

Such a small body is not enough

You are a prey after a long time.

The body before ripening is regrettable

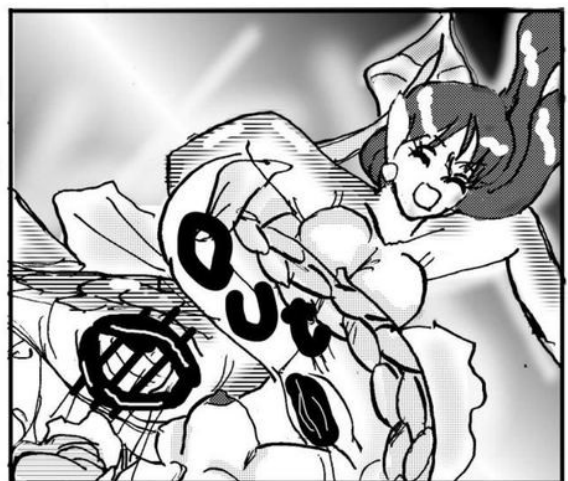

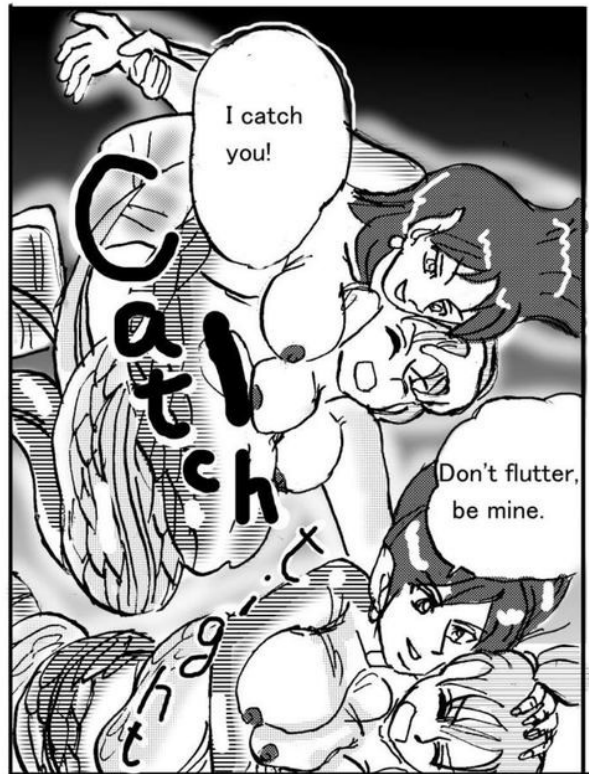

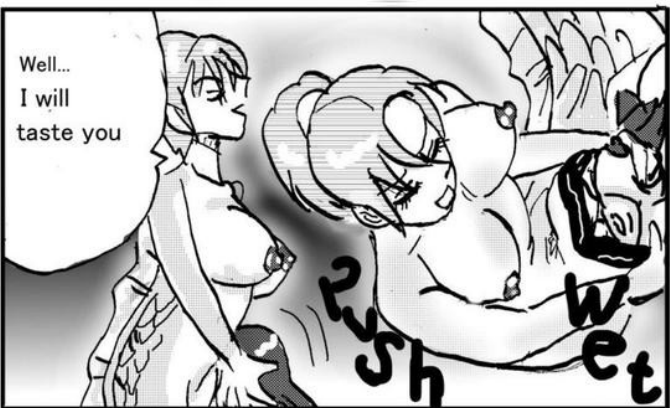

How many juveniles have you eaten with this little mouth?

You are the end of adulthood today.

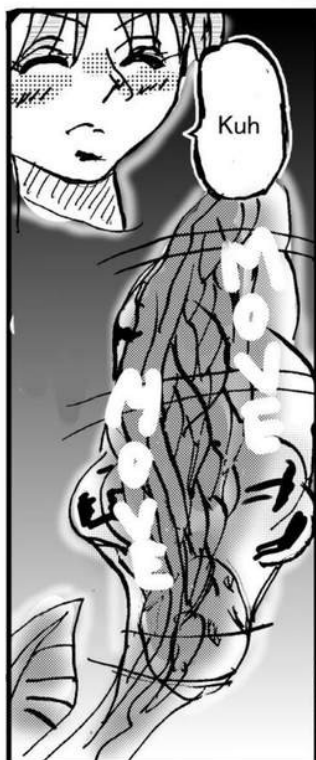

These two small bulges get smaller over time.

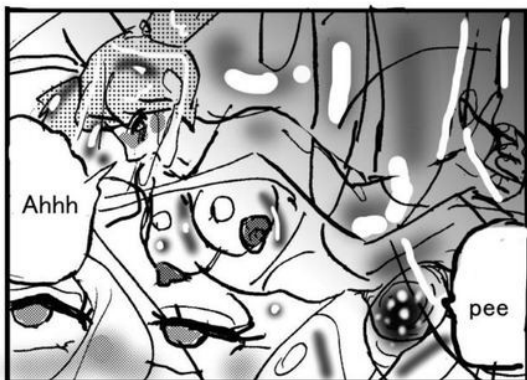

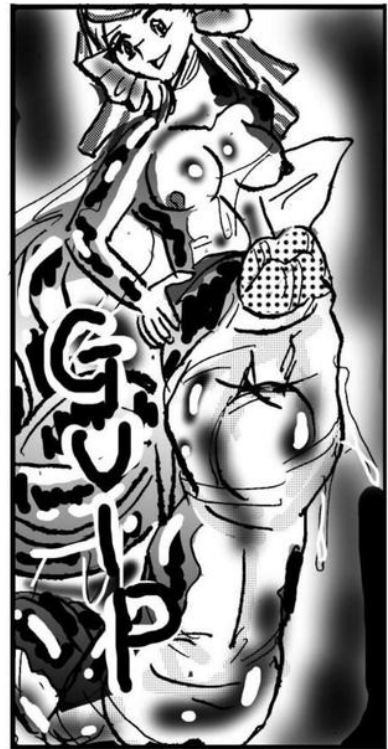

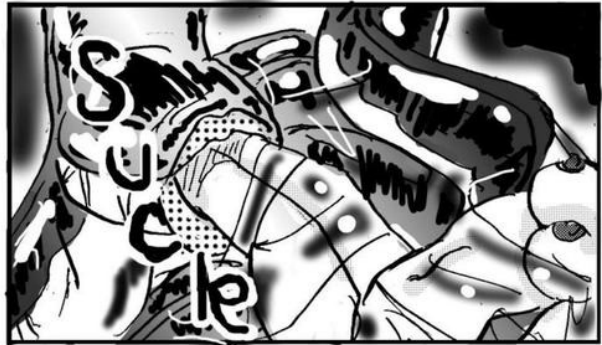

The cover and the main story are irrelevant.

"EggIze" Explanation

Kiriko keeps Shipona

She is my house pet. Her name is Shipona. You guys are meeting for the first time right?

Please take her for a while.

It is Shiori's pet... I have a devoured experience with it.
