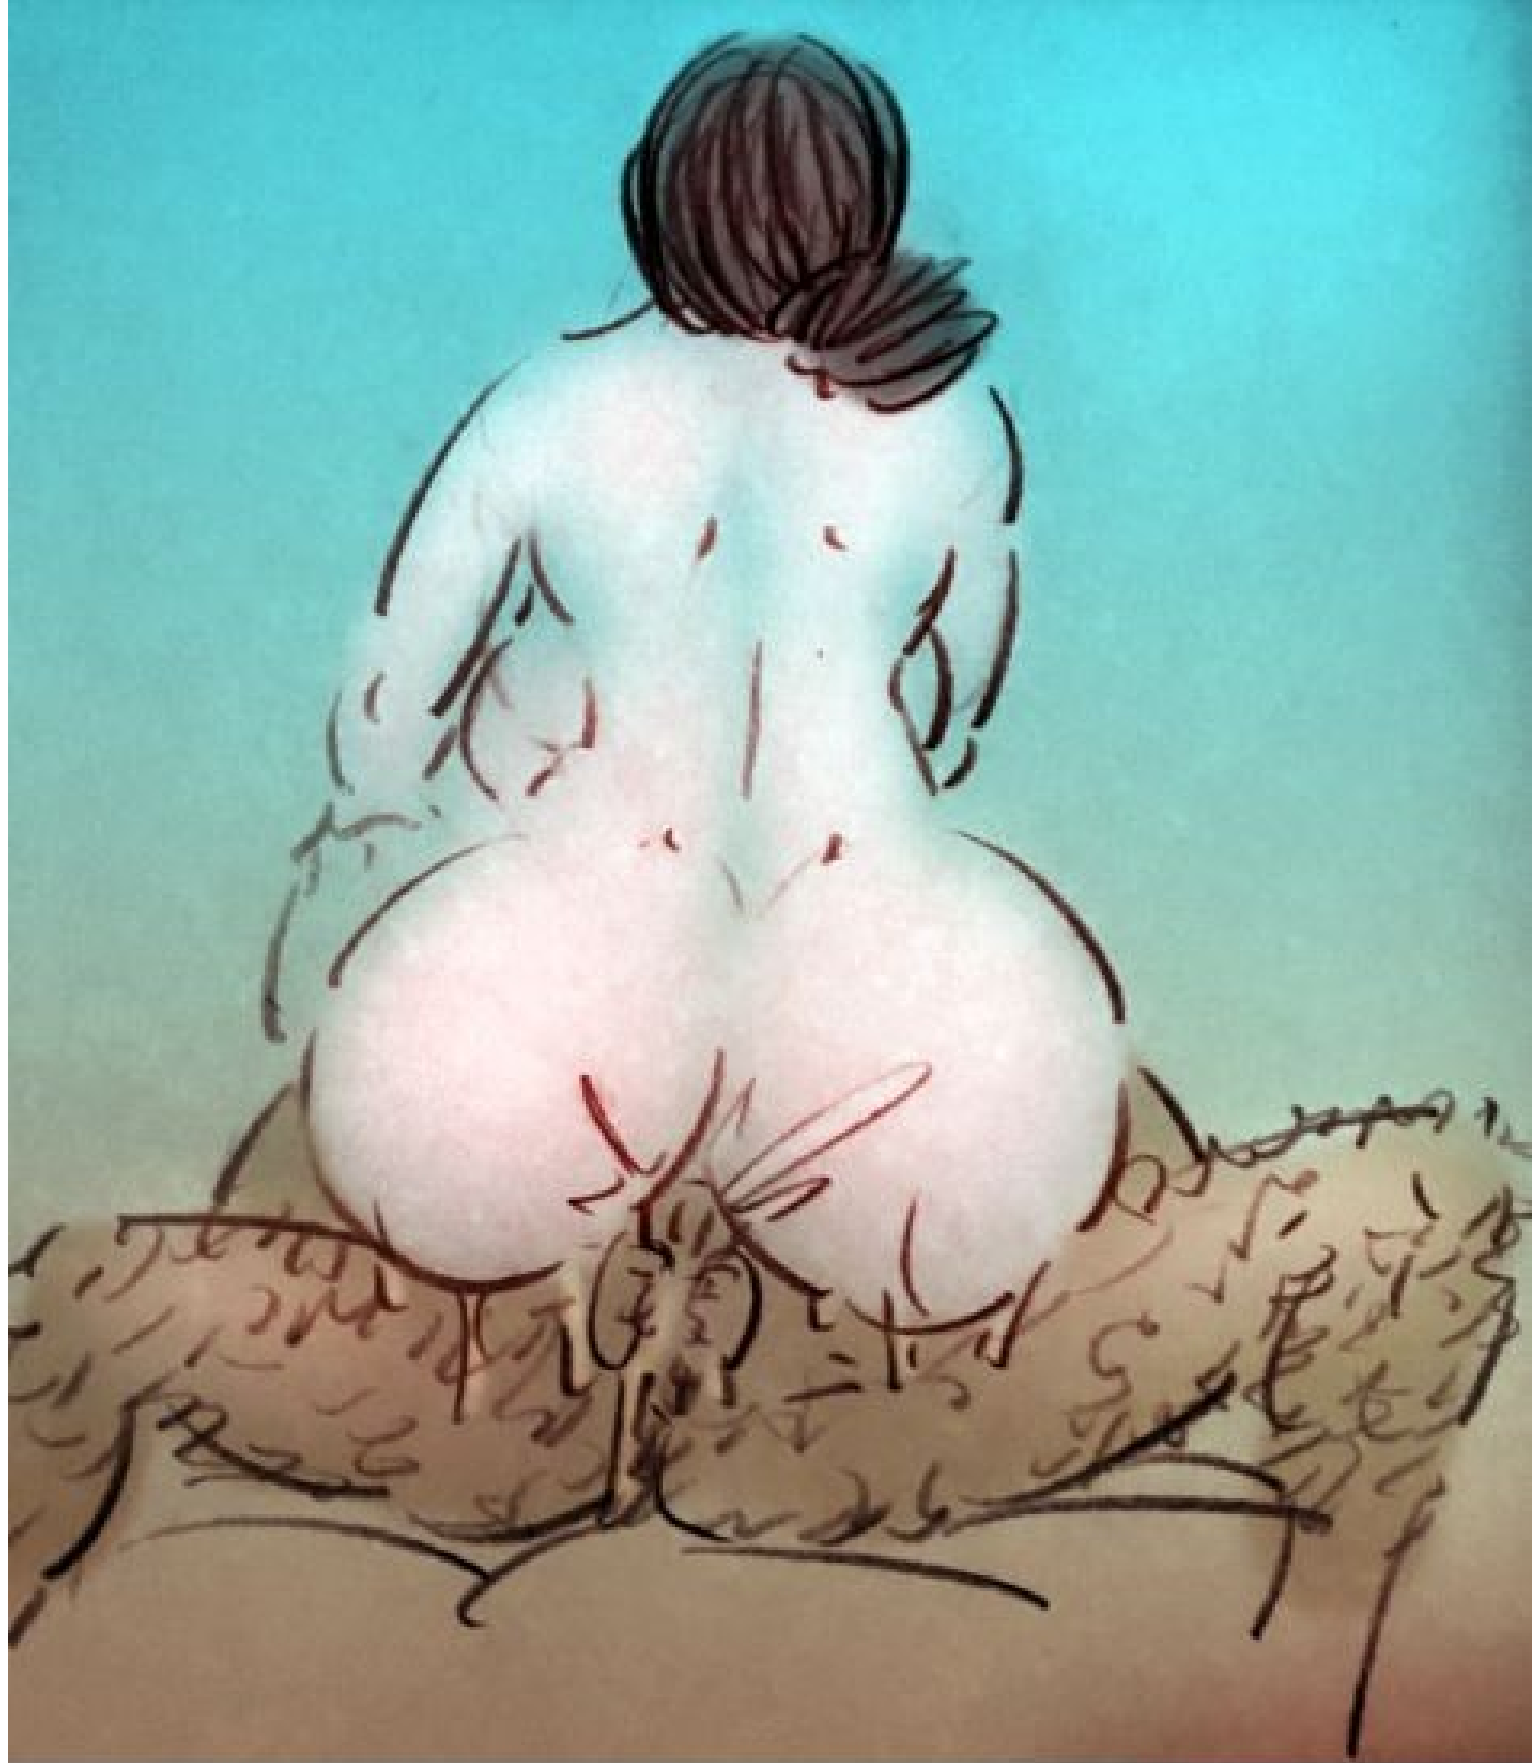

"Silly brother, you'll find out soon after you touch it"

"Brother, you have a baby"

"Sister Xianglan"

"It's OK. I suddenly want to understand that only when people are bold can they have a good life for you. I'd like to"

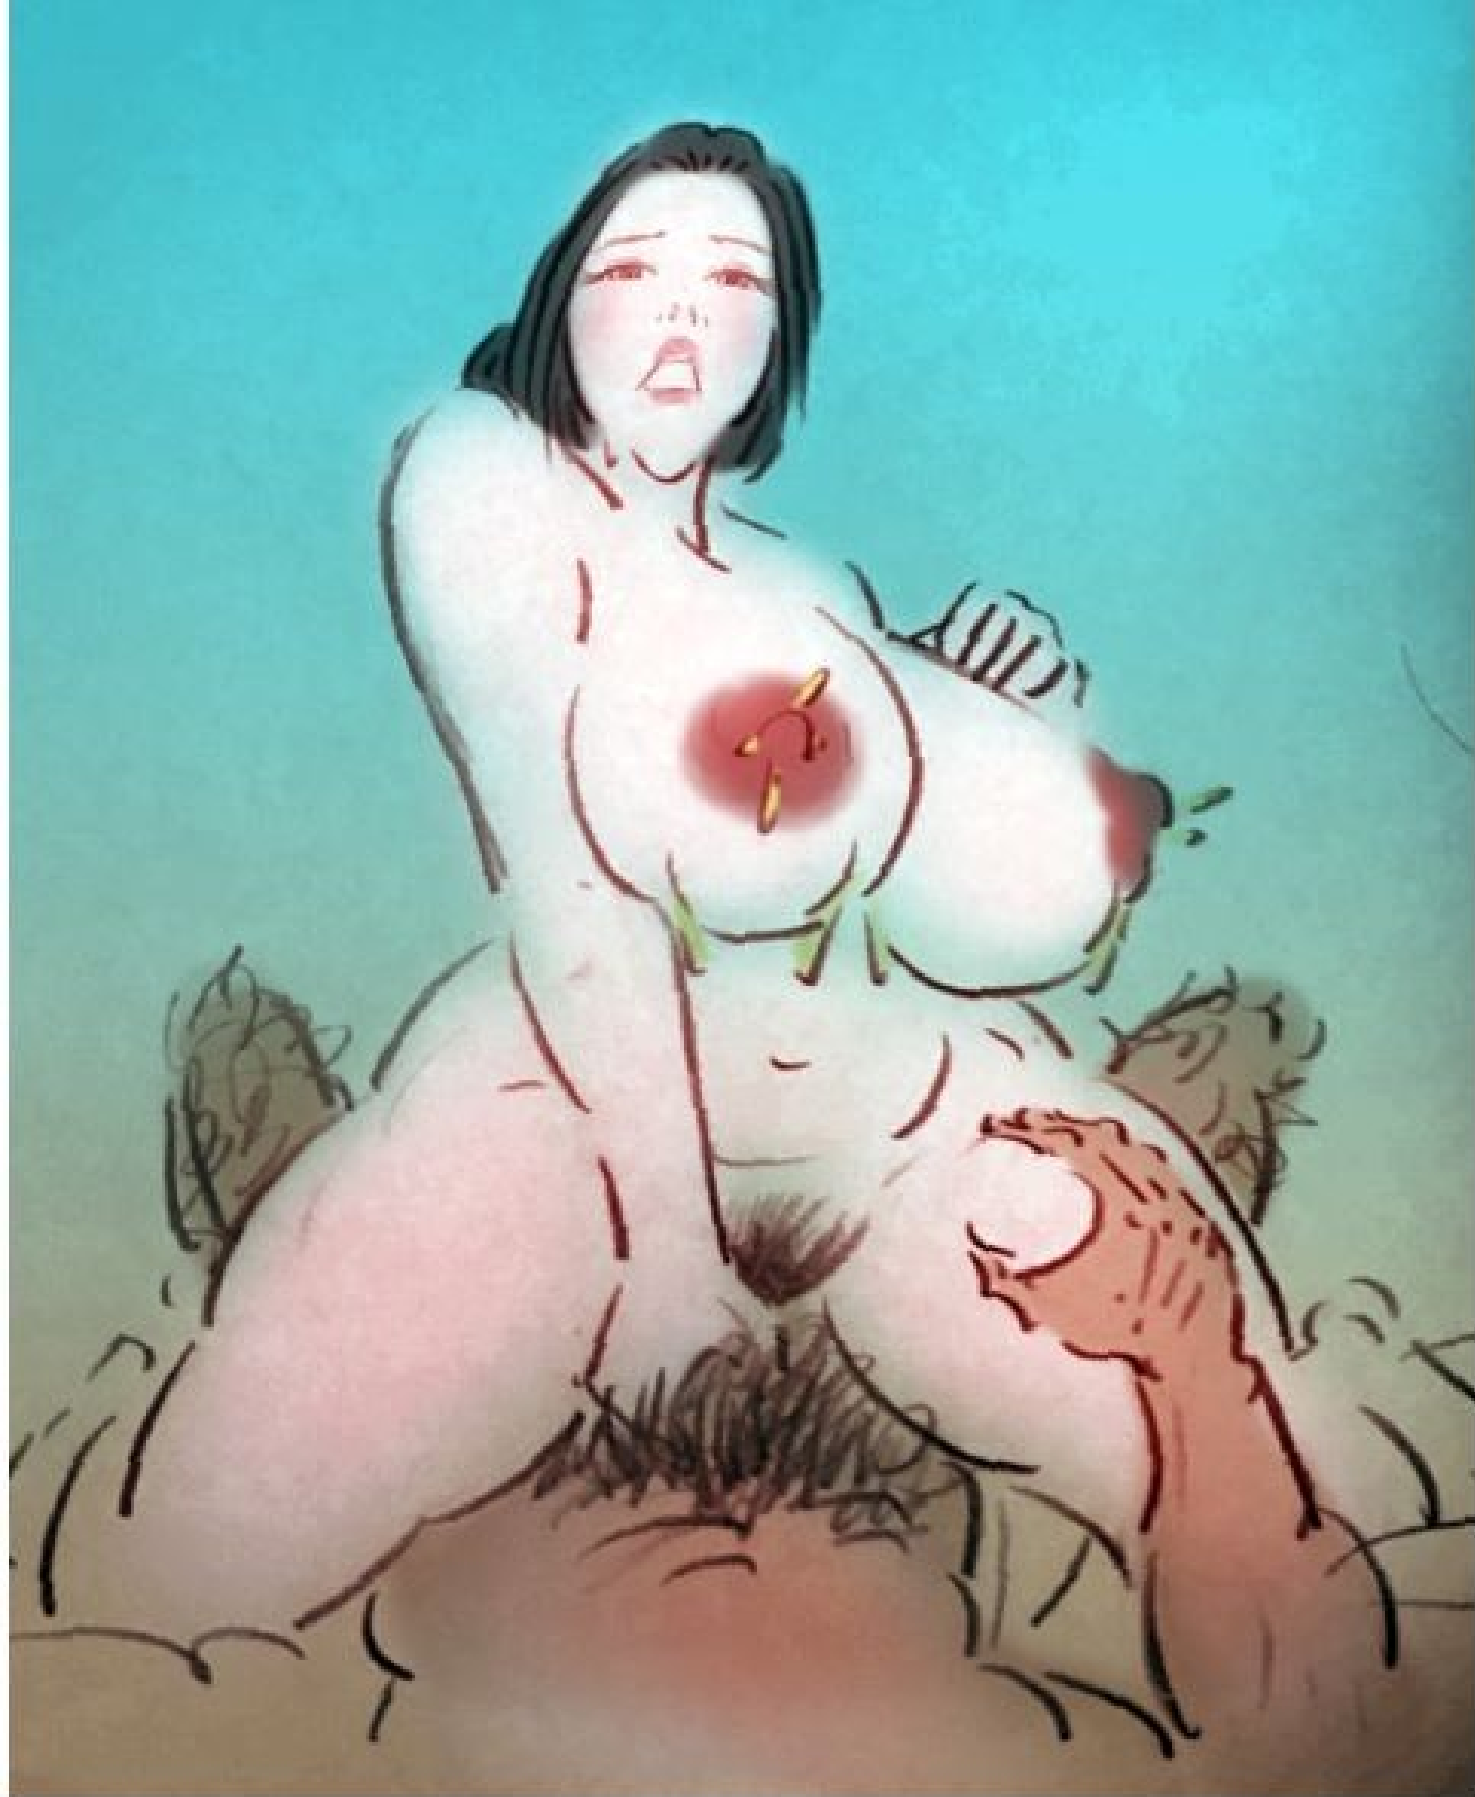

"You're comfortable. You can't let my sister idle."

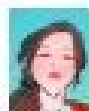

"Sister Xianglan"

"Beauty is killing me."

 Brother, you are so wonderful, elder sister. I'm dying. "Hold tight, elder sister is coming."

 "Sister Xianglan"

"Oh, I'm going to be stabbed to death by you"

"Elder sister, elder sister is dying..."

"Good brother, all for elder sister, let elder sister give birth to a big fat boy for you"

"I'm so comfortable"

"Don't move"

"Sister Xianglan, dirty"

"It's all like this on the video. Men are more comfortable."

"Good brother, is it still hard?"

◦ Xianglan is too lazy to wear clothes. Lying on the bed in a large font, she understands. I'm afraid she will never forget the taste in her life. I don't ask for fame, as long as I can enjoy it once in a while, I'm satisfied.
