It's ok. You can call me boss when it's just the two of us.

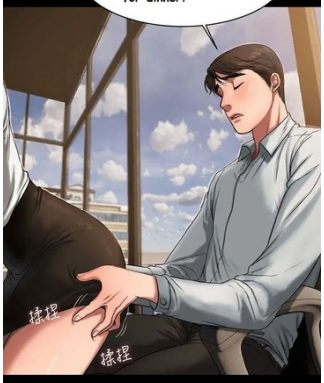

It used to be much easier when I was the only one calling the shots.

But nowadays this department kept getting interupted by the chairman, making me exhausted.

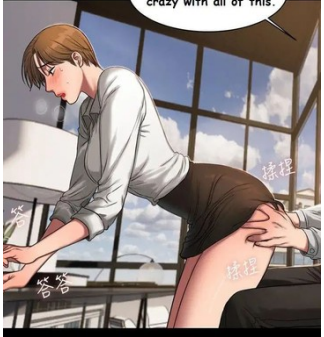

Being forced to go along with this meaningless show.

Is there anyone who likes it when their boss suddenly calls them out for dinner?

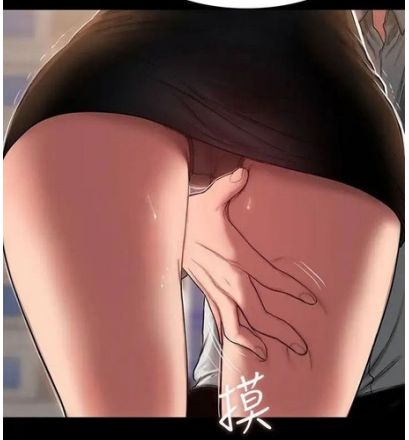

But the chairman thinks that getting to know the staffs is good for the company overall.

He's making me go crazy with all of this.

What about you? Was there anything that you were not used to when you first came here?

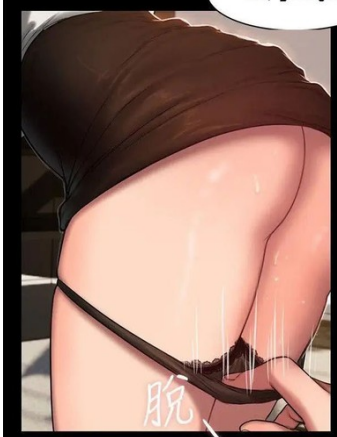

N-no sir. It was just fine.

Hello.

Did I surprise anyone with this sudden gathering? Thank you for attending anyway.

I've not been here at the headquarters for long. That's why I invited everyone here today, to get to know you guys better.

Yes, yes sir...

He is about my age but he's bowing to me. What a sad fellow.

People are dumb, and have no self-esteem. How can he live like this, only to look up to other people's life?

He's lucky to be able to work with this company. This is probably his best achievement in his life.

He'll be forced to sell his life working, while I am able to retire young, being still in my prime.

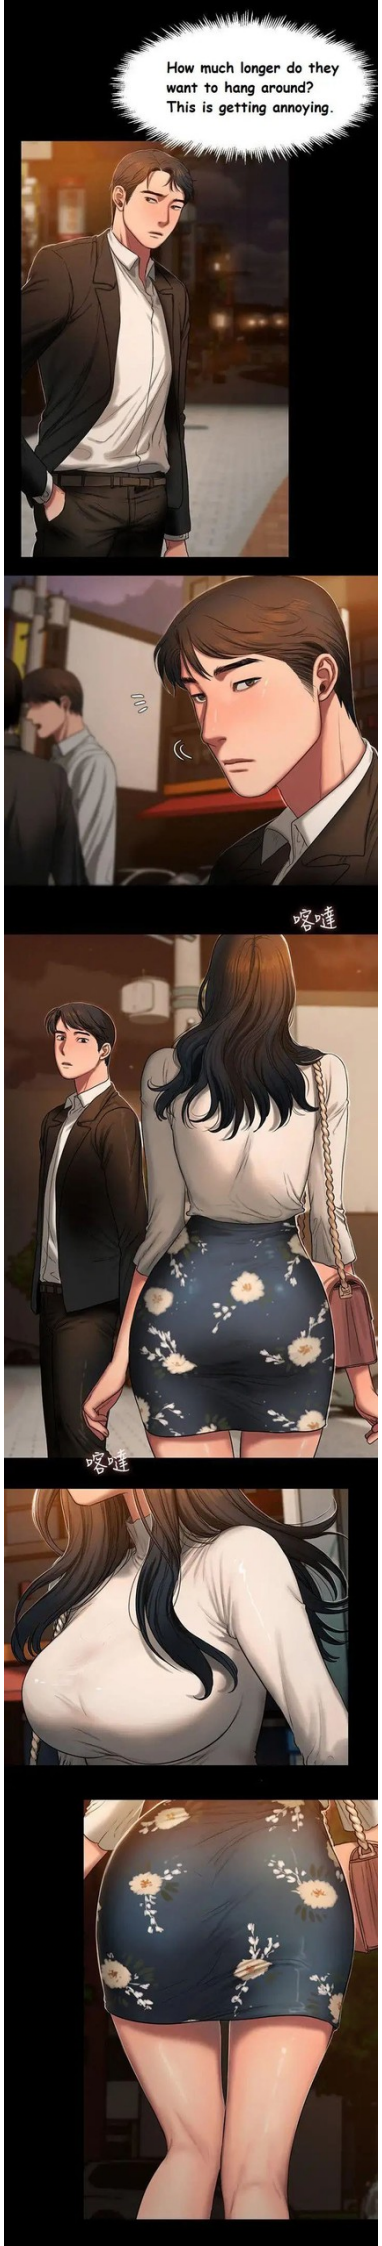

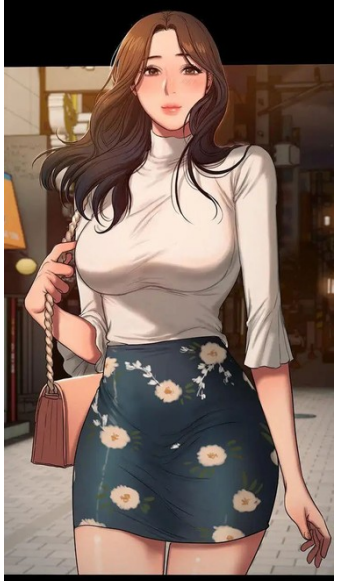

He's aware of that but is still able to laugh? Pathetic.

哈哈哈

How much longer do they want to hang around? This is getting annoying.

BUT NO ONE EXPECTED THAT THE POLITICIAN WOULD FALL

HE HAS LOST HIS FACTION SUPPORT AND HAS LOST ALL HIS SPIRITS.

THE DIRECTOR TOOK THIS OPPORTUNITY BUT I HEARD THAT HIS MARRIAGE LIFE IS TERRIBLE
