This is a one in a million chance, I'll just go and have a look...

DAILY WAGE

HYA!?

1,000,000円

No way! This is way too suspicious... This much for one hour!?

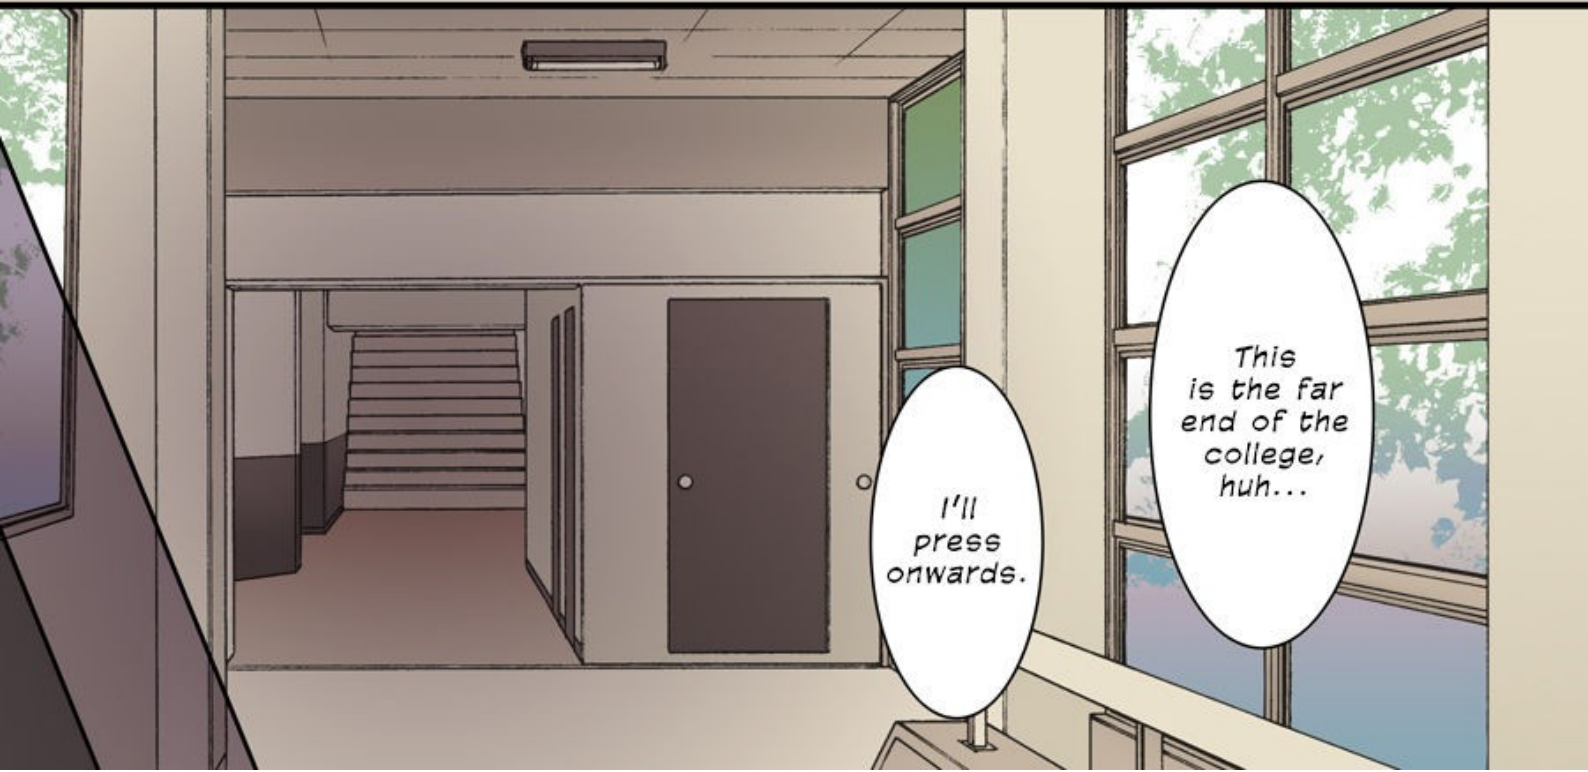

Yet...

'Drug trial'... 'men only'... For one hour...
They just want to collect data after taking the drug...

しげしげしげ

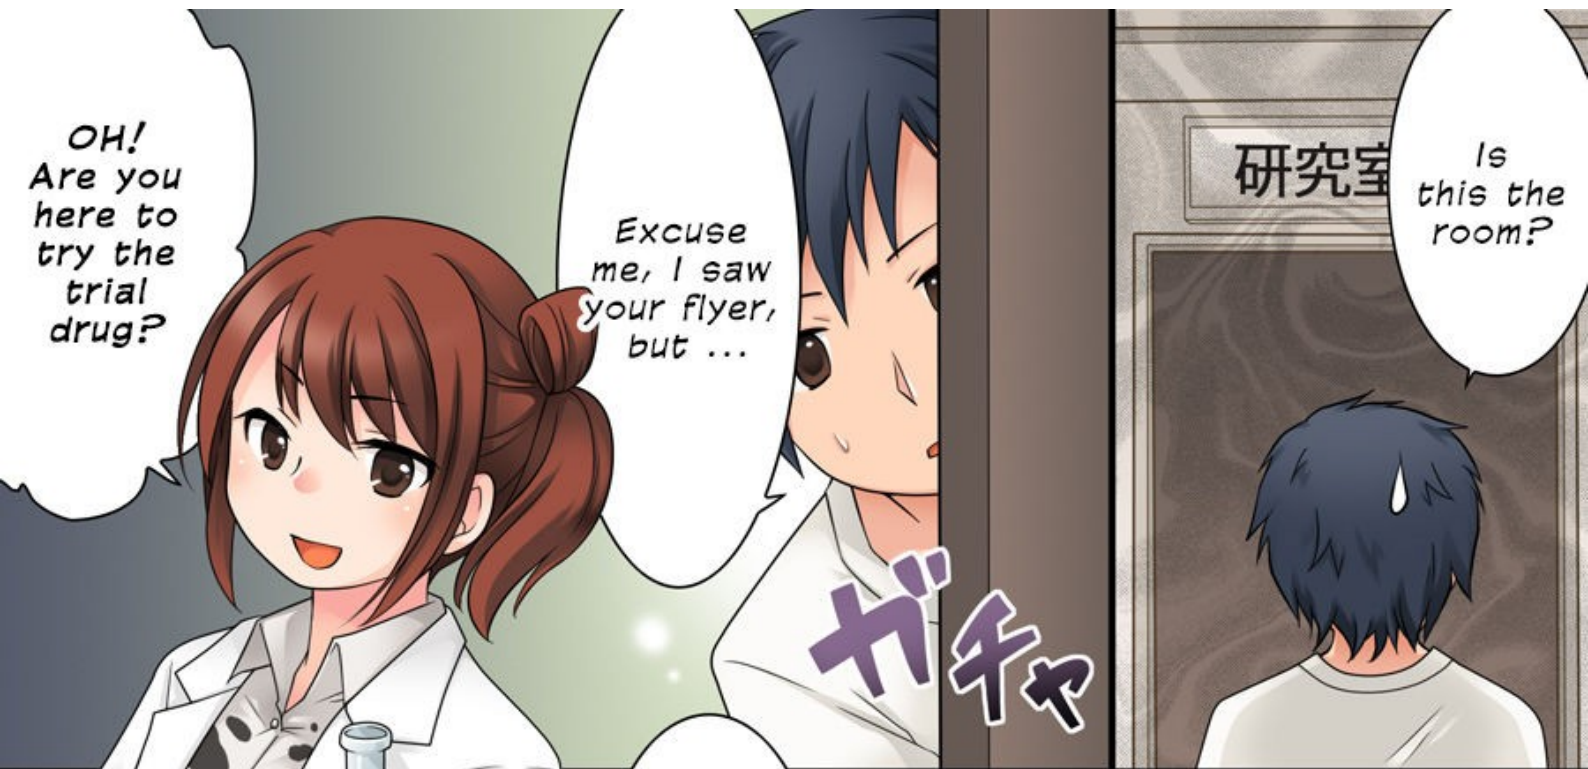

The lab...

ひんが...

I'll press onwards.

This is the far end of the college, huh...

OH!
Are you
here to
try the
trial
drug?

Excuse
me, I saw
your flyer,
but ...

研究室

Is
this the
room?

ガチャ

I'm Riko
Ushioe!
Nice to
meet'cha!

ニッコ

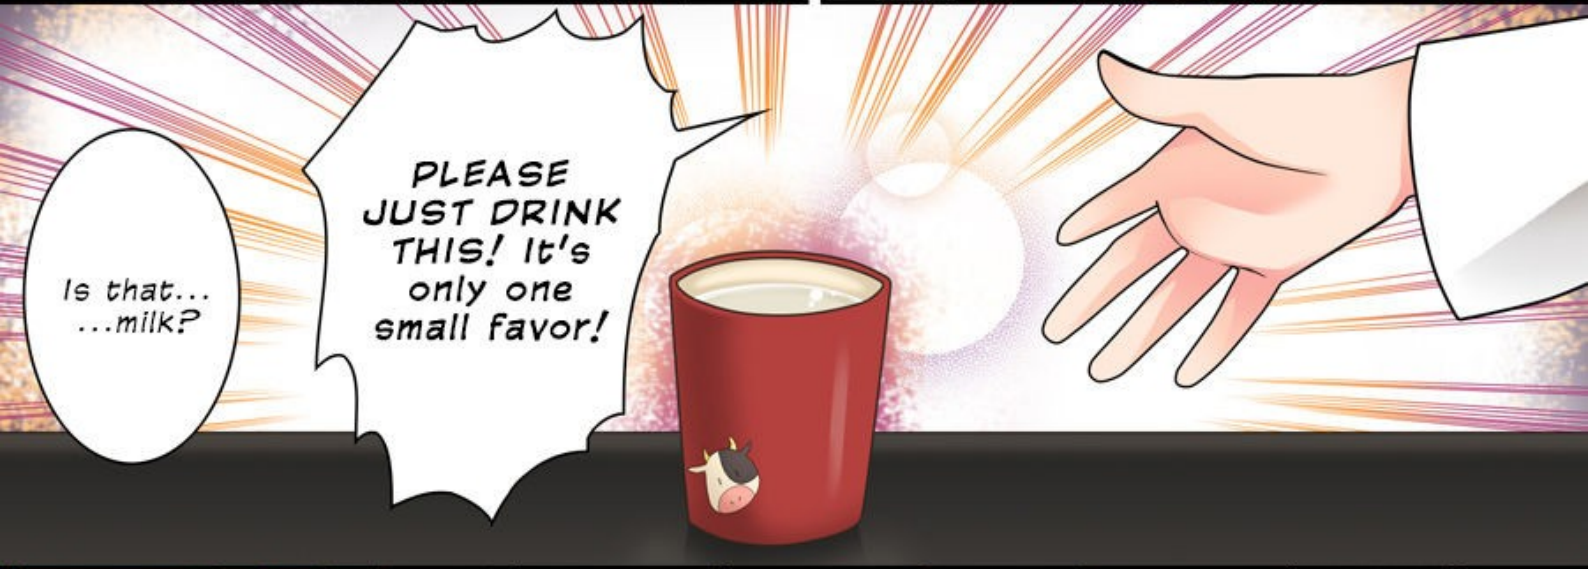

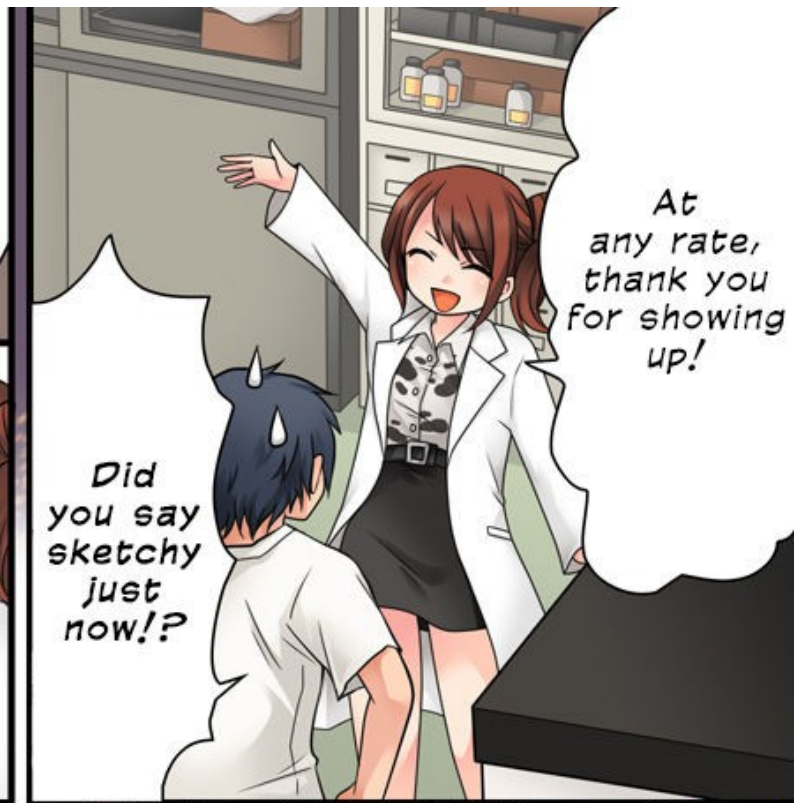

Yes,
it's the
real deal!
We'd like
you to try
a sketchy
drug!

Ah, yeah...
I'm Ren

What's
the truth
behind this?

My... body feels warm...

I see... It's taking effect right down to the skeleton...

A... girl?

Fumu...
Looking at you, you look like a girl...

HA!
Guh...

Ooh...
It's sticking
right up...

Now,
I wonder
how this
place is
doing...

Or is this
because
of the
drug?

It's...
pretty
big...

Is every
boy's thing
like this?

It stopped ...

Hoho...
Your ejaculation
brought upon
a change...

Gugu!!

Boobs!?

Nha!!

おくおく

ヒューン

Oooh!

They're
filling
out!

Aah...
Did I...
become
a girl?

Well to
tell you the
truth, I was
researching
how I could
make my
breasts
bigger.

But for
whatever
reason,
this drug
has nearly
no effect
on women...

As I considered
the drug could
be taking its time,
I looked over my
notes, and decided
that I should try
it on men too!

Anyway, the
fact that it
got this far is
an unexpected
SUCCESS!

Even if you're seen, this research is bearing some good results!

I have quite a lot of influence from the top!

Hm?

Ah, I wouldn't worry about that. I'll settle it with the college.

That's... I... What am I going to do about this body...

H Y A N !

That's not the poi—

And in a college this expansive, no one's going to notice one boy's turned into a girl!

HN!?

Hya! Wait...

More than that, I want to examine your body some more~

デライ...

No... way...

I kept ya wait-ing, Huh!

Your milk is incredibly fascinating!

But what's this?

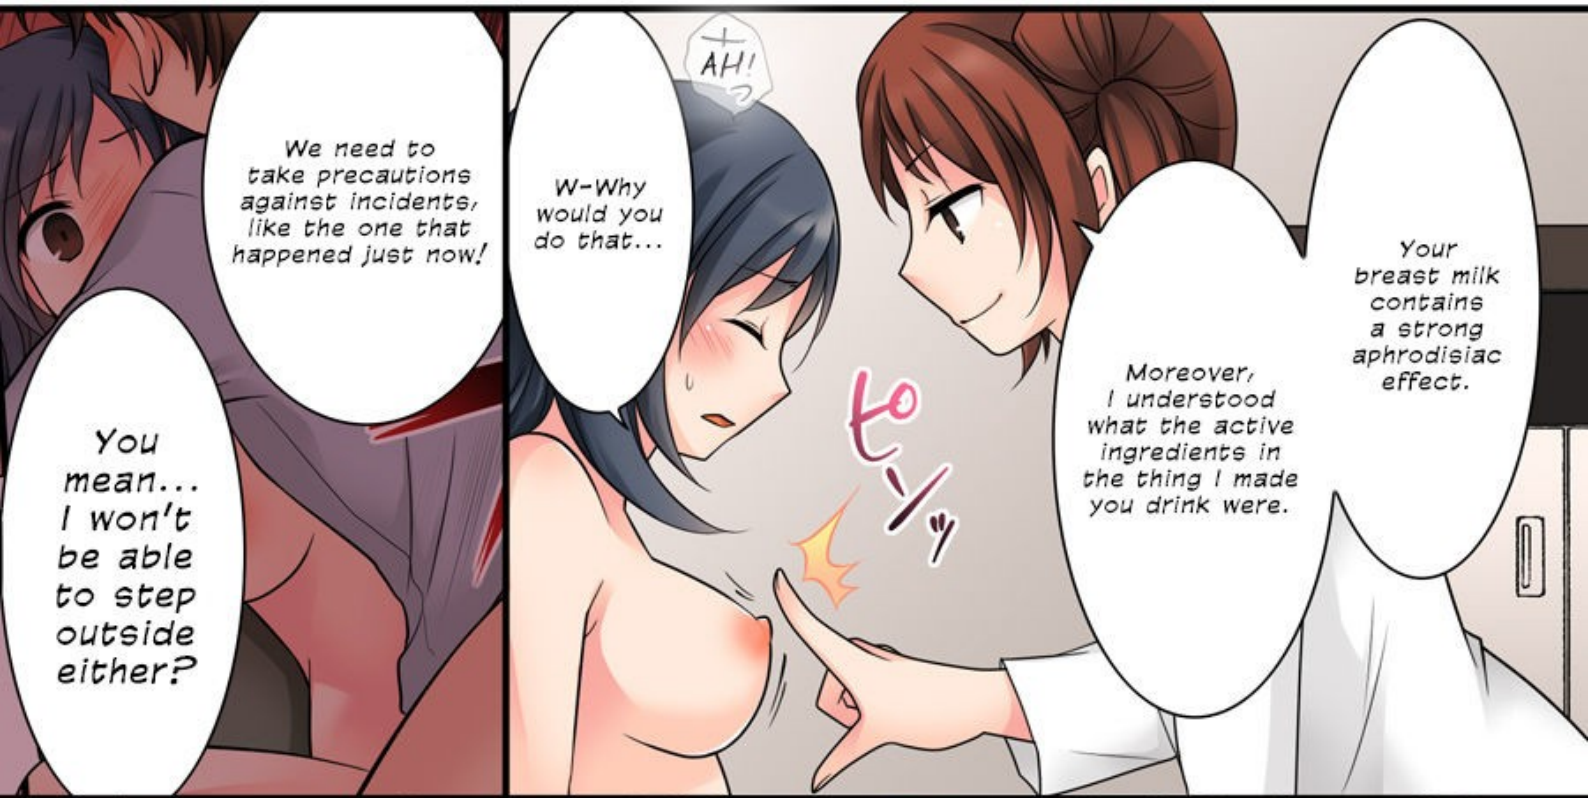

Y-Yes... My friend suddenly started to get really excited and began sucking my breasts... Then, he...

Could it be this girl was originally a man?

And by that, you mean...?

Interesting... So this is the effect of your breast milk.

We need to take precautions against incidents, like the one that happened just now!

W-Why would you do that...

You mean... I won't be able to step outside either?

Moreover, I understood what the active ingredients in the thing I made you drink were.

Your breast milk contains a strong aphrodisiac effect.

Besides, I'm a scientist, so there's lots of things I want to try!

I'm the reason you're like this, after all!

It's okay, I'll take perfect responsibility of you!

Because we became women, Riko san gave us a set of precise procedures. It's thanks to her that we're still able to go to college.

Several months from then, Ryou and I commuted to college as a pair of sisters.

By wearing the special bras made by Riko san...

...we were able to stop our aphrodisiac from dispersing.

Eh? Will this stop our milk no matter what?

I prepared matching panties!

And today...

Meanwhile, I help Riko san carry out her research when I can.

The bra subdues my breasts, but it also makes me incredibly horny...

I have to regularly change, or my milk will become too potent.

Come on, now! You need to dress diligently to look cute!

You've got no place to talk when you're always wearing that labcoat, Riko san!

These clothes don't fit because you got them for me as a last resort...

ゴゴゴ

HM?

Did you say some-thing?

Nothing at all...

And the shoes are hard to walk in...

Hmm...
Your colors

Riko san!
How do I

Aren't I
