One day, Maria-san was told of the plan to have her take the virginity of two twins that lived next door, Ayumu and Kakeru, whom she had looked after since they were little.

Maria-san tried to take the lead, but quickly had the lead taken from her instead, causing her to get all messed up with pleasure.

DO YOUR BEST TO SATISFY ME THEN, OKAY?
♥

And from this point is where Maria-san's counter-attack was ready to begin...

IN IT...

GOES!

NYA!

LOOK, MY MOUTH IS GAPING OPEN WITH THE DESIRE TO GOBBLE YOUR DICKS UP.

It's been a while. This is Tamago no Kara's Shiroo. It's been a bit since I put out the draft in May, but thank you very much for buying this Maria-san book! It was split into two books, as I had no choice in that matter, but now Maria-san's chapter is finally complete! I do want to draw more stuff involving Maria-san, but next I plan on finally doing the trap JK Mirika-chan, so please look forward to that.

As an aside, I finally purchased an OculusGO, which I'd been wanting since they announced it. Standalone VR is amazing...Just make that reality...Plus, I bought a 360 degree camera, Theta V, along with it. Going inside the photos you take yourself is so much fun. Leaving the camera on the toy shelf and surrounding yourself with giant robots is so freaking cool. Just make that reality...etc. After Comiket, I'd like to finally use VRoid to become a Barbie.

Anyway, I drew a manga for the currently available volume of Koushoku Shounen once again. It's been at least a year since I did manga like that. I'd like to also get something out in Xeros as well.

Plus, alongside Mirika-chan's chapter this winter, I'd also like to release a complete Otokonoko AV book with Miyuki-kun and Alim-kun's chapters as well, so if you're interested in that, please follow my Twitter and Pixiv for news on it.

Thank you, and I'll see you again next time you're in the mood to purchase some of my work.

Comments: I think this is something that we all went through when we were shotas. Gotta have the dickgirl next door take both virginites for you. It's a natural rite of passage. For those that are wondering, the Otokonoko AV Catalogue tank mentioned in the afterword has in fact been released, and most of the chapters have been translated by various people. You'll need to search up the individual chapters though, as they were translated before the tank was released.
