Afterword

Hello! I'm Aarato Asato.

How'd you like, "There's No Way Inuyama Tamaki Would Lose To Dumb Horse Sized Cocks, Right!?"? This is the first trap manga Aratoya has ever released!

It was so much different than the tit books I usually draw that it was tough, but I tried to put lots of Tamaki-kun stuff in there, so it was a different kind of fun from the usual. I liked everything about it, including the title.

Plus, I finally got to draw a doujinshi of a product Norio-sensei, whom I adore and respect so much, created, and that I'm extremely happy about!

In the past, I received work advice and even actually worked together with Norio-sensei, and I think I've been heavily influenced by Sensei's own drive and professionalism.

It's because I met and learned from Norio-sensei that I'm able to continue my work to this day...and the result of that is a book about teaching Tamaki-kun a lesson by having him take huge fucking cocks in his tight ass. I'm really sorry about that.

Changing it up, I'm thinking of drawing some lewd Tamaki-kun fan art.

Comments: I've never been interested in streamers in general, and Vtubers are no exception, so I can't make Tamaki references here due to my ignorance. I'd fuck him in the ass though. The commissioner didn't want to commission the last three pages, but I translated the afterword anyway. But not the omake pages because they contain girls and girls have cooties.
