

I've been
curious
for a long
time now.

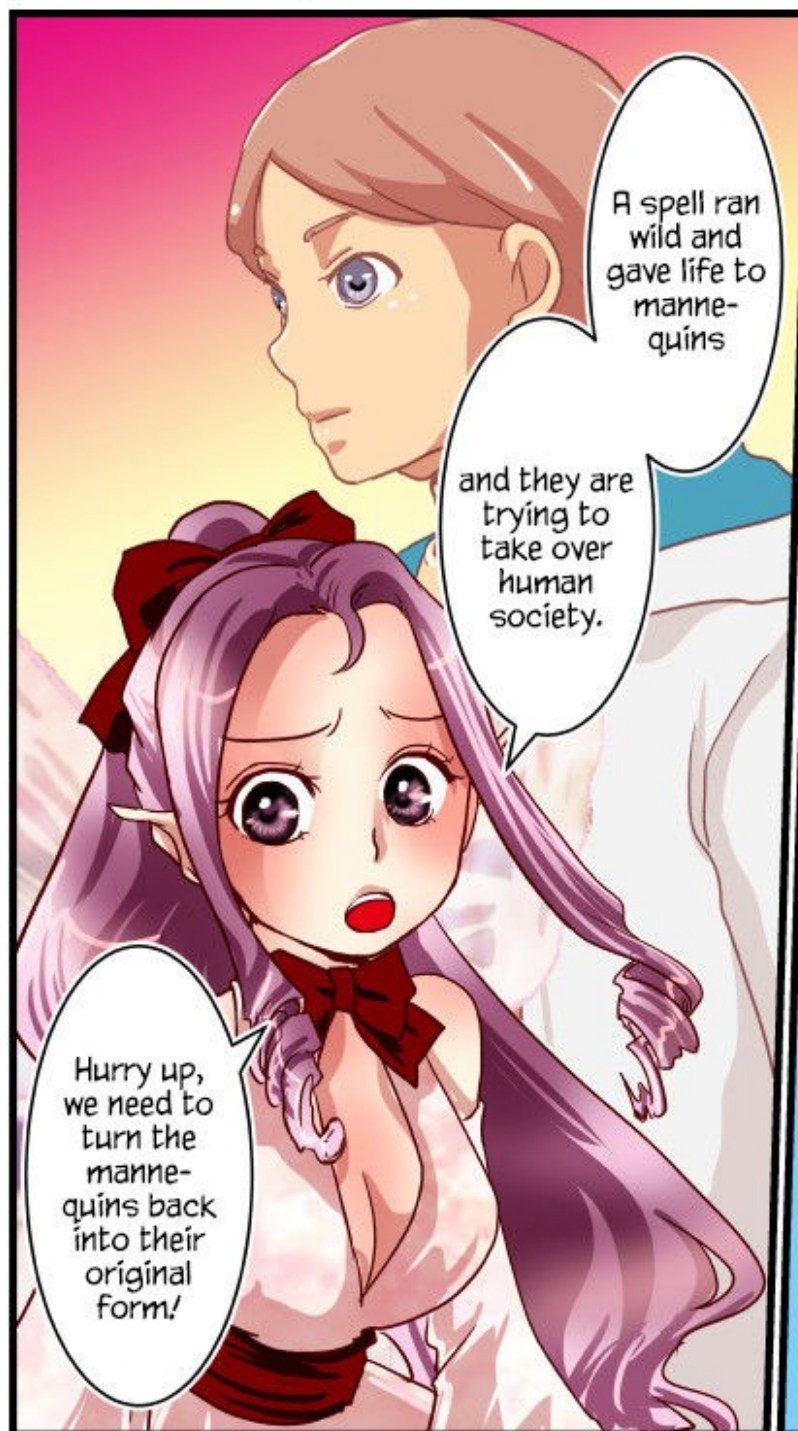

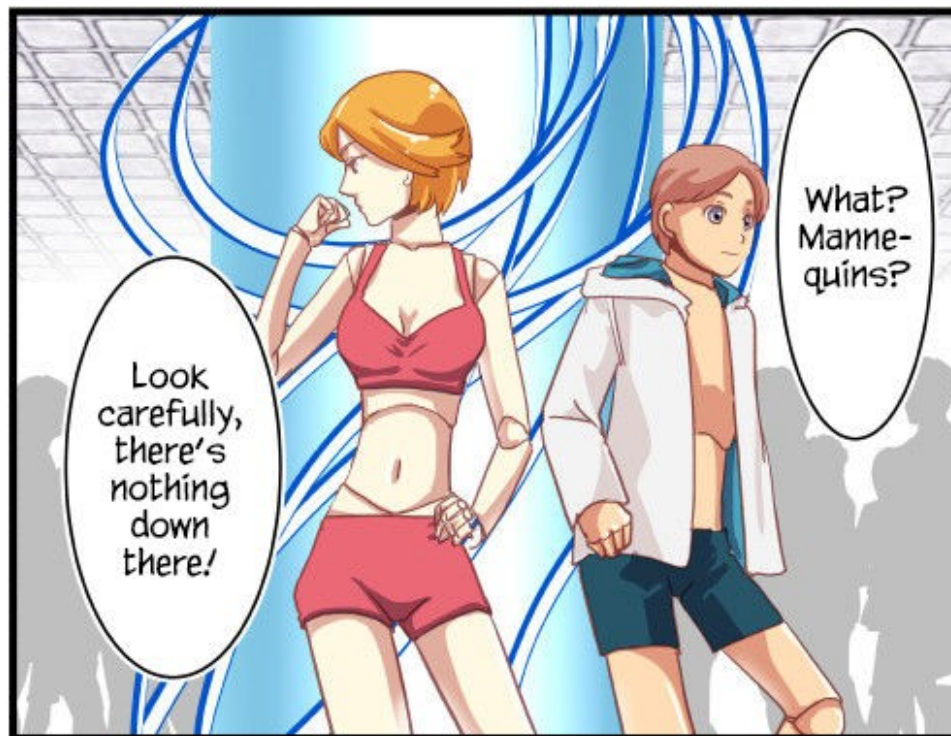

After
all...
there
isn't
one.

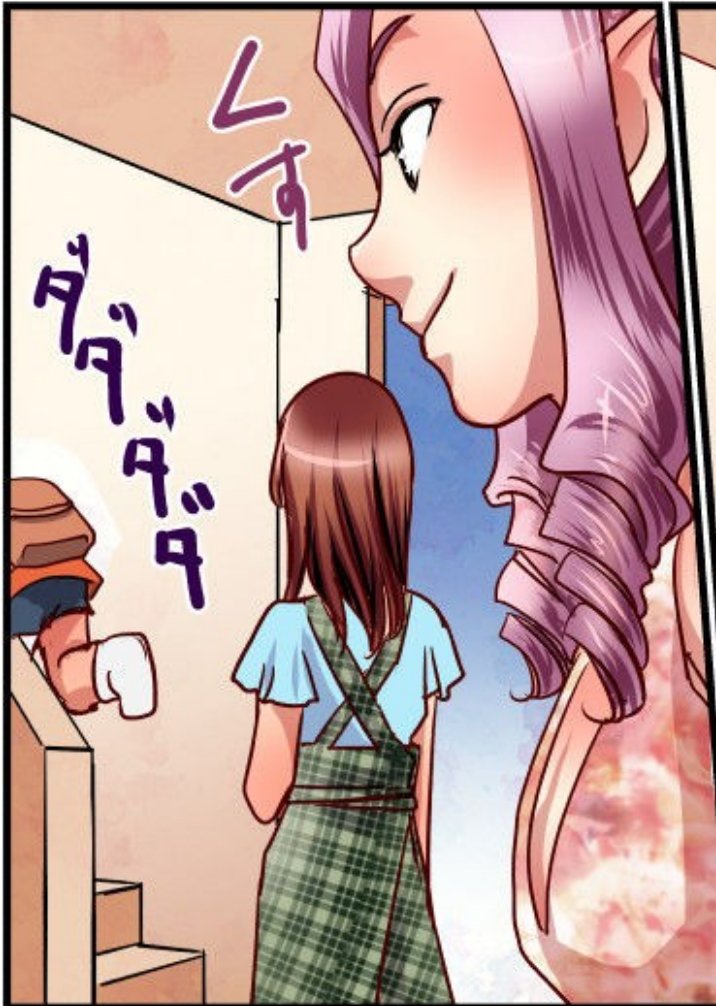

Wherever
I search
there's no
peepee.

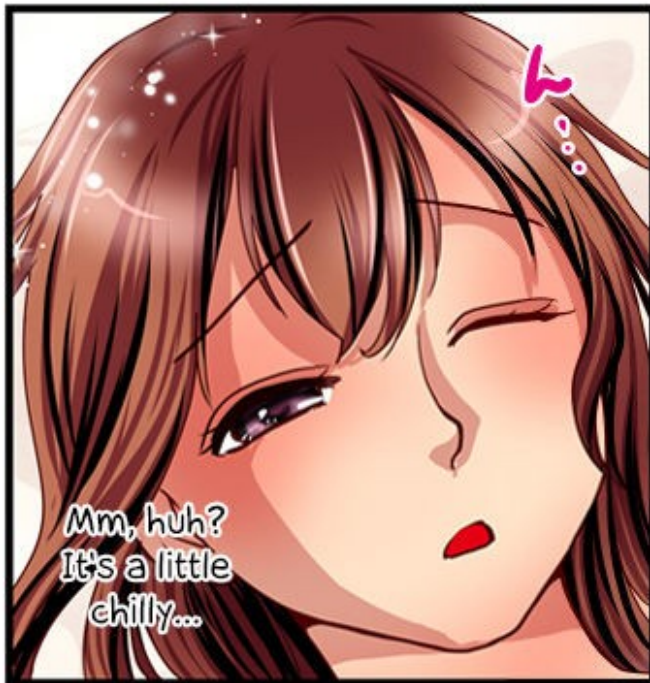

Why are
mom and
I not the
same down
there?

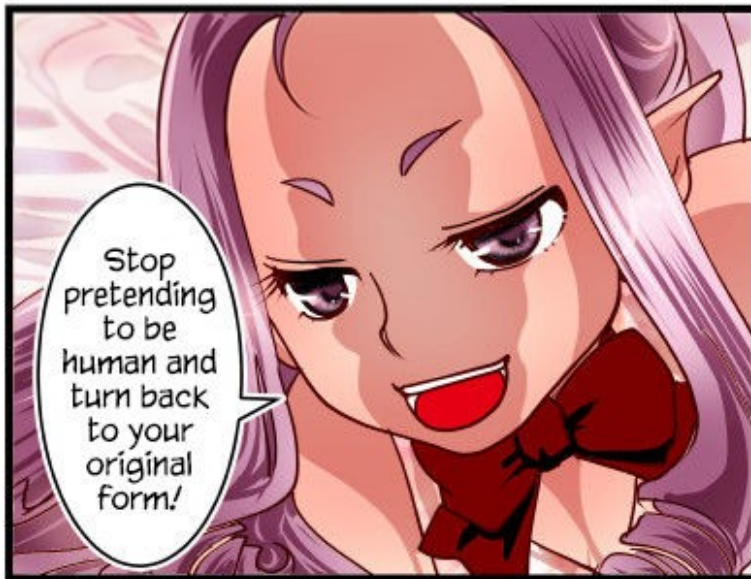

Mm, huh?
It's a little
chilly...

Firstly, I'll
immobilize
you and
pose you
like a man-
nequin...

Stop
pretending
to be
human and
turn back
to your
original
form!

Ah!

What's
that
small
thing?

Eeh!?
What's
going
on?

I can't
move...

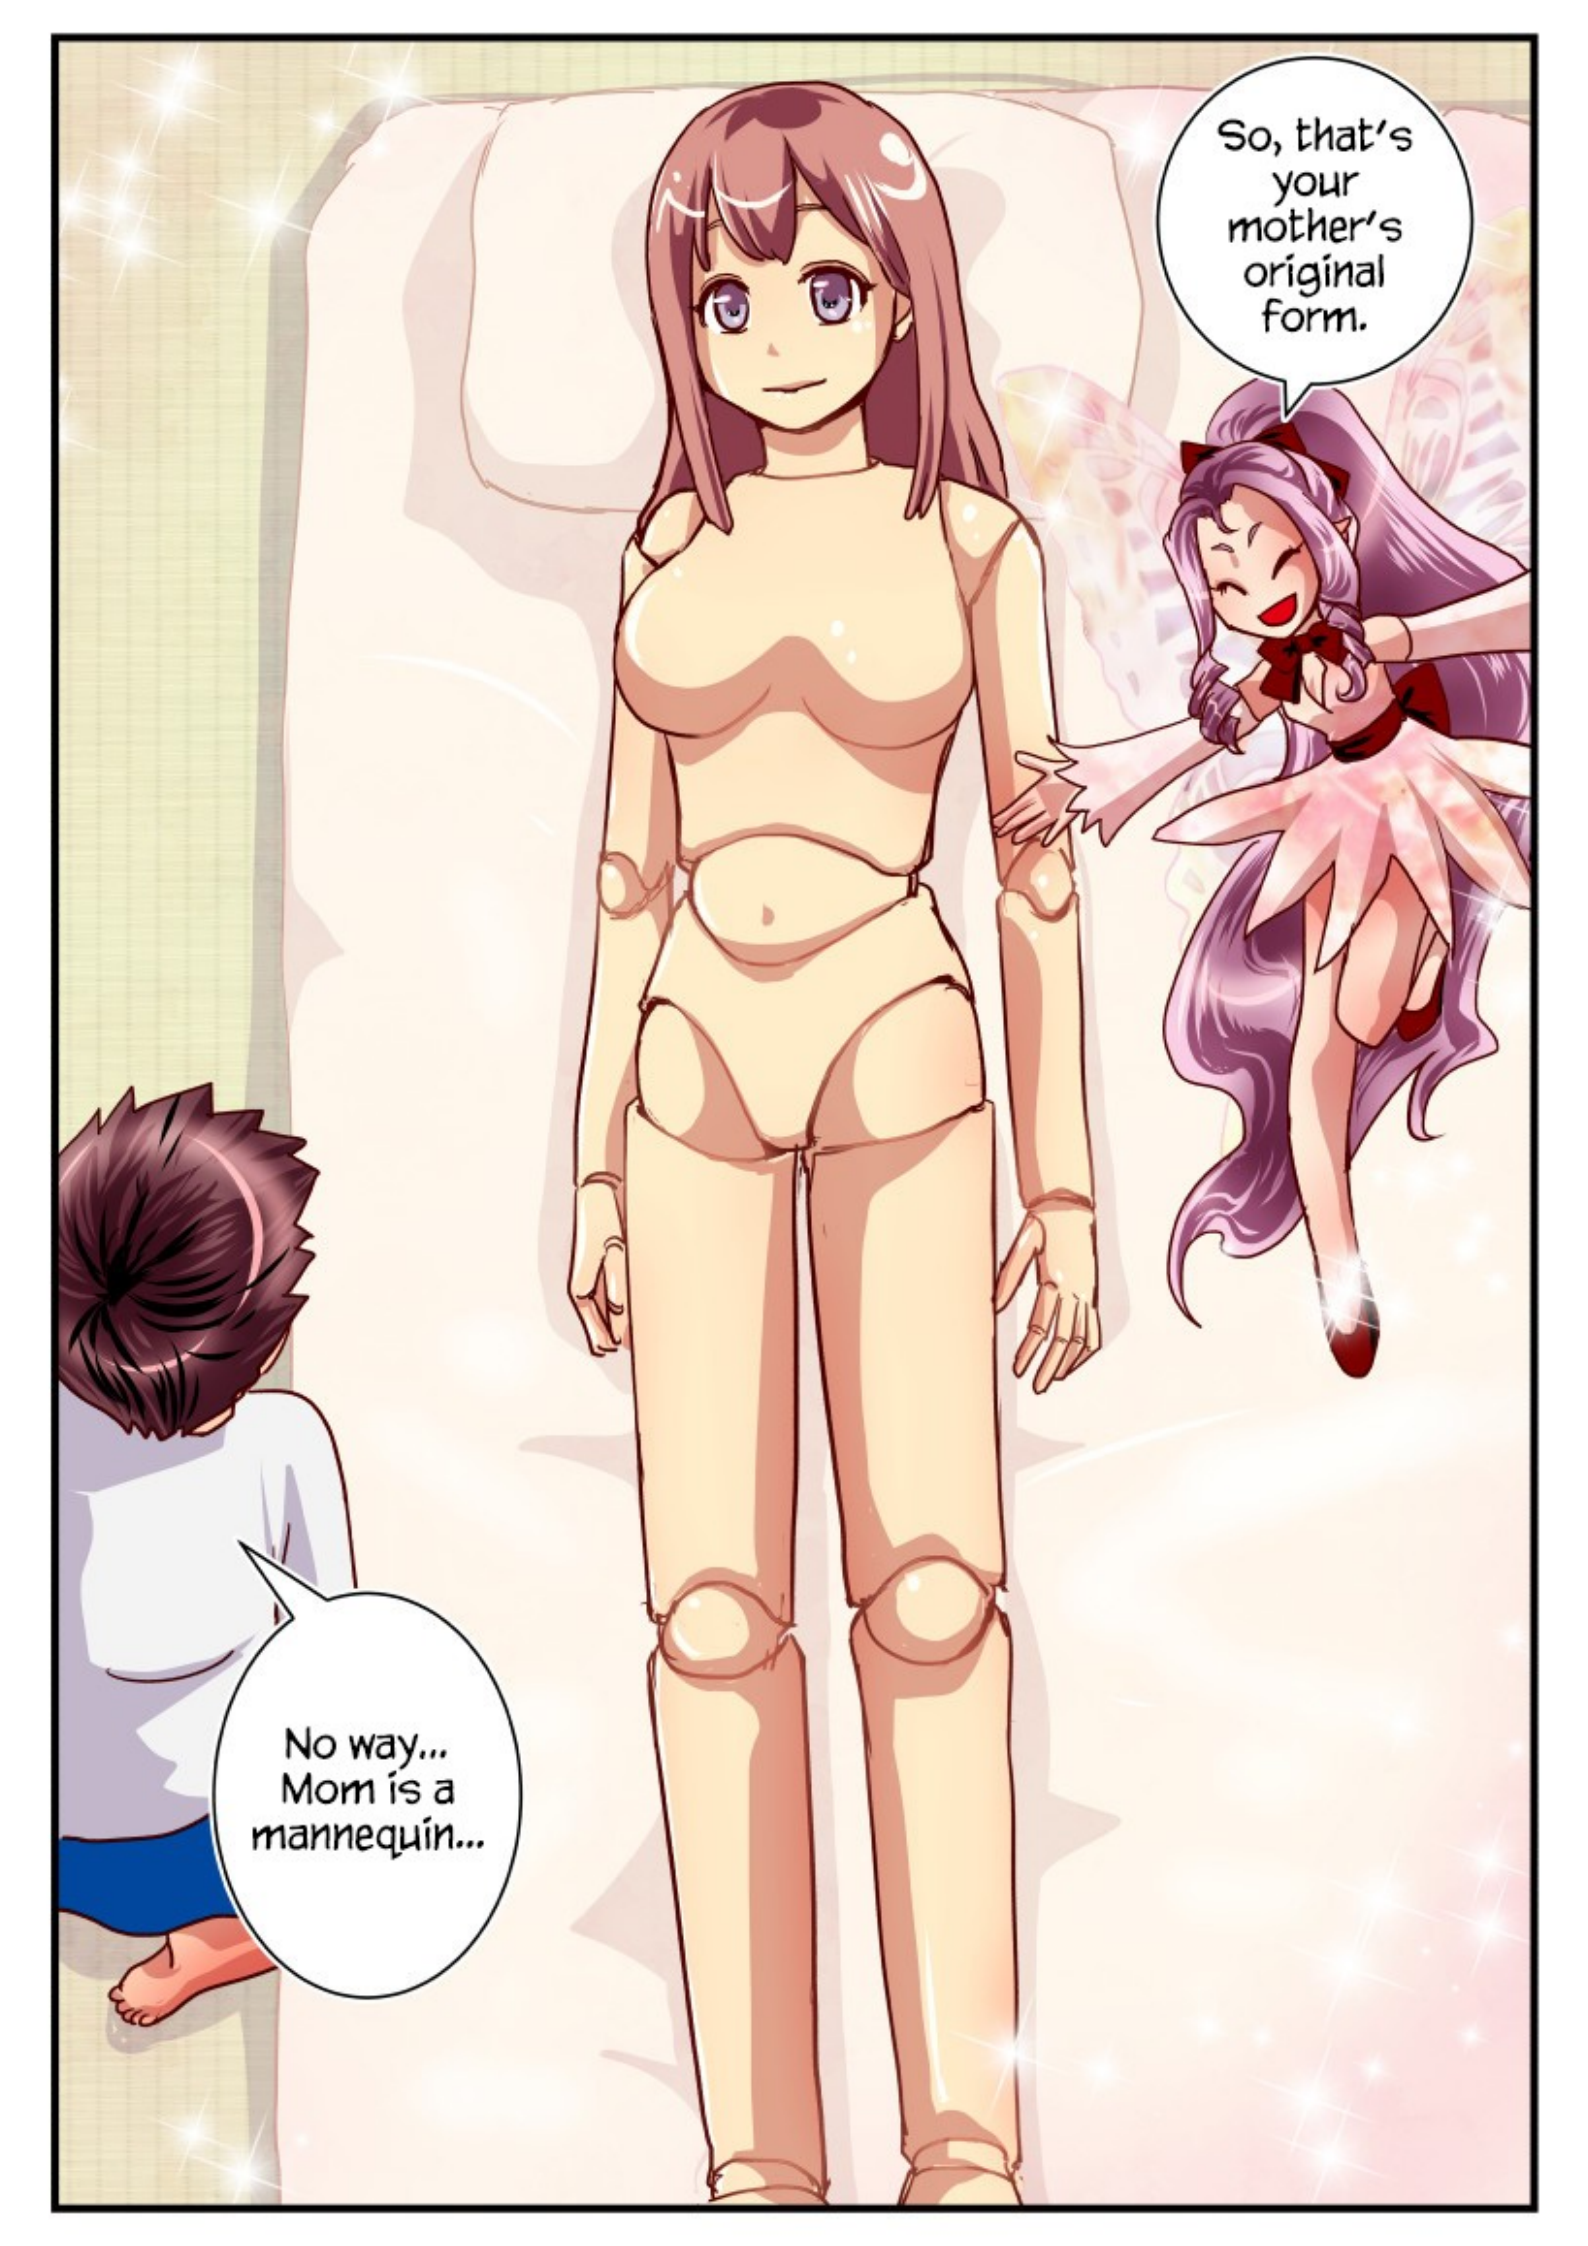

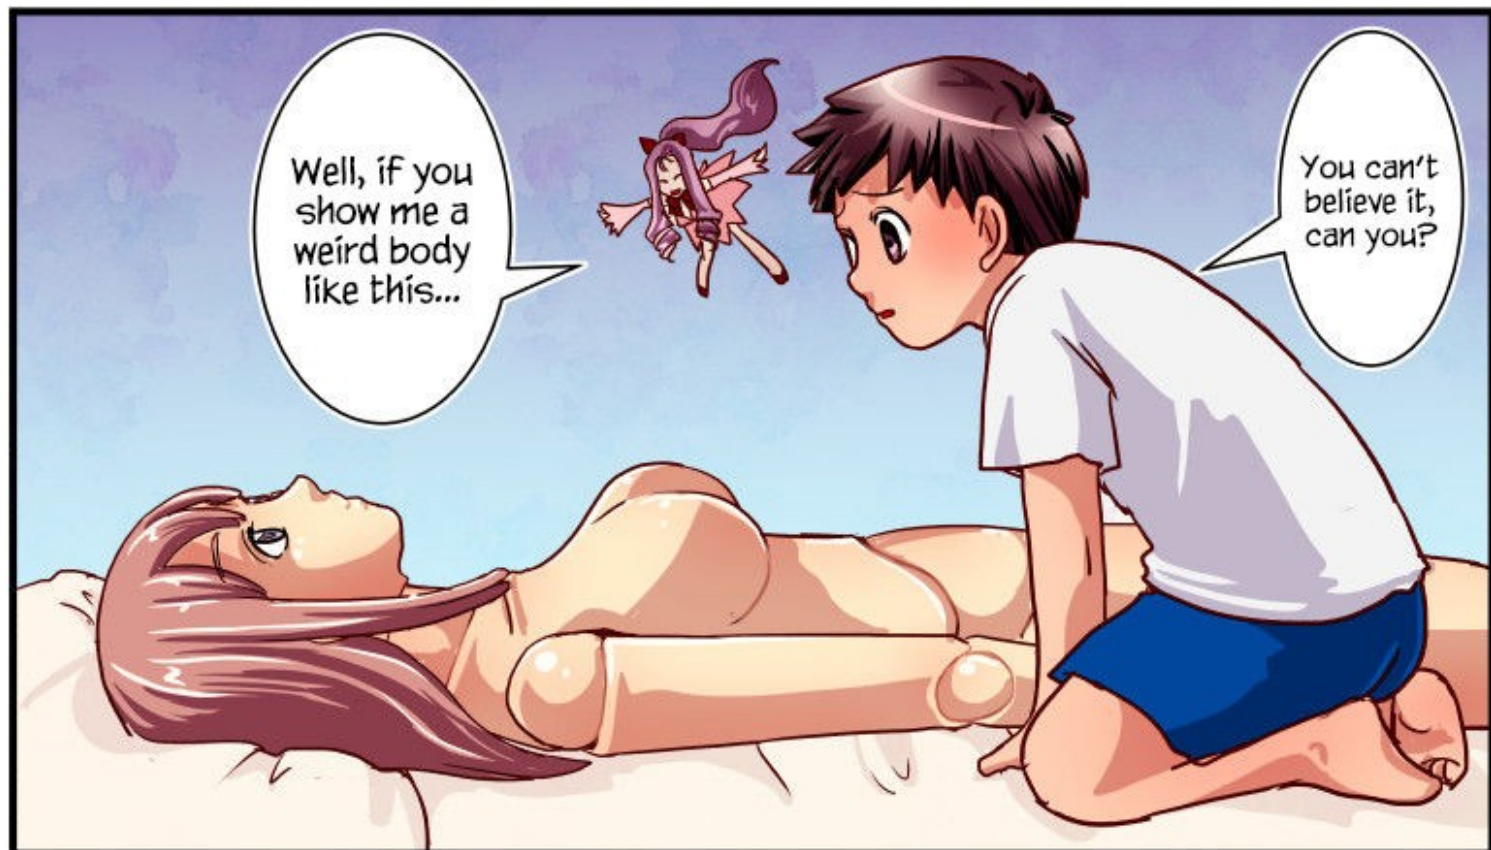

Turn back
into a
mannequin!

A manga-style illustration. In the center, a woman with long reddish-brown hair and purple eyes stands wearing a tan, form-fitting mannequin suit. To her right, a small fairy-like character with long purple hair, a red bow, and large pink wings is flying and pointing towards the woman. In the bottom left corner, a boy with dark brown hair is seen from behind, looking up at the woman. The background is a simple room with a light green wall and a white pillow behind the woman. Sparkle effects are scattered throughout the scene.

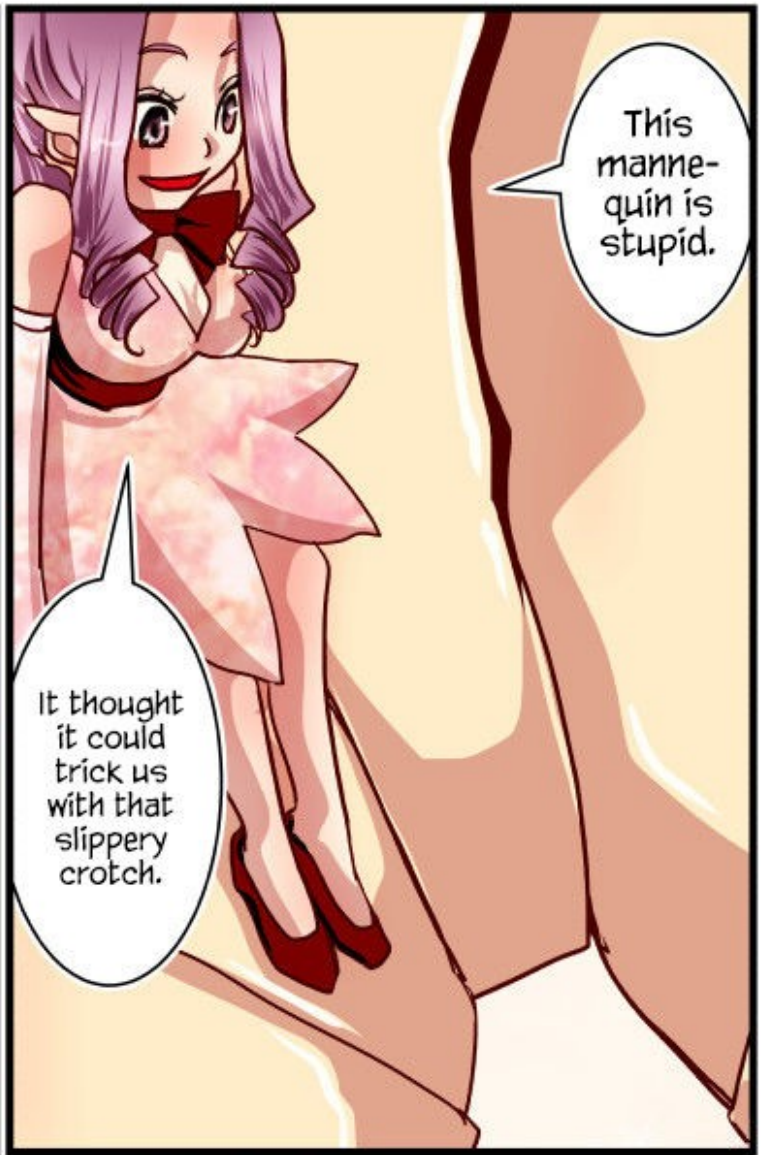

So, that's
your
mother's
original
form.

No way...
Mom is a
mannequin...

It didn't know that humans' and mannequins' bodies are different.

This mannequin is stupid.

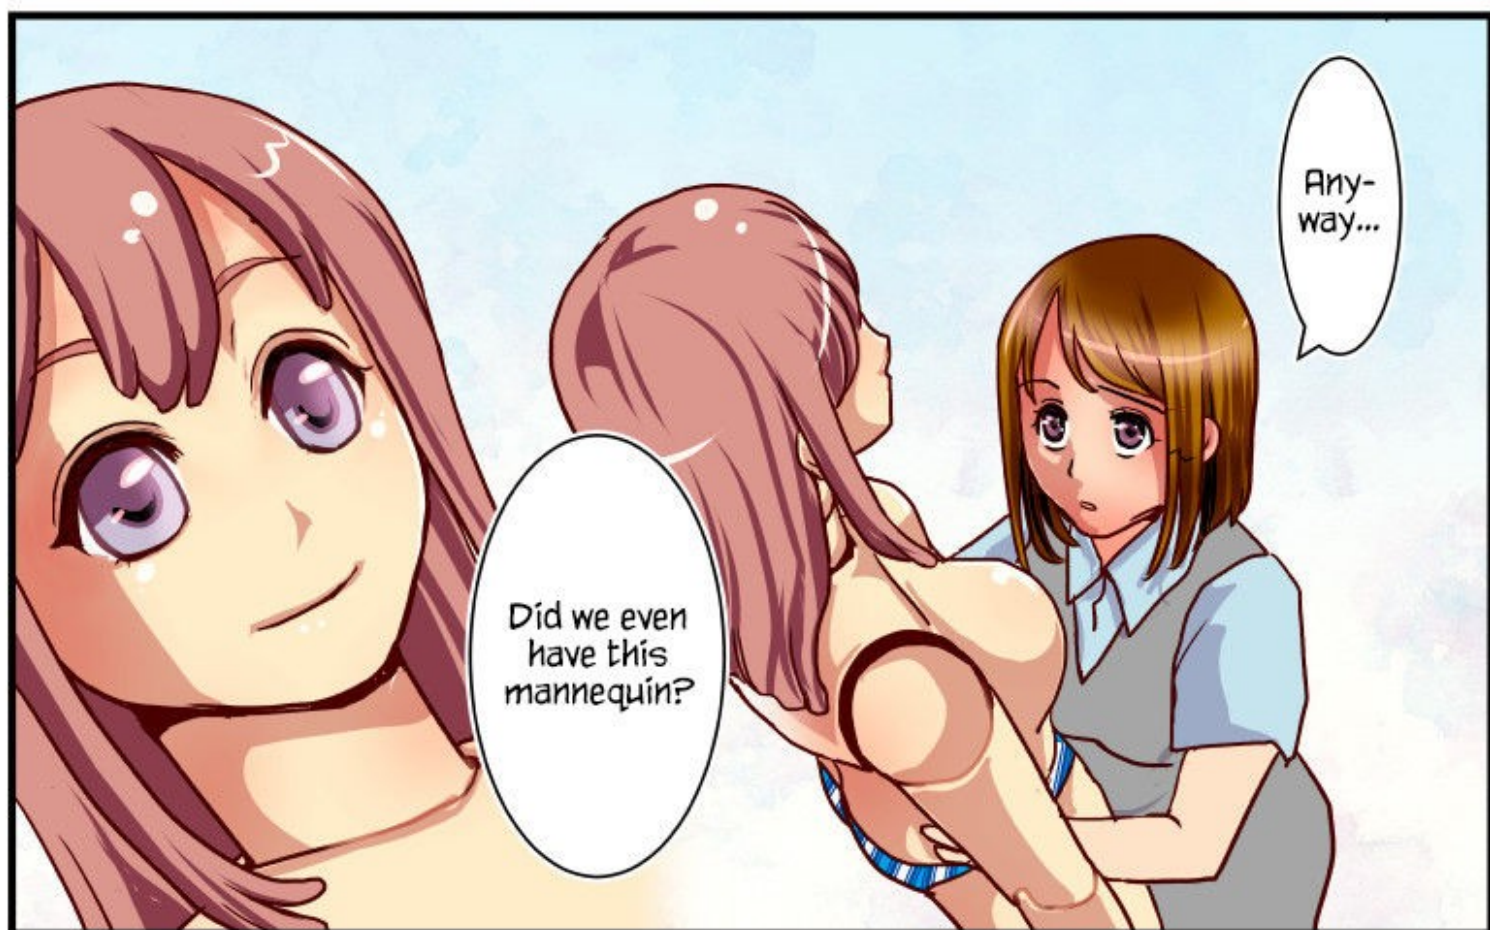

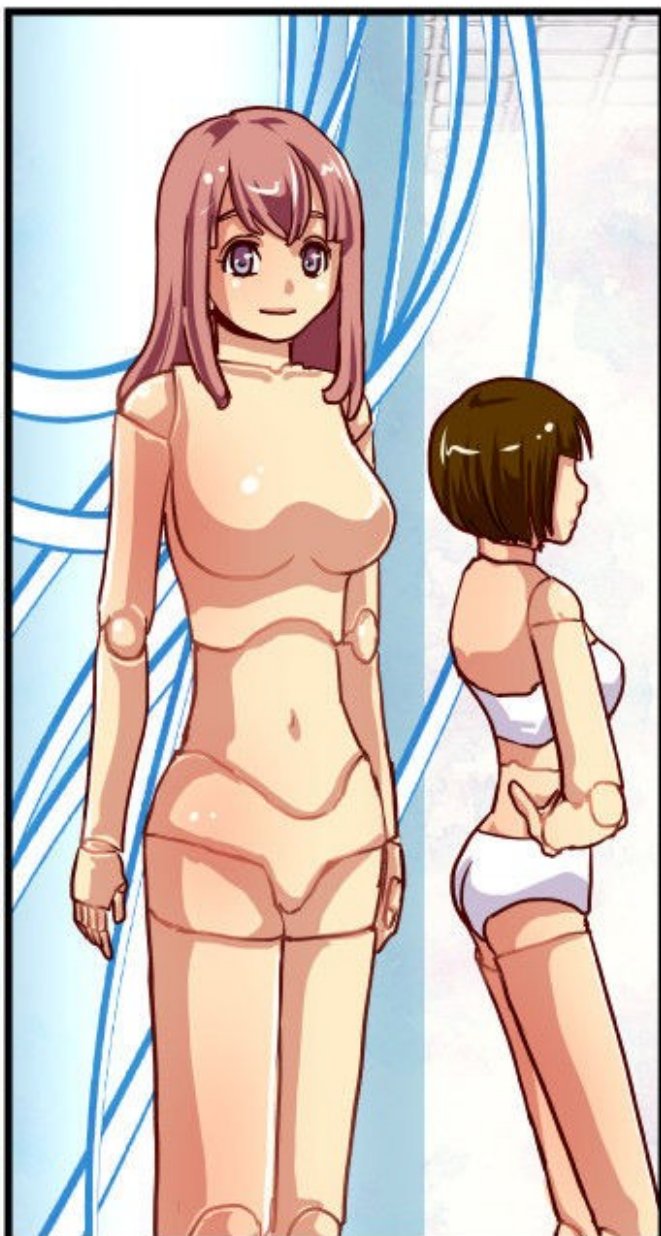

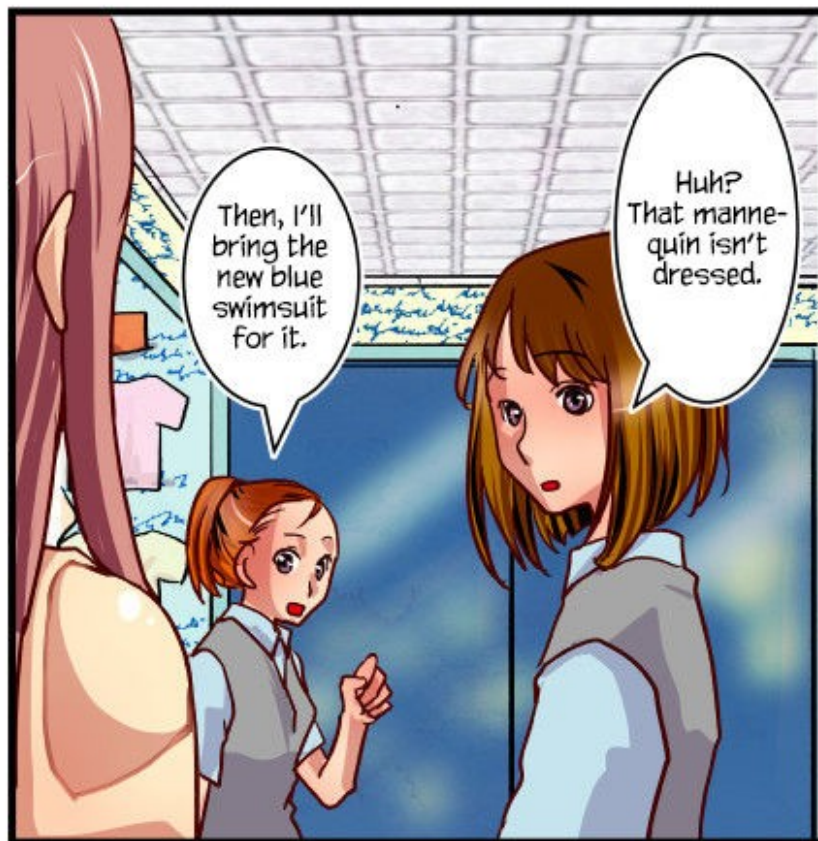

It thought it could trick us with that slippery crotch.

OK!

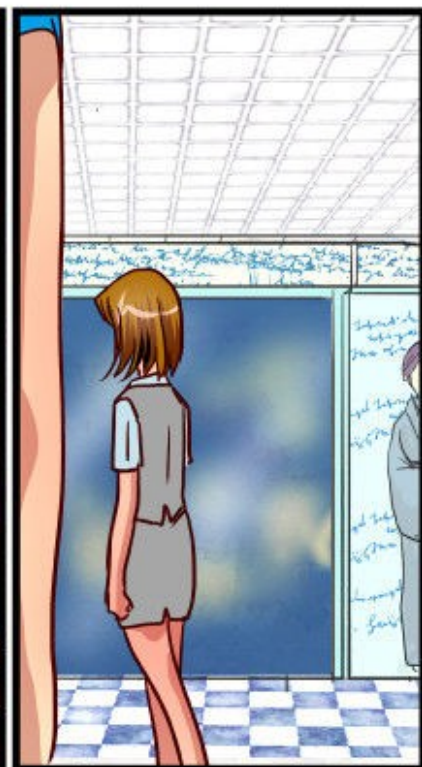

We can't leave this mannequin here,

so let's take it to a shop.

Hahaha.
