THE FOUL REVENGE

卑劣なる報復

— 武道少女輪姦 —

TRANSLATION BY DEFSKI

Together with this timing, and with no people at the dojo, she probably gets real lonely.

Every student quit because they got sick of that young girl's 'uemesse' method. Yet...

...The instructor has already been hospitalized for several months...

Hehe... No kiddin'!

Every day for the passed two weeks, she has been opening the dojo and dutifully training alone...

He left the dojo to his only daughter, and she became assistant instructor....

That Midorimori uniform is pretty cute. We got her in our sights, so lets fuck her with the boys when we got free time!

...But that's the fencing dojo's assistant instructor. That there's a strong reason to go.

...She walked away with
"There will be no next time."

"Get out of my sight!"

I'll make that bitch taste a disgrace so shameful, she'll want to die!!

She put those grown men to shame right in front of other people!!

It's no good... I've never seen that woman go with an empty hand

Doesn't she drop her wooden sword and take a bath after practise or something like that?

Right after practise, her physical strength will have been exhausted. Even so, as long as that bitch has her wooden sword, she can't be defeated.

Tsk!
Well, whatever.
Let's go with our original plan...

3!

!?

...Those bastards...

Ain't this one of your students?
Kuku...

...Yo, sis!
Didn'cha "take care" of me the other day?

I want revenge, and I ain't taking no for an answer. Did you come here for payback?

These guys... Really did their research... They said if I crossed them, they'd break my arm...

Sorry, teach...

Besides... Didn't I tell your lot there wouldn't be a next time?

There's not a single trace of resistance on his face, not to mention it's pretty obvious from the very start he's a conspirator of yours.

Outside the fact that a student of the School of Iron wouldn't allow themselves to be captured, or go without a scratch against a group of thugs, even going without practise...

You're a person of true calibre, teach.

Kehehe... So you did...

Even without the strength of a beast like you...

...But lookie at what I got here. Ain't this somethin' from 'The Original Student'?

I wonder if I got the strength to snap this filthy lookin' sign?

Didn't daddy leave the dojo in your hands?

The sign!?! At that time...!!

IF YOU WANT US TO STOP THEN DROP THAT DANGEROUS WEAPON!!

WAI-

Right, yeah!
Like this she ain't so defiant any more!

Hehe...
Ain't that a nice attitude!

Those bastards made sure to come over when my energy was depleted...

I under... stand...

I made a grave mistake...

While my father is away, I lost not only my students, but the sign too...

But don't you drop that sign!

Guys around the world will get to have a look at your pitiful body!

For that reason, I should be good to upload a video I took of this to the web, yeah?

As a matter of fact, you tarnished our reputation in front of the public...

I oughta leak this sorry state of yours to the public. Does that sound fair to you?

N-No...

T-That's...
...not...

Please...
don't...

Y-Yes...

From tomorrow onwards, you'll submit to our whim.

If we stopped as she wanted, would she have shown us her true self?

Hehe...
She's gone completely docile.

If we call you, you WILL come at once.

...Y-Yes...

Hehe...
As long as we keep this a secret, it's a 'win win'.
Right? Teach?

ALRIGHT!
We got ourselves a new meat toilet~
