Wha... seriously? Doing it in the ass is my favorite!!

Saki-chan Did I tell you I did it in the butt again yesterday? *Stale*

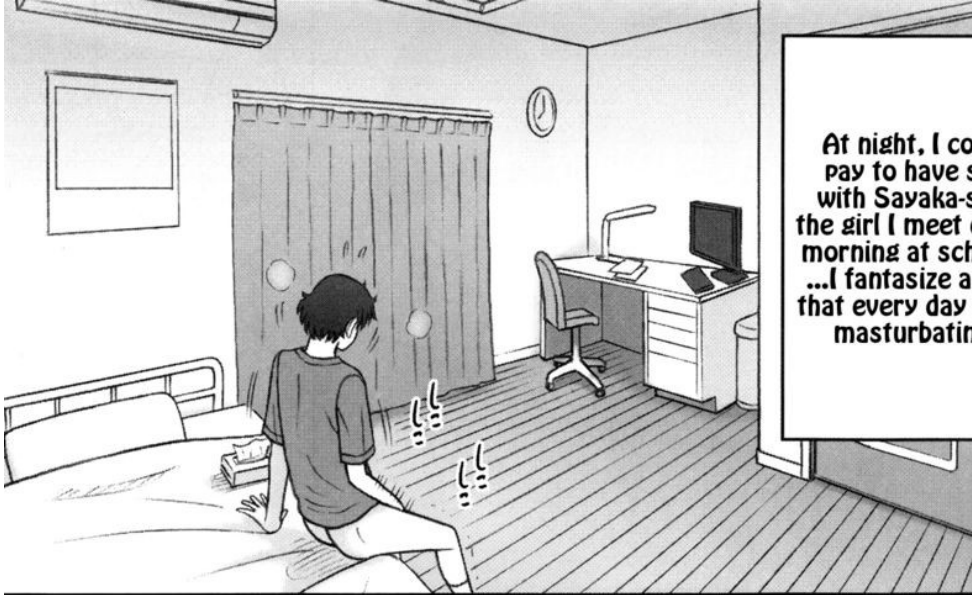

Tsukinoki Sayaka-san. She's my classmate in 2-3. Very thicc.

Whenever she starts talking to me, I am immediately overwhelmed by her sweet smell. Honestly, it's unbearable!!

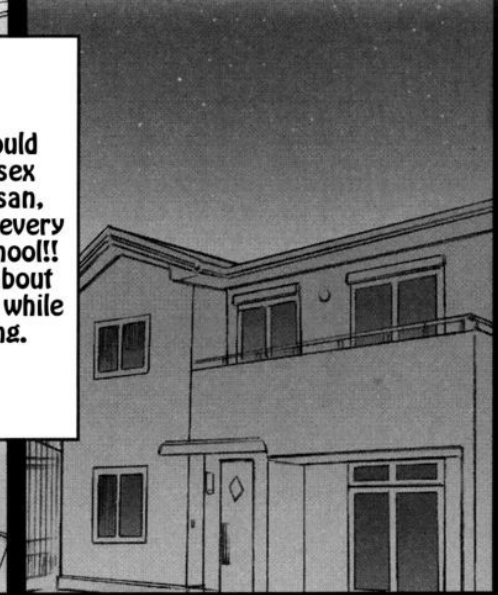

Feeling good~? Are you making sure to let it out every morning?

Eh...!?

Eh...!?

At night, I could pay to have sex with Sayaka-san, the girl I meet every morning at school!! ...I fantasize about that every day while masturbating.

To give me a raw cream pie~ Will only cost \$100 extra~ ♡

For only \$200*, I will let you use my teen pussy~ ♪

Hey, it's 13. Yeah, the one whose fetishes are extremely obvious. This time the main themes are: long black hair with bangs, school uniform, dominant female, clothed sex... so, all the standard themes of a Kaiten Sommelier work. Additionally, paying to have sexual intercourse with a female classmate you see every day. Perhaps my intention is more "getting to have". Yes, that's closer to what I meant.

When I tried to explain it to a friend they said "ah, I see..." but I have a feeling they didn't get it. "Paying a girl for sex" is generally a blatantly inexcusable act, but in the case of Sayaka-san she would reply "You must be really backed up so we should fuck a lot♥" "Young men just want to screw like animals so there's no helping it, right?♥" ...she's really able to see through to men's true desires. Heh. And, because she is able to see through men, she sells her body to help them. She's an admirable girl, right? An admirable woman. I want to keep drawing that sort of kind, erotic women.
