This is a black and white manga-style illustration. It depicts a person lying down, possibly on a bed or a similar surface. A large, translucent, worm-like creature is positioned on the person's chest. The creature has a distinct face with large eyes and a small mouth. It appears to be breathing or exhaling, as indicated by the sound effects "うね..." (une...) and "うね..." (une...) near its head. The creature's body is covered in a liquid, gelatinous substance. Various sound effects and text bubbles are scattered around the scene, including "ブル..." (buru...) in the top left, "うね..." (une...) in the top center, "うね..." (une...) in the middle left, "うね..." (une...) in the middle right, "うね..." (une...) in the bottom left, and "うね..." (une...) in the bottom right. The overall style is highly detailed and expressive, typical of manga art.
