This is so the girls can enjoy the beach without the confines of their clothing.

There are only two rules to follow here.
First: No swimsuits allowed.

This is the exclusive, private beach of Inujima City.

Second:
NO ERECTIONS.

This is to help maintain good order at the beach.
Enforcing the second rule and cracking down on girls' erections ...

That is the job of the Beach Police.

No Problem!

Thanks for accepting the interview today!

Hey!

Hey! Nice to meet you.
My name is Eru Mahayami.

Ah ♡

This is going into the city's public relations magazine, isn't it?

Excuse me. I'm going to start taking pictures.

That's right!

The Beach Police are all futanari erection monitors. They're also known as "Cocksavers".

Yes, I'd say ...

So, how many erections have you cracked down on so far...?

Probably over three hundred so far.

Does this mean that you have to maintain discipline, even in tourist areas?

Yes. After all, the beach isn't the place to show off your strength.

Ah, I see ~

To become a member of the Beach Police, you have to pass a certification test.

Erec-tion!

This one?

No erection.

ERECTION SIGHT 3.5!

To quickly run to an erect girl anywhere on the beach,

The training is very important.

But actually, I've been a little worried recently ...

What is it?

It's our job to watch and monitor girls every day.

I feel like I'm getting an erection ...

Every time my penis is swept and shaken by the waves.

It gets very tiring having to always monitor my own erection.

Whenever I see a cock ...
I've developed the habit of imagining that cock when it's erect.

So ...
Because of that ...

...and because I think too much about erect cocks... my own...

No ...
I must calm down ...

I see ...

I must calm down ...

An
ERECTION
JELLYFISH
!

That's
...

Floating along
the coast of
Inujima City,
Erection Jellyfish
suck onto a
futanari girl's
penis and
inject toxins.

The toxin is
mixed with
semen and
turns into a
pleasure
substance,
causing a
forced
erection.

We need to
induce a
sperm
discharge to
clear the
urethra of
toxins!

is to make
the patient
ejaculate
several times.

AH
!

They concentrate on the person's ejaculation while remembering their training. This is critical since the treatment is a race against time.

Afterwards, the injured person is sent to a specialized medical center.

Looks like you made it in time ...

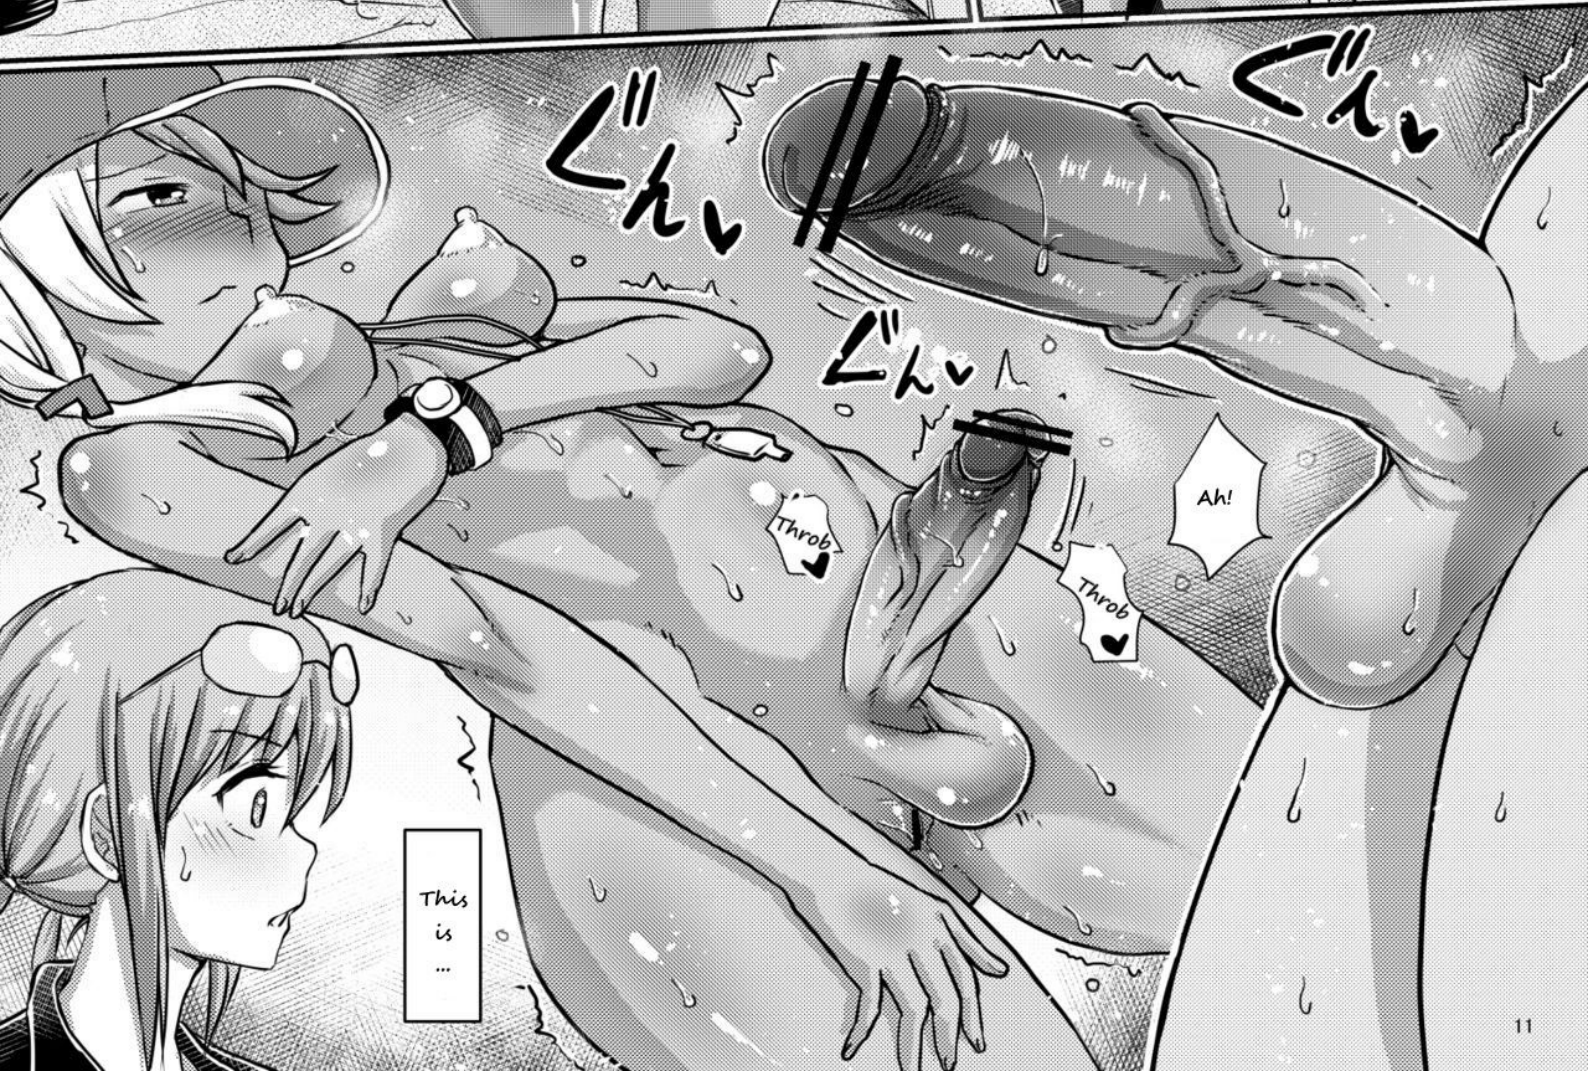

Yeah

Half way through, I got lost in the thrill and started getting excited.

This is bad ...

Eru. Go take your break.

Ah...
♥
An erection...
♥

I have an erection
...
♥

Sorry, but I'm going to masturbate while we talk... Is that okay?

I need to calm down before my next shift ...

Oh wow ...

The highly trained Beach Police's lower body soon became soaked with sweat and sticky fluids.

The moment she relaxes, her libido goes into overdrive.

Hah

Hah

Hah

You're still hard ...

Oh man, I'm running out of time.

Date-san can lend a hand ...

Isn't that right?

EH?!

T-that's ridiculous!

That's ... a good idea.

Yeah?

あせ、あせ、

I had imagined Date-san naked since we first met!

I- I'm already an aunt ... You don't want an old woman like me ...

Date-san, please ... please help me ...

Eh ...

PA

What your boobs and genitals look like ...

What your cock will look like when it's erect ...

I've been thinking about that for a while ...

That's ...

トキ、トキ、

It's amazing when you strip ...

Everything about it!

I like being naked ...

Ever since I was little...
For the last 10 years, I've masturbated and never missed a single day.

How long have you ...
had such a strong sex drive ...?

Your erection won't go away ...
How would you resolve this ...
... occupational hazard...?

It's ...
It's impossible ...

In this body ...
As long as I was born as a futanari ...

It feels good and I can't stop ...

I can't stop it ...

Well then,
thank you for your hard work.

I've gotten my release, and I'm feeling refreshed ...
Aah ...

According to rumors around here

There's a secret erection-friendly area that the Beach Police can't see...

Forbidden, yet liberated ... Perhaps those are two sides of the same coin ...

What about that cloud ...

The Futanari Nude Beach in Inujima City has been heavily invested into by the city's Mayor.
 From the open environment, to the special menu at the beachhouse, it's more than worth the visit. Therefore, it has become one of the more popular scenic spots for tourists visiting the city.

こんにちは。双葉淀夢です。
この度は「ふたなりビーチポリスのおしごと★」を手にとっていただき
誠にありがとうございます！
今回でサークル第25弾の本になります。

今作は犬島海水浴場を舞台にした本としては3冊目になります。
ふたプラ4のヌーディストビーチや海の家編でも
画面端にちょこちょこ出てきていた
おちんぼ監視員にスポットを当てたお話です。

このビーチポリスはちょっと勃起しただけで
凄い勢いで走ってくるという鬼のような存在なのですが
ふたプラ4のあとがきでも書いたように
勃起を取り締まっているビーチポリスの人達こそが1番の
ドスケベなのではないかという事をテーマに生まれたのが絵留です。

ふたプラ4の中でミルクがチンポサーバーと呼んでいますが
今回本にするにあたってタイトルにビーチを入れたかったので
ビーチポリスが正式名称という事にしました。

そんなわけで次回は春コミに向けて新作に取り掛かりたいと思います。
それではまた～！

Thanks for reading!

My third translated piece, and I consider this one a success. I got some feedback on the accuracy of some of my translations, so I used a different method and I think this is about as accurate as I can get as a non-japanese person who doesn't actually read or understand japanese.

I used the actual japanese version to translate, but chose a different language translation for the actual images since the censorship on these are significantly less intrusive than the japanese one.

Thanks for the feedback, and I look forward to hearing how you enjoyed this doujin!
