W-WOAH! WHAT'S WRONG ALL OF THE SUDDEN?!

Aw, who am I kidding? I couldn't resist doing at least this Chinzuriina sequel. It was amazing. Some of Chinzuriina's dialogue is borderline ridiculous, but I really liked this one. It was cute but not too much. Especially the ending where he gave Azuki the ring.

I'm probably going to do something I bought that's not on Sad Panda yet rather than doing all of these Chinzuriina ones right in a row. I just wanted to do this one because it's a sequel to one I already did, and because it was fantastic.

The one I'm most likely to do next is pretty damn good either way, so look forward to that. Until then.
