CHARACTER DESIGN

Brother: 19, Eita Hamajima
Sister: 9, Risa Hamajima
They live in an apartment
that doesn't allow pets.

Pet.

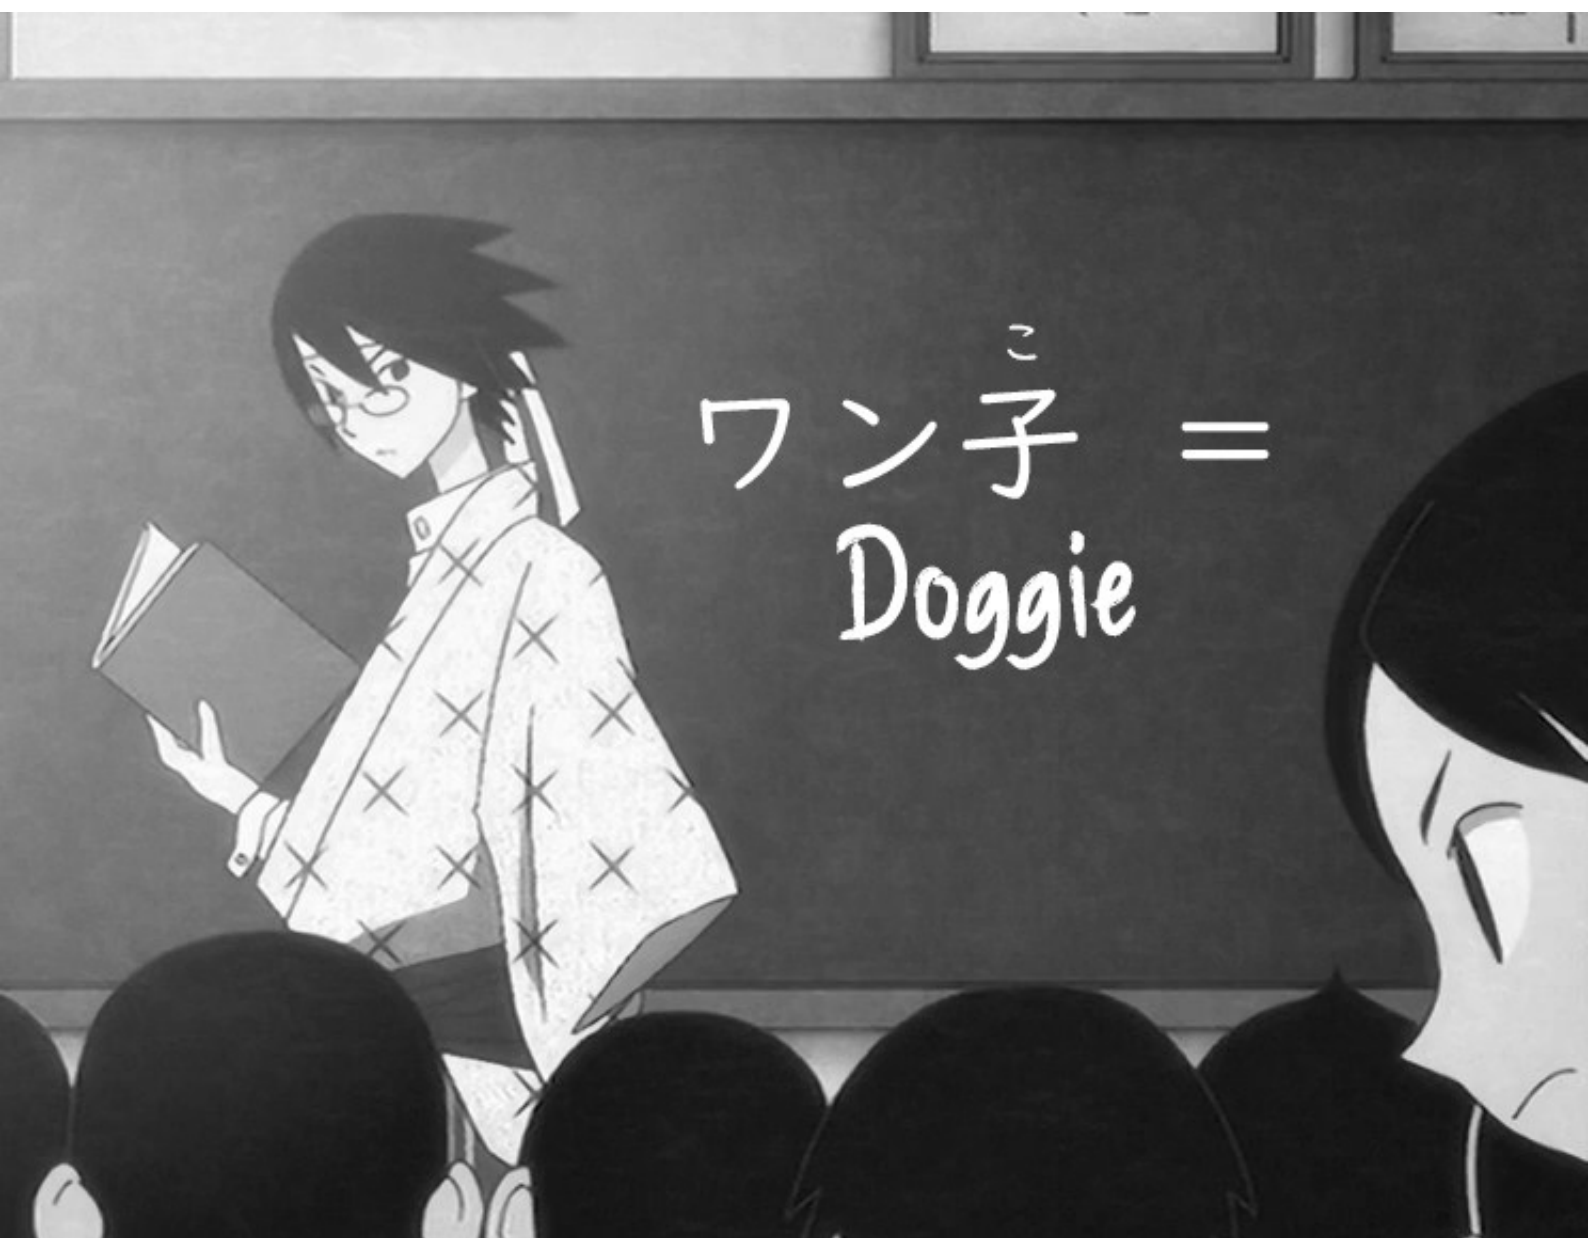

The sister badly wants a dog. She watches TV then begs her mom for one, but she is flat out refused. A day when both parents are out, she pesters her brother to make him play her pet dog. If it distracts his sister, he'll take up the role.

There was also a design for the cat version. Like scent marking and this and that. Someday I'll get to use that play immersion of petting the glans while comforting him as a "good boy."

Kinda interested to see what they'd do with the cat version.
Piss all over the apartment and bang shit off the desk probably.
