ボクの理想の異世界生活

NORUN

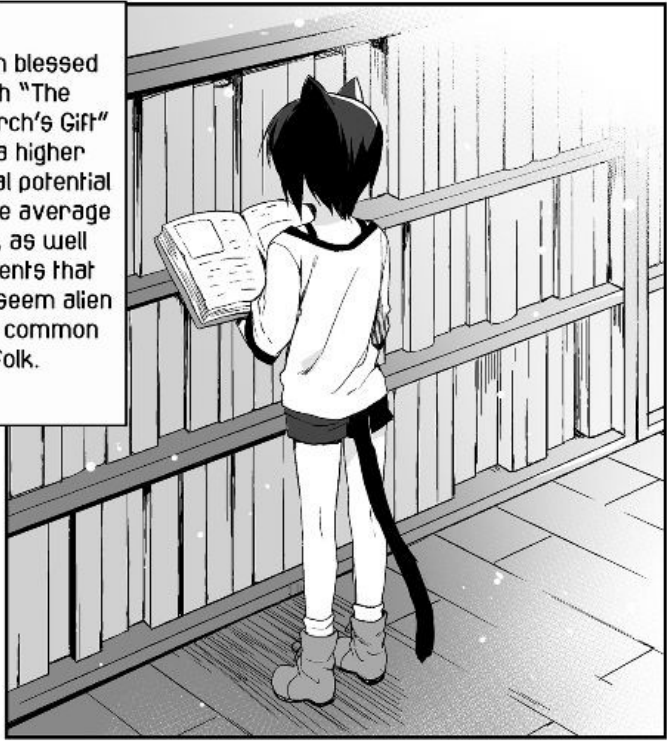

The protagonist of this story, who used to be a 40 year old male virgin until he masturbated too much, died of a technobreak and found himself reincarnated in another world. In this new world where biological dispositions make it so men can only go into heat and procreate once per year, he has the special ability to go into heat whenever he pleases.

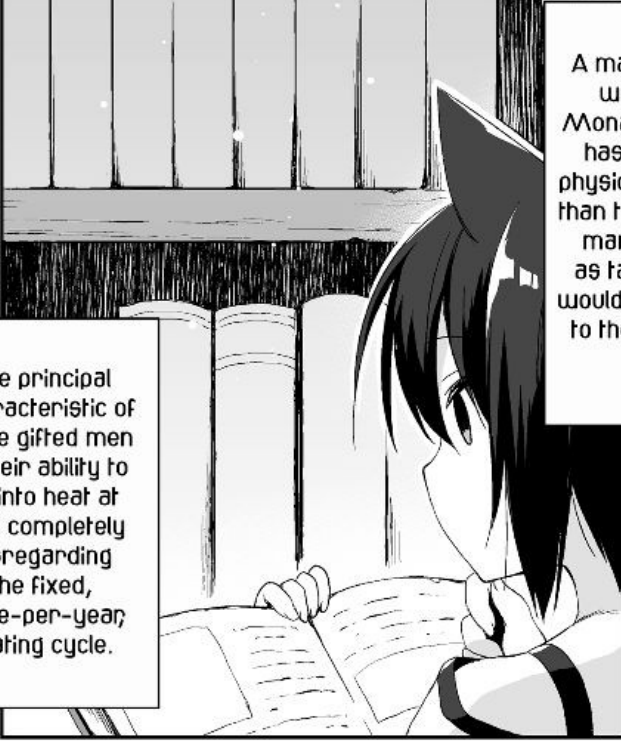

MISHA

Norun's fiancée in the world he was reincarnated in. A kind girl that likes to look after people and also forgives his lewd tendencies.

A man blessed with "The Monarch's Gift" has a higher physical potential than the average man, as well as talents that would seem alien to the common folk.

The principal characteristic of these gifted men is their ability to go into heat at will, completely disregarding the fixed, once-per-year, mating cycle.

However, these properties are 100 times stronger in the seminal fluids of men with the so called "Monarch's Gift".

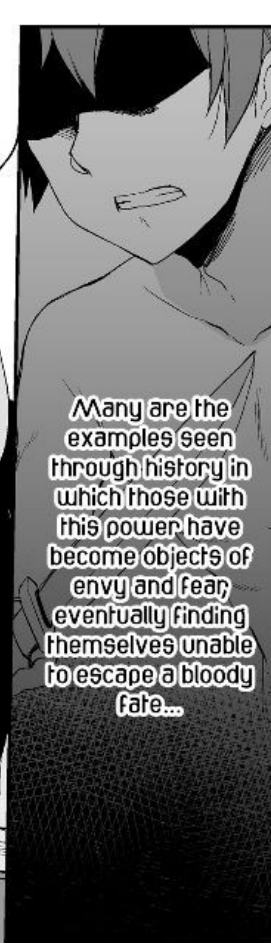

Normally, semen has special properties that make any woman that smells or ingests it to go into heat.

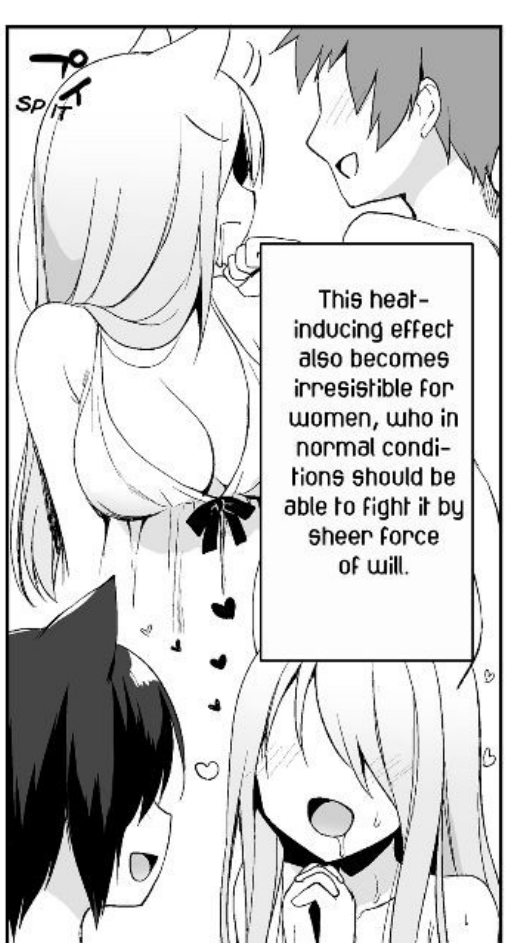

AH! THERE YOU ARE!

HMM...
I BETTER KEEP MY "GIFTED" STATUS A SECRET THEN.

Many are the examples seen through history in which those with this power have become objects of envy and fear, eventually finding themselves unable to escape a bloody fate...

This heat-inducing effect also becomes irresistible for women, who in normal conditions should be able to fight it by sheer force of will.

GOOD JOB TODAY, MISHA.

HAVE I KEPT YOU WAITING LONG?

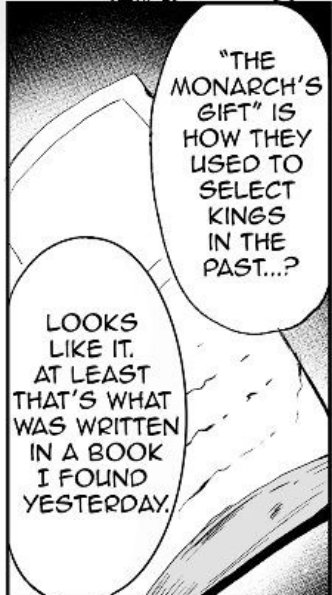

This adorable girl here is my fiancée, Misha.

Ehehe♡

Women in this world carry the responsibility of providing for their families since there aren't enough men in the population to make up the workforce.

For example, Misha works in a restaurant in town.

"THE MONARCH'S GIFT" IS HOW THEY USED TO SELECT KINGS IN THE PAST...?

LOOKS LIKE IT. AT LEAST THAT'S WHAT WAS WRITTEN IN A BOOK I FOUND YESTERDAY.

YEAH, THERE'S STILL STUFF I NEED TO LOOK INTO... I'VE LEARNED A LOT THANKS TO THIS LIBRARY.

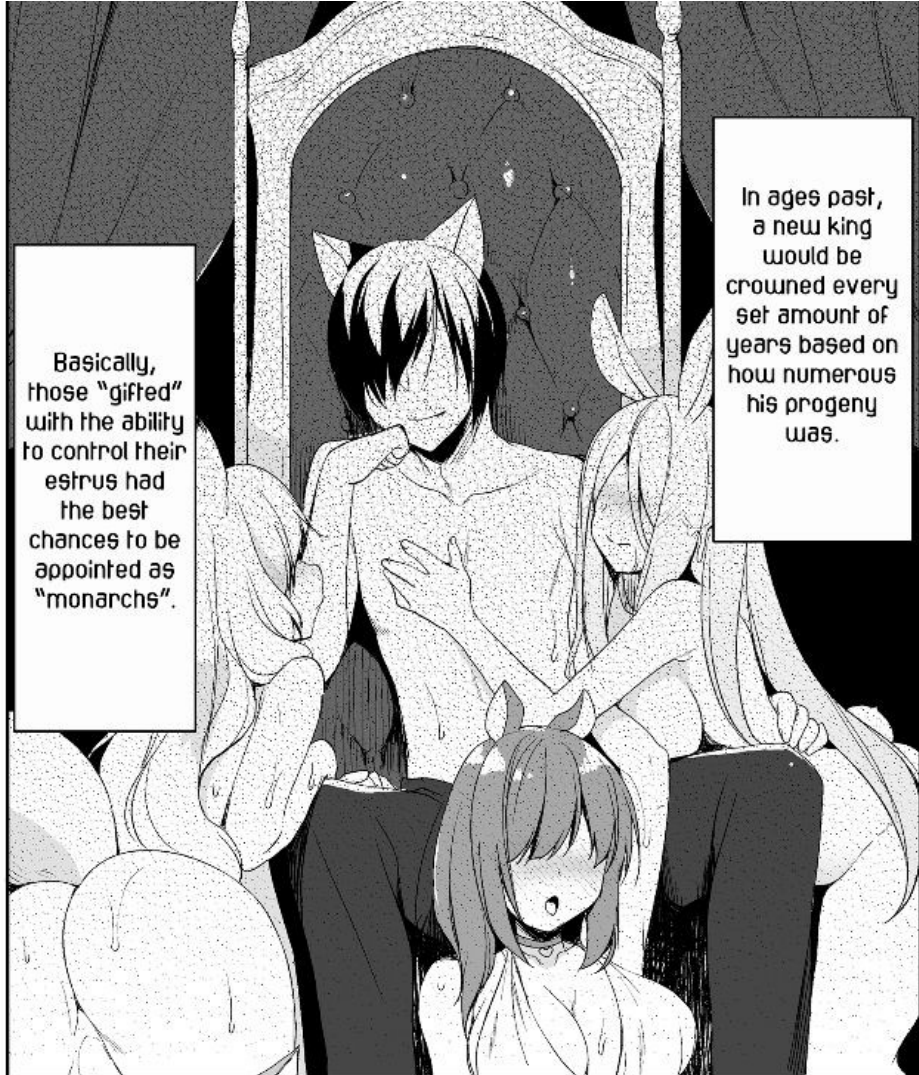

WERE YOU READING BOOKS ALL DAY AGAIN?

SAY, CAN WE GO HOME ALREADY?

BUT... THERE MUST BE MORE TO IT THAN THAT.

Hmph...

Basically, those "gifted" with the ability to control their estrus had the best chances to be appointed as "monarchs".

In ages past, a new king would be crowned every set amount of years based on how numerous his progeny was.

ALRIGHT, THERE WE... GO...

YOU'LL END UP HURTING YOURSELF LIKE THAT. LET ME HELP YOU WITH THAT.

THAT'S WHY TAKING YOUR PARTNER TO A SECLUDED SPACE TO MATE WHEN YOU SPONTANEOUSLY GO INTO HEAT IS ACCEPTABLE.
