Oh, a new bitch?

Hey!

Let me go!

What is this place ?!

It's about time! I've been in need of a new chick.

Get her in the open slot.

It's your new home.

What ... is this?

星の惑星の鶏のポロリファーム

漫画 COMIC 新堂エル

This "Poultry Farm" has been suffering from an epidemic ...

and I needed some new genes.

Ah ... eh?

But, first I'll have to make some adjustments to your body ...

Aha <3

Eh? Wait

What ... is this?

Make sure she's secure

What are you doing you pervert!?

No...! I can't move!

Yes! !!

It would be pretty bad if this thing were to miss...

It's really better if you don't move, okay?

Heh

No...! Don't! !!!

This liquid solution contains nano machines designed for human body modification.

It will remodel your uterus to be capable of producing delicious eggs.

Stop AH it...! !!

No ...!

NO NO NO NO!

Haa

...

My...
womb

Aha!

Is your
uterus
heating up?
Good! It
looks like
the
remodeling
is going
smoothly.

My
uterus
...?

It's...
hot!

Hah...
ah!!

Ah...
it's so
hot!

Ugh

And now,
you're one
of them.

Aha...

So
hot...

Aa...
Aha...

My
womb...
is
burning!

Huh ?

Now raise your ass.

I'll widen that narrow hole for you.

Time to loosen your birth canal.

Ah ...

Aha ...

Oh? You're in heat already!

What are you doing!? What are you going to-HO!?

Hng!

So big..! So hot...!

Nah! ♥

It's inside me..!

No way!!

Fuhh Goh !!! oo

Nng!

Ohh

That's right. I'll shoot it directly into your uterus.

In my... Womb?

Take it out!

Don't... Cum inside... my womb!!!

HO-

ohhhh
<3
hoo <3

Wahaha!

You're howling like an animal!
Do you like it that much?

Hoo!
Yes!

I'm... cuming!

Ngeh!

Cuming!
I'm cuming!

Yeshh!

Your hole is definitely looser now!

What's the condition of the chickens?

They're doing quite well.

They have a good appetite and are growing nicely.

Here's some supplements for you!

Aha

The quality of the milk and eggs is excellent. We can't keep up with the number of orders we've received lately.

Fuah

Ahh

Good, that's wonderful!

The newcomer has grown a lot, hasn't she!

The
eggg
Fuuhh
...

Ngh!

Uh..
Again
...!

Hng
..

At first I
didn't like
this one,
but after
laying a
few eggs,
it's become
rather cute.

Looks
like the
body
modifi
cation
went
well.

I'm...
Giving
birth!

Fuu
uu
hh-

Fertilized eggs
are hatched in
an incubator,
while
unfertilized
eggs are sent to
food processing

From
here the
eggs will
go into
sorting.

Oh!
That's
a nice
egg!

Hatched chicks are sorted by gender.

The females are gathered ...

and raised until they are able to produce eggs.

While the males are disposed of as there is almost no use for them

I'm
giving
birth!

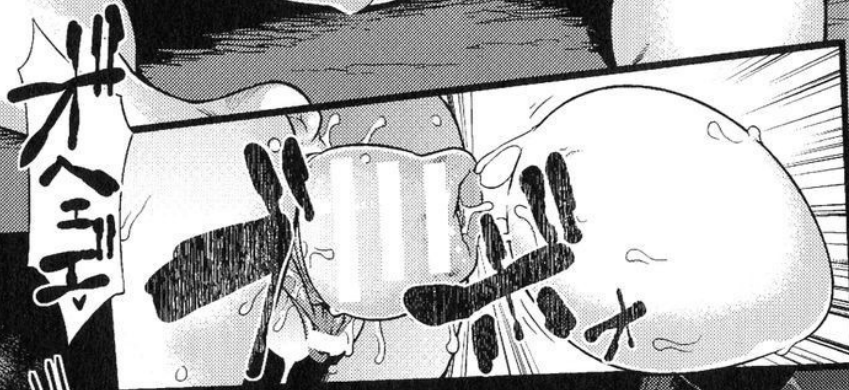

Nng
ohh!

Wonder
ful!

I'm
birthing
an egg!
ohh!
hho!

It looks
like we
can
increase
the scale
of the
farm.

Yes
sir!

Heh

Ah
...
Eh?

It's been
a while
since I've
used you,
huh?

Well
now...

I'll
push it
back in
for you!

Your
uterus
is
falling
out...

Oh,
you're a
lot looser
than
before!

Aha
ho
ho

Nngh

Humans
are
wonderful
creatures
...

Oh
♥
Ah
♥

They're
quite
suitable
as
livestock!

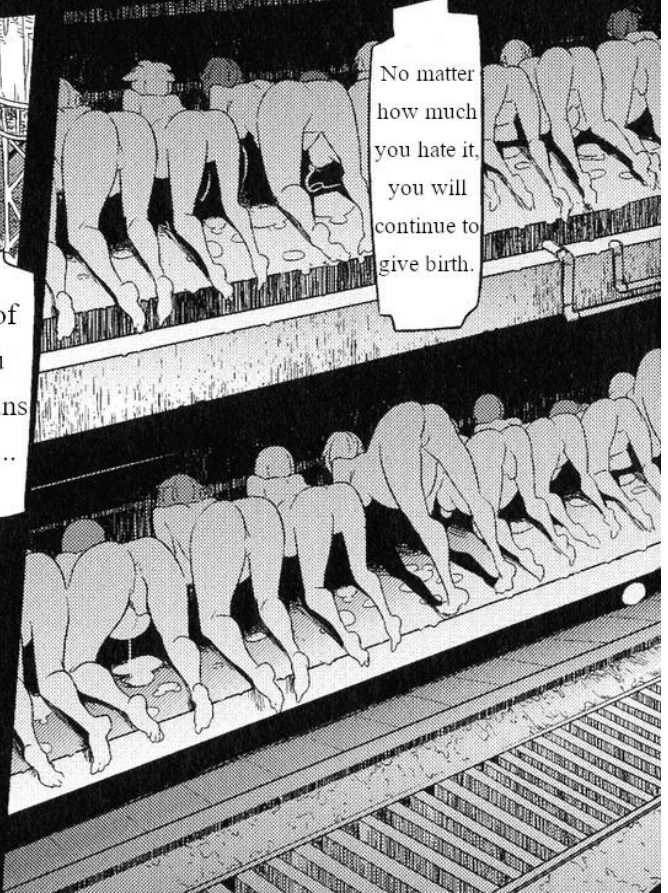

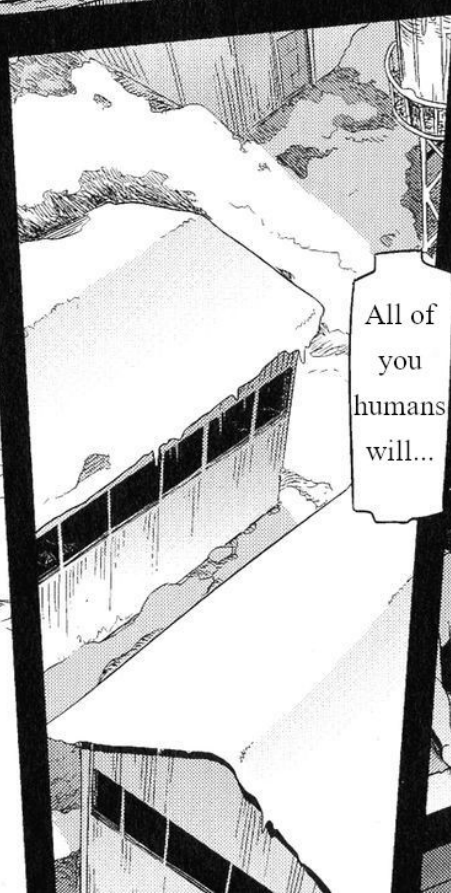

Having a
strong
sexual
disposition
helps them
lay lots of
eggs.

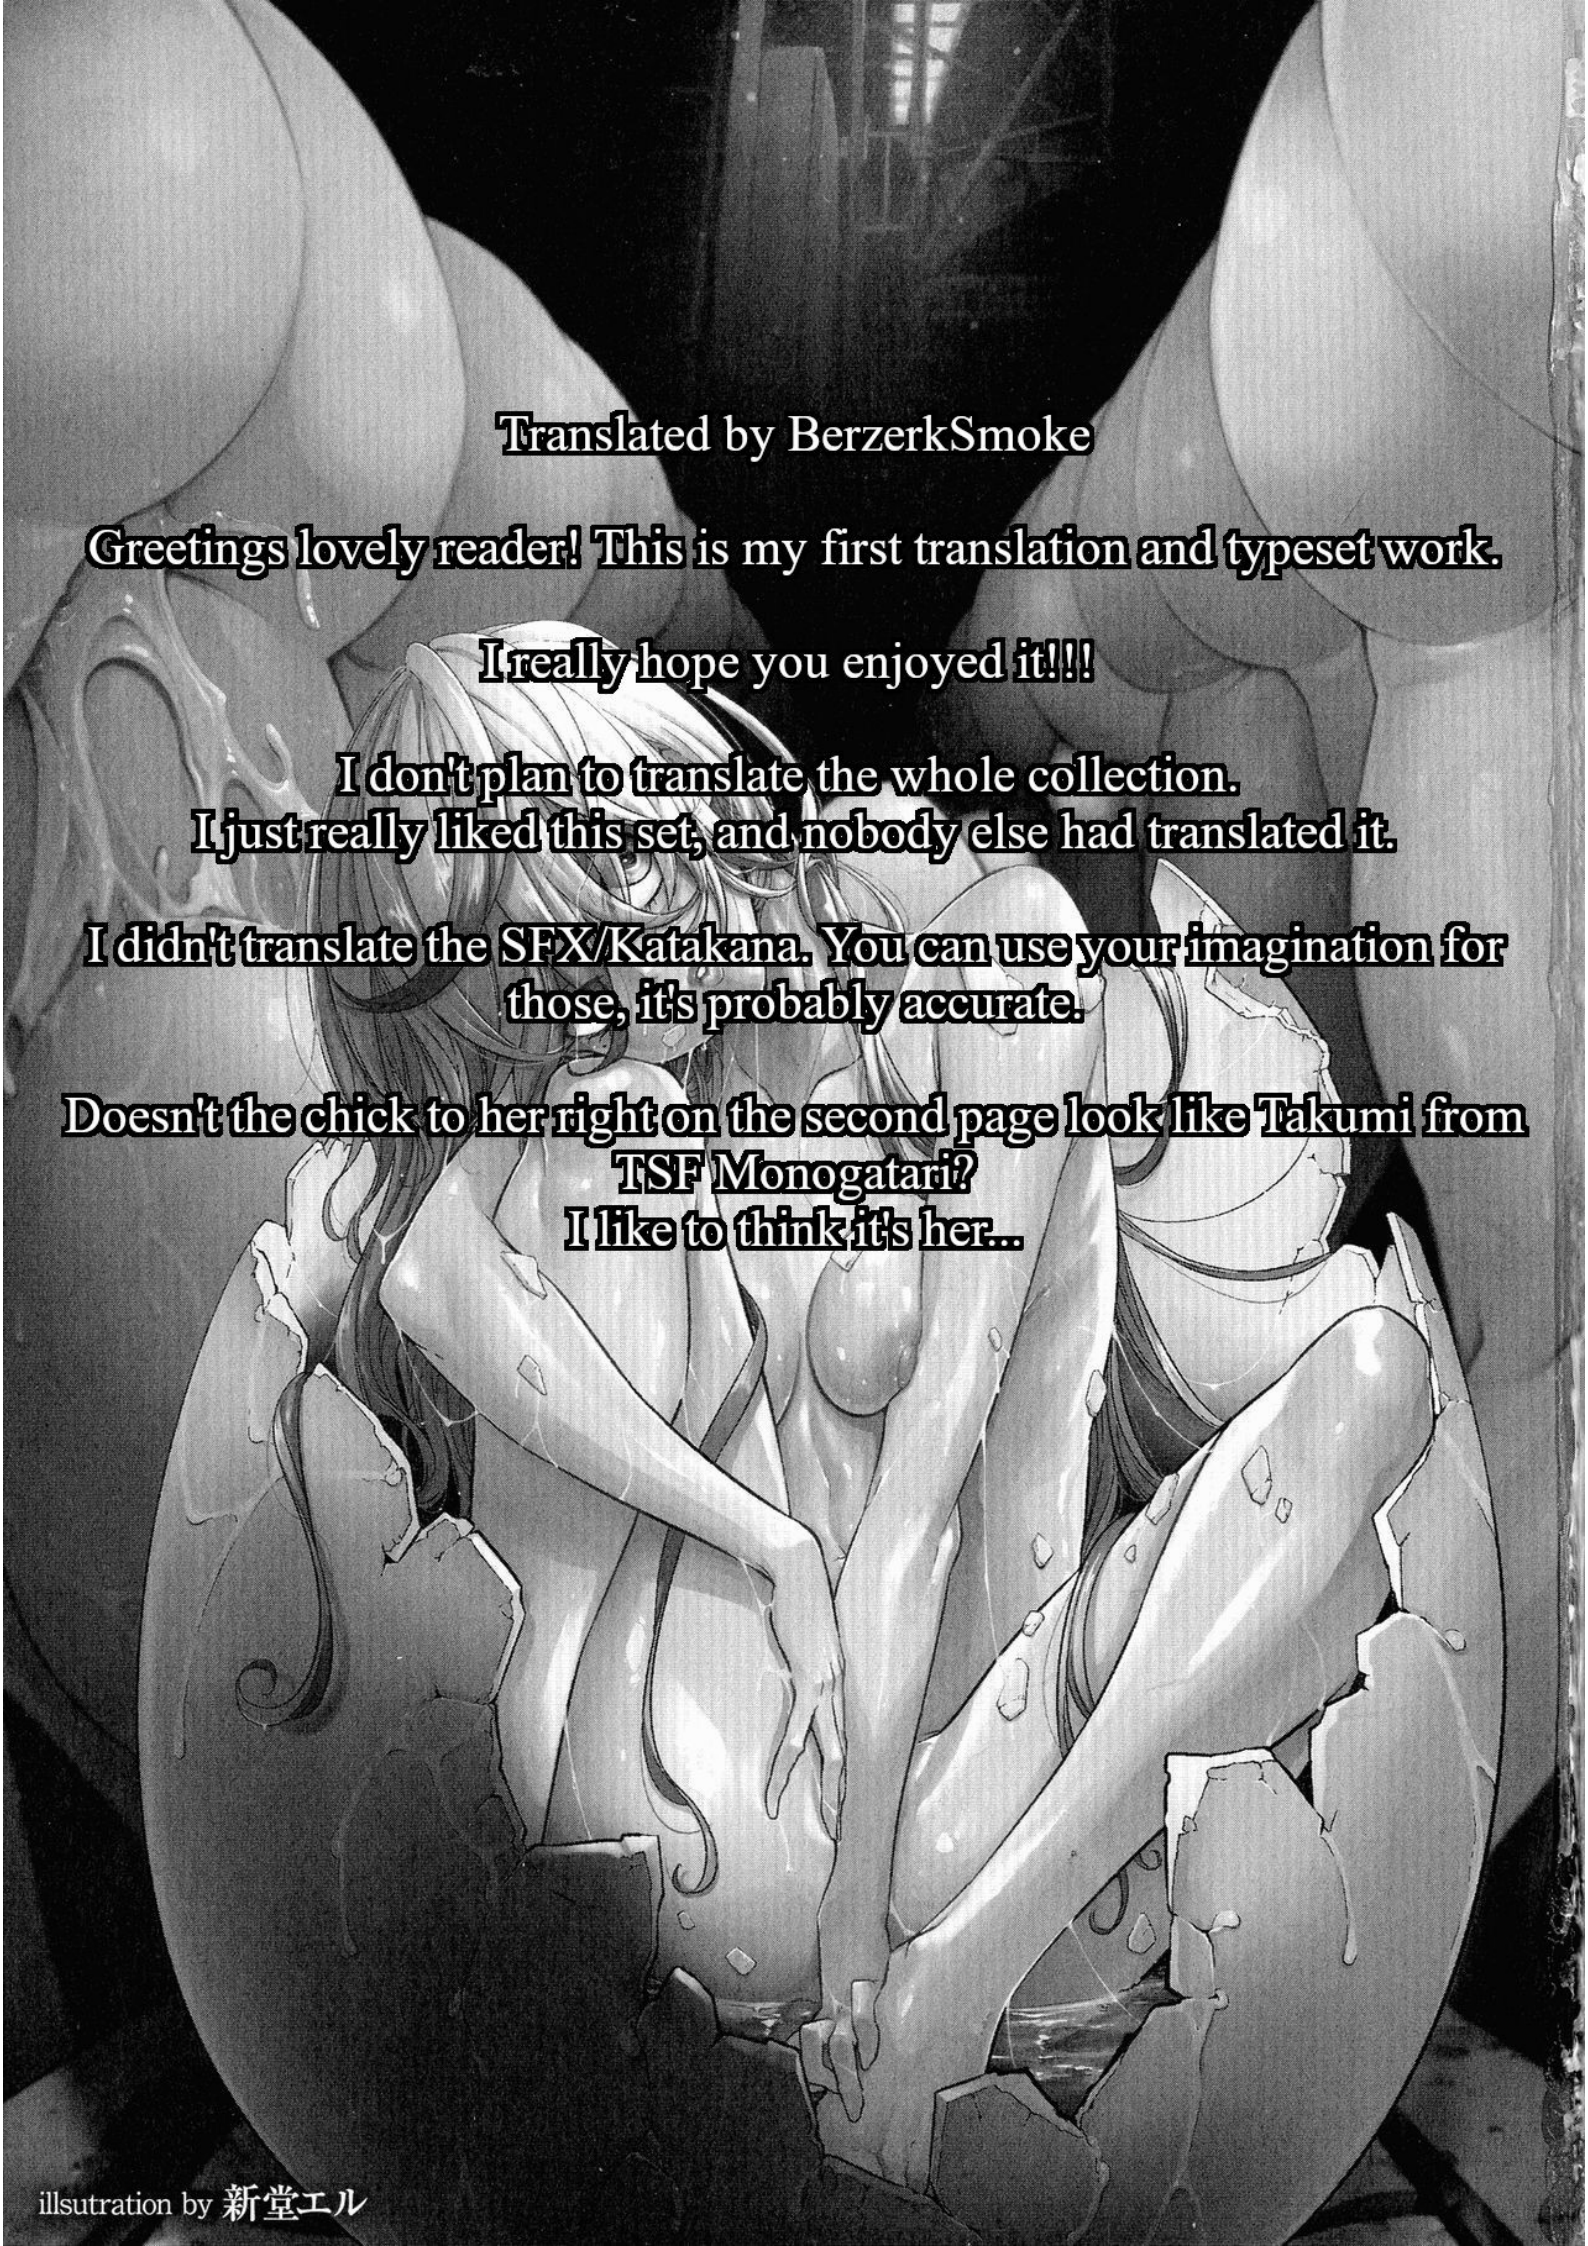

From now
on, you'll
continue to
give birth
until you
die...

EEEK!
NO!
♥

I don't
wanna
give
birth
anymore!

Translated by BerzerkSmoke

Greetings lovely reader! This is my first translation and typeset work.

I really hope you enjoyed it!!!

**I don't plan to translate the whole collection.
I just really liked this set, and nobody else had translated it.**

**I didn't translate the SFX/Katakana. You can use your imagination for
those, it's probably accurate.**

**Doesn't the chick to her right on the second page look like Takumi from
TSF Monogatari?
I like to think it's her...**
