It's almost a "lucky" set of injuries.

...Well, it may be weird saying this to a severely injured patient, but...

translator: deviant editor: youngfolk QC: altereggio, Calyx, Gurumao

YUG-GHH...

No spine and brain damage...
No internal hemorrhaging has occurred either.

Full recovery time of two months...
They certainly are severe injuries, but...

Both hands and legs broken, fractured jaw... lacerations head-to-toe.

MMM...

That's all. Any questions?

Pointless to ask, I guess.

...boy.

Well, take care...

It's just extremely inconvenient, isn't it?

The point is...

You'll heal with sleep.

It's nothing to be embarrassed about. It's nothing I haven't seen before anyway.

Everything, even your soft stool from the liquid diet.

Your body still reacts, right?

OOH ...

Oh! What's this?

What do we have here?

You've already begun?

This room... It seems to have become the nurses' favorite hang out.

Oh, sorry sorry!

I forgot to mention.

You've lost your hair and feet, right?

For proof, just look...

Since long before you regained consciousness...

EHI?

The immobile high school boy with the gorgeous, petite frame...

EHI?

Teasing you has been oh so popular.

DO YOU KNOW EDOGAWA RANPO'S STORY, "IMO-MUSHI"?

YES, RIGHT NOW YOU'RE JUST LIKE THAT CATERPILLAR.

Fufu ...

AH ...

AAGH ...

THE ERECTILE TISSUE...

THE SAME THING IS PRESENT IN A MAN'S PENIS.

THE MAIN PART IS INSIDE THE BODY. IT SPLITS INTO TWO PARTS THAT RUN ALONGSIDE THE VAGINA.

THAT'S THE CORPUS CAVERNOSUM ...THE CLITORIS.

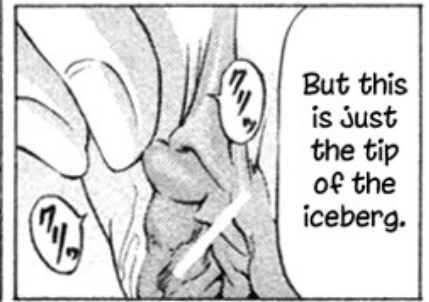

...What am I saying?

This is the clitoris.

Fufu... You already know that, right?

It's simple if you think about it.

But this is just the tip of the iceberg.

Why is the finish of sex like a piston?

Why do you think men stroke up and down while masturbating?

for people to cum, the rigid tissue must be stimulated ...

Well, impact certainly is a strong stimulus, but...

Yes... for example...

Better get back to work!

Now then!

~2 WEEKS LATER~

Your arms will take a little longer.

They were the most injured in the accident after all.

And, you can walk again.

From here on, you don't need the feeding tube.

Congratulations

Because you were bedridden, you'll be doing walking rehabilitation.

Huh?

You should go to the hospital's barbershop.

Haha... Your face was bandaged for so long...

...i'm so light-headed.

My head...

It can't be...

Not that!

A five o'clock shadow doesn't suit you.

When you go, get your beard shaved.

Well, you certainly are the high school boy with delicate features!

Hohh...

This is... quite...

~1 HOUR LATER~

We should return them.

The things you had at the time of the accident...

?

So...

We put this off to avoid disturbing the patient, but...

You cross-dress... don't you?

a present for my girl-friend.

Uh... that was...

Lipstick, mascara, eye shadow...

Foundation, makeup remover

and such and such ...

At first I thought it was gender identity disorder, but...

But she hasn't visited even once... right?

Girl-friend?

How many times did you spray your semen everywhere?

Ah ...

ふう...

You certainly responded to women.

When you trembled, held in my arms...

Aah ...

I don't plan to condemn crossdressers, you know?

I don't particularly think you're a pervert.

I simply ...
