This manga was
originally accepted
by another of my
publishers.

normally when being
requested to draft up
one-shots, there is no
reason to decline.

However, when I
received the message
'please draw us a short story',
it was like walking
into a maze.

thus the job is done,
though it feels like
there isn't a proper
head or tails to this
project. (faints).

in the next piece,
it was my previous
doujin work that got
reaccepted again, so the
art's a little weird.

as for the title?
that's because i couldn't
