Hello and nice to meet you. I'm Sakura Romako.

Thank you so much for buying "Watashi to Haha" ("Me and Mom").

... Actually, "Haha to Watashi" ("Mom and Me") is easier to say in Japanese, but I swapped them to emphasize who the domme is.

It's a miracle I managed to finish this in time. A small miracle, but still. A lot of stuff happened this year and my mind is totally wiped out, so I'm more emotional than usual. I don't think I could've finished this without my wife's help.

I probably don't need to be writing this, but there are a lot of places where the story doesn't make any sense. I guess I'm doubting whether or not I did everything exactly the way I wanted it... I don't know if I'll do it with the same characters or not, but I'd like to take another crack at it.

If you see me at an event or something, come say hello!
