

Yay!

I suppose you want seconds?

So it's just the two of us tonight.

Yum yum.

This one is a peach tart.

So, uh... yeah...

That's just how it is...

Ghosts have a great hunger...

Uh...

You sure can pack them away. That's six...

It's fun watching you eat, Kuu...

Of course not.

Um...

But I worry about you.

If you eat too much sugar, you'll get fat and all sorts of other diseases...

I hear that ghosts are quite restrained, so that they live long lives...

Would you hate a little sister who ate too much?

Dai...

Kuu...

So this is what it's like...

Hmm...

A ghost's secret, huh...?

Ah...

Hy aaaa

フルル

フルル

フルル

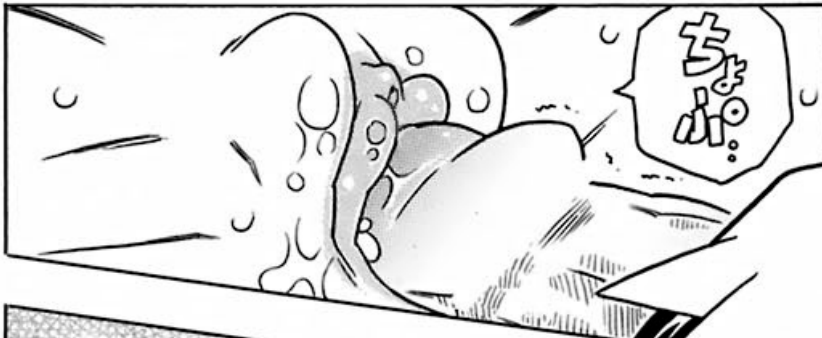

Do me more...  
Dai.

I'm totally fine...

Kuu!

Are you OK?

Does it hurt?

Kuu...

Ah

Kuu!

Ah

Aaah!

Ah...

POK-POK!

Hmm...  
Two servings?

Daigo...

Just let it go. Remember he told us not to make a fuss...

No.

Should I call the doctor again...?

Sigh... Every year about this time he does strange things like this...

You used to be so easygoing.

It's been four years...

...  
I promise.

See you next year.  
But I'm used to it now.

Come home to me, on the Festival of the Dead...

Kumiko...
