

Good evening, everyone!
I'm on some small planet now.

I'm about to sneak into the ovaries of the cosmic tentacles of this planet for an interview.

The smell of big news is everywhere.

Let's quickly follow the map into the depths of the ovaries.

So, ladies and gentlemen,

Please enjoy the surprise survey!

Please pay close attention to Totori's activity.

The lewd gas and mucus is thickening.

Now I'm in the center of the ovari.

Ha... Ha...

The tentacles are fiercer than expected.

My nipples feel amazing, and my clit is being rubbed so violently!

I'm getting more ...

... And more sensitive!

Protective Shield

But I will resist,

I'm getting more and more sensitive. If it goes on like this...

I won't make lewd voices on air.

It's shaped like an eel.

I've never seen a space tentacle like this.

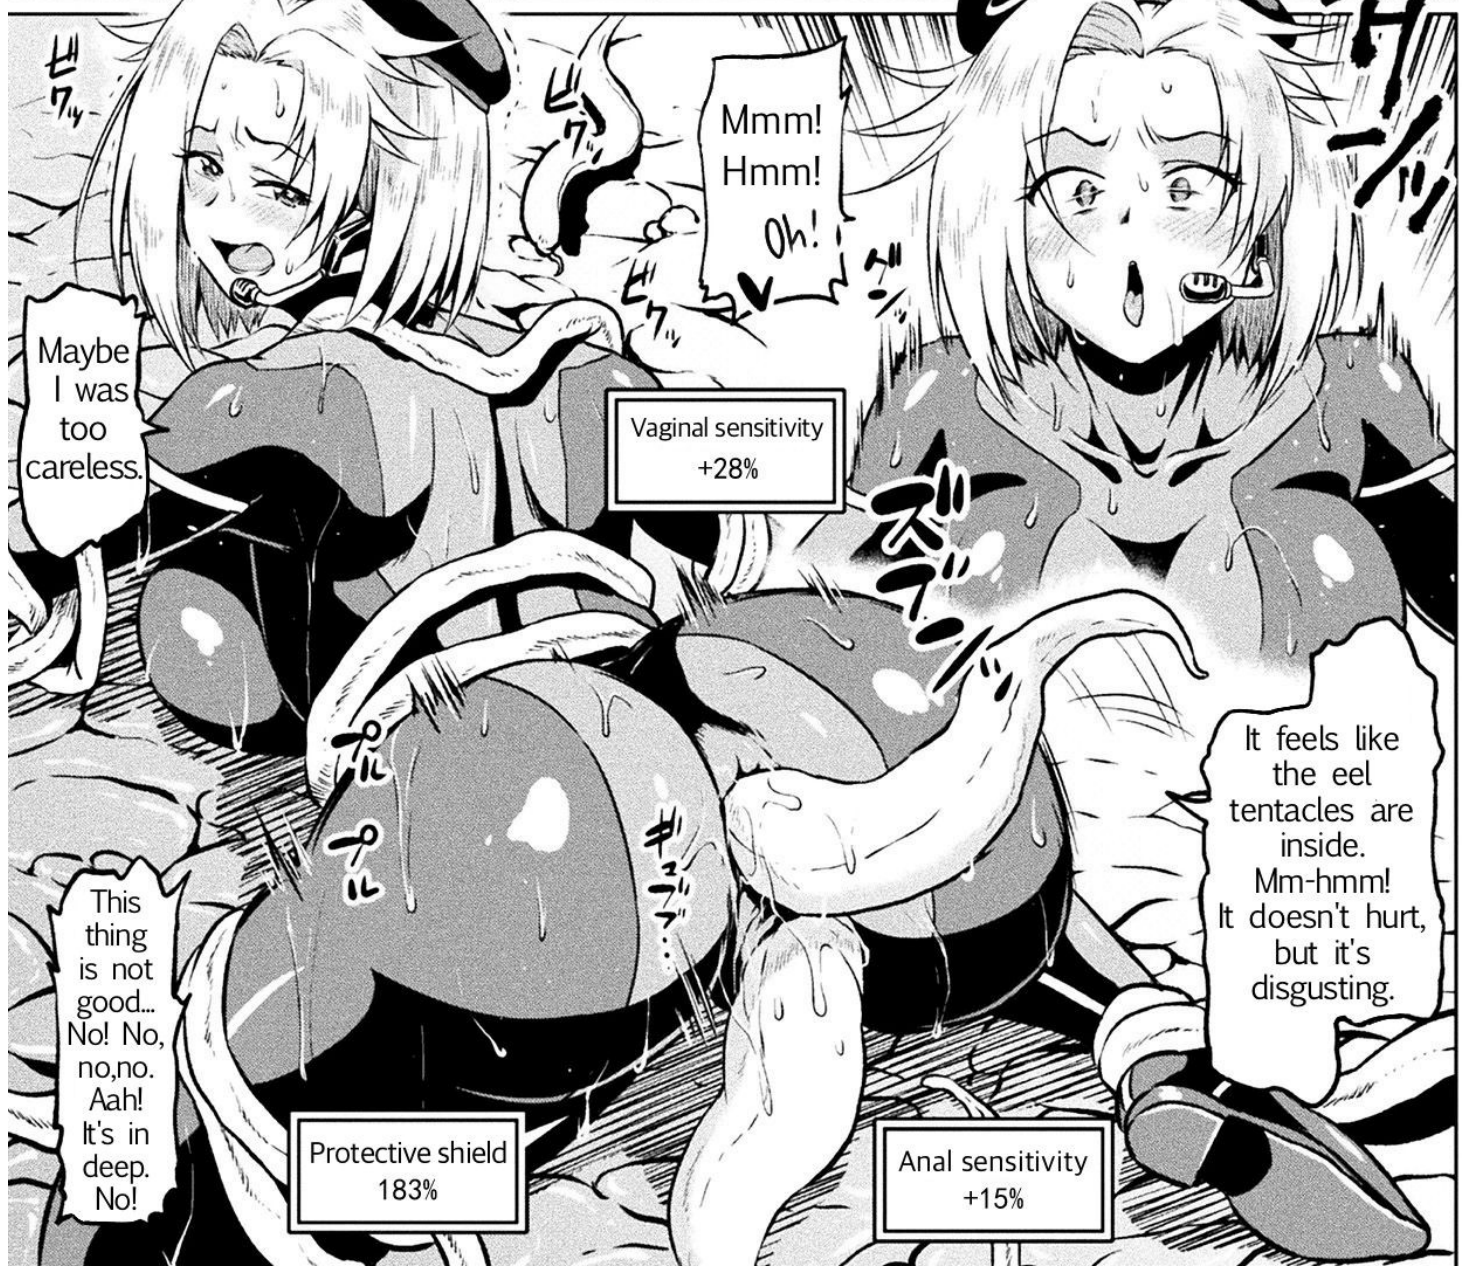

Huh? What's that?

This is big news!

Maybe a new kind of cosmic tentacle has been discovered.

Maybe I was too careless.

Mmm!
Hmm!
