

Oh maybe she is in a shower, and doesn't realize what she's doing?

She's wearing leggings...

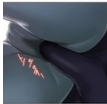

Stop if you
don't want
to.

But why is
she still...

Are you really
here because you
love me and the
baby?

Are you really
really?

Then...

Wh... who's
there?

Am...

It's the first time I've seen something like this!

I can't believe he was alone that with someone just like her for once.

Heh, her skin and it smells and she smelled so good!

If I were her husband, I would fuck her every night!

She's not some rapper or for number, will she?

I'm sure she can enjoy it too!

I wonder if she would have done more if he didn't stop tonight?

AHHH!!

W...who?

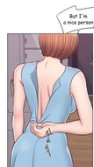

Who the hell is that?

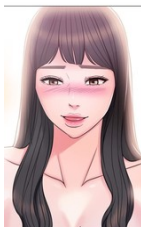

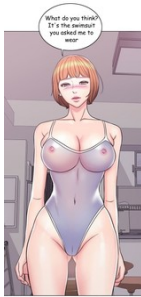

Who else would it be but me?

Oh my!
