

Why do I feel so uneasy

I just masturbated

This strange feeling

Huh what?

When you use magic your body will desire Human contact

HUHI!?

It's okay it's okay Other people can help you subdue the side effect

OW OW OW OW

SO-

兄の部屋

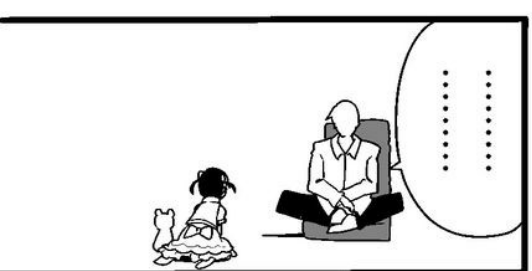

Really sorry about this

Then you came crying to me Akari, are you an idiot?

But i can't handle it anymore

It is emberassing to ask this I tried to handle it myself at first

.....

I thought it might be okay to ask since I've seen you fooling around with a photo of me

But why would you ask your brother to help with this?

For about 3 years

How long have you've known?

は

And i will help you with this physical contact thing

Well despite all that, I love you Akari

かほ

He's definetly done it every day

Done it every day...

I-it's not like I've done it to the photo every day

Magic?

This might be scary since it's the first time I'm trying out
