

My wife-  
"Maruyama  
Momoka"  
loves to  
eat.

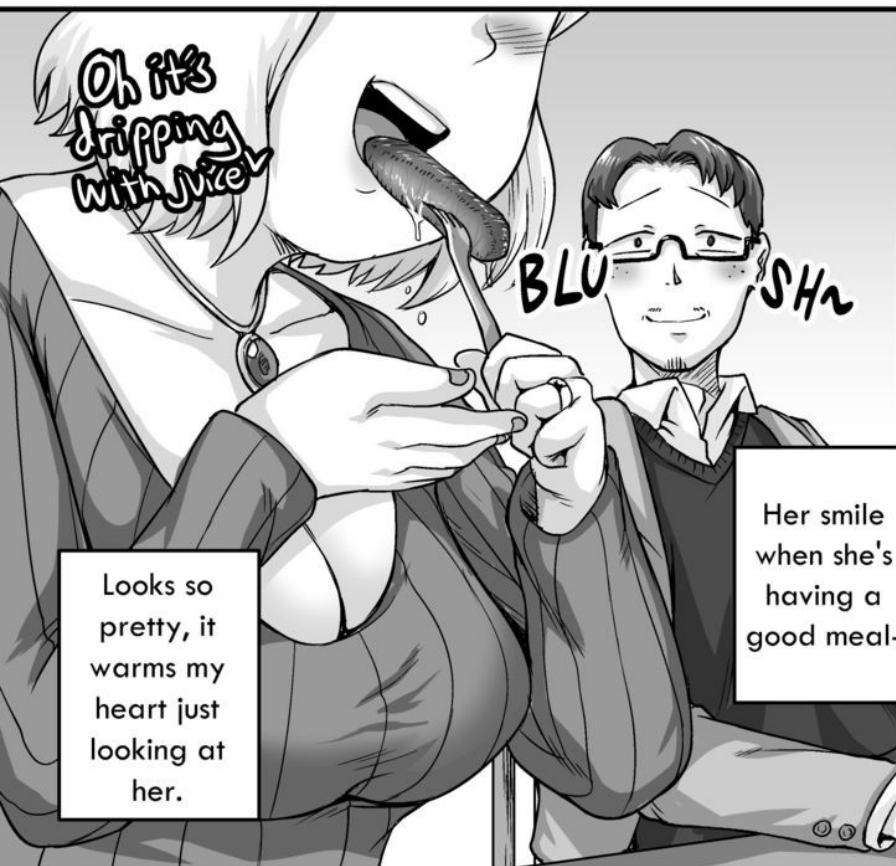

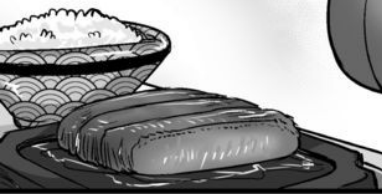

And I enjoy  
watching her  
adorable

MMmm~

This steak  
is SO soft~  
It just melts  
in my  
mouth♥

Oh it's  
dripping  
with juice!

BLU SH~

Looks so  
pretty, it  
warms my  
heart just  
looking at  
her.

Her smile  
when she's  
having a  
good meal-

Wagyu  
beef sure  
is the  
best!

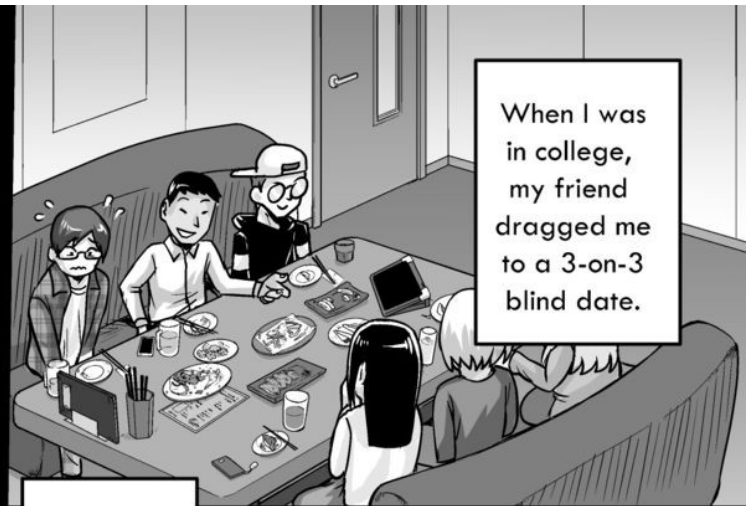

This place  
is pretty  
good, isn't  
it?

Mnhm!!  
I've never  
had steak  
this good  
in my life!

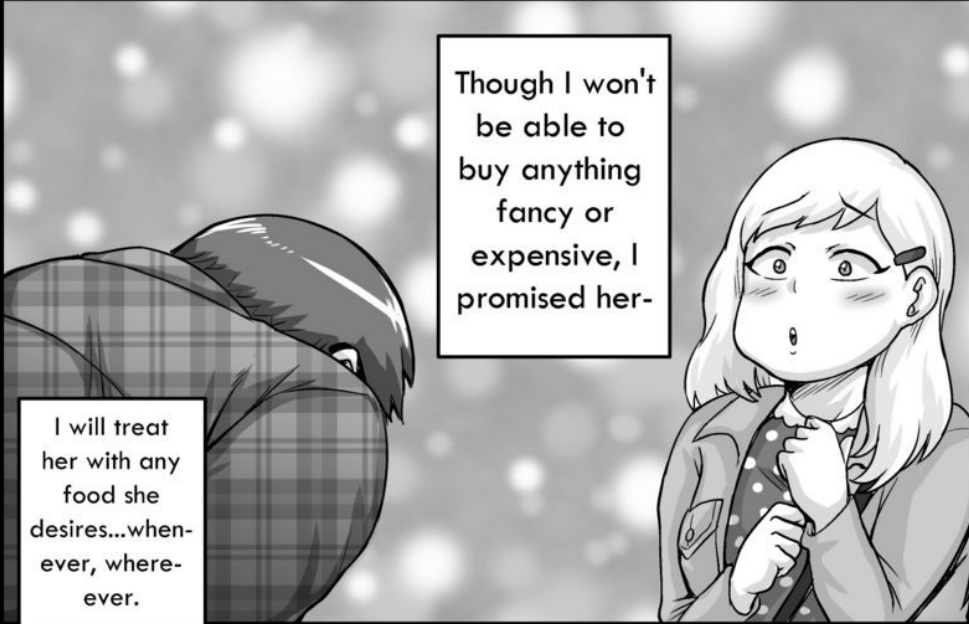

Was what made me fall in love with her at first sight.

The way she ate that garlic bread dipped in pasta sauce so happily, not caring about how she might look-

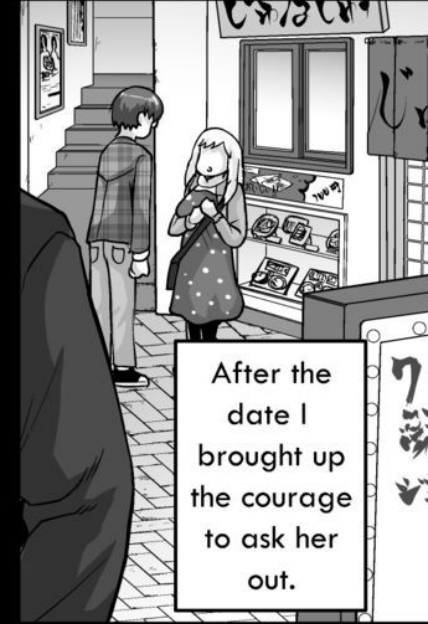

When I was in college, my friend dragged me to a 3-on-3 blind date.

Which is where I first met my wife.

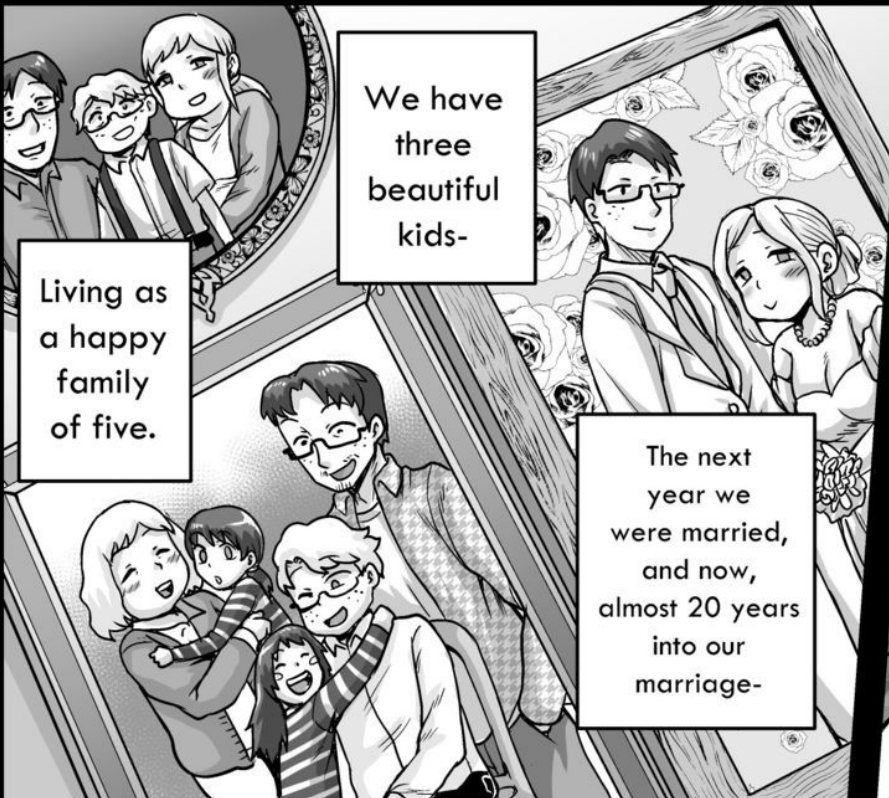

Though I won't be able to buy anything fancy or expensive, I promised her-

I will treat her with any food she desires...when-ever, where-ever.

After the date I brought up the courage to ask her out.

We have three beautiful kids-

Living as a happy family of five.

The next year we were married, and now, almost 20 years into our marriage-

And from that day, we started dating.

To my surprise, she agreed-

R= REALLY!?

But the kids are angels, and the five of us are very close.

Now our kids have gotten bigger and we're busy than ever before being parents.

Try this beef~ It melts in your mouth!!

I get to eat delicious meals with the woman I love.

And plus, whenever we DO have time to go out on a date together,

Here, Daisuke-san!

But no meal is truly perfect without a dessert!!

Wanna go eat your favorite sundae at that cafe?
