Previously on My Neighbor Yukata-san...

Upon starting college, Yamase Kenta decided to rent his own place. He went to say hello to his new neighbor Yukata Hojo, but little did he know that Yukata is an office worker with outrageously large boobs!

Kenta later falls in love with Yutaka, who is always taking care of him...

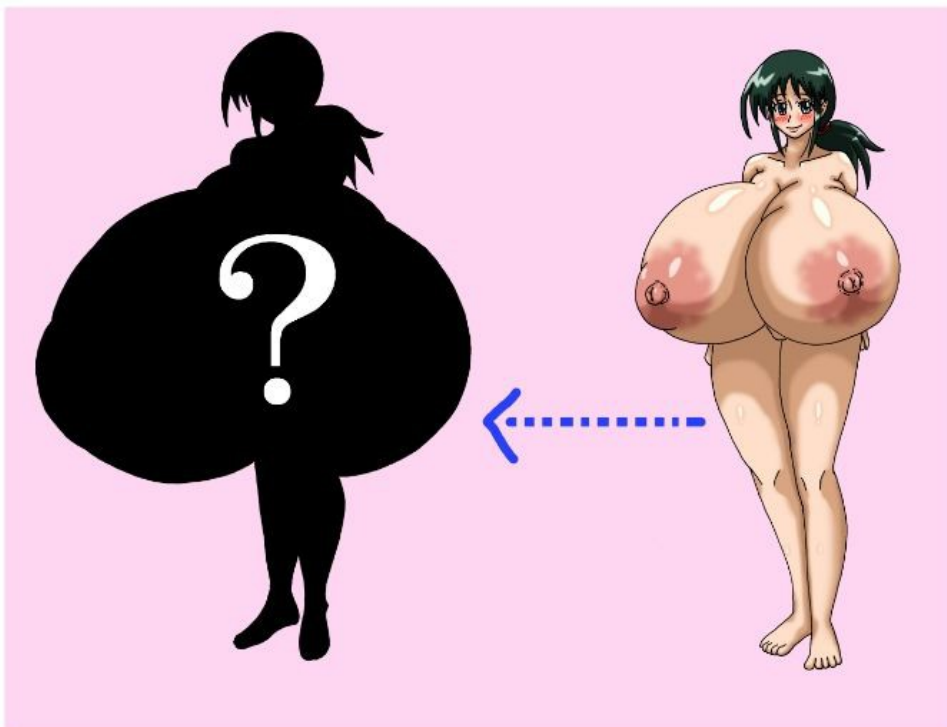

An unexpected sequence of events turned them into lovers. Since then they would have sex and make out everyday.

Kenta would shoot so much cum in Yutaka's pussy, it would make her stomach swell.

During a date, they were so horny that they ended up having sex outdoors.

Due to this lifestyle, Yutaka's breasts have grown even bigger!

We're supposed to make out all day today, right?

Come on, Wake up!

Yutaka Hojo

豊佳 北條

Yutaka is Kenta's neighbor and now he is her live-in partner. Her already enormous breasts have been growing bigger since have sex with Kenta. She is worried her breasts might grow so big that Kenta will break up with her. However, in this volume she has grown to love Kenta even more. She thinks, though, that she may be getting too attached to him. To the point where she starts forgetting about the other aspects of her life.

At first, she felt she was just satisfying Kenta's sexual desires. But recently, she herself wanted to have sex with Kenta as if she wants to drain all the cum out of him. She blames Kenta every time she loses her composure, but she has failed to hide her intensifying horniness.

Everytime she has sex with Kenta, breast milk comes out of her tits. But assuming she doesn't, she has to squeeze them out at least once during the day. Otherwise her breasts start to hurt from the build up.

Her ever growing boobs are starting to become a hindrance at work. After Kenta graduates from university, she hopes to get married and resign from work.

Afterword

Thank you for buying "Having Sex All day with Your Neighbor with Big Boobs." I hope you enjoyed reading.

I mentioned before that this will be a manga with two parts. But to be more precise, I just ended up producing two volumes after drawing everything I wanted to (LOL). This volume is a sequel but not necessarily the last volume.

There are a lot of things that I want to improve and add but overall, I was able to draw what I wanted. Unfortunately, I was unable to draw anything about Yutaka-san's daily life. I want to draw about that next time. In case you don't know, the daily lives of big tit girls are very nice!

In the future, I plan to release more volumes of Yuki-chan's story and draw lots of manga and illustrations of girls with big boobs.

Until next time!
