Yuri-san, do you know what it is that you are talking about...?
Of course!
It's a ritual drink that elves who are close share with each other! I want to try it!
...
Ye-yes!
She's so... close!
Well, that's one way of putting it to avoid explaining it to little kids...
Mara-chan
While I've been living with you, I feel so happy and relieved, so I know for sure that we can't be anything but the best of friends.
But like this, it feels like we're so distant...?
N-no... umm... It's not like that at all...

The Human Yuri
…
Exchange student, what's that noisy tooth-brush?
This is a revolutionary human world item...
The electric toothbrush!!! It brushes your teeth automatically!
Electricity converts and supplies magical power! A practical time-saver!
Auto-matic ...?
The Elf Tansho

I-I under-stand!
I'm not just interested in elves! I'm interested in you too, Tansho-chan♪
Don't say that!
No, I'm quite fine brushing by hand!
Hehehe-
You've got a curious look on your face
Yuri-chan must love me so damn much! It's too cute ♡
It's not just her, I want to show her kindness too.
...Eh?
Try it out!

I'm using the same brush!?

In other words that means...
The toothbrush Yuri-chan always uses...
The toothbrush that went inside Yuri-chan's mouth...
This is already a part of Yuri-chan...

That means that this is, this is...
Isn't that the same as her having a part of me in her mouth...!?
If Yuri-chan were to use it after I've used it

This is essentially the same thing...!!!

From then on, whenever she would brush her teeth, it gave her an erection.

I'll pass... It's too early still...
Okay

What's wrong? You don't like the auto-matic?
No, um...
